10 YEARS THE STANDARD.

S. A. Perry and wife, on Rock Creek, had the misfortune several days since to lose their infant son, Curtis.

There is now a city ordinance in effect in regard to keeping the streets and alleys clean, and private premises as well.

The addition of two or three hundred people to our population gives the town a decidedly bustling appearance.

Household goods are being unloaded from the cars every day. People are coming to Vinita by rail, wagon, horseback and afoot.

One of the little three-year-old twins of Mr. Nash, the Frisco section foreman, died Tuesday morning from the effects of malaria.

There were twenty-three prisoners brought up on yesterday morning's train from Muskogee and placed in the hold-over to await call.

Leas and shutter with large barrel, missing from photograph gallery opposite Badgett's. Will pay \$5.00 reward for return of same.

John C. Barrett and Miss Victoria Lipe were united in marriage yesterday at Claremore, and Lee Barrett and family went out to be present.

E. M. Ming has a new turnout—a nice one, and Edgar Smith has also grown tired and with his family will hereafter ride instead of walk.

Beryl Cox, the man who killed the Chinese restaurant keeper at Tulsa a few days ago, was among the prisoners brought up yesterday morning.

The grand jury made its first report yesterday, returning sixteen true bills of indictment. Pretty good work for a little over one day's service.

The big road scraper is leaving its mark in a number of places in town, much to the gratification of those who chance to live in such locality.

Levi Paris brought to this office some exceedingly fine samples of apples grown in his orchard near Catala. Mr. Paris is serving on the grand jury.

Dr. Jesse Bushyhead was married to Miss Fay Reynolds, of Boonshoro, Ark., last week, and returned to Claremore, where he has purchased a home.

The attendance at the schools is gradually increasing and there are a greater number of pupils attending school in Vinita than ever before in its history.

For sale at a good bargain. A three acre block on the east side, a good place to build a home or run a truck farm. Enquire at the CHIEFTAIN office.

W. T. Beatty and R. D. Knight are building a bowling alley on the Beatty lot, beside Zimmerman's blacksmith shop, and will have it in operation in a day or two.

The stoves have been put in place at the Presbyterian church, preparatory to the expected change in the temperature, but October is here and no sign of frost yet.

J. F. Tyner got excused Monday from service on the petit jury and went home today. Mr. Tyner is a prominent farmer near Tulsa, in the Bird Creek neighborhood.

Dr. Clinkscales, George W. Hill and David Hill have gone for a week's hunting in the Osage nation. The party will be joined at Claremore by Joe Gibbs and perhaps others.

J. C. Starr has sold a portion of his town property at Grove and will invest in Vinita. He and his wife are now on the look-out for a desirable lot on which to build a home.

The Appellate court at South McAlester adjourned Saturday till January. The Burns case and Rochester tonic case against Lewis Cohn at Wagoner was postponed till the next term.

Some time since M. L. Patterson, of Afton, bought 450 cattle and within a very short time sold 150 of them at a profit of \$800. The gentleman went to Kansas City Sunday night, on a cattle deal.

A myriad of familiar faces are seen on our streets. It is amazing how many CHIEFTAIN readers are brought in when Uncle Sam sends out for the best men in the community for any purpose.

The Worcester Academy Athletic Association have received a challenge from the foot-ball club at the Male Seminary at Tahlequah. The challenge will not be accepted till later in the season.

If subscribers to the weekly, living in the city, who desire THE DAILY CHIEFTAIN instead, will notify the office, the change will be made and the amount paid ahead on the weekly applied on the daily.

Five adult members were received into the Presbyterian church Sunday at the morning service, and the ordinance of baptism was administered to the infant son of Prof. and Mrs. W. A. Caldwell.

Mrs. Lamar, mother-in-law of W. B. Baines, is suffering from the effects of a mosquito bite on the hand. She was bitten several days ago and the entire arm is greatly swollen and blood poison is feared.

Dr. M. Frazee was sixty years old a few days ago. The doctor has been a prominent and familiar figure in Vinita for nearly a quarter of a century and appears scarcely any older than he did a dozen years ago.

Mrs. A. N. Green, as G. M., Order Eastern Star, Mrs. S. J. Burns, A. M., Pryor Farley, G. E., went to Pryor Creek Saturday Oct. 1st, to constitute Pryor Creek O. E. S. and install its officers, returning the same night.

Six Mexican cowboys on their way home to Old Mexico from the Creek pasture west of Catoosa, stopped over here Monday. They came up with Skidmore's cattle and have spent the summer in the Creek country.

A person familiar with this southwestern country would recognize this as court time by the number of stands in operation. They are not so numerous, however, as before the town was equipped with the power to exact a license fee.

The latter will make an extended visit and it is not improbable Mr. Wyatt will unite with the Indian Mission conference, at its annual meeting at Norman, O. T., the first week in November.

—The family of Rev. Thomas Lloyd, consisting of his wife and daughters, Miss Elizabeth M. and Miss Monica Daisy, arrived from Oxford, Ohio, some days since. The family is occupying Mrs. Goodykoon's house, recently vacated by W. M. Mellette. They will be a valuable accession to the newly organized Episcopal church.

### Cooking at the Jail.

James Pettigrew, of Muskogee, who has the contract for feeding the prisoners at the United States jail, has erected a small cooking house in the court house yard and brought along a cook, and is feeding the prisoners in the jail.

### Claremore Building.

W. H. Tarrant came in from Claremore Monday, returning on the noon train next day. He is finishing a large house for Jim Taylor and has one to erect for B. W. Starr and one for Len Comer. He has 18 carpenters working for him.

### Nearly Completed.

Tracklaying on the Sapulpa extension of the Frisco is progressing very rapidly and Oklahoma City will be reached by the 20th. A fine depot is being erected at the latter place and by the first of November the whole line will be opened for business.

### Will Be Appreciated.

If representative of THE CHIEFTAIN has not solicited you for your subscription, or your advertising, or your job work, don't think for a moment that we don't want it, or that you have been slighted; but on the other hand, bring or send it right in and it will be appreciated.

### Chance to Make Money.

This office desires to engage a good canvasser to solicit subscriptions for the WEEKLY CHIEFTAIN among attendants at court and other visitors. Good wages easily made.

### Two Games to One.

The contest between the Krebs and the Vinita base ball clubs terminated in a victory at this place, two games to one. The first game the score was 4 to 5 in Krebs' favor; second, 4 to 1 in Vinita's favor; third, 5 to 1 in Vinita's favor.

### A Costly Drug.

Will Carter got to looking through the catalogues the other day to discover the most costly drug quoted. He found curarine at 90 cents a grain, or \$6,912 a pound—nearly 20 times as valuable as gold. There are very few pounds of curarine in the drug stores in this city.

### Thieves at Work.

Even the presence of Judge Thomas and his numerous court attaches does not seem to awe the sneak thief. Some one entered the photograph gallery opposite Badgett's Tuesday night and stole a very necessary as well as expensive part of a camera.

### Died.

Uncle Joe Hilderbrand, living on the Frazee place a mile from town, died Monday afternoon. The funeral took place next morning at Raymond cemetery, the Masons conducting the services. Mr. Hilderbrand was about 80 years old and had been in poor health for several years.

### A Fine Colt.

Geo. M. Martin's "Lady Patchen" mare brought him last week a most beautiful colt, sired by "Roger K," owned by O. G. Athey. This part of the Indian Territory will soon be noted for fine horses. There are many other colts from Roger K and Lee C. K very highly spoken of in this country.

### An Old Timer.

W. C. Rogers, of Skiatook, was called to "the hub" this week to serve as a juror, but succeeded in being excused, and went home on Tuesday. The glory of Skiatook as a trading point has in a measure declined, but Mr. Rogers very shrewdly put a store at Tahala some years ago and so still does a big business.

### Back to the Creeks.

The Tiger murder case, appealed from the district court at Muskogee, was remanded back to the Creek authorities for trial. It will be remembered that Tiger was sentenced to be shot last winter by the Creek courts, but was habes corpus out of the Creek jurisdiction and the case carried up by the Creek nation.

### Presented With a Revolver.

Capt. White gave a reception Tuesday evening to the rough riders and a few friends at his home on Wilson street. Eleven of the returned soldiers were present and Judge Don Carlos in their behalf presented Capt. White with a very fine revolver as a mark of their appreciation of his efforts in organizing Troop L.

### Sold Mortgaged Cattle.

The cattle bought from John Weir and Joe Polton some time ago by Mr. Farley, mentioned in Thursday's CHIEFTAIN, proved to be mortgaged to the M. K. & T. Investment Company. Several small bunches of cattle were sold to different parties in the Paw Paw neighborhood by these parties and all are thought to be the same cattle. Mr. Farley will recover a portion of the purchase money, but will have to give up the stock. Polton has left the country.

### M. E. Conference.

The fourth quarterly conference of the M. E. church of this city was held last Monday night, Rev. U. V. Wyatt preaching the sermon of the evening. From the reports it was developed that the membership had increased to the number of thirty during the year. The attendance at Sunday school has been 20 per cent. greater than a year ago, and the Epworth League was also shown to be in a like favorable condition. On the whole, the church has many reasons for congratulation, and its members, like THE CHIEFTAIN and the town, will hope that the bishop, in his wisdom, will return Bro. Butler as pastor.

### At a Ripe Age.

Alexander M. Crockett, aged 79 years, died at 4 o'clock Monday morning of Anderson's kidney disease and yellow jaundice. He was the oldest brother of S. B. Crockett of this city and came here from Aspen, Colorado, last May. Deceased leaves a wife and four sons, R. W., at Price, Utah; H. R., at Dallas, Texas; John and Monte, of this city. The old gentleman took to his bed July 4th, last, though had been in failing health for 2 years past. He worked at the printers' trade for 55 years, off and on. The funeral took place at the family residence, South Wilson street, Tuesday morning at ten o'clock, Revs. King and Cassell conducting the services.

### The Academy.

Worcester Academy is prospering, the enrollment now being 143. The first month's work has been satisfactory. Thoroughness is the motto, and both in discipline and classroom teaching this line is followed.

The schools of Vinita in order to be effective educational forces need personal interest on the part of the parent and all public spirited citizens. This personal interest should amount to inspection of the methods employed in the classroom and the observation of the general educational tone. Where and how our children are educated should interest the parent at least as much as his business. A parent's highest duty to his children is to give them an education, that educates, one that develops the mind, elevates the moral nature and results in a well-rounded character. Visit the schools and find out what is being done for your child.

Jim Highland and his comrades who joined the artillery service are at San Diego, Cal., and will pleased with their new line of life. They drill three hours a day, and are expecting to be sent to Honolulu.
