A CARD.
TO PARENTS, MERCHANTS, &c.
Who wish to give their Sons or Clerks
a practical business education in the
shortest possible time, and to young
gentlemen whose TIME is important:

DOLBEAR
Commercial College,
OF THE CITY OF NEW ORLEANS,
Founded in 1832—Chartered by the Legisla-
ture of Louisiana, with Agricultural and
Mechanical Departments.
Capital \$ stock \$250,000;
in three and a half years on E. also known as
STORY BUILDING.
N. E. corner of Camp and Common sts.
ENTRANCE OF BOTH STREETS.
OPEN DAY AND EVENING.

N. E. There are special arrangements and Pro-
visions for BOOK KEEPING, PENMAN-
SHIP, MATHEMATICS, GERMAN, LAT-
IN, FRENCH, SPANISH, ENGLISH;
GREEK, etc., as far as may be the case of business
men.

Persons from 12 to 60 years attend in any
branch they may wish, and as perfect as
they wish to be. There are probably not less
than two hundred of our former students in
banks and business houses in this city.

Most of us apply here for clerks and book-
keepers.

Country merchants, steamboat clerks, etc.,
can learn in a few days to keep their books cor-
rectly, or write a free handsome hand.

Catalogues with terms, opinions of the press
and leading men of the nation, etc., sent to all
who desire them.

This is the only chartered Commercial Col-
lege in the Southwest, and the oldest in the
United States, and has stood for more than
A QUARTER OF A CENTURY.

on its own merits alone.

Board can be had with the Professor, or other
good families speaking English, French, Span-
ish or German, from \$5 to \$8 per week.

N. B. To prevent mistakes or suppositions,
students intended for this college should bring
this advertisement or special directions, as
there are every winter temporary openings open
for a few months, all of course making won-
derful progress and promises, and putting
flourishing planters to enlighten the people of New
Orleans and the south. When three or more
form clubs, and come at the same time, each
per cent. will be deducted from tuition.

Country men and merchants are respectfully
invited to visit the college and judge for them-
selves.

Stocks—It is as expected, the citizens in
favor of southern practical education subscribe
as liberally to this. Some institutions as they
ever have to distant ones, the Agricultural and
Mechanical Department will be as
