LOCAL NOTES.

NOTICE. All persons having poultry to sell will do well to bring same to me by Wednesday, the 20th.

Next week, Ratcliff's. Posts at Bob Blakeney's. Big sale at Ratcliff's next week.

Blustering, backward weather again. The razor hollow grinders are here. Bring me your poultry.

Wanted, chickens and eggs, at Gray's. Farm for sale; enquire of J. T. Brackett.

An A No. 1 shoemaker at Lee Barrett's. Highest market price paid for hams at Gray's.

Love Barrett's for a first-class harness or saddle. Goods given in exchange for poultry and eggs at Gray's.

Read the large ad. of Dr. Coe's Sanitarium in this issue. Bargains in two special lines at Gray's, in a few days.

Free examination by the X Ray apparatus at Hotel Cobb. Competition among the produce buyers is red hot these days.

The Grove Herald was issued this week, W. A. Holland, editor. Furnished rooms with board. Jake Walters, south of Dr. Fortner's.

Dr. Ellis closes his engagement here this week and goes to Pryor Creek. Highest price for produce. Lowest price for groceries. Bob Blakeney.

Watch for Gray's posters in a few days; he has some bargains to offer. Buggies of all descriptions at Lee Barrett's, cheap. Call and see them.

J. S. Davenport bought the W. T. Davis stock of dry goods last Thursday. Go to McPherson's barber shop and bath room, between Jumbo and Dadgett's.

There will be a few peaches after all the freezing in this section, and the apple crop is almost unhurt. Geo. B. McGlasson has made a couple of trips south recently in the interest of the Vinita Roller Mill.

Dr. L. O. Ellis, dentist, purposes making regular visits to this city in the future—about every 90 days. Out of town poultry and egg buyers will do well to correspond with me in regard to prices. Bob Blakeney.

J. O. Hall moved 1400 head of steers this week from his farm south of town to his ranch beyond the Verdigris. Joseph Hunt has a "header-binder," twelve foot cut, set up in his implement yard which engages not a little attention.

Last Sunday the weather was favorable for the display of new hats and of course Easter was voted anything but a failure. Clerk Rowsey, of Miami, sent a wagon down the first of the week for trees from the nursery here to plant upon his property in Miami.

The commencement sermon at Wille Halsell college this year will be preached on the fifth sabbath in May, by Dr. Hill, of Arkansas. A good second hand canopy top buggy for sale at very reasonable figures. Has been run just ten weeks—as good as new. Apply at this office.

PERSONAL NOTES.

-Albert Morris was in the city Monday. -W. H. Darrough, of Wyandotte, was down last Friday. -J. C. Barrett was in from Claremore this week visiting the folks.

-P. L. Soper and wife are at Hot Springs, both being in poor health. -W. M. Mellette and wife came home from a visit at Fort Smith Monday.

-Miss Lizzie Burns and her mother went home to Coffeyville yesterday. -W. J. Wade, wife and son Scott are up from McAlester on a visit with their son Will and family.

-Prof. Caldwell, one of the most successful educators this territory has ever had, was in the city Saturday. -J. T. Dickson, the Wabash's popular stock agent, spent several hours in the city Sunday. He has a lot of cows at Blackstone which were bought in Alabama.

-W. J. Burnett, R. H. Allen, Miss Olive Allen, in addition to Mr. Cook, were in attendance at the meeting of the Odd Fellows grand bodies at South McAlester this week. -H. C. Cook went to South McAlester Monday night to attend the grand lodge of Odd Fellows. Without returning to Vinita he is going to Kirksville to take treatment at the infirmary.

Posts at Bob Blakeney's. Watch us next week. Ratcliff's. Two or three misdemeanor cases were tried in the commissioner's court this week, and the parties charged were fined as the law provides. The vigorous application of the law always has a salutary effect upon a community.

The trap-shooters are doing some fine work this spring. Pleas Thompson leading so far. The traps are keyed up until they throw a target ninety yards and but twelve feet high, so it will be seen they have to be decidedly swift.

"The Temple of Friendship" is the subject of Mr. Jackson's sermon at the Congregational church next Sunday morning. In the evening the gentleman will preach at Afton, and hence there will be no service in the church here.

Mrs. A. R. Hume, of Anadarko, Oklahoma, delivered an interesting address at the Presbyterian church last Sunday evening. The lady is vice-president of the Woman's Board of Home Missions and has charge of the work in Indian Territory and Oklahoma.

Now is the time to go to Klondike; present rates via Katy to Portland, Seattle and Tacoma: First class, \$31.10; second class, \$26.10. Parties intending to make this trip should take advantage of these rates; for full particulars call on W. B. Coley, agent for the M., K. & T. Ry.

Wm. England was down from Afton on business Tuesday. He stated that the sheriff of Delaware district sold a number of intruder improvements at Afton last Saturday, including the Hubbard places. A large crowd was in attendance and the improvements brought high prices.

A farmer while driving with his family over the railroad crossing at Muskogee last Sunday evening, was struck by an engine and the wagon demolished and his wife killed outright, the head being severed from her body. The husband and three small children were uninjured.

Wanton Cruelty. An act of unusual cruelty, and of foolish desperation, was witnessed last sabbath afternoon when a reckless drunken fellow attempted to ride his horse across the railroad bridge east of town. The poor beast was whipped and spurred till it was forced onto the outer timbers of the bridge where it fell between the ties and skinned its legs unmercifully. The law against such wanton cruelty to a poor dumb beast should be enforced and the drunken whelp fined heavily.

Dynamite. A stick of dynamite was found under a house on the east side occupied by some loose women Tuesday, and caused considerable fright to the inmates, and an uproar in the immediate neighborhood. It had fuse and cap already adjusted, but had evidently failed to explode on account of the fuse going out before the fire reached the powder. If the explosion had occurred as planned the two women would have perished and perhaps several good men along with them. The CHIEFTAIN advises the women to leave town immediately.

Deserve Prosecution. Two men having with them a boy about twelve years old, camped on the outskirts of this town Monday afternoon of this week. They were observed to have a very good team, wagon and camp outfit. Soon after going into camp the boy was sent out to beg. He was very ragged and put on an appearance of great poverty, asking a nickel from those he met to go toward purchasing a pair of shoes he said, for his mother who he represented as being sick and destitute. On being questioned closely the little fellow acknowledged that the men had sent him out to beg for them and that they were not suffering as he at first stated. Such rascals ought to be arrested and put to work on the rock pile.

A Curiosity, Even to Indians. Ah-na-me, a Sac and Fox Indian, accompanied by his family, attracted considerable attention yesterday on the streets, dressed in a blanket. The young man for a number of years resided in Iowa but as his father, Chequo-skuk, familiarly called "Old Chick," one of the four chiefs of the nation, got along in years, the son moved down to this country and on the father's death attained to his station and property. Ah-na-me was, years ago, and perhaps is yet, a good deal of a sport and the white man tricks, he carried down to "Stock," on his visits, kept his red brethren in a perpetual state of being broke, as long as he stayed. When he first went down moccasins playing was the chief vice to which his brethren were addicted, but the seductive jacket and Spaniard's monte, likewise the chuck-a-luck lay-out, wiped out the game of his forefathers in short order and when it was all too late Hiram and Talbert, and Captain and Colonel, and Mart, and Charley K, and Jessie Ralo discovered that their friend had not "traveled the white man's road" in vain.

Ratcliff's big sale next week.

No Election After All.

Claremore had a city election under the Arkansas law billed for Tuesday of last week, and a full and anxious set of candidates for the various offices were groomed and in waiting for the race. They were, however, notified late Monday afternoon by Judge Thomas that the election could not proceed; that the injunction issued by Judge Springer some time ago had not been dissolved nor modified. Claremore organized under the Arkansas laws a year or two ago, and both the Cherokee and the U. S. municipalities ran for a time with much contention, and finally the United States organization was enjoined from acting, and the Cherokee government was in operation till the first of January last.

A Great Trade Center.

The opinion has gone far beyond the confines of the Cherokee nation that Vinita has a pretty smart set of advertisers. And there is not one of them but knows he is not throwing away his money. Because of the fact that all are "pulling their pound"—not waiting like carrion crows for someone else to turn the trade to town—their efforts have been truly effective, and the country now tributary to Vinita in a business way has gone clear beyond natural bounds. There is probably not a place within a hundred miles where goods are sold so cheaply as at Vinita, and the class of goods carried is excelled nowhere in the southwest. For these reasons it is not surprising that such a great trade is always enjoyed by our merchants.

Impure Flour.

Few people, it is believed, have any idea how general has become the practice of millers throughout the southwestern states diluting their flour, probably nine out of ten resorting to this deception. It is possible to incorporate in the low grade flours as much as twenty-five per cent of corn without discovery by the consumer, if only biscuit is made. For light bread it is impractical to use this flour, but unfortunately for the mills making pure flour only, the south uses little light bread, and it is in the south that a market must be sought. By this dishonest device the mills are enabled to place their product in the retailer's hands at considerably less than the wheat is worth in the pure flour, and the result is the latter is driven out. The consumer, if he could really be made to understand, would probably rebel against paying 24 or 3 cents a pound for corn meal, but the consumer is slow to appreciate these things and in the meantime the honest mills will be kept out, as the wheat in their flour is worth more than they can get for the flour. One test is to wash out the flour and the corn will remain in the vessel; another is to sprinkle some of the flour on a hot stove, when the corn may be detected by the smell. So far as known, it is a pleasure to say, none of the Territory mills are resorting to the fraud cited above.

Can We Incorporate?

As there seems to be a diversity of opinion with reference to the proposition to incorporate the city of Vinita under the Arkansas statutes, and the matter is being discussed pro and con with a good deal of vigor, we present below the views of Judge G. B. Denton of this city, who we believe to be as competent to pass upon the legality of the question at issue as any one in the country: "The territory to be incorporated must be territory 'not embraced in any city or incorporated town.' This excludes the town of Downingville. The petition must be presented to the 'county court.' We have none, and county court powers have never been conferred upon the United States Court in the Indian Territory. Two transcripts of the record made by the recorder (clerk United States court) of the order incorporating the petition and plat of the town, must be made out by the recorder and one filed with secretary of state. We have no secretary of state. The officers and voters must be 'qualified electors of the state.' If we read territory for state, then the only voters will be Cherokee citizens, for they are the only qualified voters of the Cherokee nation in the territory. If we say that this language was meant by congress to draw with it so much of the law of Arkansas as defines qualified electors, then only citizens of the United States and those who have declared their intention to become such can vote, and the Cherokees are not citizens of the United States and cannot vote. When the town council levies a tax they must certify the levy to the county clerk, and he shall place it on the tax book of the county, and it shall be collected in the same manner that state and county taxes are. We have neither county clerk, county tax books or collector of taxes. The first question is: Where is there a court with jurisdiction? The second: Where are there any qualified electors to hold office and qualified voters to elect them? The act of congress of 1890 only adopts the chapter on corporations so far as applicable. Here it would seem to be almost wholly inapplicable. Last night a meeting was held at the court house to hear the report of a committee previously appointed to fix the boundary lines of the new corporation, to be, and prepare the petition. The report was to include the present survey, west of the M., K. & T. track, with a strip of ground forty feet wide all around it, (to make an eighty foot street.) On the east side to include such land as lies west of the street back of the colored Baptist church, as far north as the Frisco, and then jump west two blocks, continuing to the present north boundary. The report was adopted and the legal steps to incorporation will be taken at once. A final meeting to that end will be held to-morrow night. The Grand United Order of Odd Fellows will attend services at Coffeyville May 1st. Special train will leave Vinita at 7:15 a. m. Sunday, May 1st, returning will leave Coffeyville about midnight. Fare \$1.50 for round trip.

DR. PRICES CREAM BAKING POWDER. A Pure Grape Cream of Tartar Powder. 40 YEARS THE STANDARD. To the District Sheriffs. Executive Department, C. N. TABLEAU, I. T. March 31, 1898.

To the District Sheriffs: Complaints from the various parts of the nation have been made to this department to the effect that large quantities of walnut and other valuable timber are being cut and shipped out of the Cherokee nation in violation of the laws of said nation and the United States relating thereto. The laws of this nation prohibit the sale or shipment of any timber other than down walnut or walnut stumps on a full claim, and walnut timber cut for the purpose of placing the land in cultivation, such timber cut being within a lawful enclosure, and any citizen wishing to sell any of the above named walnut timber is required to obtain a permit from the clerk of the district and pay him as a royalty \$5 for each thousand feet so sold. The law which authorized the sale of railroad ties and other material for railway use has been repealed, and licenses issued while said law was in force authorizing future delivery of said material declared null and void. The act of congress approved June 4th, 1888, provides that "every person who unlawfully cuts or aids, or is employed in unlawfully, or wantonly destroys or procures to be wantonly destroyed, any timber standing upon the land of the United States which in pursuance of law may be reserved or purchased for military or other purposes, or upon any Indian reservation or lands belonging to or occupied by any tribe of Indians under authority of the United States, shall pay a fine of not more than \$500 or be imprisoned not more than twelve months or both, at the discretion of the court."

You are hereby directed to seize and hold all timber not authorized by Cherokee law to be sold or shipped that you may have good reasons to believe is being prepared for shipment, and report the same, giving kind of timber, number of feet, where, when and by whom cut, the names of persons aiding in such cutting or shipment and the names and post-office address of witnesses of such unlawful cutting, etc., to this department, that criminal prosecution may be instituted against such offenders. Very respectfully, S. H. MAYES, Principal Chief C. N.

A Reliable Remedy. The object of opium in medicine is to deaden and paralyze the nerves temporarily to stop coughing or pain. Nothing promotes the opium or morphia habit so much as cough mixtures that contain this nefarious drug. Brazilian Balm does not contain a trace of it, but is a true balsam that removes the cause of the trouble. Mr. W. T. Barber, 1001 N. 43d St., Philadelphia, Pa., says: "Brazilian Balm not only quickly removed all trace of my cold but had a generally reviving effect upon my whole system which has been permanent. I recommend it as a most valuable and thoroughly reliable remedy."

WANTED—TRUSTWORTHY AND ACTIVE gentlemen or ladies to travel for responsible, established house in Indian Territory. Monthly \$20.00 and expenses. Position steady. Reference. Enclose self-addressed stamped envelope. The Dominion Company, Dept. E., Chicago, Ill. each 12

In the United States court in the Indian Territory, Northern District, sitting at Muskogee, MOBILE O' Woodward, Plf. vs. L. A. Woodward, Deft. No. 2501 vs. WARNING ORDER. The Defendant, L. A. Woodward, is warned to appear in this court within thirty days and answer the complaint of the Plaintiff, Mobile O' Woodward. Witness the Honorable William M. Purifier, Judge of said court, and the seal thereof, at Muskogee, Indian Territory, April 1st, A. D. 1898. JAMES A. WINSTON, Clerk. By N. S. YOUNG, Deputy Clerk. James B. Barckhalter, attorney for Plaintiff. O. D. Neville, attorney for non-resident defendant.

VINITA, I. T., March 30th, 1898. On April 23rd, 1898, I will sell at public sale to the highest bidder for cash or note with approved security, between the hours of 11 a. m. and 2 p. m., certain improvements located near the head of Lightning creek about two miles northeast of Hayden, P. O., in the Cherokee nation, Indian Territory, and bounded on the east by the improvements of Ellis Wabash and Della Groomer, on the south by improvements of Susan Edwards, on the west by improvements of Sam Leedy, and on the north by improvements of Sam Webber, consisting of about 150 acres of land. By order of district court, C. N. JAMES G. MERLIS, Administrator.

Diagnosis of Grippe. True grippe is a germ disease. These germs are in the circulation, and permeate every tissue and organ of the body. This brings speedy collapse and often death to the aged and debilitated. After the acute stage people wonder that they do not recover. They call it the after effects of the grippe. The fact is the germs are still alive, and if not destroyed, will go on breaking down the constitution, and leave you a physical wreck. The only germicide known that constitutes out and destroys every grippe germ in the system is Brazilian Balm. A week or ten days' treatment effects a complete cure.
