

[From the Baltimore Sun Extra.]

ARRIVAL OF THE STEAMSHIP GREAT WESTERN.

Eleven days later from Europe. Corn Bill passed the House of Lords—Great sensation in England on the reception of the Declaration of War between the United States and Mexico—Escape of Louis Bonaparte from Ham—Sympathy in behalf of Mexico—Accomplishment of the Queen—Corn, Cotton, and other Markets, &c.

By the Magnetic Telegraph we have received the following news, by the arrival of the steamer Great Western at New York, which we lay before the public in an extra Sun.

New York, June 15 1846.

The steamship Great Western has arrived with eleven days later news from Europe. Intelligence relative to the war between the United States and Mexico, arrived in England by the Cambria, on the 28th ult., which produced a great sensation, and considerable public sympathy was manifested in behalf of Mexico as the weaker party.

The Corn Bill has passed the second reading in the House of Lords by a clear majority of 47 votes.

The accouchement of the Queen had taken place and she became the mother of a daughter, and both were doing well.

The cotton market was quiet, and but little doing, with no inclination to sell at lower rates. The prevailing opinion was that the news received in England would be favorable to holders, 3000 bales had been taken on speculation. The sales of the week amounted to 26,656 bales.

The corn market was rather depressed, with slow sales to retail buyers.—Sales of grain limited.

Escape of Louis Bonaparte from Ham.—On Monday last, the Prince succeeded in effecting his escape from the fortress of Ham, after a close imprisonment of some years. Having assumed the disguise of a workman he contrived to elude the vigilance of the sentries, to regain his freedom without any molestation from the battalion of Infantry that formed the garrison of the Castle, and arrived safely in London, where we believe he is at present.

The Morning Herald says that the Prince escaped at 7 o'clock on the morning of the 25th, and as the event was not discovered for 10 hours afterwards, he could easily have reached the Belgian frontier only 20 leagues distance, long before the Telegraph itself could have been set to work. The papers say he embarked at St. Valery.

Parliamentary Summary.—In the House of Commons Mr. O'Connell moved that the order of the 27th April, for the committal of M. W. S. O'Brian, be discharged, on the ground that the committee of selection, which had directed his attendance on a private bill committee, was not itself properly constituted.

In the House of Lords on Monday, the Duke of Wellington moved an address to the Queen congratulating her on the increase of her domestic happiness in the birth of another Princess, which was unanimously agreed to.

MONEY MARKET.—London, May 29, 10 o'clock.—The English securities had been affected in a considerable degree by the news from America of a declaration of war by that country against Mexico. It is feared that it will have the effect of involving us in fresh difficulties with the United States, and that the Oregon dispute will now become a question of secondary interest compared with others that will in all probability arise from the hostilities of our transatlantic neighbors.

The favorable effect which it was anticipated would follow the large majority in the House of Lords, on the second reading of the corn law bill quite was nullified by this intelligence, and notwithstanding the good position of the account, prices are about a half per cent. lower than they closed last night.

Consols were as follows: Money 97½—fell to 92, and closed at 93½.

The foreign market is also dull—a fall of 22 per cent.

The Galveston Civilian Gazette says that a treaty was concluded at Torrey's trading-house on the 19th ult., with such Indian chiefs as were in attendance including some half dozen of the Camanches, though all that tribe was not represented, and the Wacoos, Keechies, and Towcanies had no representatives present.

QUICK TRAVELLING.—The evening passenger train from Boston, on the 2d inst., travelled between Worcester and Springfield, a distance of 54 miles, including all the stops, in one hour and 51 minutes! [Delta.]

DR. J. A. NASH

WOULD most respectfully inform the citizens of Attala and the adjoining counties, that he has just received from Cincinnati, Ohio, and will continue to receive, as they are demanded, fresh and genuine Botanic Medicines, many Compounds and mixtures of purely Botanic Medicines that have never before been offered for sale in this country; and for cash will sell to families genuine Medicines cheaper than any Botanic Medicines previously sold in this country, and for a small fee will give out such directions with the medicines as to enable families to manage all ordinary sickness without the calling of a Physician. He will keep constantly on hand cathartic anti-bilious and quinine pills, ague tonic, cordial for diarrhea, compound syrup of sarsaparilla, hepatic liquid, No. 6 emetic tinctures, female biters, &c. &c.

In confirmation of the efficacy of the above Medicines, when rightly and timely administered, he would remark, that he has administered the above Medicines to upwards of two hundred patients within the last twelve months, without the loss of but one single patient, where he attended from first to last.

It affords me pleasure unspeakable to console myself with the idea that the success that has attended my former practice bespeaks a glorious and successful future for J. A. NASH.
