There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by E. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally, in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer One Hundred Dollars for any case it fails to cure. Send for circulars and testimonials. Address: E. J. do you eat iron

Some persons are always taking iron. If weak and easily exhausted; pale and without appetite; if the nervous system is weak, and sleep difficult, what do you take? Iron? But iron cannot supply food to the tissues; nor does it have any power to change the activity of unhealthy organs and bring them back to health. Cod-liver oil is what you need. The oil feeds the poorly-nourished tissues, and makes rich blood. Iodine, bromine, and other ingredients, which form part of the oil, have special power to alter unhealthy action.

Scott's Emulsion of Cod-liver Oil, with Hypophosphites, is the most palatable way to take cod-liver oil. The hypophosphites supply healthy nerve action, which controls all the processes of life.
