

## AT RENTIEVILLE,

(Continued from page one.)

town. We are having a well dug for the public. The well project may work a hardship on a few of us, for the present; however, when completed it is an enterprise of which we will be proud. Mrr Clark, the noted well digger, is a hustler; he is a credit to the race in his line of work. I would advise that he take with him from time to time a few of our young men, and learn them the trade of well digging. Let me ask that every friend of the town and especially those who are interested to donate liberally to assist us in praying for that splendid enterprise.

### FRIENESHIP,

The Lord Jesus Christ said, "make to yourselves mammons of this life."

Hon. W. H. Twine has been both a legal adviser and a friend in the movement. I would advise that his service be cotinued,

I recommend that the company keep in touch with moneyed men so that in case assistance is needed to advanced the interest of the town, it may be obtained. We, as a race, should cultivate a friendly relation toward other people. Notwithstanding the fact that this town was, and is, organized for our own people, let treat all who may chance to visit and patronize our town with the highest respect. Remember that God made of one blood all nations of men. Let every member of the race get some money, If we are to succeed in building

up great towns and cities, we must handle money.

### OUR PRESENT NEED.

We are greetly in need of a grits mill, such an enterprise would be of much value to the town and community as well as a profitable one to the promoter.

A blacksmith shop is very much needed. We must have a shop.

An undertaker is also needed; a lumber yard must be looked after. Steps should be taken whereby a lumber yard may be obtained.

### THE PRESENT OUTLOOK

The future is bright, let us close up and press forward. with the foundation werk well laid there is nothing to dread. As soon as the farmers can complete their harvest work the building process will be pushed with more rapidity. I am impressed with an idea that a new addition will soon be necessary. Let the business men press forward, and make things look spicy about them. Attraction adds much to the business world.

And now inclusion allow me to entreat you not to forget your duty and relation to God. Attend church and Sunday school. Remember that men like Booker T. Washington, Bishop Turner, and Fred Douglass were brought up through that channel. And if I am not permitted to meet you again in another annual meeting may we meet in the great city above where our ideas will be brighter and our knowledge broader and we shall set in the sunlight of God forever.
