THE INSURANCE THAT LAPSED.
A World War veteran died at the age of twenty-six in a middle Western city a month ago leaving his widow and his baby son to face the world without funds. He had permitted his War Risk insurance policy to lapse several months before his death and he had never renewed it. The most poignant fact about this tragedy is the failure of this ex-serviceman to reinstate his insurance before his fatal illness and thus insure his family an estate of \$10,000 which was the amount of the policy upon which he had paid premiums during the war. He had been seriously ill for a year suffering from a disease whose earliest symptoms had developed during his eighteen months in France. The regulations governing both War Risk term insurance and converted insurance provide that if a person is suffering with a disease or injury incurred in or aggravated by active military or naval service during the World War, he may reinstate his policy provided that he is not totally and permanently disabled, by the payment of all premiums in arrears, together with interest at the rate of 5 per cent per year compounded annually from the due date of each premium. This provision, remember, applies to men who are suffering from disease or injury—men who would be refused new policies or reinstatement of term or converted insurance may not be made after a man is totally and permanently disabled. Men in good health are not required to pay up all back premiums—they need only pay premiums covering two months to have their insurance reinstated. Ordinary prudence dictates the necessity of every ex-serviceman knowing just what his government insurance rights are. Six hundred thousand veterans are now carrying government policies. How many of the remaining 4,000,000 were carrying policies but let them lapse, are familiar with their own rights? If any ex-serviceman has permitted his insurance to lapse, he should immediately get in touch with the service officer of his Legion post or write direct to the U. S. Veterans' Bureau, C. D. Hibbard, District Manager, Minneapolis, Minn., and find out just the conditions on which his insurance can be reinstated.

VETERAN CITY FIREMAN DIES

Philip H. Anderson, Retired Saint Paul Fireman Dies After Short Illness.

Philip H. Anderson, 61 years old, a retired St. Paul fireman, died at his home, 851 Marion street, Monday, September 4, of kidney trouble.

Mr. Anderson was born in Lebanon, Tenn., in 1861 and came to St. Paul in 1888. On January 4, 1888, he married Lola Alexander who survives him. Their married life was a happy one and they were blessed with one child, a daughter. But God works in mysterious ways his wonders to perform and she, the only child, was called to the Great Beyond on February 6, 1911.

Philip Anderson was retired from the fire department four years ago with the rank of lieutenant, after a continuous service of 30 years. He was eligible for retirement after 20

PHILIP H. ANDERSON

years of service but preferred to remain until unable to do so. Three years ago he went to work for the Crex Carpent Co. as a special policeman and day watchman which position he held until one month ago when he was taken sick.

The funeral services were held Thursday, September 7, from St. James A. M. E. church. Veteran firemen and part of Engine Co. No. 22, of which he was a member, turned out. Rev. H. S. Simmons officiated assisted by J. W. Kelly. Mrs. T. H. Lyles was the undertaker, interment at Oakland cemetery.

CARD OF THANKS.

I desire to express my sincere and heartfelt thanks to the many friends and neighbors who aided me in words and deeds during the illness and death of my beloved husband, Philip H. Anderson. Especially do I wish to thank the stewardess and deaconess of St. James church, also the donors of the very beautiful floral offerings.

MRS. LOLA ANDERSON.

COLORED VETERAN BECOMES LINTOTYPE OPERATOR.

Byron S. Riffe, colored of St. Paul, Minn., served in the U. S. army from June, 1915 to March, 1919, when he was discharged with metatarsalgia. Previous to his military service he had been a bellboy and printer's apprentice, earning low wages.

The U. S. Veterans' Bureau, District No. 10, gave him vocational training in lino type operating because of his interest in the printers' trade. This was a line of work which he could follow in spite of his disability.

Riffe, who was a sergeant in the service, is married and has two children.

He was rehabilitated August 31 and is employed as a lino type operator at a salary of \$40 a week, with the Northland Press Company of St. Paul.
