A new brick vault for use in connection with the office of the register of deeds is in process of construction and will be ready for occupancy by the middle of March. It is situated immediately south of the main office, and will be used as a depository for the mortgage records, as well as for the accommodation of a portion of the clerical force. Further office and vault room was an absolute necessity for the register of deeds, as the present quarters are thoroughly inadequate for the requisite force and for the depository of the records.
