MRS. PATTERSON DEAD. Mother of C. W. Patterson of this City, Gone to Her Reward.

Mrs. Verna Patterson, a resident of Goodhue county, Minn., for over fifty years, died at St. Johns hospital at Red Wing, Sunday, Aug. 15, at 3 p. m., after a lingering illness of over a year.

She was born at Belvidere, Minn., May 22, 1863. She was one of nine children born to Geo. H. and Eliza Gaylord. Her father was one of the first settlers of Goodhue county, and was a civil war veteran, and his grandfather was a veteran of the Revolution.

Mrs. Patterson spent her girlhood days at Red Wing attending the public schools.

In 1886 she was united in marriage to Jeremiah Patterson, who passed away a little over a year and a half ago.

To them were born ten children, eight of whom survive them: Chester W. of St. Paul; Arthur A. of Minneapolis; Howard A. R., Joel J., Dewey M., Nina May, Owen J. and Harold G. of Red Wing.

Laura Ann, the second child, died Dec. 26, 1910, and the youngest child, an infant thirteen days old, died Nov. 24, 1905.

Besides the children she leaves three sisters and two brothers to mourn her death: Mrs. Nora W. Forden, of Brookings, S. D.; Pearl Brewster, of Osage, Minn.; Mrs. Rosa Trusty, Somerset, Wis.; Ambrose and Justus Gavlord of Savannah, Minn.

Impressive funeral services were held Wednesday, Aug. 18th, at 2:30 p. m., from the residence 716 Main street and from the First M. E. church

at 3:00 o'clock, Rev. E. V. Du Bois officiating.

There was a very large attendance at the funeral and the floral tributes were very numerous and beautiful.

The Afro-American Athletic Association.

The Blues and the Grays are run. The Barkies claim that the Goinses will have to keep moving if they want to win this race. The Blues turned in 14 more new members this week, while the Grays turned in 9. The first official report of each team will be published next Saturday. The team having the largest number of members by that time will be represented at the Boosters' benefit entertainment, by very one present wearing its color on that night.

As all the money that is taken in now for membership is placed in the bank until the Association building is open, it becomes necessary for the Boosters' benefit to raise a fund for promotion purposes. A number of the wives and lady friends of the members of the Association have formed a Boosters' Club and are working with the entertainment committee on a benefit which is to be given on the 19th of this month.

Not so many people as so much interest have been taken in a movement among our people as it is now in the Athletic Association. No doubt we have begun to realize what our duties are to ourselves and fellowmen. May this spirit of friendliness continue and may we all co-operate with each other in trying to uplift the race. WHERE THERE IS UNION THERE IS STRENGTH.

"Beer a Food."

Professor Charles Frederick Chandler of Columbia University, a well known chemist, declares that beer is the best brain food. In a recent address he said: "Beer is a beverage prepared from barley, water, hops and yeast. Beer is food. American beer contains 6 per cent solid food, only 3 to 4 per cent alcohol and also lecithin, which is real brain food. Beer and bread both made from cereals; bread with water and is solid; yeast converts both into palatable and readily digested food. Both contain alcohol. Beer is not intoxicating in ordinary quantities and beer is one of the foods that is free from bacteria. It is appetizing and aids digestion. I don't believe there is any beer made in the United States that is as pure as call adulterated. It may be misbranded but not adulterated. If the prohibitionists drive beer from the household they will deprive a large part of the population of a wholesome article of food."
