

Temperance Notes.

A wise law has been passed in Waldeck, Germany, forbidding the granting of a marriage license to a person addicted to the liquor habit.

In Belgium whenever a man is fined for drunkenness, the tavern-keeper who sold him the last drink is also fined. The law is strictly enforced.

Ex-Mayor Howland of Toronto, Canada, states that in that city there were formerly five hundred drinking places; there are now one hundred and fifty-four, of which one hundred and fifty are taverns. When the saloons were closed the Government did not pretend to compensate the liquor dealers, but simply took away their licenses. For a while they talked loudly of resistance, but when the day came for the new ordinances to go into force they deemed it best to submit, and the tavern-keepers who remained, suddenly reformed and began to obey the laws for fear that their licenses, too, would be taken away.

In Toronto, women possessing the necessary amount of property are allowed to vote, so that three thousand women were among the supporters of Mayor Howland at the polls.

A very encouraging bit of news comes from Hartford, Conn. In the western part of that city there are several factories, employing an aggregate of over a thousand workmen. During the last two or three years one liquor-saloon after another has been opened on the two principal streets leading to these shops. A large part of the workmen were in the habit of drinking as they came to the shops, as they went home, and frequently between times.

Finally the more sober and prudent among them talked the matter over and decided that it would be better for all hands to have the saloons closed and the temptation removed.

When the men themselves took the case in hand it was easily for them to show that the saloon-keepers had frequently violated the law by selling to minors and opening the side-doors on Sunday. With this evidence before them the Hartford Commissioners peremptorily closed a large number of the saloons.

The most significant feature about this opposition among the workmen to drinking-places was that it was not confined to the non-drinking men, but that a number of moderate drinkers joined with them.

American Naval Notes.

The San Francisco Call of January 31st has several items of navy news, from which the following are taken.

Commander George W. Pigman has been ordered to the command of the Adams by the first steamer from this port next month. He relieves Commander Louis Kempf, who is under orders to report home upon being relieved.

The Monocacy is at Yokohama, awaiting orders for her final disposition.

Commander John Irwin, Lieutenant W. Ross and Chief Engineer Montgomery Fletcher have been placed on waiting orders, after being detached from duty in the Board of Inspection and Survey in this city.

The Nipsic, Commander D. W. Mullan, sailed from New York on the 18th inst. for the Pacific station, her orders requiring her to visit Cape Verde Islands and Montevideo and then to proceed to Valparaiso.

The Trenton, which is coming out as the flagship of the Pacific Squadron, is on the dry-dock at New York and will be ready to sail to-morrow.

The old man-of-war Shenandoah, which saw such gallant service on the Atlantic Coast during the Civil War, is at the Pacific Mail Dock, being fitted out as a quarantine hulk. When the alterations are completed the old craft will be towed to the south quarantine grounds, and the Chinese now on board the City of New York will be transferred to her.

Representative Morrow is very hopeful of securing the passage of the bill reported favorably from the Naval Affairs Committee of the House on Jan. 24th, appropriating \$175,000 for repairing the United States steamer Hartford. If the bill becomes a law, as seems likely, the appropriation will be immediately available. Senators Stanford and Hearst will press the passage of the bill in the Senate.

Bills in Congress.

Among bills introduced in the House of Representatives are the following:

"By Mr. Woodburn (Rep., Nev.)—Directing the purchase of not less than \$4,000,000 worth of silver bullion per month, and the coinage of the same into standard dollars.

"By Mr. Gallinger (Rep., N. H.)—Requiring the dismissal of all persons in the public service who are not citizens of the United States, either by nativity or naturalization.

"By Mr. Bliss (Dem., N. Y.)—To dispose of the surplus money in the Treasury and to prevent the accumulation thereof.

"By Mr. White (Rep., N. Y.)—To authorize the refunding of the national debt into a uniform consolidated bond."
