WISHERS.

Wishes for the recipients of the second honors, graduating class of Westworth College, Brookhaven, Miss.

ADAM L. BINGAMAN.

BY HON. J. P. H. CLAIBORNE.

Memorials of the distinguished gentleman, once the leader in the highest social circles of Louisiana and Mississippi, was born near Bayou Sara, February 11, 1793.

Address of the Master of the State Grange at Woodville.

Lecturer of the State Grange, delivered an address here yesterday, before an intelligent and interested audience, which was presided to, Capt. Darden.

He was familiar with the classics; read them daily, declaimed the finest passages, and would often imitate the accent, intonation and manner of the most eminent professors and graduates of Harvard.

Spain to Italy, and he recited some passages from the great masters with thrilling eloquence. It was 10 p. m., before the ladies left the table.

Col. Bingham then addressed him in a dialect not understood by any at the table but Mr. Davis and myself—the Choctaw—a language musical and resonant as the Ancient Greek.

Mingo of the Massachusetts, farewell! Return to the wigwags of your fathers, where the mighty waters roll their billows, and the voice of the Great Spirit thunders along the shore.

Like most Southern men of education and talents, he was ambitious of political distinction. He often served in the Legislature with marked ability, and was the leader of any party or any measure he espoused.

When South Carolina enacted her ordinance of nullification and courted antagonism with Andrew Jackson, President of the United States, Col. Bingham sided with the Government in defence of the Union, but would go no farther.

In some vital measure of State policy—such as the representation of the new Chickasaw counties, which Mr. Prentiss and the Whigs generally opposed—he cooperated with the Democrats, and would have been welcomed as their leader; but he persistently refused to support their Presidential nominees.

He had some years previously, surrendered his hereditary estate, and made his residence in an humble domicile in an obscure quarter of your city.

I met him a few weeks before his death, and he told me he had been compelled to part with his books. He referred to them in tremulous accents and with tearful eyes, as men refer to the loved and lost.

fathers is more like fear. They obey their fathers more quickly, because they know they must; but they don't always love or even respect them. If boys want money or favors of any kind, instead of "bearding the lion" themselves, they coax mother to "ask father if I may."

Yat farmers have wondered, and will continue to wonder, to the end of time, why their boys don't stay and live and work on the farm, and so inherit the land they till.

There is a constant warfare being waged between the various species of the animal kingdom. Think of the horrors of an army of worms storming the citadel of life. A dose of Shriners Indian Vermifuge will destroy them.

MEDICAL.

HOLME'S LINIMENT OR THE MOTHER'S FRIEND!

One of the greatest comforts to those expecting a child, or one that has just been born, is a safe and quick delivery.

A Blessing it is to Suffering Females.

This Liniment when used two or three weeks before confinement, produces a wonderful effect, causing a very easy and quick labor.

READ THE TESTIMONIALS.

I most earnestly entreat every female expecting to be confined to use THE MOTHER'S FRIEND.

A lady from one of the counties of Middle Georgia, who has been acting as midwife for many years, writes: "I have disposed of all Mrs. Morriss's Patients you sent me, and I am DELIGHTED WITH IT."

A gentleman writes: "My wife used your Morriss's Patients at her fourth confinement, and her testimony is that she passed through it with one-half the suffering of either of her former confinements, and recovered from it in much less time."

Having had this long-acting remedy thoroughly tested in Atlanta and vicinity, I now offer it to my patrons as possessing superior merit.

Prepared by J. BRADFIELD, Sole Proprietor, for sale everywhere.

GRATITUDE

DENVER, COL., Aug. 29, 1882. GENTS—I cannot find words with which to express my gratitude to you for the cure your Swift's Specific has effected in my case.

I was afflicted with the horrible blood disease for three years, and after spending some time at the Hot Springs, considered my case a hopeless one.

I used only one dozen small bottles of S. S. S. and there is not a sign of the disease remaining.

My sores are all healed, my throat is entirely well, and I can do my usual work.

I have seen so many hundreds of men dosed with Calomel, Iodide of Mercury and Iodide of Potash, until they were made complete wrecks, that I shudder to think of the misery which has been brought on the human family by the use of Mercurials for Blood Diseases.

It is a crying shame that physicians will not acknowledge the merit of your GRAND Blood Medicine. Use my name as you wish.

J. H. RAFF.

If you doubt, come to see us, and we will CURE YOU, or charge nothing! Write for particulars and a copy of the little book, "Message to the Unfortunate Suffering."

Ask any druggist as to our standing.

\$1,000 REWARD will be paid to any Chemist who will find, on analysis of 100 bottles of S. S. S., one particle of Mercury, Iodide of Potassium, or any Mineral substance. SWIFT SPECIFIC CO., Proprietors, Atlanta, Ga.
