The Jones Cafe is swell. They all say so. Their chef is a master of his art and the service is up to now. In connection their rooms are neat and clean. Terms reasonable.

Now that the American people by their ballot have avowed that Rooseveltism and Prosperity shall continue and that the stability of our business interests shall not be antagonized by the Democratic legislation, money that has been held pending election results will be seeking investment. There is no better place for such investments than the Creek Nation in the Indian Territory.

A Crippler Complaint.

A policeman by the name of Couch, of the Muskogee, I. T., police force believes it is a grand thing to arrest a cripple colored man for a boot black box in order to hold up his part on the police force, he stands in need of unthankful credit. The policeman that made the arrest is a democrat of Texas and it stands needful for every colored man in Muskogee to deem him as a bad mark. He is not of the best quality and if Muskogee gets many more such policemen as Couch, the colored people will have a poor foothold in the city of Muskogee. He made the arrest after the box had been moved, which shows he was not in favor of honest people but it is hoped the money wrongfully taken will be of great benefit to the poor mute man that does not regard a cripple.
