

### COMPLETELY RESTORED.

Mrs. P. Brunzel, wife of P. Brunzel, stock dealer, residence 3111 Grand avenue, Everett, Wash., says: "For fifteen years I suffered with terrible pain in my back. I did not know what it was to enjoy a night's rest and arose in the morning feeling tired and unrefreshed. My suffering sometimes was simply indescribable. When I finished the first box of Doan's Kidney Pills I felt like a different woman. I continued until I had taken five boxes. Doan's Kidney Pills act very effectively, very promptly, relieve the aching pains and all other annoying difficulties."

It's a case of underwork and overpay with most officeholders.

### NEITHER DIALS NOR HANDS.

Novelty in the Clock Line That Has Some Advantages.

The latest development in the clock line has resulted in the elimination of dials and hands. The result is a timepiece that serves admirably for certain purposes, but will hardly prove a formidable rival to the familiar clock

with its dial and hands. The special claim made for this new timepiece is that the correct time is always exposed in hours and minutes and in Arabic figures. As a novelty this dialless clock is certain to win a certain amount of favor, but there is an undeniable charm about the old-fashioned timepiece that insures its preservation as an essential adjunct of household decoration and equipment, despite innovations.

**Street Shaving in China.**  
The topsy-turvy methods of China are curiously illustrated in the case of the Pekin barber, who, instead of waiting for customers, goes out to seek them. He carries his shaving apparatus and a stool with him, and rings a bell to attract the attention of likely customers. The man who wishes to be shaved hails the barber, who places his stool on the ground for the customer's use, puts a bowl of water on the little stove he carries, and having lathered his brush sets to work. The charge is not high. For a sum equivalent to a cent he shaves the customer's head and smooths out his eyebrows.

**Palace of a King.**  
The palace of Alexander the Great was an imposing structure in its time, and the wonder is that any vestige of it stands to-day. It was built in a manner much more substantial than

that of to-day, though advocates of steel construction claim that the modern structure will defy time as long as any of those built by the ancients. Time alone will determine how much truth there is in this contention. On the Asiatic plain are the massive remnants of an ancient gateway fringed with weeds, and, vaguely knowing who he was, the natives tell that this is all that is left of the palace of Alexander.

**Cigars for Russian Soldiers.**  
A Prussian firm has received an order from the Russian government for 4,000,000 cigars for the army in Manchuria. They are to cost \$1.20 per 100.

The letters of Miss Merkley, whose picture is printed above, and Miss Claussen, prove beyond question that thousands of cases of inflammation of the ovaries and womb are annually cured by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Gradual loss of strength and nerve force told me something was radically wrong with me. I had severe shooting pains through the pelvic organs, cramps and extreme irritation compelled me to seek medical advice. The doctor said that I had ovarian trouble and ulceration, and advised an operation. I strongly objected to this and decided to try Lydia E. Pinkham's Vegetable Compound. I soon found that my judgment was correct, and that all the good things said about this medicine were true, and day by day I felt less pain and increased appetite. The ulceration soon healed, and the other complications disappeared and in eleven weeks I was once more strong and vigorous and perfectly well.

"My heartiest thanks are sent to you for the great good you have done me."—Sincerely yours, Miss MARGARET MERKLEY, 275 Third St., Milwaukee, Wis.

### Miss Claussen Saved from a Surgical Operation.

"DEAR MRS. PINKHAM:—It seems to me that all the endorsements that I have read of the value of Lydia E. Pinkham's Compound do not express one-half of the virtue the great medicine really possesses. I know that it saved my life and I want to give the credit where it belongs. I suffered with ovarian trouble for five years, had three operations and spent hundreds of dollars on doctors and medicines but this did not cure me after all.

"However, what doctors and medicines failed to do, Lydia E. Pinkham's Vegetable Compound did. Twenty bottles restored me to perfect health and I feel sure that had I known of its value before, and let the doctors alone, I would have been spared all the pain and expense that fruitless operations cost me. If the women who are suffering, and the doctors do not help them, will try Lydia E. Pinkham's Vegetable Compound, they will not be disappointed with the results."—Miss CLARA M. CLAUSSEN, 1307 Penn St., Kansas City, Mo.
