, BUREAU OF INFORMATION.

"The Burlington" has recently established in a convenient quarter of its elegant and commoditum passengur atation, at Chicago, an office designed to afford travelers information on the thousand and one things they used to know, with regard to routes, raise, consections and accommodations. It has been placed in charge of an experienced man, auppiled with all railway guides, maps and time-tahles, and is known as the "Burcau of Information."

It is a piace to which all travelers may apply for information and receive a full and correct answer. This is the only office of the kind west of the sen-board cities, and it cannot but prove a help and convenience to the traveling public. All trains of the "Builla, and its pand is part from this attain, and the intelligent and valuable service of the flurram may be solved by all patrons of this line.
