

LOCAL AND GENERAL.

Play ball, now.  
Read Mr. H. F. Wichman's notice in another column.

The Alameda arrived over at Auckland in nineteen days from San Francisco.

Mr. Charles Wilcox was appointed Secretary of the Board of Health Wednesday.

The Wailuku Sugar Mill has finished grinding; the year's crop was about 2,200 tons.

The lately completed German census gives the empire a population of 49,500,000 people.

The Norwegian bark Pasneas, 900 tons, was wrecked at Howland Island, February 12th.

Mr. A. W. Carter will be promoted in the Supreme Court clerkship, taking Mr. Reist's place.

Mr. J. D. Paris, Jr., has been appointed school agent for the district of North and South Kona, Hawaii.

Messrs. W. G. Irwin & Co. kindly placed upon our desk the March number of the North American Review.

E. B. Friel will act under power of attorney for Hon. W. H. Cornwell during the latter's absence from the Kingdom.

Her Majesty Queen Liliuokalani honored the Punahou Preparatory School by her presence Wednesday afternoon.

The Oahu Railway and Land Company will give several excursions over the peninsula road when it is completed.

His Excellency H. A. Widemann, Minister of Finance, has a notice in this issue, relating to the Postal Savings Bank.

A son of John Robinson, policeman, had his foot cut the other day, and, but for timely medical aid, was in danger of bleeding to death.

The S. S. Australia brought the remaining lot of rails for the completion of the railway on the peninsula branch of the Oahu railway.

Mr. Geo. C. Potter has been appointed assistant secretary of the Board of Education. Mr. Potter commenced his new duties to-day.

News comes by the Monowai that the British ship Strathairne was wrecked off the Caroline Islands. Ninety of those on board were drowned.

A small native boy while gathering mangoes from a tree on Beretania street fell a distance of nearly thirty feet, receiving some serious injuries.

We are indebted to the kindness of Mr. H. W. Dryden, Principal of the Wailuku, Maui, schools for the excellent report of Saturday's base ball game.

Dr. Lutz and Miss Amy Fowler, formerly known as Sister Rose Gertrude, were married Saturday forenoon. A wedding reception was held at the residence of Mr. H. W. Schmidt.

A number of stocks and bonds will be offered for sale at 12 o'clock noon Wednesday, April 15th, at Morgan's salesrooms. Also a sale of Hawaiian Cable Co.'s effects will be made at the same time.

The suspicious appearance connected with a cigar store, not outside the limits of Honolulu, might be a sufficient reason to cause the Police authorities to make a few inquiries concerning it.

Messrs. W. A. Peacock & Co. tell you in this issue how the assurance of the quality and age of their Canadian whiskeys are guaranteed by the Canadian Government. No other government guarantees the same.

On last Friday night a thief entered the premises of Mr. Harold Gales and ransacked a trunk, taking from it some tools and clothing belonging to a mechanic; the clothes were discarded, however, in the yard.

Mr. L. J. Levey has opened subscriptions for the performance by Sarah Bernhardt, who will arrive by the return trip of the Monowai from San Francisco. Subscribe early as your seat will be reserved in order of your subscription.

The bark Mary Winkelman disgorged 480 tins of opium Tuesday. The boxes in which it was packed were marked with the letters "H. M." inclosed in a diamond. The seizure was made by Port Surveyor Tripp and his guard.

Prof. Bissell has been planning a recital on the grand organ of Kanamakahi church. The date now fixed is Friday evening, April 24th. He will be assisted by the Kamehameha Glee Club under the efficient leadership of Mr. T. T. Richards. A fine programme of genuine organ music is promised, and will be published at an early date. The Glee Club consists of sixteen members.

Mr. J. H. Reist, the first deputy clerk of the Supreme Court, took a sudden notion to leave by the Australia on Tuesday for San Francisco. There is a vacancy on the Court's staff as Mr. Reist resigned his position before leaving. He left a letter addressed to Mr. Jones, the stenographer of the Court, enclosing in it money to settle several small bills, and stating the reason why he left, on account of domestic troubles.

LOCAL AND GENERAL.

Another party of eleven natives are returning from Utah, weary of the life there.

Mr. A. J. Cartwright has commenced moving back his fence to widen Beretania street.

A tourist party of Oahu Government school teachers will leave by the Claudine to-morrow for doing Maui.

Dr. M. E. Grossman will return by the Australia on the 28th inst., and will resume his practice at his former office.

The noted theatrical manager, Mr. Henry E. Abbey, and Mrs. Abbey stopped at the Hawaiian Hotel, while waiting for the Mariposa to leave.

The funeral of Mrs. H. S. Wood will take place from St. Andrew's Cathedral at 3:30 o'clock this afternoon. The friends of the deceased lady are respectfully invited to attend.

A Gibraltar dispatch dated April 1st reports the total number of bodies recovered from the wreck of the Utopia 422. The captain of the steamer Utopia has been arrested on a charge of manslaughter and admitted to bail.

The Cathedral services of St. Andrew's for to-morrow, second Sunday after Easter, will be: Holy Communion at 6:30 a. m., matins at 11 a. m., Hawaiian evensong at 3:30 p. m., and evening prayer in English with sermon at 7:30 p. m.

The Interior Department of our Government have decided who is to have the contract for furnishing a dredging plant for the Honolulu harbor. The Risdon Iron Works, of San Francisco, Mr. J. Dyer Honolulu agent, received the plum.

Mr. A. W. Carter, clerk in the Supreme Court, met with an accident on Friday noon that might have been very serious. The horse he was riding stumbled and threw Mr. Carter striking his head on the ground, but he bravely stuck to his post all the afternoon.

The native woman, who was shot by a Chinaman some weeks ago and who made her escape from the hospital, is improving quite rapidly. After leaving the hospital, she sent for Dr. Miner who extracted the bullet that had lodged rather to the side of her spinal column. The high fever she had is gone and she is on a very fair way to recover.

The Makawao Ladies' Aid Society will give an entertainment on Wednesday evening, the 22d of this month, at Spreckelsville, Maui. A literary, musical and dramatic programme will be rendered, and ice cream, coffee and sandwiches will be served. Other interesting features of the evening's entertainment will be a Post Office and a Gypsy Tent.

PERSONAL.

It is said that Hon. Cecil Brown was somewhat under the weather in London recently.

His Excellency Hon. C. N. Spencer, Minister of Interior, arrived from Maui Sunday morning.

Mr. S. F. Chillingsworth, Deputy-Sheriff of Maui, came down by the Claudine, and is stopping at the Hawaiian Hotel.

Mr. J. H. Maby, Manager of the Volcano House is in town.

Mrs. W. W. Goodale arrived in Honolulu by the Kinau from Hilo.

Mr. B. F. Bagley, of Stockton, California, for some weeks a visitor in Honolulu for the benefit of his health, returned from Hilo by the Kinau, Saturday, looking much better.

Dr. and Mrs. B. D. Bond, of Kohala, Hawaii, are recent arrivals in Honolulu.

Mr. H. G. Treadway, Assessor of the Second District, was a passenger on the Kinau from Maui.

Mr. James Campbell, wife and family, who were traveling in Europe for the past year, are on their way home, expecting to arrive in New York, Saturday last, and here the latter part of this month.

Mr. H. W. Dryden, Principal of the Wailuku Government Schools, came to Honolulu on business, Saturday last.

Inspector-General A. T. Atkinson, who had been inspecting Government Schools on Kauai, returned home by the steamer Jas. Makee.

**Supposed Wreck of the Bark C. O. Whitmore.**

The schooner Ka Poi, which arrived yesterday from Paauilo, Hawaii, brought a report that the American bark C. O. Whitmore, Captain D. H. Ward, was driven ashore from her anchorage at Hilo by the storms last Thursday, and became a total wreck. The Hawaii brought the news of her arrival at Hilo on the 2d inst. ten days from Honolulu.

Messrs. Allen & Robinson, the agents, did not receive any definite news about the disaster, but they expect to get the particulars to-day by the Kinau.

The steamer Kilauea Hon arrived last night from Hakalan. She confirmed the above news. The steamer Kinau was at Hilo at the time and rendered all possible assistance, but the storm was too much for her powers.

By the arrival of the Kinau on Saturday morning the above news was confirmed.

SATURDAY'S GAME.

**The First Game of the Season—A Fair Day—A Large Number of Spectators.**

The first base ball game for the season of 1891, between the Kamehamehas and Honolulu, took place Saturday afternoon at the new base ball grounds. The weather was cool and pleasant. A large number of spectators were present, including some of the most prominent citizens of town and numerous visitors from the other islands.

Throughout the game, especially during the fore part, the applause was uproarious when a good point was made, showing that even if Honolulu has had no game for some time the lovers of base ball had not forgotten how to appreciate the game.

It was the first of a series of games, one of the objects of which being the winning of the silver cup won by the Kamehamehas last year.

The game commenced at 3:30 p. m., with H. Wodehouse at the bat. He responded to the honor of heading the batting order of his club by making a clean hit of the first ball pitched. Stole second and C. Wilder's safe hit after G. Lucas had fied to Mahuka, brought him home. Pahan muffed and Winter was safe. A Lucas gave Pahan an easy chance and Desha fouled out to Wahine-makai. Two runs.—Lucas gave Pahan his life and Meheula's long drive against the right-field fence scored him and placed the batter safely on third. Keliinui hit safely but was out trying to sneak second. Four bad balls placed Wahine-makai on the initial bag, but G. Lucas' quick handling of Mahuka's grounder prevented that batter from reaching the first corner. Lawelawe hit safely, stole second and died for Crowell, retired the side at first, G. Lucas assisting. Three runs.

Second innings—Whitney made a single, but Keliinui let the ball go by and the runner landed on second. Makaimoku stopped E. Wodehouse at first, and W. Lucas was run down on the line; Whitney scoring. Lawelawe returned apparently a safe hit from H. Wodehouse's stick, and the Kamehamehas took the bat. One run.—In their half of this innings only one of the college boys reached H. Wodehouse's territory. No runs.

Third innings—The Honolulu's retired in one, two, three order. G. Lucas foul fied to Mahuka; Wilder's foul settled safely in Davis' hands; Winter, after three attempts to make connection with the sphere went to centre field.—Keliinui made a long hit and by hard running reached third, afterwards scored on Mahuka's single. Wahine-makai was out at first. Mahuka was advanced to third on a safe hit by Lawelawe, who immediately stole second. Crowell went to first on four balls. With the bases full, Davis came to the bat, but retired a sader man, for a good hit would have added two and possibly three runs to their score. Makaimoku hit safely; Mahuka scoring, but Lawelawe was thrown out at the plate. Two runs.

Fourth Innings—G. Lucas and Desha sent flies to centre field but Crowell was under them. Whitney was fielded out at first, short assisting. Quickly done. No runs.—Pahan fanned the air; Meheula was in better luck and reached first. W. Lucas dropped Keliinui's hot line drive but threw the ball to first in advance of the runner. Wahine-makai landed on first; Meheula scoring. H. Wodehouse pulled down Mahuka's fly. One run.

Fifth Innings—E. Wodehouse sent the ball rolling into centre field for two bases. W. Lucas retired at first. H. Wodehouse made a safe two-bagger; E. Wodehouse scoring. G. Lucas flew to left, and Wilder was left at first on Winter's repetition of his third inning act. Two runs. After this inning the Honolulu got only one man on the bases.—Lucas was unsteady and sent Lawelawe and Pahan to first. Crowell hit safely, and Davis popped up a fly behind third which E. Wodehouse handled. This was the most difficult catch of the game. Makaimoku knocked the ball into Desha's hands, and Meheula imitated Winter. One run.

Sixth Innings—A Lucas fied to Pahan; Davis took care of Desha's foul; and Makaimoku's nice pick-up of a hot grounder cut off Whitkey at first. No runs.—This half of the inning proved a Waterloo for the Honolulu's. The students evinced a marked fondness for Lucas' balls and kept the "red legs" chasing the horse-hide all over the field. Keliinui was quickly retired at first. Wahine-makai knocked out a clean single; Mahuka's safe hit placed him on third, and Lawelawe's sharp rap to the out field brought him home. Crowell was swatted a terrible blow in the side and on this bump took first which filled the bases. For the second time in the game Davis was called to the bat, while three men were on the corners. He waited and caught the ball squarely on his "wagon tongue" bat. High in the air and sailing out across the field it went. Three runners crossed the plate, but Davis was headed off at third. Makaimoku flew to E. Wodehouse. Four runs.—When Wahine-makai hit the ball Pahan's face took the shape of a smile, as bright as the sunshine reflected from the blue waters of the harbor. It changed to a grin when Mahuka and Lawelawe followed him with safe singles. When Davis

started it on an astronomical excursion his face looked like a corrugated wash-board.

Seventh Innings—E. Wodehouse knocked a pretty double but got no farther, as the next three men were retired in quick succession. No runs. Pahan was the only batter to reach first for the Kamehamehas. No runs.

Eighth Innings—Wilder, the first man at the bat, started the ball to Waikiki, but Keliinui judged it well and Wilder took his place on the bench. Running certainly tires Winter, for he failed to get farther than the batter's box again. A Lucas died at first. No runs.—In their half of this inning the Kamehamehas added two more runs to their already winning lead on a base of balls, a batter hit with the ball, and a double by Makaimoku.

Ninth Innings—It took about a minute and a half to retire the Honolulu's. They went out in rapid one, two, three order. The champions did not bat.

Following is the score by innings:  
Honolulu.....2 1 0 0 2 0 0 0 5  
Kamehamehas...3 0 2 1 1 4 0 2 13

At intervals during the playing Prof. H. Berger with the Royal Hawaiian Band enlivened the game with excellent music.

BASE BALL LINERS.

The Kamehamehas played ball Saturday.

There is too much "Winter" in the Honolulu base ball team.

Not receiving the official score, we are unable to give it in full.

The tally man, as he saw Meheula's flyer coming near his post, started to desert it.

Most of the Honolulu's are hard hitters, but the outfield of the Kamehamehas is superb. They judge the balls well.

The Kamehamehas not only coached from the field but from the players' bench also, which should not be allowed again.

The umpires, Messrs. W. E. Wall and W. V. Lockwood, so well umpired the game that not a single "kick" was made.

A wire screen with meshes sufficiently small to keep out a base ball should be stretched the entire front of the new grand stand.

A foul that flew backwards to the grand stand, during Saturday's game, was caught by Mr. Geo. Ross, saving perhaps a black eye for some one.

HILO RECORD EXTRACTS.

AN ACCIDENT.  
On Saturday last the Chautauquan Circle of Ladies were to meet at the residence of Mrs. Goodale at Papaikou, and a number of ladies left town for that purpose, among whom was Mrs. H. C. Austin. They were on horseback, and had reached the residence of P. N. Apana near Papaikou, when Mrs. Austin's horse stepped into a small hole, bringing its rider to the ground, and causing the fracture of both bones of the right arm just above the wrist. Dr. Williams was sent for and set the arm, and at latest accounts the lady is doing well. The accident threw a damper on the gathering, but we believe they still had a pretty good time of it, Mrs. A. coming out to lunch like a brave woman, as she is.

OUR WEAR.  
We are glad to see that the Minister of the Interior has commenced to look at our necessity of having a wharf in this port. It is about time we had some place where our vessels can come alongside and discharge cargo. Mr. Bruner has been at the work of taking soundings, and getting data for the work, and we hope that it will not only be a "commencement" but that it will before long be an "actual fact" that Hilo has a wharf.

WEDDING.  
The wedding of Mr. W. Naimu and Miss Lois Clark came off Saturday evening last at the residence of the bride's mother. Many of our respected towns people were present, and Parson Desha did up the tying of the knot in a fine business-like manner. A grand luncheon followed the ceremony, and all present did justice to the rich viands spread before them. May the happy couple long live together in happiness.

Judge Lyman left for Kau to hold a Probate Court on Saturday, last. March 31, 1891.

IT WAS A TURTLE.  
There was what might be called a stampede among some bathers yesterday at Waikiki. One of them, who has been stopping at the Hawaiian Hotel, while trying to reach the reef, thought he saw the head of a shark bob up a few yards in front of him. Turning suddenly "upon his heel," the bather started for the beach faster than he had swam from it; upon reaching which he shouted out with what wind was still in his lungs, that "There's a shark out there!" The shark, however, turned out to be a large turtle, which was apparently as much scared as the bather.

FOR DYSPEPSIA  
Use Horsford's Acid Phosphate.  
Dr. J. J. McWilliams, Denison, Ia., says "I have used it largely in nervousness and dyspepsia, and I consider that it stands unrivalled as a remedy in cases of this kind. I have also used it in cases of sleeplessness, with very gratifying results."

WELCOME TO HONOLULU.  
There is hardly a doubt but that the Honolulu people will support Mr. J. Levey in his arrangements with Mr. Henry E. Abbey, theatrical manager for Sarah Bernhardt, for an entertainment here by the world-renowned actress. Such an opportunity does not happen very often to our city, and even the price of \$5 admission is not too much to hear so celebrated an actress with a support of twenty-five people.

PUSHING THE WORK.  
On Thursday the Volcano Company sent the lumber, by a chartered steamer, to Punaluu for the new buildings to be erected at the Volcano. Several teams were sent on the same steamer by Messrs. Hitchcock, Robertson and Hustace who were the lowest bidders for the contract to have the lumber conveyed from Punaluu to the Volcano.

KOHALA NEWS.

**Interesting Items from Our Regular Correspondent.**

Sunday evening, April 3d, some fifty or more guests assembled at the residence of Mr. and Mrs. John Hind at Hawi, in accordance with invitations issued during the previous week. The night was very unfavorable, being both dark and rainy, but in spite of all drawbacks, the people came all the way from Mahukona to Niuhii. The first arrivals were at 8 and by 9 the last had come. Dancing began at the same hour and was kept up until 12 when an appetizing supper was partaken of. All the guests were provided with small tables, which added much to their comfort.

After supper, the next thing on the programme was a farce, called "Chisseling" or some such name, which was well rendered and furnished much amusement to the lookers-on. Those who carried out this farce were Messdames Hind and Tulloch, and Messrs. Hind, Bailey, Tibbs and Tulloch.

After the play, dancing was resumed and was in full blast when your correspondent left at 1 o'clock. It was the party of the season, every one seemed to enjoy every moment of the time, and was sorry when it was time to go home. I forgot to mention the beautiful and tasty display of Chinese lanterns on the lanai, also the dancing pavilion. The latter was an improved affair, gotten up expressly for the occasion, beautifully trimmed with evergreens, and well lighted. The musicians, too, must not be forgotten. They were lead by Ignacio, and as usual did themselves credit. Quite a number of the black coated gents took home with them as souvenirs drippings from the lanterns.

Messrs. Wallace & Kynnersley have nearly completed the laying of their pipes from the Star Mill main to Pueluehu, and residents at the latter place, as well as along the line, will greatly rejoice thereat, as they can soon enjoy a drink of good cool water direct from the "fountain head" without picking "wigglers" from their teeth.

Wednesday morning the smiling face of our old townsman C. K. Stillman was seen on our streets. He is on his way to Honolulu, where the entire family go to reside.

Mrs. Ostrom and her daughter, Sadie, take the Kinau on Friday, the 10th, en route to the States, where Miss Sadie will enter school. Mrs. Ostrom intends to be absent several months, leaving Mr. Ostrom to "batch" it.

We learn by "one who was there" that a surprise (?) hen party was held in the center of the district. One can imagine the usual amount of "cackling" under the circumstances, each trying to out talk the other.

The weather has been "beastly" and "horrid" all this year. In January, 26 rainy days; February, 16; March, 31. April up to and including date, rain all the time, day and night. Earth and sky seem to be two vast wet sponges. If we were only built like a duck, we might appreciate it, but not being web-footed, so much rain becomes just a little monotonous. It is to be hoped there will be a change for the better, soon, if not we will have to construct Ark No. 2.

Kohala, April 9, 1891.

At Punahou.  
The schoolroom at the Punahou Preparatory School was crowded Friday forenoon, many having to stand, the occasion being the closing entertainment given by the preparatory department. The exercise consisted of recitations, declamations, singing, etc. The singing was especially good and reflects much credit upon the teacher, Miss Lorenzen. Two of the songs was the composition of Prof. Bissell. Other parts of the programme were equally well carried out.

Has She Optum on Board?  
Report comes from the Customs office that a steamer was seen off the Koolau side of Oahu last Monday. By the appearance of things it apparently seemed she was cruising up and down for a place to land (?). As no colors were hoisted, it could not be determined who the stranger was or from where she came. Perhaps she had sand on board, too, put up, mayhap, in half-pound tins.

ANOTHER FIRE.

**The Third Fire Within a Few Days—Room for a Brick Building.**

Just opposite the Royal Saloon on Nuuanu street was the scene of another blaze. At 9:30 o'clock Friday evening a fire alarm was turned in to the Bell Telephone Company from the Police Station.

The building in which the fire started was a rickety old wooden building, dry as tinder, and needing only a spark to set it ablaze. Just what was the origin of the fire is not known, but it is presumed that, the upper rooms being used as a sort of gaming quarters for Chinamen, a lamp may have been overturned. At any rate, the fire started at that part of the building said to have been the gaming quarters.

Around the upper story was a latticed veranda along which the flames rapidly crept as if following up a "loaded trail."

Engine Company No. 2 was the first on the scene, and the first to play on the water; just in time, too, to save the building, occupied as a store by Mr. M. Davis, for from appearances it looked as if ready to burst into flames any second. Company No. 5 was second to arrive. It was but a few minutes till a number of streams, some of them very strong, were turned on, Mr. Davis' building saved and the fire under control. The building was occupied below by Ah Kung as cigar and grocery store, above as a sleeping apartment, and belonged to Mr. John Ena. The Chinaman evidently had insurance on his stock, for when willing hands offered to aid in removing his goods, he said, "No, lettee 'lone, no movee," and stood with folded arms against the side of the doorway till it began to get uncomfortably warm even for a Chinaman.

The building adjoining this on the mauka side soon caught fire along the roof, but by the energetic labors of the firemen, was saved with only the loss of the roof, and a thorough soaking. Had there been a strong wind, or had the firemen not been so active, there would have been an extensive fire. One consolation, however, is that a new brick building will in all probability be erected in the place of the old one.

In the Cape Colony Post Office the letters are not counted, but statistics have been drawn up for use in the office, by which the number of letters in any one bag can be gauged with the utmost nicety. These figures have been got at by the weighing machines, and the use of averages, and it is said that a bag of letters can be gauged within five-and-twenty or thirty letters.
