

PROSPECTUS OF THE RADICAL.
Published in Bowling-Green, Mo.

We commenced the publication of "The Radical" two years and a half since, and have continued its publication up to the present time constantly aiming to make it useful to our subscribers of each of the great political parties which divide and agitate our country—presenting a variety of reading matter on all the leading topics of the day, that both Democrats and Whigs might find something suited to their peculiar principles; avoiding the more exciting partisan topics and opinions—believing that such a course faithfully pursued, could not fail to meet the approbation of both parties. Indeed that course has been repeatedly applauded by the cooler heads and purer hearts, whether Whig or Democratic. But the times are changed. A fairly conducted neutral paper no longer suits the partisan spirit of a large portion of the community. And we now have the spectacle of a Whig newspaper in the town of Bowling Green, appealing to the spirit of Whiggery for approval and support; our course then, is a plain one. Happily our duty and our inclinations harmonize; and we henceforth devote whatever of time, talents and industry, may be ours, to the diffusion of Democratic principles. And we therefore place at the head of our columns, as candidates for President, and Vice President of the United States, the names of JAMES K. POLK of Tennessee, and GEORGE M. DALLAS, of Pennsylvania. In advocating the claims of these gentlemen for the highest office in the gift of the American people, and in endeavoring to further the great principles of the Democratic party, it is believed, that we will be contributing to the interests of a majority of our readers.

The change which now occurs, was contemplated during the first of the last summer, but a variety of circumstances which now have no existence, forbid that we should carry into execution our design. But as all obstacles have been removed, we have rushed into the lists, determined to do battle for a cause in which our feelings have long been deeply engaged. Though a country sheet, like ours, is not calculated to effect any great revolution in the aspect of the political world, and must be limited in its influence, still we are disposed to contribute our mite towards the elevation of a party, whose success is, we believe, intimately connected with the future welfare and prosperity of our Union.—We shall therefore devote our energies to this end, and shall enter with zeal and enthusiasm into the present animated contest.

Upon all political questions, our opinions are identical with those of the Democratic party—upon questions of State policy which may spring up, and upon any which have served to divide the Democratic party in this State, we shall fearlessly express our opinions. We shall neither exhibit a servile devotion to any of our public servants, nor shall we be induced to aid in their defeat by disseminating small contending what we esteem the true interests of the Democratic party.

In pursuing the course we have here marked out for ourselves, we look forward with confidence to the support of our friends in this country.

We have necessarily made some sacrifices, but we go to our task with the assurance that our labors will receive their full reward, and that we shall meet with encouragement from a liberal community.

TERMS—The Radical will be published every Saturday morning, at \$2.50, if paid within six months, and if payment be longer delayed, Three Dollars will be exacted.

To a club of Three or more subscribers, (if paid in advance,) \$2.00.

NEW CASH STORE,
AT ASHLEY, MO.

THE undersigned, beg leave to inform the citizens of Ashley, its vicinity, and all those desirous of purchasing GOODS to their advantage, that they have opened a Store in the above place, and intend keeping constantly on hand a well selected assortment of
Dry Goods, Groceries, Queens Ware, Hard Ware, Tin Ware, Boots, Shoes,

and Every other article suitable for a Country Store; which having been bought for Cash only will therefore be disposed of at a small advance, and we would not hesitate in saying that we will sell Goods as cheap for CASH or PRODUCE, as they can be obtained at any point on the river above St. Louis.

No pains shall be spared, and we will hold out every inducement, to prevent the trade from going to the river. We will pay the same prices as are paid at the river either in GOODS or CASH for all good Produce delivered at the river, if not delivered there, we expect to discount the hauling only.—With these advantages we hope to merit a due share of public patronage.

BLOCK & SON,
N. B. The Public need not take our word for the above statements, but we wish them to call and be convinced of the fact, we are at all times ready to show our Goods, and as we stated before, we will positively sell them as low as they can be bought at any point on the river above St. Louis.

We have also made arrangements to ship Hemp, Tobacco, Wheat, &c. to any of the Southern, Eastern, or Foreign Markets by delivering the Produce at the river, for the performance of which we are ready to give any security required. We will also furnish liberal advances on bills in City, or Merchants' bills, upon articles entrusted to our care, for shipment. We have our own wharves for Commission, before going to the river.

The Clima of Cheapness!
—
THE BOSTON NOTION
OR
UNIVERSAL FAMILY JOURNAL,
Only \$1 per year,

WHEN TAKEN IN CLUBS OF TEN!
ON the first of January, 1844, the price of the Boston Notion was reduced to only One Dollar per annum, when taken in Clubs of Ten.—Four copies, \$5 per annum—1 copy \$2 per annum. The cash in all cases to accompany the order. This very great reduction from the former price of the Notion makes it emphatically the cheapest paper published in the world! Its Mammoth Dimensions taken into consideration renders it one hundred per cent. cheaper than its contemporaries, the New World and Brother Johnathan, and fifty per cent. cheaper than any of the Dollar Weekly's! Nothing but an extraordinary large edition—say 20 to 30,000—warrants this extraordinary cheapness.

The Notion is printed on extra-fine paper, and in superior style, and continues the same wide range of literary novelties and general news heretofore. Novels, Tales, Romances, Scientific and Religious matter—Agriculture, Oddities and Fun for the Million—Splendid Illustrations engraved expressly for the paper—Congressional Reports and the General News of the Day—continues to form the general weekly ingredients of its columns. There is each week something in it to suit every taste; and nothing of an objectionable character will ever be allowed to tarnish its columns. It is in all respects the most valuable and unexceptionable Family Newspaper in the United States!!

The first number under this new arrangement was published on Saturday Jan. 6, 1844, and in that number was commenced a Laughter moving Novel, being a humorous companion to Valentine Vox; which work alone rendered the Boston Notion when it was first established the most popular weekly in the United States. These are the titles of the new works:
SYLVESTER SOUND,
The Somnambulist,
By the author of "Valentine Vox, the Ventriquist." The chapters each week are embellished with a highly finished illustration representing the humorous scenes in the work. The author in his preface says:—"The character of the work will be essentially humorous; but as the thrilling as well as the laughter moving scenes a Somnambulist may create are innumerable, the object proposed is to excite alternately the deepest interest and the most joyous mirth, by the portrayal of the extraordinary positions in which a man who acts upon his dreams may be placed, and the highly ridiculous terror he may inspire." From the chapters we have published of this novel, we are satisfied it will be more popular than was "Valentine Vox." It is now in course of publication in London, and we have made arrangements to receive the different numbers in advance of all others, so the public may rest assured that we shall not be forestalled by any other paper in its publication.

Another new feature of the Notion is the publication occasionally of a number of humorous cuts after the style of the London Punch. These will all be engraved in the finest style, and will never be offensive in their character.

With these increased improvements and attractions, and the very great reduction in prices, being one-half, we again launch the Boston Notion upon the sea of Popular Favor, and feel assured it will quickly arrive at the harbor of Triumphant Success.

Orders should be addressed to the undersigned. Postmasters remitting us an order for Ten copies shall be entitled to an extra copy for their own use.

Back numbers of the Notion from the commencement of "Syvester Sound," will be furnished to all new subscribers.

Radical Office, Sept. 14th, 1844.

The Masonic College of Missouri.
TO THE PUBLIC.

The General Assembly of the State of Missouri, in February, 1843, incorporated the Grand Lodge of the State, by law, with power to purchase and hold for educational purposes fifty thousand dollars worth of real estate, and also to establish and control an Asylum for destitute children, and a School and College of Learning for the Education of youth in Virtue and Science. This act of the Legislature was, by the Grand Lodge, at the annual convocation in October, 1843, accepted; and property has been purchased, consisting of a farm of over 800 acres, near Palmyra, the county-seat of Marion county, and 470 acres, situate in the same county, twelve miles from Palmyra, containing the College Buildings, of ample dimensions to afford accommodation for one hundred students.

The College is situate eighteen miles from the Mississippi River, in one of the most beautiful, fertile and healthy sections of the State, and in the midst of a moral, religious and industrious population. At the meeting of the Grand Lodge in April (inst.) the institution was organized by the adoption of a code of By-Laws for its Government, (which will be published in due time, and the election of requisite Officers and Professors. J. Worthington Smith, A. M. and G. M. of the Grand Lodge of Virginia, was unanimously elected President of the College, and A. Patterson, Esq. of Fayette, Mo., was unanimously elected Principal of the Asylum and Preparatory School. To those gentlemen the duties of government and instruction will be confided, until the number of students shall require additional Professors.

Col. J. Montgomery of Painsy, has taken charge of the Refectory, and will provide and furnish Boarding for the students.

To place within the reach of all the means of moral culture, and instruction in science, at the cheapest possible rate, has been the most anxious desire of the Grand Lodge. The price of board and tuition is therefore put down as low as it can be afforded.

Tuition in the Preparatory Department will be
Per session of five months, \$10 00
and in the College Department, 15 00
For boarding, washing, fuel and light, per week, 1 00
Board and Tuition fees payable in advance for each session. No tuition fee will be charged for students sent by the Lodges.

Each student will furnish his own bed, bedding, stationary and books; also a pitcher, wash-bowl and brushes, for his own use. For the sake of economy, it is desirable that the outer garments of the students should be of blue or grey casinet or cloth.

Students will be received on and after the 10th day of May 1844, and it is desirable that the several Lodges, parents and guardians, who desire to place students in this institution, will do so as soon as possible, that the classes may be advantageously arranged, and the necessary provisions made for their instruction and comfort.

For the moral and religious instruction of the youth, the Curators of the College will provide public preaching at the Hall on every Sabbath. The duties of each day will be begun and ended with worship, consisting of reading a portion of Scripture, singing and prayer. The scriptures are made the third book to be used by the students in class. No more sectarian doctrine of religion is to be taught or circulated, either directly or indirectly.

By the act of incorporation, this College possesses the power to confer the usual literary degrees on such as may merit them, and they will be conferred in pursuance of such rules as the Faculty may provide.

In the preparatory school such branches of learning will be taught as are necessary for a qualification to enter college. And in the College department, all such other branches of learning and science as shall constitute a thorough and finished collegiate education.

The Masonic Fraternity of Missouri, having engaged with ardor and zeal in the great cause of Education of youth—having at a period of great financial pressure and embarrassment, purchased this large amount of property, and thus provided for the accommodation of a Faculty and students, and having organized the institution and provided for its support—the public may rest assured that the establishment is permanent—that both the desire and the ability to perpetuate the institution are possessed by them, and that neither labor nor expense will be wanting to make it a school of the greatest usefulness, in the advancement of morals, learning and science, to those by whom it may be patronized.

The Grand Lodge, having obtained the services of Messrs. Smith and Patterson, are presented to the public as gentlemen of the first respectability for virtue, ability and learning; to whose care the instruction of youth may be safely entrusted.
