NATURE AND SCIENCE.

"And the leaves of the trees were for the heal-

Medical Notice.

Important and Unequalled Discoveries.
DR. JAMES M. MARTIN'S APPROVED
FAMILY MEDICINES.

UNTIRING RESEARCH, travel and labor,
combined to the advantages afforded by an
extensive and diversified practice have enabled Dr.
J. M. MARTIN to make various highly import-
ant discoveries in the healing art.
In offering his preparations to the human family,
Dr. Martin fearlessly hazards the assertion, that
they are not only unsurpassed, but unequalled,
either for their curative properties, or for mildness,
safety and certainty in their operations, by any
other preparations compounded for similar pur-
poses, now before the public.

Dr. James M. Martin's Incurable Pills, for the
cure of Fever and Ague and all other Fevers, have
not in a single instance failed to accomplish a per-
fect cure when the directions have been strictly
followed. This medicine has in various violent and
desperate cases, effected radical cures, after the pa-
tients had been abandoned and their condition pro-
nounced hopeless, by medical gentlemen of high
professional character.

DR. MARTIN'S ANTI-BILIOUS VEGETABLE UN-
IVERSAL LIFE PILLS.—This medicine will certainly
remove all impurities of the blood, and is an ef-
fectual remedy in many of the complaints which
afflict the human system, and for the various pain-
ful and vexatious diseases incident to the female
sex, no preparations now known to the public are
equal to these pills. As a cathartic, they are en-
tirely safe, always efficacious, and operate with un-
usual mildness: they also act as a cosmetic, and
render the complexion clear, rich and fair.

DR. MARTIN'S NEVER FAILING WORM DESTROY-
ING MEDICINE.—This preparation now ranks among
the most important discoveries of this, or any
other age, for expelling worms.—It never fails.
Parents who are anxious to preserve the lives of
their innocent offspring should always keep the in-
valuable Medicine in their families.

See Dr. James M. Martin's pamphlet, entitled
the "Family Physician." This edition, left
with all agents for gratuitous distribution.
All the above Medicines are to be had
wholesale and retail at the Drug and Book-Store of
Dr. W. M. R. SNELSON, Fayette, and at the
store of GEO. KNOX, Rocheport. Responsible
persons in every neighborhood in the counties of
Boone and Howard, are requested to call and re-
ceive the above medicines on deposit, for the con-
venience of the afflicted in their respective neigh-
borhoods.

A few of the certificates among thousands of
which Dr. Martin is constantly receiving, ex-
pressive of their grateful acknowledgments, will
occasionally be inserted.

CERTIFICATES.

Certificate of Mrs. Nancy Hawkins.

Dr. James M. Martin—Sir:—A duty which I
owe to the public as well as to myself, impels me
to advise you of the great benefits that have re-
sulted, within my immediate knowledge, from the
use of your Medicines. Those unacquainted with
you, or with your long experience and unsur-
passed skill as a practicing physician, might readily
be inclined to believe, that you are attempting a
base imposition upon the unsuspecting and credu-
lous. But it must be admitted, and the afflicted
who have used your Medicines are certainly under
the conviction, that you have approximated per-
fection in the healing art. I have, myself, admin-
istered your FEVER PILLS, when life was almost
gone, and every hope had been abandoned by gen-
tleman well skilled in your profession, and I have
never known the medicine to fail. I was present,
myself, in nine cases of obstinate fever, in all of
which your Fever Pills were used. The rapid re-
covery of the patients, in every instance, occa-
sioned surprise and astonishment in those who
were acquainted with their condition. I have also
used your UNIVERSAL LIFE PILLS, and frequently
administered them to others, and am persuaded that
as a universal medicine, they are unequalled. In
fact, suffering humanity is largely indebted to you,
and at no very remote period, the many blessings
you have been instrumental in imparting to the
afflicted, will meet with the grateful acknowl-
edgments of a grateful people.

NANCY HAWKINS.
St. Louis County, Mo., April, 1843.

Certificate of Mrs. Margaret Main.

Mrs. MAIN has received from the University of
Edinburgh a diploma, as an Aconchuse, and
her services in that capacity, as also in that
of nurse or doctor, are held in great requis-
tion.
I have accurately observed the operation of Dr.
James M. Martin's medicines, and take great
pleasure in recommending them to all mothers and
heads of families, as being superior to any which
I have met during a long practical experience,
both in Europe and in this country, among females
and children.

MARGARET MAIN.
Jefferson City, Jan. 3, 1842.

St. Louis, Mo., June 7th, 1843.

Dr. James M. Martin: Sir:—I deem it a duty
which I owe to you as well as to the thousands and
tens of thousands of the sufferers of the human race,
to bear testimony, and to put that testimony upon
record, of the great and unequalled blessings that
have been imparted to others, by the use of your
ANTI-BILIOUS UNIVERSAL LIFE PILLS. I have known
them to relieve suppression of the Menes of one
or two years standing, after repeated efforts of the
most eminent and skillful of your profession had
failed to produce any favorable result, and the
sufferer rapidly hastening to an untimely grave,
while yet in the bloom of youth. After the use of
two boxes of your Life Pills, every thing was
restored to its proper organization—Health, Beauty,
the Physical Powers, and the Life of the female.
As a mother who has seen much and many afflic-
tions incident to her sex, I cannot too strongly
recommend your medicines to all mothers and
heads of families, believing, as I do, that they
are among the greatest earthly blessings we pos-
sess, and knowing, from experience, that they are
universal in their application. And let me assure
you, that it is my sincere wish, that the giver of
all good gifts, may, when your cup shall be full,
recompense you for the manifold blessings you have
been instrumental in conferring upon suffering
humanity.

UNSEAWORTHY.

"A rather singular correspondence has
taken place recently between Mr. Bancroft
and various other persons in the navy,
which would indicate that Mr. B. had some
idea of putting a stop to some of the abuses
which now exist in the navy. I learn that a
short time ago Mr. Bancroft ordered Mr.
Purser Handy of New York, to join the
sloop of war Cyane, at Norfolk, which is
about to go on a cruise to the Pacific and
report himself for duty.

Now Mr. Handy, I understand, is the
president of one of the steamboat compa-
nies whose boats navigate Long Island Sound,
and had no desire to give up his snug berth,
while he sincerely wished the government to
pay him his purser's salary for doing no
thing for the service. Mr. Handy, there-
fore, goes to Dr. Buschenberger, at the
Naval Hospital, New York, and Dr. R. gives
to him a certificate that he is not fit for sea-
service, which the worthy purser enclosed
in a letter to Mr. Bancroft. Mr. B. immedi-
ately on receipt of it, placed Mr. Handy on
furlough. He then wrote to Dr. Buschen-
berger, giving him a very sharp reprimand
for having ventured to give such a certificate
without having had any orders from the
department to examine Mr. Handy, and re-
quest him for the future not to give any
until he was asked for them. He then de-
tailed three surgeons to form a board of sur-
vey, and sent orders to them to report them-
selves to Commodore Morgan, at the Naval
Asylum, Philadelphia, and writes to Purser
Handy to do likewise. Mr. Handy replies
that he will do so, and encloses in his letter
a certificate from Dr. Wiley of the Naval
Rendezvous at New York, stating that he
had been intimately acquainted with Mr.
Handy's constitution for many years, and
that he was not fit for sea-service.

Mr. H. went to Philadelphia, the survey
was held, and the board reported to the
Secretary of the navy that Purser Handy
was fit for service. Hereupon Mr. Ban-
croft wrote a most peremptory letter to Mr.
Handy to join the Cyane forthwith, and at
the same time sent orders to Dr. Wiley to
join the same vessel, informing him that as
he was so intimately acquainted with Mr.
Handy's constitution, he would be afforded
a most excellent opportunity of attending
to it during a cruise. What will be the end
of it, remains to be seen. Mr. Handy will
hardly like to give up his presidency of the
steamboat company, and yet it would be
unjust to allow him to receive pay as purser
when he tried to escape the service for
which he is justly liable. I learn also that
when the survey had been held, and the
peremptory order given for Purser Handy
to join the Cyane, he wrote a letter cover-
ing eight pages of foolscap to prove to the
secretary of the navy that a purser who
had been in the service twenty years, ought
not to be required to go to sea at all.—N.

RETURN OF COL. KEARNY.

Col. KEARNY, of the 1st Regiment of
Dragoons, returned to this city on the 30th
ult., accompanied by some officers of his
staff, and some citizens who were with him
during his late expedition to the Rocky
mountains.

As we have before stated, col. K. left
Leavenworth on the 18th May, with five
companies of his regiment. We now
learn, that they marched to the Platte—
up that river—(passing fort Laramie, which is
the traders' post at the mouth of Laramie
river)—up the Sweet Water, and marching
through the "South Pass" of the mountains,
they went to the waters of Green river or
Colorado of the west, which flows to the
Pacific ocean, and which they reached on
the 30th June.

From the "South Pass," the dragoons
returned to fort Laramie, on the same route
they had passed up. From there they march-
ed towards the south, keeping near the
base of the Rocky mountains, and struck
the Arkansas about 100 miles from Taos
and 150 from Santa Fe. They then march-
ed down the Arkansas—passed Bent's
fort, another post of the traders, and reach-
ed fort Leavenworth on the 24th August,
having marched upwards of 2100 miles in
less than 100 days, driving cattle with them,
which they ate, when they could not get
game, their horses depending entirely upon
the grass afforded by the prairie.

From fort Leavenworth to the "South
Pass," the dragoons followed the Oregon
trail, passing all the emigrants, who were
getting on very well, and who are stated to
have been very numerous this year. From
the point where the dragoons struck the
Arkansas, they marched on the Santa Fe
road, meeting several parties of traders with
many wagons, and heavily loaded, on their
way out.

We also learn, that councils were held
with the Sioux, Chayennes and other In-
dians, who were told by col. K. that he had
now opened that road for the white men,
and that their great Father would not con-
sent that any Indian or Indians should molest
the whites, or their property, upon it,
—that the emigrants to Oregon and the
Santa Fe traders must not be disturbed, as
they were passing peaceably and quietly
through the country. He told the Indians,
however, that if they found any white men
bringing any whisky or liquor into their
country, that they should spill it on the
ground, which, it is thought, they will do.

This march of the 1st Regiment of Dra-
goons may prove to Sir Robert Peel and to
Senor Cuevas, that our Yankee troops can
march to Oregon or to Santa Fe—and we
will tell the administration, that if it is de-
termined to take military possession of either,
or of both, that all we want is a regiment
of our volunteers to form upon, and that, in a
week after the call for volunteers is sou-

ded, we will have more men offering their
services than will be needed or accepted—
men, willing and prepared to encounter
any difficulty or danger that may be pre-
sented to them. This expedition has given to
col. KEARNY a knowledge of the country
and the mode of traveling and subsisting of
troops, which, combined with his acknowl-
edged military talents, will render his ser-
vices doubly valuable to the government in
the event of any movement towards New
Mexico or California being determined up-
on.—St. Louis Republican.

SOUTHERN BOUNDARY LINE.

It may be remembered that the legislatures
both of Missouri and Arkansas, in 1842, sever-
ally passed laws for the survey of the
boundary between the States. We under-
stand that the party which has been en-
gaged throughout the summer, in completing
the survey of this line, has
