A NEW COMPANY.

For the Further Development of the Fruit Industry.

An important feature of recent development in the line of agricultural pursuits was the forming of the Pearl City Fruit Company; capital stock \$25,000. The new enterprise includes the raising of all payable varieties of tropical plants and general farm produce.

It is now reasonable to anticipate that in the near future there will be an active demand for farming lands in and around the district of Pearl River. The Oahu Railroad and Land Company are rapidly augmenting their irrigation resources to meet emergencies.

The Summer Man.

He wears a flannel suit of white, A sailor hat of straw; His shoes are tan, his necktie light - You gaze on him with awe. He strolls across the sad sea sand And wields a palm-leaf fan - While listening to the hotel band - He is the summer man. -Ex.

EVERYBODY EATS CRACKERS.

Everybody eats crackers and consequently anything relating to their manufacture and sale is of general interest. There was a time in the history of the business when crackers were all about the same.

There are some grocers in the country who sell stale, unpalatable crackers because they can get them cheap and make a big profit on them.

Don't they though? People don't care for stale, unwholesome crackers, that's true, but they do care for a cracker that is pure and fresh, and altogether delightful as an article of food.

The American Biscuit Co.

has a manufacturing capacity of 800 barrels of flour daily. This enormous quantity it makes into a greater variety of goods than any other bakery in the United States of America, and yet is scarcely able to fill its orders.

American Crackers

are made by skilled bakers, of the very purest and best materials obtainable. They are sent out of the factory fresh from the ovens, and are palatable as well by being stored in a warehouse a month or two waiting for orders.

American Crackers.

If you are not already familiar with them, try them and be convinced of the truth of all that has been said about them. You'll never regret it.
