Sante Adjourns—Recommendation to Postpone Employment Agency Bill.

SENATE.

One Hundred-third Day, June 16. The Finance Committee presented a detailed expert's report on the books of the Customs Department.

At the request of the House a conference is to be held on the Senate amendments to the barbed wire fence and estrays bill.

Senator Kepoiki made a report on the bill creating a Government employment agency.

Senator Brown paid a brief eulogy to the late Jas. I. Dowsett, who, he said, was a man who had been identified with the history of the country before many of the members were born.

HOUSE.

The House was only in session about an hour and a half yesterday forenoon. The following committee was named to attend the funeral of the late James I. Dowsett.

Rep. McCandless handed in a report for the Public Lands Committee recommending an appropriation of \$2,000 for extension of Vineyard street.

Rep. Loebenstein presented a minority report recommending that the work be done and paid for out of the appropriation of \$120,000 for Honolulu roads and bridges.

In re the matter of J. K. Nahale of Kona, Hawaii, asking for payment of his claim against the Government for work on road and fence contract.

Rep. Robertson presented the report of the Judiciary Committee on House Bill 65, relating to answers in actions involving title to land.

Rep. Robertson reported for the Judiciary Committee on House Bill 10, relating to the descent of property of adopted children in part, as follows:

"While the bill at first sight makes a just rule of descent, we do not think it wise to make any change for the reason that, in the early history of this country there was considerable litigation as to the status and rights of adopted children and our Supreme Court then laid down certain principles with clearness and precision.

"We consider that, in view of these facts, it would be unwise to make any change in the status or inheritability of adopted children or in the disposition of their property.

"We recommend that the bill be indefinitely postponed."

Report laid on the table to be considered with the bill.

EWA'S BIG YIELD

Work to June 10 Ahead of Last Year.

Three Weeks to Grind Yet—Some Figures—Skill and Labor—Conjecture on 1899 Crop.

Ewa plantation is again beating all previous records. There had been manufactured this season up to last Friday night 15,735 tons of sugar.

The extraction of higher percentage, the mill has done more work and the field operations on the outside work in the class of cutting and transporting has been more effective.

Very careful figuring is being done on the possibilities or probabilities for 1899. The majority of the men who know most of Ewa say that the 1899 yield will not be up to the production of the present year.

E. D. Tenney, who watches Ewa so closely and whose ideas have been so valuable in the management of the estate, is at present on Hawaii.

Mohican in the Row.

The arrival of the U. S. S. Mohican was responsible for the excited condition of the town last evening. She came in about 8 o'clock and brought papers and about forty bags of mail.

The services over the body of the late James I. Dowsett were held at the late home in Palama yesterday afternoon in the presence of nearly four hundred friends, many of whom had been intimately associated with the deceased for a long period.

Promptly at 3 o'clock, the Rev. Alex. Mackintosh appeared, followed by the members of the Dowsett family, who took their places at the mauka end of the room where two rows of chairs had been arranged for their accommodation.

When the voice of the clergyman was heard, quiet at once reigned. Then as there came a lull in the words read, the choir, stationed in the maui end of the room, sang "Just as I am without one plea."

The coffin was removed to the hearse waiting in the lane by the following pall-bearers: John De Fries, S. C. Dwight, James Hay Wodehouse, C. W. McFarlane, G. P. Wilder, S. K. Kane and C. K. Al.

At the corner of the Nuuanu cemetery, the procession was met by a squad of police and the band. These two bodies turned about and led the procession into the cemetery where the band played "Safe in the Arms of Jesus," "Nearer My God to Thee," and then, "Home Sweet Home."

The honorary pall-bearers were as follows: Hon. H. G. Crabbe, Hon. J. A. Hassinger, Captain John Ross, Senator Kaahana, Hon. Wm. Auld, Hon. A. S. Cleghorn, Bruce Cartwright and Mr. Tom Cummins.

The four native attendants were Joe Lellehua, Kimo Pena, Lolekua and Kalua, Hawaiians who had grown up with the deceased and remained on his land from the time they were first taken into his employ as young men.

"There's no use in talking," says W. H. Broadwell, druggist, La Cygne, Kas. "Chamberlain's Colic, Cholera and Diarrhoea Remedy does the work. After taking medicines of my own preparation and those of others I took a dose of Chamberlain's and it helped me; a second dose cured me. Candidly and conscientiously I can recommend it as the best thing on the market."
