"ON THE WING"

An Account of the Trip of Our Chief And His Party Enroute to Washington, D. C.

The "Cimeter Special" reached St. Louis on March 1st at 8 a. m. and all the gang were right side up with care. Att'y C. G. Lowe left on the early train for Cincinnati and will join the outfit at that burg. A stop was mad at Rogers, Ark., where most of the boys took supper in the hell-hole denominated Ark. Prof. J. P. Davidson and W. H. Twine, the manager of the "Gang" are controlling the outfit to a nicety. G. L. Trigg, the hotel man is doing business for Greater Muskogee on the train. Judge A. McRea is as affible and as usual and takes things by storm with his big beaver and other requisites.

The trip from Muskogee to St. Louis was made without anything of special interest, except the "crackers" of Arkansas were very much surprised and chagrined to see a special car of "Colored men" passed through their state on a car not known as "Jim Crow."

Our boys are in splendid shape and are proud of the fact that they are from the "Beautiful Indian Territory." All the people lift their hats to the gentlemen from the West. W. A. Rentie and G. K. Davidson, the bankers are in great glee over the trip and feel that Greater Muskogee and the Cimeter outfit are "IT."

At St. Louis the "Cimeter Gang" met the prominent colored men of the city who were enroute to Washington, among them J. Milton Turner, marshal of the day in so far as our people are concerned. The outfit at this stage of the game are in high spirits and are feeling that they did a patriotic duty in going to the inauguration of the greatest of American citizens to the Greatest Position of Earth, the Presidency of the Greatest Government in the World.

The excursionist are all well at this point except brother Ike Evans from Ft. Smith, Ark., who was indisposed at the start. Rev. Sango from Muskogee, W. E. Joshingburger and Ike Evans of Ft. Smith, Ark., are members of the Cimeter Gang, also the indefatigable E. E. McDaniel, the R. R. contractor and one of the Greatest Negroes in

the B. I. T., who hails from S. McAlester but is cosmopolitan and can be found any and everywhere there is railroad building; Mr. McDaniel is one of the brightest Negroes and one of the most able in the Indian Territory, and it is such as he who are making a commendable record for the race in our bright and growing territory. H. R. Pierson, the genial manager of the Afro-American Investment Company is delighted with the trip and is doing business for his company L. T. Brown, Henry Pack and Bud Lowe y are doing good work for their town and the B. I. T. Geo. P. Davidson and pater, J. P. Davidson are fit representatives of the Creek citizens as is also W. A. Rentie, cashier of the Creek Citizens' Bank. Steve Grayson is whooping up Okmulgee as the coming town of the territory. Jesse Dale, C. H. Hailstock, Wiley Jones, G. L. Trigg and J. T. Trimble and the balance of the gang who think Muskogee the greatest town on earth are singing the praises of the spot that God loves and whom man has designated as Grand Magnificent Greater Muskogee.

In spite of the d—n knockers and their dupes the Cimeter gang will be in Washington on March 4th, weather and accidents permitting to witness the inauguration of the Greatest man who ever was elected to the Presidency of the Greatest country on Earth.

Hon. A. S. MaRea is doing the honors for the boys in St. Louis and is doing herculean work for our city (the greatest on earth) and the B. I. T.

The Muskogee Cimeter Gang have taken a drink of good cold artesian water for everyone of their friends.

Th whather is splendid, and the service on our splendid Pulmae sleeper is first class in every particular. Our envoy extraordinary met us at Fayetteville, Ark., and the boys took supper in the private dining hall of Rodgers, Ark.—Reporter.
