

MAN AND CHURCH

Rev. W. M. Kincaid Discusses this Subject.

DIFFICULTIES TO OVERCOME

Rest and Recreation—What the Church Stands for Appeal to Young Men.

(From Monday's Daily.)

Last evening at the Central Union church Rev. W. M. Kincaid continued his talks on "Man and Church," the subject for the evening being "A Man in Church." The text was I Tim. 3:15: "But if I tarry long, that thou mayest know how thou oughtest to behave thyself in the house of God, which is the church of the living God, the pillar and ground of the truth."

It is often asked today what have man and the Church to do with one another. What is their relation one to the other? It is a fact that the sentiment of people toward the church is changing. They are saying that their books, their papers, form their church.

It is true that the churches today are being supported by women. Not, of course, do they tender financial assistance, but the sentimental, moral support comes from them. The men who stay away are largely honorable, faithful and trustworthy. They are men who are fighting for the support of their homes and for social position.

These men are glad when the Sabbath comes so that they might roll off the burden of care and worry that has been theirs during the week. Now, if the church cannot give something to satisfy the cravings of these men, it is no wonder that they stay away.

In the old days the churches were filled because they thought that in her hand lay the power of life and death. Later, however, when they ceased to think that the church controlled the soul's destiny they ceased to go to church. Men, when Sunday comes, need rest and recreation and as they think the church cannot furnish these attributes they go elsewhere.

Then again there is a suspicion that the minister does not really believe in what he preaches, but that he is saying what is expected of him. Some ministers say that certain creeds and theological systems are necessary to religion. As a result men say that they are incapable of accepting systems drawn up hundreds of years ago.

It seems, though, that when a man gets through work it would afford both rest and recreation to listen to an earnest sermon replete with nineteenth century ideas and soulful thought.

The church stands for communion with the Infinite. The act of worship carries with it the higher phases of a man's character and sends a thrill throughout his being. The hope of the world today is in the church of Christ. The real reservoir out of which force is to come to overcome evil is the church.

The young men of today should link themselves with some church. Put forth your efforts toward building up the house of God. The charges made that the church is behind the times, not courageous, not thinking—all will vanish in the mist before the sun if all men do their duty.

Successful Land Sale.

There was a large crowd present at the auction held Saturday noon at the salesrooms of J. F. Morgan. Ten shares of Honoumou stock went to Frank Huestace at \$407. The beach lots at Waikiki were disposed of as follows:

Nos. 1 and 2 to Geo. F. McLeod at \$1100 each; No. 3 to Jas. F. Morgan, trustee, \$1000; No. 4 to Fred Jacobs, \$1100.

The lots on Beretania, beyond the stables of the tramway, went as follows: No. 1, E. L. Dorch, \$460; Nos. 2 and 3, Hawaiian Land Company, \$500 and \$540; No. 4 J. H. Boyd, \$600; Nos. 5 and 10, Walter C. Weedon, \$445 and \$515; Nos. 6 and 7, J. M. Vivas, trustee, \$385 and \$465; No. 8, F. Ludewico, \$500; Nos. 9 and 11, W. H. Cummings, \$420 and \$600; No. 12, H. Holmes, \$650. The total realized from the land sold was \$6950.

Pauoa School Concert.

There was a large crowd present Saturday night at the concert given in Foster hall for the benefit of Miss Aheong's Pauoa school. The participants all showed ability and received hearty applause and merited encores. A goodly sum was realized for the purposes for which the concert was given.

THERE WAS WARNING.

LONDON, March 17.—The Vienna correspondent of the Daily Chronicle says: "A startling story, emanating from an absolutely trustworthy source, is forwarded from St. Petersburg."

"It appears that on the day preceding the explosion of the navy powder magazine at La Goulaine, near Toulon, the Russian Minister of War, Lieutenant-General Kouropatkin, received telegraphic warning that both in Toul-

on and at Petersburg powder stores would explode within twenty-four hours. "He immediately drove to the powder magazine and, after an inspection, gave every employee three days' leave, installing fire guards, establishing a military cordon and taking other precautions."

MISSING STEAMERS.

NEW YORK, March 14.—It is now practically certain that ten freight steamships have been lost on the Atlantic in the recent storms. This involves the sacrifice of more than 200 lives and \$2,500,000 of capital. There yet remains a slim chance that some of the crews may have been picked up by snow-globe sailing vessels.

The missing vessels are: Allegheny, Arco, City of Wakefield, Croft, Dora Foster, Laughton, Minister Maybach, Oberon (British), Picton (British), Port Milburn.

A DRASTIC MEASURE.

An Insurgent Hotbed Cleared Out By Fire. (Manila American.)

The provost guard at Cavite discovered the bodies of two American soldiers, with their throats cut from ear to ear, and cuts all over their bodies. It was at once reported to provost marshal Geary, who immediately ordered all the native huts in the outlying districts to be searched and then set on fire.

The same order also was to take effect in San Roque. At 10 o'clock the order was in effect, and by noon clouds of smoke were seen ascending heavenward; ever and anon the red glare of miles of flames was discernible from the breakwater and the ends of the dock and some chartered a launch.

Had this been ordered at night the scene would have been a grand one. All afternoon the flames raged and much valuable property belonging to the insurgents was destroyed. Hundreds of natives who are deserting from Aguinaldo's army are praying to cross the lines, but their cunning and treachery is known, so they are not wanted.

Many natives are homeless. "Is true," said a prominent Filipino on the Escalita to an American reporter, "but they have themselves to blame. They have encouraged their sons and husbands to join the insurgent forces, for better preferment, saying the Americans had big hearts, and when they got tired of fighting or were taken prisoners they would be taken good care of. Hence I state the better class of Filipinos in the city are in accord with the action taken by the authorities by burning the hot bed of rebellion—the suburbs of Cavite."

WHITE HORSE GIRLS.

Why are red-headed people less subject to baldness than those with fair or brown hair? An English physician has answered this conundrum:

The hair of the red-headed is relatively thick, one red hair being as thick as five blond or three brown hairs. With 30,000 red hairs the scalp is well equipped; with the same number of blond hairs one is almost bald. It takes 100,000 blond and 105,000 brown hairs to cover adequately an ordinary head.

THE AUSTRALIAN STORM.

BRISBANE (Queensland), March 13.—A search steamer has just returned here from Cooktown, on the Endeavor river. This territory reports that three schooners and eighty luggers were lost and that 400 colored persons and eleven whites were drowned during the recent hurricane that swept the north-east coast of Queensland.

"HUTCH DEAD"

CHICAGO, March 16.—Benjamin P. Hutchinson, once famous throughout the country as Chicago's greatest grain dealer and speculator, died this evening at 6 o'clock at a sanitarium in Lake Geneva, Wisconsin, aged 70 years.

THE POPE.

ROME, March 16.—Professor Mazzoni and Dr. Lapponi, the Pope's physicians, deny all the alarmist rumors that have been in circulation regarding the condition of his holiness. They declare that the wound made by the recent operation is about healed; that the Pope's lungs and heart are absolutely healthy and that his weakness is not more than is natural in a nonagenarian.

SPAIN BORROWS.

MADRID, March 16.—The Spanish Government has concluded a loan of thirty million pesetas with the banking house of Urquijo. The money was handed over yesterday and will be devoted to paying the arrears due the Spanish troops who have served in Cuba.

PRINCE HENRY.

BERLIN, March 16.—Prince Henry of Prussia has started for Kiaochow bay, where all the war vessels composing the two German squadrons in the far Eastern waters will assemble for the formal transfer of the commandship from Admiral von Diederichs to Prince Henry.

"KAMS" WIN OUT

Take College Base Ball Honors for the Year.

Deciding Game was a Good One—Score of 7 to 5—Batting and Fielding—Attendance.

Kamehameha is the champion. Saturday afternoon the two teams of Kamehameha and Punahou went up against each other in battle for supremacy. When the dust of conflict finally settled after the last man was out the angle of victory perched upon the red and white banners of the boys from Kamehameha. The score was 7 to 5.

This was by far the best game of the series. The "Kam" boys realized that if they won this game the championship went with it. The Punahou boys also realized this fact. As a result both teams played as they never have before during the series.

For five successive innings a Punahou man never reached the plate. Kamehameha also was shut out for two, but in the third they found their batting eye and scored three runs. In the sixth Punahou got started and two of their players raced across the plate. Kamehameha came back at them in the seventh with four runs. In the eighth Punahou made an attempt to even things up and succeeded in batting out three runs. The ninth opened with Punahou at the bat and two behind. They made a good try to catch the leaders, but the infielders of their opponents were on their mettle. Not a ball reached the outfield and no runs were made, the score being 7 to 5.

There was considerable heavy batting, but the fielders handled the hits in good style. In the third Kamehameha made a three-bagger and a home run, both on clean hits. Punahou went up in the air at critical moments, as in the eighth when their opponents scored four runs, three of which should have been shut off. Both teams played hard. The winners have the satisfaction of having defeated a team worthy of their steel, while the losers can comfort themselves with the knowledge of having done the best they could.

The attendance was by far the largest at any of the games. Both colleges cheered their teams heartily, and applauded good plays, no matter who made them. Following was the lineup:

- Kamehameha. Position. Punahou. P. Cockett 1b J. Soper Baehaole 2b B. Burgess 3b Waterhouse Vannatta cf Osborne Kalia rf Richardson Kekewea c Perry Harbottle ss Greenwell Mahoe lf Holt Reuter p Habbitt

Umpire—Duke McNichol. Score—Kamehameha, 7; Punahou, 5.

Mr. Pollitz a Factor.

(San Francisco Post.) Edward Pollitz the well-known stock and bond broker of this city, left for Honolulu on the Australia Wednesday on a short visit. Mr. Pollitz and his partner, Mr. Henry St. Goar, have done much to develop the commercial relations between this city and the islands. The interests of the sugar planters especially have been vastly enhanced by the efforts of the firm of Edward Pollitz & Co., and it now looks as though the scope of its energy in this direction is practically unlimited. Some new surprise for investors always follows a trip of this gentleman to the islands, and those who have followed in the lead of the firm in the past have benefited largely. The sharp advance in the values of sugar stocks here and in Honolulu and the new life instilled into the industry may be largely ascribed to the enterprise and skill of Edward Pollitz & Co.

PASSENGERS ON TROOPSHIPS.

Acting Secretary Meiklejohn has issued an order that hereafter no transportation privileges shall be granted on army transports going to Cuba, Porto Rico or the Philippines to any person not concerned with the public service.

CHAMBERLAIN'S COUGH REMEDY.

This remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these disasters, over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it cures that disease of all dangerous consequences. It is especially prized by mothers for their children, as it never fails to effect a speedy cure, and because they have found that there is not the least danger in giving it, even to babies, as it contains nothing injurious. Sold by Benson, Smith & Co., Ltd., wholesale agents for H. I. All druggists and dealers.

PURE AND SWEET

and free from every blemish is the skin, scalp, and hair of infants, cleansed, purified, and beautified by

The most effective skin purifying and beautifying soap in the world, as well as purest and sweetest for toilet, bath, and nursery. For distressing facial eruptions, pimples, blackheads, red, rough, oily skin, irritations of the scalp with dry, thin, and falling hair, red, rough hands with shapeless nails, and simple rashes and blemishes of infancy it is incomparable. Guaranteed absolutely pure by analytical chemists of the highest standing, whose certificates of analysis accompany each tablet.

Sold throughout the world. British depot: F. NEWBERRY & SONS, 1 King Edward St., London. POTTS, DRUGS AND CHEM. CO., Sole Proprietors, Boston, U. S. A. Special for our "Treatment of Baby's Skin," a book of 64 pages, fully illustrated, containing all that every intelligent mother should know about the Skin, Scalp, and Hair, post free.

MOTHERS! To know that a warm bath with CITICURA SOAP, and a single anointing with CUTICURA, the great skin cure, will afford instant relief in the most distressing of itching, burning, and scaly eruptions and irritations of the skin and scalp, and not to use them, is to fail in your duty. This treatment causes comfort and rest for parent and child, and refreshing sleep for child, and is pure, sweet, safe, speedy, and economical.
