

FROM MEXICO.—News has reached New Orleans from Vera Cruz, that the U. S. Squadron was to attack San Juan de Ulua on the 10th July. The latest News from the City of Mexico states that Congress had declared Gen. Paredes President of the Republic, and Gen. Bravo Vice President. Permission had been granted by Congress to Gen. Paredes to march at the head of the army against the enemy, and Gen. Bravo was called to the Presidency. Gens. Arias and Ampudia had been called to the capitol—the former is to be tried for abandoning the city of Matamoros while he had upwards of 4,000 troops under his command. He had been discharged from his command.

Congress had determined to raise additional troops, at the suggestion of Paredes, who was about setting out at the head of the army of reserve, the total number of which is said to be from 8 to 10,000 men. Letters had been received at Vera Cruz stating that the Californias had "pronounced" against the Mexican Government. Santa Anna had not left Havana.

THE LAST SHOT.—There will be a barbecue at Hazel Ridge school-house to-day. It will close the canvass. The candidates will be there, and as "every body and his wife" will also be on hand, they will doubtless spread themselves. Those who want to hear some animated speaking and get a good dinner, had better attend.

The Paris Mercury states that Elders Allen and Thomas recently held a protracted meeting in that place, and that a number of persons attached themselves to the church—among whom were several of the most prominent citizens of the place.

Correspondence of the Missouri Republican.

CAMP, St. Louis Legion, }
Above Burrita, July 6, 1846.

Since my last, we have changed our location from the Brazos Island, to a spot on the bank of the Rio Grande, on Mexican soil, a short distance above Burrita, where we will further our Featherston's Regiment, and four companies Alabama volunteers, are encamped in sight. The 4th Regiment of Louisiana volunteers are located about two miles above. We marched to the mouth of the Rio Grande, and took steamboats there to this place. The Rio Grande is a very narrow and crooked stream, up to this place—its average width is not over 200 yards. I understand it widens as you get higher up. In flavor, muddy appearance, and rapid current, it resembles the Missouri river. While we remained at the mouth, five or six steamboats made their appearance, designed for transporting supplies and troops up the Rio Grande. Two companies of Alabama volunteers attempted to cross the river, near the mouth, in doing which, three men were drowned, so rapid was the current; the men fearing that the boat would be carried out to sea, jumped overboard and were lost.

Yesterday, a sad accident occurred near our camp. Mr. Priest, a private in a company from De Soto, in Bailey Peyton's 5th Regiment Louisiana volunteers, was shot through, and died about 11 o'clock at night. Provisions had become scarce in camp, and many of the men were out with muskets, in search of game. It is alleged that he was shot by the discharge of a musket in the hands of William Eckert, a member of the Missouri Fusiliers, and that the commandant of the De Soto company will prefer charges against him to Gen. Taylor, for the purpose of having him tried by court martial. It was, doubtless, an accidental shot, but too much censure cannot be bestowed upon persons who carelessly discharge their guns in the vicinity of a camp. Eckert is under arrest. Priest was a noble looking man, and said, before he died, that it was a hard case to be killed by a bullet from our own side; that if it was from the enemy, he could die without regret.

I have been informed from a reliable source, that Gen. Taylor has concluded to send the six months' volunteers forward to Camargo, immediately, and that they are to be the first used in the engagements against the enemy. The six months' volunteers are as follows: six Regiments from Louisiana, about 5,000 men; one from St. Louis, Mo., 640 men; two or three from Texas, about 2,000 men; and six companies from Alabama and Mississippi, about 400 men—in all, about 8,000 men.

Two regiments of Texans left yesterday, and orders were read to Gen. Smith's brigade, (four regiments Louisiana volunteers,) to march to day. It will be seen that the St. Louis Legion will have an opportunity of being among the foremost in the first engagements. I hear, also, that it is expected that the first who go up will be compelled to travel by land, with no baggage but their knapsacks and blankets; and that it will require all the boats to carry provisions. If that is the case, we will have a tough march of it, without our tents. But if necessary, we shall meet it manfully.

Gen. Taylor has, at this time, at Matamoros, and within forty miles, about 14,000 men; and to judge from the accounts in the newspapers, eight or ten thousand more will be sent here, in the course of the next month, which will make a force sufficient to tell against any Mexican army, which may be overhauled in this campaign.

The officers and men in this regiment enjoy good health, and are in fine spirits at the prospect of being sent forward at once. The best feeling exists among them, and they get along with that harmony which should always exist in a military corps. Louisiana, Texas, and Missouri, will most likely have the honor of leading the van in the approaching contest.

On the 3rd inst., Anton Brillenmeyer, a member of the Yeagers, died, and was buried at the mouth of the Rio Grande. He has been sick nearly the whole time since we left. This is the second death in the Regiment, and both have fallen upon Capt. Shaeffer's company. I believe I mentioned in my last, that Capt. Shaeffer had arrived, and that the men gave three cheers as he came into camp. He is in good health, and takes hold of the affairs of his company promptly. Upon the Lieutenants of this company, all the duties have heretofore fallen, and both have had bad health during part of the time.

CAMP MEETING.
A camp meeting for the Glasgow and Soule's Chapel station, will be held at Soule's Chapel camp ground, commencing on the 6th of next month. W. G. CAPLES, Pastor.
July 25th, 1846.

Three regiments of Illinois volunteers, under command of Colonels Hardin, Baker and Forman, left last week to join Gen. Taylor.

SMITH'S TONIC SYRUP
OR
VEGETABLE FEBRIFUGE
SPEEDY SALT PURGATIVE CURE
OF
AGUE & FEVER

Chill Fever, Dumb Ague, INTERMITTENT FEVERS,
AND ALL THE VARIOUS FORMS OF BILIOUS DISEASES.

THIS VALUABLE MEDICINE is undoubtedly the safest, surest and best remedy ever discovered for the cure of the above named diseases. It not only breaks the chill, but removes the cause from which the disease originates. Its operation is both GENERAL and SPECIAL.
While it acts generally upon the whole system, as a most powerful alterative, purifying the fluids, freeing the solids from all morbid secretions, and reinvigorating and bringing up all the vital energies to a standard of permanent health; it at the same time exerts a specific influence upon the liver, digestive organs and lymphatic and glandular systems; exciting them to healthful activity, removing all morbid matter, equalizing the circulation, restoring their proper and necessary secretions, thus accomplishing a complete renovation from disease, and restoration to sound and permanent health.

Those who are suffering with the prostrating AGUE and FEVERS common to the West and South—those whose constitutions have become enfeebled by the use of mercury, quinine, or other violent remedies—should resort at once to the use of this VALUABLE MEDICINE.
It has cured and will cure the most obstinate cases.

Travelling through every vein and artery of the human body. The whole animal economy is made to undergo a thorough radical change; even the mind partakes of the healthful process; and life, that before appeared one dreary waste, begins again to seem worth possessing.
Pamphlets respecting this Valuable Medicine, can be obtained of the Agents gratis.

CAUTION.
As there are many spurious preparations of similar name hawked about the country and sold on the reputation of the genuine
SMITH'S TONIC SYRUP.
We therefore beg leave to caution the public against imposition, as we cannot hold ourselves responsible for the effects which may result from the use of spurious articles.

WISTAR'S BALSAM OF Wild Cherry.
CONSUMPTION OF THE LUNGS.
THE GREAT REMEDY FOR
AFFECTIONS OF THE LIVER, ASTHMA, BRONCHITIS, PAIN OR WEAKNESS OF THE BREAST OR LUNGS, CHRONIC COUGHS, PLEURISY, HEMORRHAGE OF THE LUNGS, AND ALL THE AFFECTIONS OF THE PULMONARY ORGANS.

NATURE'S OWN PRESCRIPTION.
The Moss of Iceland, the Wild Cherry Bark and Pine of our northern latitudes, are the principal ingredients in the composition. The great secret in its efficacy consists in the method by which they are prepared. Such in fact is the nature and simplicity of this medicine, so powerful in action, yet so mild, safe and pleasant in its operation, that it must be partly termed "Nature's own Prescription," and although but two years have elapsed since they were first made public, we can proudly say, it has acquired a celebrity unpremeditated by any medicine in use, and is evidently destined to become the most popular and valuable medicine ever discovered.

The great remedy for all diseases of the Lungs continues to send joy and happiness to many a cheerless fire-side, and still there is room to diffuse its kindly health-giving magical wand. Whoever will, let him come and be cured.

ANOTHER INVALID RESTORED TO HEALTH.
[Read the following statement of facts from Mr. Eli Baily, a highly respected merchant of Vienna, Johnson county, Illinois.]
Messrs. Phelps & Blakely, St. Louis, Mo.

I desire to benefit the afflicted throughout the land, and have induced me to make the following statement of facts respecting one of the most astonishing cures ever recorded. My son, now seventeen years old, has been afflicted during his whole life with a constant cough, pain in the side and chest, accompanied with night sweats and hectic fever, which produced great emaciation and debility; and at intervals during the night his expectation would become so great as to endanger his life from strangulation. During this time he was attended by many physicians of the highest repute, whose prescriptions gave but temporary relief, in fact, so alarming were the symptoms, and so inveterate was his disease, that I was compelled to believe him beyond the reach of medical aid.

All our neighbors and friends who saw him, regarded him as one who was rapidly approaching an early and premature grave. After having thus exhausted the skill of our best physicians without obtaining relief, I was prevailed upon by the advice of a friend to make use of Wistar's Balsam of Wild Cherry.

He commenced its use about the 30th of December, 1844, the first bottle of which gave astonishing relief, and I began again to indulge in the fond hope that he might yet be restored to health. After having continued the use of it until three bottles had been taken, the disease was entirely overcome, and his shattered constitution and emaciated form restored to sound and permanent health, which he continues to enjoy to the present time.

I believe the genuine Dr. Wistar's Balsam of Wild Cherry to be one of the most valuable medicines ever discovered—knowing, as I do, that the above cure was effected solely by its use.
I am, gentlemen, very respectfully,
Your most obedient servant,
ELI BAILY.

We might publish a thousand certificates, but do not deem it necessary, knowing that a single trial will do more to establish its efficacy, than a volume of testimonials. There are hundreds of Balmes recommended as positive specifics for pulmonary diseases, but where is the evidence of these puny nostrums curing an aggravated case like the one mentioned above?
BE NOT DECEIVED.
If you would have the true article, and that which will cure, if a cure be possible, then remember that "KING" of all other medicines, **WISTAR'S BALSAM OF WILD CHERRY.**
Such is the unprecedented success of this Balsam "nature's favorite prescription," a prescription congenial to our wants, as it is prepared from chemical extracts from substances which the author of nature has placed in our land for wise purposes—that many who know nothing of the mode of its preparation, are endeavoring to reap pecuniary benefits by selling an article similar in name, or its appearance, or by representing their Wistar's Balsam of Wild Cherry, or by putting up a mixture and solemnly asserting that it is imported from a foreign country.

WHICH IS NOT THE CASE.
All these deceptive arts go to show that Wistar's Balsam is known to the world to be the GREAT REMEDY; and to sell any mixture must be like this in name or purport to be like it in substance.
Believe not in the cunningly wrought fabrications, and take only the original and genuine **WISTAR'S BALSAM OF WILD CHERRY.**
Beware of counterfeiters and base imitations. Be sure to get the genuine medicine, and be careful to buy of a regular agent.
Price only One Dollar per bottle.
The true and genuine Wistar's Balsam of Wild Cherry is sold, wholesale and retail, by **PHELPS & BLAKSLY**, corner of Third and Chesnut streets, St. Louis, Mo., General Agents for the Western States and Territories. And for sale by their agents in the following places: Dr. Snelson, Fayette; R. P. HANSEN-KAMP & Co., Glasgow; W. C. HILL & Co., Keytesville. [June 27th, 1846.]

BY THE QUEEN'S PATENT. TRIUMPHANT SUCCESS OF Buchan's Hungarian Balsam of Life.

The Great English Remedy for COLDS, COUGHS, ASTHMA, AND CONSUMPTION!
The most celebrated and infallible remedy for Colds, Coughs, Asthma, or any form of PULMONARY CONSUMPTION, is the HUNGARIAN BALSAM OF LIFE, discovered by Dr. Buchan of London, England, tested for upwards of seven years in Great Britain and on the Continent of Europe, and introduced into the United States, under the immediate superintendance of the inventor.

The astonishing success of the Hungarian Balsam, in the cure of every form of CONSUMPTION, warrants the American Agent in soliciting for treatment the worst possible cases that can be found in the community—cases that seek relief in vain from any of the common remedies of the day, and have been given up by the most distinguished Physicians, as CONFIRMED and INCURABLE. The Hungarian Balsam has cured, and will cure, the MOST DEBILITATED OF CASES. It is no quack nostrum, but a standard English Medicine, of known and established efficacy.

Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life, not only to counteract the consumptive tendencies of the climate, but to be used as a preventive medicine in all cases of Colds, Coughs, Spitting of Blood, Pain in the Side and Chest, Irritation and Soreness of the Lungs, Bronchitis, Difficulty of Breathing, Hectic Fever, Night Sweats, Emaciation and General Debility, Asthma, Influenza, Hooping Cough, and Croup.

In case of actual disease of the Lungs, or seated Consumption, it is the ONLY SOURCE OF HOPE.
Sold by McDonald & Smith, Sole Agents for the United Kingdom, at the Italian Warehouse, Regent Street, London, in Bottles and Cases, for Ships, Hospitals, &c.
By Special Appointment—DAVID F. BRADLEY, 119 Court Street, Boston, Mass., Sole Agent for the United States and British American Provinces.
American price, \$1 per bottle, with full directions for the restoration of Health.
Pamphlets, containing a mass of English and American certificates and other evidence, showing the unequalled merits of this Great English Remedy, may be obtained of the Agents, gratis.
None genuine, without the written signature of the American Agent, on a gold and bronze label, to counterfeit which is a forgery.

In the Carroll Circuit Court—March Term, A. D. 1846.
Joseph Brown, } Attachment in Debt.
vs. }
Hampton D. Bales }

By his Attorney at this day comes the plaintiff aforesaid, and by his Attorney into Court here, and it appearing to the satisfaction of the court that Hampton D. Bales, the defendant aforesaid, is not a resident of, nor residing in this State, and he the said defendant having failed to appear within the first six days of said term and answer to the action of said plaintiff, it is therefore ordered by the Court that a publication be made for four successive weeks, in some newspaper printed in this State, the last insertion to be at least four weeks before the first day of the next term of this Court, notifying the said Hampton D. Bales, the defendant in the above cause, that an action of petition in debt, by attachment, has been commenced against him by the plaintiff aforesaid, wherein he claims the sum of one hundred dollars, with interest at the rate of ten per cent. per annum; that in said action a writ of attachment has been sued out, and the property of the said defendant attached; and that the writ of attachment is in full force and effect, and that the said Hampton D. Bales, the defendant, commencing on the second Monday in October next, and on or before the third day thereof, if the term shall so long continue, and if not, then before the end of said Term, judgment will be rendered against him and his property sold to satisfy the same, until which time this cause is continued. A true copy of the order.
