

He Went Back

He was a little fellow not over twelve years old, and he was sitting behind a box over at the Omaha depot the other morning softly crying and looking very dirty and forlorn.

procedure her mother and ex-guardian to consent to her marriage. The procedure is termed the serving of actes respectueux, or respectful acts, on the person whose consent is required.

In the Rothschild family the births of girls are very much more frequent than those of boys. Lady Rosebery was the only daughter of an English Rothschild. Her two cousins, who married the Hon. Cyril Flower and a son of Lord Hardwicke, were coheir-esses of another member of the London branch.

We took him along and he ate three or four meals in one, but even after that he didn't say a word about exterminating the Indian.

A Self-Willed Heiress.

The determination of Mlle. Helen Rothschild to marry according to her own wishes and without regard for what the Rabbis, the great banking family to which she belongs, or Mrs. Grundy may say, is the town talk of the hour and the sensation of the world in these parts.

"Speaking of American robbers going over into Mexico," said C. R. Bidley at the Baldwin last evening.

"Do Birds Fly Down." This query has recently been made a subject of some considerable discussion among scientists and observers.

THE EQUITABLE

Life Assurance Society

ALL PERSONS SEEKING ASSURANCE will do well to send for the latest pamphlet of the Equitable Life Assurance Society, 120 Broadway, New York. No other company is able to give the security and benefits furnished by this Society.

- 1-IT IS THE STRONGEST COMPANY: holding a larger cash surplus than any other assurance organization in the world. (Surplus, 4 per cent. basis, \$1,000,000 and a half millions.) 2-IT IS THE LARGEST COMPANY: having the greatest volume of outstanding Assurance. (Four Hundred and Thirty Millions.) 3-IT IS THE MOST POPULAR COMPANY: having for years transacted the largest annual business. (In 1886, One Hundred and Eleven Millions.) 4-IT ISSUES THE SAFEST POLICIES: which become absolutely incontestable and cannot, then, like the policies of many companies, be contested, or compromised for part of its face value. 5-IT IS OF ALL COMPANIES THE MOST PROMPT. As soon as a policy becomes incontestable it is payable, not after the usual delay of 90 days, but immediately upon the receipt of "proofs of death." Of the death claims paid by the Society in 1886, more than one-half of the total amount was settled on the very day proofs were received; and the balance, with the exception of a few scattered cases, within the first sixty days. Such a record is unparalleled. 6-IT IS THE MOST PROGRESSIVE COMPANY: having been the pioneer in all the reforms which have made American life assurance famous throughout the world. 7-IT IS THE MOST LIBERAL COMPANY: issuing a policy which confers more guarantees and advantages than any other company can offer under a single contract of assurance. 8-IT IS THE MOST REGENERATIVE COMPANY: having not only accumulated larger surplus for the future benefit of policyholders, but having devised the "Young Men's Reserve" plan, under which larger profits have been paid to policyholders than under any form of assurance ever introduced. 9-IT IS MOST WORTHY OF BEING CALLED A MUTUAL COMPANY: for, not only do all profits belong to policyholders, but the company has ever been managed in the same sense and to the same end as the interest of policyholders. From their own funds the managers have sought to adapt its policies and methods to the needs and preferences of its members. April 14, 1887. H. B. HYDE, President. W. ALEXANDER, Secy. J. W. DR. J. COLLIS BROWNE'S CHLORODYNE. THE ORIGINAL AND ONLY GENUINE.

Advice to Invalids.-If you wish to obtain quiet refreshing sleep, free from headache, relief from pain and anguish, to calm and soothe the weary aching of protracted disease, to invigorate the nervous system, and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff) to which he gave the name of CHLORODYNE, and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, Asthma, CHLORODYNE acts like a charm in Diarrhoea, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Menstrual, &c.

From Sykes & Co., Pharmaceutical Chemists, Medical Hall, Simla, January 5, 1880. To J. T. Davenport, Esq., 23, Great Russell Street, Bloomsbury, London. Dear Sir.-We embrace this opportunity of congratulating you upon your wide-spread reputation, this justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has carried for itself, not only in Hindostan, but all over the East. As a remedy for general utility, we must question whether a better is imported into the country, and we shall be glad to hear of its finding a niche in every Anglo-Indian home. The other brands we are sorry to say, are now relegated to the native bazaars, and judging from their sale, we fancy their authors there will be but exasperated. We could multiply instances of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhoea and Dysentery, Spasms, Gout, Neuritis, the Vomiting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Cholera, however, and even in the most terrible forms of Cholera Asiatic, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of another name for Collis Browne's is a DELIBERATE BREACH OF FAITH ON THE PART OF THE CHEMIST TO PURCHASER AND PATIENT ALIKE. We are, Sir, faithfully yours, Sykes & Co., Members of the Pharm. Society of Great Britain. His Excellency the Viceroy's Chemist.

CAUTION.-Vice-Chancellor Sir W. Page Wood stated that Dr. J. Collis Browne was, undoubtedly, the inventor of Chlorodyne; that the story of the defendant Freeman was deliberately untrue, which, he regretted to say, had been sworn to.-See "The Times," July 15, 1864.

Sold in bottles at 1s, 1/2d, 2s, 3d, 4s, 6d., and 10s. each bottle is genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.

Caution.-Beware of Piracy and Imitations. Sole Manufacturer-J. T. DAVENPORT, 33 Great Russell Street, Bloomsbury, London. 1146 1/2
