CLARENCE W. WIGINGTON
Architectural Draughtsman, St. Paul.
The civil service commission has proven to be quite a good thing for the colored people of St. Paul who can "make good" and several are now holding good paying positions in the city departments. One of the most notable cases is that of Mr. Clarence W. Wigington, the subject of this sketch, who now holds the position of architectural draughtsman.

Mr. Wigington took the city civil service examination for architectural draughtsman on May 25, 1915, and passed, making a rating of 84.78, this being the highest record made by any of the eight applicants taking the exam-

CLARENCE W. WIGINGTON. amination at that time. He received a temporary appointment June 25th, and was permanently appointed Sept. 2nd in the office of the city architect, of the Department of Public Buildings, just because he was ready and "made good."

Mr. Wigington came to St. Paul about a year ago from Omaha, Neb., where he followed his profession for himself for five years. He also spent five years in the office of Thomas R. Kimball, architect, Omaha.

He designed three large buildings for the National Religious Training School at Dunham, N. C., and has made the designs for many churches, lodge buildings and residences in various parts of the country.

Mr. Wigington is happily married, has three interesting children, and resides at 582 Rondo street.

Crawford spoke on "Our Needs"; Mrs. Lenora Brown read a paper on "Home Training," and Dr. R. S. Brown, of Minneapolis, gave a splendid talk on "The Rearing of Our Boys and Girls." All the speakers were good and should have been heard by more of the parents as well as the boys and girls. Mrs. Mattie R. Hicks, State President, presided. Another meeting will be held soon. The club ladies are asking the cooperation of the parents in bringing about the desired results from these meetings.

A kerosene lamp exploded while Hubbard and his wife were at work in a field near their home. Alice Hubbard, aged 4 years, was severely burned and is at the city hospital here. Gertrude Hubbard, aged 9 years, was slightly burned while trying to put out the fire. John, the baby, aged 18 months, was so badly burned that he died at the city hospital Wednesday morning. Mr. and Mrs. Hubbard and their daughter Gertrude are at the home of Mr. and Mrs. J. P. Anderson, 292 St. Anthony avenue.

Misses Hazel and Helen Ricks of Iowa Falls, Iowa, were delightfully entertained on Monday at a house-party given in their honor by Mrs. V. D. Turner at her beautiful home, 386 St. Alban's St. Six charming girls composed the company. In the evening a like number of young men called and dancing was indulged in until a late hour of Minneapolis in honor of her guest, Mrs. Minnie York Rose of Chicago. Elegant refreshments were served and St. Paul was much elated at carrying off all the prizes. They were awarded as follows: first, Mrs. P. B. Simpson; second, Mrs. B. C. Archer, and consolation to Mrs. W. T. Francis.

Mr. H. L. Bedou of New Orleans, La., spent a few days in the city the first of the week. Mr. Bedou is official photographer for all colored schools and colleges in the south. He is also interested in producing films for moving pictures, having with him one particularly good roll of Dr. V. D. Washington addressing large audiences in the south. Through the efforts of Dr. V. D. Turner this roll was released at Faust Theater, Dale and University Ave., at the second show Tuesday evening, and was greatly enjoyed by a large number of people. Mr. Bedou was the recipient of many social courtesies while in the city.

ORRINGTON C. HALL.

To Be Pushed for Minister to Liberia—Mass Meeting to Be Held.

Mr. O. C. Hall, one of our most prominent and distinguished citizens, has been frequently mentioned in Washington, D. C., by prominent politicians for the Liberian ministerhip. Mr. Hall is a member of the Demo-

cratic organization of Ramsey county and held in high esteem by Hon. F. B. Lynch, the National Democratic Committeeman for Minnesota. The many friends of Mr. Hall in St. Paul are urging him to allow his name to be presented for the post and if so, a mass meeting will be held and his name will go forward to the State Department with the strong endorsement of our citizens.

"THE BIG CRAZE."

Star Theater, Week Commencing Matinee, Sunday, Sept. 19th.
Harry Fields is one of the few exponents of a certain type of Jews, who make their homes on the east side of New York after coming to America from foreign shores. He has lived in the midst of these people all his life and knows the character as well as he does himself. Ben Herbert, the funny rube comedian, is worth a laugh at all times. Tom Barrette, all around and eccentric comedian, pretty Hazel Ford, who is well known to the public as the dainty little singer and dancing soubrette right off Broadway, May Bell, the leading lady of the company, and many more. Also the large beauty chorus of twenty-five sparkling girls, all gems, aside from the latest music, comedy and beauty of the large aggregation of girls, speed and ginger will mark the production of the "Big Craze" which typifies the up-to-date high class burlesque.

"Beer a Food."
Professor Charles Frederick Chandler of Columbia University, a well known chemist, declares that beer is the best brain food. In a recent address he said: "Beer is a beverage prepared from barley, water, hops and yeast. Beer is food. American beer contains 6 per cent solid food, only 3 to 4 per cent alcohol and also lecithin which is real brain food. Beer and bread both made from cereals; bread with water and is solid; beer with more water and is liquid. Yeast converts both into palatable and readily digested food. Both contain alcohol. Beer is not intoxicating in quantity. Beer is real beer is one of the foods that is free from bacteria. It is appetizing and aids digestion. I don't believe there is any beer made in the United States that is what you call adulterated. It may be misbranded, but not adulterated. If the prohibitionists drive beer from the household they will deprive a large part of the population of a wholesome article of food."
