Charles Cleveland, of Candee & Co., made a flying visit to Anadarko last week, returning on the 14th.

Two horse thieves from Pierce City, Mo., were captured by the Indian police at Muskogee, Ind. Ter., a short time ago.

York-Parker-Draper Mercantile Company, of Caldwell, are agents for L. C. Gallup's celebrated Colorado and California saddles.

Messrs. Darlington and Covington returned to the Agency on the night of the 12th, after an absence of a month among circuses and yellow legged chickens.

Sam Swayer, the dry goods man of Caldwell, is getting fairly settled in his splendid new store room. He invites the attention of the public to the inducements he is offering in dry goods, gents' furnishing goods, etc. See his "ad" on first page.

Wolf Ahead, a Cheyenne, drove two loaded four-horse teams from Arkansas City, having been deserted by his driver on the way up. Not desiring to pay another man wages, he drove both teams himself—driving first one a ways and then the other.

C. F. Hulbert, of Caldwell has ordered his "ad" inserted in the TRANSPORTER. Mr. Hulbert has a large stock of stoves, hardware, tinware, wagon material, etc. His goods are the best the market affords and will be sold at fair prices. He has a tin shop, where all repairing is promptly attended to.

Charles Fox, who has been keeping the Darlington House since the first of July, has concluded to quit keeping regular boarders. The price of provisions has advanced so much that there is no pay in it. He will, however, continue to give accommodations to transients.

A Cheyenne train of sixty wagons arrived and was unloaded at the commissary on the 12th. This train embraced the forty wagons recently purchased of the Kansas Manufacturing Company. This train was detained for over a week at Arkansas City, awaiting the inspection of flour and causing a loss of both time and money to the Indians.

G. Y. Smith & Co., of Kansas City, have issued a complete fall and winter catalogue, giving a number of valuable suggestions to buyers. They have excellent facilities for filling orders from a distance, and the reputation of the house is such that purchasers may safely rely on what they say in their numerous advertisements.

Messrs. A. A. Newman & Co., of Arkansas City, call the attention of stockmen and others to their stock of goods, through an advertisement in this issue of the TRANSPORTER. Their stock comprises everything in dry goods, clothing, notions, hats and caps, Oiled and rubber clothing, &c., &c. As they offer to duplicate Kansas City and St. Louis prices, they will doubtless secure a good trade from the Territory.

An Arapahoe Indian visiting Spear's camp was assaulted by a teamster, and very much bruised about the head with a heavy whip stock. He seems to have asked for matches and a misunderstanding arose therefrom on both sides. There is plenty of room outside the Indian Territory for white men who are so regardless of the condition of the Indians and deem their wants of so little consequence as to terminate in the way this did.
