

HILO CELEBRATION, PELE BROKE OUT.

Anniversary Day of the Republic Properly Observed.

VOLCANO ONCE MORE ACTIVE.

Magnificent Sight Greeted Fortunate Tourists—Dances on the Glorious Fourth—Dance, Ball Games and Races—Plenities the Order of the Day.

HILO (Hawaii), July 12, 1896.—Never in the annals of this town has there been recorded a more enthusiastic, more interesting or more successful celebration of the glorious Fourth of July than was spent in Hilo this year. All nationalities combined in their eagerness to make the day one of earnest enjoyment. Jupiter Pluvius kindly held off the showers until evening, when the sports of the day were over. Some two thousand people must have collected along the beach road, on or near the grand stand, to witness the sports of the day.

The base ball game between the Lanakilas and the Holomus was the event of the morning and drew a large crowd of spectators. The game concluded with a score of 25 to 12 in favor of the Holomus.

A very pretty yacht race between Dr. Hutchinson's Astoria and Mr. Severance's Aurora created great interest early in the afternoon. Over more than half the course the Aurora had the lead under a light wind, but on the last quarter, as the breeze stiffened, the Astoria darted ahead to the goal.

After it was seen that the yachts were well started, the athletic sports and horse racing began. Eddie Hapai was the winner of the 400-yard foot race, while James Sisson claimed first place in the 100-yard and half-mile foot races. Honors fell to Eddie Hapai and Kala in the tests at jumping, a series of running and standing, long and high jumps being made. Albert Horner then showed his strength in putting the 16-pound shot further than any other contestant.

The small boys enjoyed the scramble for nickels, and some of the older people created much sport over their willingness to try the "Hilo shower." The ones near enough to see the results of the overturning of a bucket of water on the heads of the unsuccessful riders in the wheelbarrow were ready to shout with laughter at each failure. The climbing of the greased pole caused the usual amount of fun among the on-lookers.

The tug of war between a team of Hawaiians and a team composed mostly of Scotchmen was the occasion for some long, hard pulling, and was won by the former.

During the afternoon the "Rival das Musas" band was stationed on the grounds and played several national airs. The most exciting entertainment of the day was the horse racing.

The first race was a half-mile dash, for ponies under 14 hands high, and was won by F. M. Wakefield's "Dollie." The trotting race was between Albert Horner's "Falls" and J. R. Wilson's "Minnie," both driven by their owners, "Minnie" winning two straight heats.

One of the finest races of the day was the running race for Hawaiian bred horses. H. C. Austin entered "Surprise" against Robert Horner's "Bald Face," and carried the race by half a length.

In the following half-mile dash, J. R. Wilson's "Arab" was a winner over Albert Horner's "Black Bess."

The mule race was won by A. B. Loeberstein's "Makee;" the scrub race by Albert Horner's "Steel." The last race was another gain for "Arab" over Robert Horner's "Bald Face."

The day's celebration concluded with a band concert at Court House Yard, accompanied by a pyrotechnic display.

The Fourth of July ball took place on the evening of the 3d at Spreckels' Hall, and was very largely attended.

The hall was most beautifully and artistically decorated by Charles Hitchcock, with leis of ferns, palm leaves, bamboos, bunting and handsome flags. Dancing was continued till nearly 2 o'clock in the morning, to the music of an orchestra selected from the "Rival das Musas" band.

F. M. Wakefield gave a dinner at the Severance home on Saturday evening, complimentary to Mr. and Mrs. C. McLennan, Mrs. J. M. Horner, Messrs. Albert and Robert Horner and the Misses Horner, which included several more guests, and was followed by a most charming reception, to which some twenty or thirty of Mr. Wakefield's friends were invited. After a few games of cards, Joseph Marsden entertained the party most pleasantly with sleight of hand performances and tricks; others charmed their hearers with vocal and instrumental music, and all went home happy after the evening's pleasures and an indulgence in toothsome refreshments.

Yesterday was an ideal picnic day, and several carriages laden with lunch baskets and picnickers were seen going out of town.

Mrs. E. D. Baldwin and a few friends enjoyed the day at Coconut Island.

Miss Hapai, Miss Severance and Miss Lyman went over to Sea Connet to join Miss Richardson and Miss Guild, who expect to remain for some weeks.

Mrs. Wilder and Mrs. Hardy were the prime movers in getting up the delightful social hop of last Monday evening, held at Spreckels' Hall, complimentary to the visiting Hamakuan in town. It was rather impromptu, but greatly enjoyed by about twenty-five couples.

seen to come from the old lake in the crater of Kilauea. Mr. Lee and a large party of tourists prepared to go down at once. Upon their return Mr. Lee reported that the outbreak was in the wall of the great hole, about forty feet above the surface of the lake, which at present is between 500 and 600 feet below the floor of the old crater. The molten lava was flowing into the lake. A party of tourists who returned to Hilo from the Volcano House a couple of days ago left for the scene of activity this morning, intending to start down again about midnight, so as to catch the Kinuau leaving at 8 a. m. tomorrow.

Elmer Wilson and wife and Mr. and Mrs. Gray leave for the volcano tomorrow. The tug Rover, which was damaged by fire two weeks ago, has been repaired and is busily engaged in loading the bark Santiago this week.

C. S. Desky is creating a real estate boom in Punoce building lots, quite a number having been purchased for house sites. Lots with a frontage of 75 feet are selling at \$400, on easy terms—\$50 cash and installments of the remainder for eighteen months.

The Hawaiian Circus Company gave their initial performance at Spreckels' Hall last evening to a good sized audience. The performance was most creditable and will undoubtedly receive a good patronage during the coming week.

Hon. and Mrs. F. S. Lyman expect to spend most of this month on their coffee plantation at Kaunama.

Inspector of Schools H. S. Townsend came up from Honolulu last Kinuau.

H. C. Austin and his son Hale are making a trip around the Island.

Sheriff Hitchcock has returned from Honolulu.

Ronald Kennedy, who has been in college at San Rafael, Cal., for the past year, is spending his vacation with his parents at Waialea.

Mrs. J. A. Kennedy of Honolulu is a guest at the home of C. C. Kennedy at Waialea.

Miss Rycroft of Pohoiki is visiting Miss Harriet Austin.

Miss Brockie and Miss Snow of Honolulu are at the residence of Sheriff Hitchcock.

Mrs. Johnson of San Francisco is visiting Mrs. E. E. Richards.

Joseph Marsden left for Kau and Kona last Tuesday, after a week's stay in Hilo. He expects to tramp most of the way.

W. R. Atkinson is stopping at the Baldwin home.

The bark Santiago, Johnson master, arrived in port last Friday, the 3d. 11 days from San Francisco, with a cargo of freight and one passenger. She expects to leave for the Bay City by Friday next, with a full cargo of sugar.

Heavy rains alternate with beautiful days of sunshine this week.

MADAME PELE AGAIN.

Looks This Time as if She Had Come to Make a Long Visit.

Prediction of Peter Lee Comes True as Usual—A Most Brilliant Display of Molten Lava.

On Thursday last Peter Lee, of the Volcano House, told some of his friends that within forty-eight hours Madame Pele would show herself again, clad in garments more brilliant than she has ever dared to venture out in upon any previous occasion. This he was able to prophesy from certain unflinching indications which he and he alone is able to understand. It is a fact well known that for years past Mr. Lee has been able to call the turn in regard to lava flows.

True to the prediction on Saturday night, July 11th, the skies were brilliantly lighted by the fires of Kilauea once more in active play at the surface.

The first indications were noticed by Mr. Lee on Saturday morning between 10 and 11 o'clock, although it is thought that the first outbreak was earlier than that at all events Mr. Lee telephoned over to Hilo immediately and the party of tourists who had left the Volcano House on the day previous, although tired out with the fatigue of the journey, mounted fresh horses and went back upon their tracks, and from their statements, were well repaid for their extra trip.

Mr. C. S. Desky, who returned on the Kinuau yesterday, says that the burning lake is about 150 feet in diameter and 500 feet deep; that there is an immense fountain toward the Hilo side of the boundary and that the molten lava boiling up around this make a magnificent sight.

On Monday Purser Beckley of the Kinuau telephoned from Kawaihae to the Volcano House to get news of the latest developments and learned from Mr. Lee that the fires which were more active than ever gave every promise of remaining for a long time.

President Cleveland's Platform. WASHINGTON, June 28.—"Never will I vote for McKinley," said President Cleveland yesterday to one of the Cabinet. "Never will I vote the Republican ticket, or for any man, even my brother, who might be named thereon."

Last summer one of our grandchildren was sick with a severe bowel trouble. Our doctor's remedies had failed. Then we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave very speedy relief. We regard it as the very best medicine ever put on the market for bowel complaints.—Mrs. E. G. Gregory, Fredericktown, Mo. This certainly is the best medicine ever put on the market for dysentery, summer complaint, colic and cholera infantum in children. It never fails to give prompt relief when used in reasonable time and the plain printed directions are followed. Many mothers have expressed their sincere gratitude for the cures it has effected.
