How about You?

Many a man and many a woman can trace his success directly to his savings bank account. Capital accumulated there gave him a start in a large business.

The carpenter became a contractor.

The laborer became a farmer.

The drug clerk became a drug store proprietor.

Your ambition may be realized through the same means.

Children's Eyes Should

be examined before going to school. It very often happens that a child's distaste for study is due to inability to see clearly and without eyestrain. Have their eyes tested today and equip them properly for this year's work.

Our eye tests are the same whether you pay \$3, \$5 or more for your glasses.
