**Will Pave Wilson Street.**

The property holders of Wilson street met yesterday and selected Dr. Oliver Bagby, John T. Gunter and Luellen Bullington trustees to handle the funds to the amount of \$1.00 per front foot, and checks to that amount are being placed in the hands of the trustees to pay for the work, each property owner giving a check to cover his front, the width of his lot.

**Eastside Revival.**

Rev. James A. Watkins, of South McAlester, is assisting Rev. A. H. Hawkins, pastor of the A. M. E. church in this city, in a revival. Good interest is being shown and the meetings will continue ten days. The public is cordially invited.

The New Cough Syrup—the one that acts as a mild cathartic on the bowels—is Kennedy's Laxative Honey and Tar. It expels all cold from the system, cuts the phlegm out of the throat, strengthens the mucous membranes of the bronchial tubes, and relieves croup, whooping cough, etc. Children love it. Sold by Peoples Drug Store.

Dr. T. T. Wimer is out today with a contract for paving Wilson street south of Canadian avenue. The same is being signed by property owners in that block.

The wife of Calvin Wimer died last night at their home east of Grand river. She had been a helpless sufferer with paralysis for several years.

Mrs. F. W. Strant will leave tomorrow for Claremore to try the radium baths a few days. She will be the guest of Max Teece Chambers.

The city council held an important session today.

The local Democratic situation may be said to be strained.

**SPINSTERS AND WIDOWS.**

Are Made the Special Objects of Provision of a Seltmate, Massachusetts, Fund.

A veritable "old maids' paradise" is located in Seltmate. That ancient South Shore town bears the distinction of possessing a fund of which the proceeds are devoted to the care of dependent maiden women.

So far as the Seltmate selectmen know, says the Boston Globe, there is not a life fund under the supervision of a town anywhere in the state. More than a quarter of a century ago Miss Eliza Jenkins decided that women approaching the serene and yellow leaf of life, who had, like herself, remained single from choice or otherwise, should be provided for when they became dependent wholly upon themselves. The idea of an old folks' home in Seltmate was at that time entirely out of the question. Miss Jenkins straightway did the next best thing and left a fund of \$3,000, the interest of which is yearly distributed among the worthy maidens of the town.

The Jenkins fund has always been in charge of the selectmen. In the last few years they have placed about \$20 each in the hands of half a dozen persons. This odd fund has benefited persons in Seltmate for so many years that the townspeople have come to regard it as a very common institution; it is available only for native-born women, and this is about the only restriction its donor made.

Many a person has been helped in the last 25 years to pay off a mortgage, buy fuel for the winter months or purchase seeds for the spring planting through this fund. The selectmen know pretty nearly every one in the town, and it is comparatively easy for them to discriminate between the worthy and unworthy.

Soon after Miss Jenkins thoughtfully provided for the "old maids" another maiden woman, Miss Lucy Thomas, originated the idea of a similar fund for widows. She left \$1,000, also under the care of the selectmen, for native-born widows. Interest has been drawn from this fund nearly as many years as from the Jenkins fund.

**Epictetus**

During one of his philosophic moods said,

**"Difficulties are things that show what men are."**

If you dont believe it watch the man ahead of you as he crosses the street. Is he agile? If so he has no difficulty in keeping his feet. Is he clumsy? Perhaps you can tell by the mud spot.

For the season we are well prepared to protect all kinds and all ages.

All oldtime cough cough syrups bind the bowels. This is wrong. A new idea was advanced two years ago in Kennedy's Laxative Honey and Tar. This remedy acts on the mucous membranes of the throat and lungs and loosens the bowels at the same time. It expels all cold from the system. It clears the throat, strengthens the mucous membranes, relieves coughs, colds, croup, whooping cough, etc. Sold by People's drug store. dw

**The Climate's the Thing in San Antonio**

The invigorating air, dry and warm, the altitude, the perfect natural drainage—all combine to make the temperature as nearly perfect as can be. It is possible to spend most of each day, from November to March 1st, out-doors. The parks and plazas, the margins of the creeks and rivers, the groves of palm and magnolia, lose nothing of their lustrous green during the winter months.

San Antonio is, of all America, the oldest blending of modern utility and beauty with the romance and heroism of the medieval.

Come to San Antonio! The exceptionally low rates, the excellent train service and accommodations via the M. K. & T. Ry makes it a journey of but small cost and not of tiresome length. I want you to read "The Story of San Antonio." It'll send it on request. Once read, I'm sure you'll be more than half convinced that you should be the guest of San Antonio this winter. Address:
