

MEN OF THE LAW

Laborious Work of Organizing an Association.

A PROGRAM THAT FAILED

Postponement of Regulations—Some Good Oratory Wasted—Twenty-Eight Present.

Twenty-eight lawyers on Saturday afternoon, in the present Supreme Court chambers, in the Judiciary building, made a beginning on the organization of a Bar Society.

Judge Davidson, Mr. Case, Mr. Humphreys, Mr. Henshall, Col. Little, Mr. Cayless, Mr. Gear, Mr. Marx, Mr. Aebi, Mr. Correa, Judge Wilcox, Mr. Davis, Mr. Andrews, Mr. Dole, Mr. Wilder, Judge Robertson, Mr. Chillingworth, Mr. Stewart, Mr. Cathcart, Mr. Parke, Mr. Vivas, Mr. Ballou, Mr. McClanahan, Mr. Wright, Mr. Hankey, Mr. Johnson, Mr. Clark, Mr. Berry.

It was good fun to attend this meeting. Now, lawyers are supposed, popularly, to be able to tell anything, do anything, exactly right, offhand. Several things made the fun. In the first place, in effecting temporary organization, they floundered about in the style of individuals who had never heard of the rules of Cushing or Reed or any other authority on parliamentary procedure.

Mr. Hankey made a Fourth of July speech. He saw the flag here, but failed to see under the stars and stripes any protection or comfort or enjoyment of rights and privileges for himself.

Mr. Dole was climbing up his step ladder to better reach the tail of the American eagle when he was "coat-tailed" and quietly remarked, as the windows ceased rattling, that "in view of what his brother McClanahan had said he would cease."

Cullom, in the Fifty-fifth Congress at the third session thereof, being Senate Bill 4893, reported with amendments, December 21, 1898, being entitled "A bill to provide a government for the Territory of Hawaii."

Resolved, That we, the Bar Association of the Hawaiian Islands deprecate any proposed jurisdiction in the action of Congress discriminating in favor of the present judicial officers as against all the other officers of the Government so as to continue all the present incumbents of the Supreme Court in office for life and to continue all the present judges of the Circuit Court in office during their term of office irrespective of any new appointment such as is required in the case of all other officers of the Hawaiian Government.

Resolved, That we request the Senate and House of Representatives of the United States of America in Congress assembled to strike out from the proposed bills the parts thereof, containing such present judges in office, and that the judges be not excepted from the operation of the law applicable to the appointment of all other officers.

Mr. Hankey made a Fourth of July speech. He saw the flag here, but failed to see under the stars and stripes any protection or comfort or enjoyment of rights and privileges for himself. Mr. Hankey mentioned Patrick Henry before the "assembly of the State of Virginia, sir."

SNAP FOR STARS

Artillery Ball Players are Weak Opponents.

Town Nine Wins as It Likes—Soldiers are Too Slow—Detail Score of the Game.

The Artillery team distinctly showed in the game last Saturday that they are not at all in the same class as the other teams of the league. In the easiest manner possible the Stars won out by a score of 13 to 6.

As a result of the poor ball put up by the Artillery, the Stars relaxed into indifference. They toyed with their opponents and missed chances that in a close game they would have easily accepted.

The attendance was small. The base ball fans will willingly go to see a good game, but not such an article as ruled the diamond Saturday.

Table with columns: Stars, AB R IB SB PO A E. Rows: Kiley, Moore, Thompson, Elston, Soper, Gorman, Davis, Hart, Habbitt.

AFTER 25 YEARS.

Pleasant Reception for a Silver Wedding Anniversary.

A legion of friends showered congratulations upon Mr. and Mrs. Charles H. Kluegel on Saturday, the occasion being their twenty-fifth wedding anniversary.

In the evening Mr. and Mrs. Kluegel received their friends at their beautiful home on the corner of Dole and Alexander streets. The premises were brilliantly illuminated. The decorations both inside and out were elaborate. The happy couple greeted guests in the parlor, under an evergreen canopy, which bore the silver-lettered inscription "1874-1899."

The Government band rendered a lively serenade out on the lawn. Delicate refreshments were served on the lawn under a specially arranged tropical bower. Over two hundred were in attendance, including President and Mrs. Dole, Mr. and Mrs. F. M. Dillingham, Mr. and Mrs. F. M. Hatch, Mr. and Mrs. W. R. Castle, Mr. and Mrs. Robert Lewers, Mr. and Mrs. C. M. Cooke, Mr. and Mrs. Albert Raas, Mr. and Mrs. J. B. Atherton, Mr. and Mrs. S. C. Allen, Mr. and Mrs. J. M. Gillman, Mr. and Mrs. A. F. Hosmer, Mr. and Mrs. A. J. Campbell, Mrs. E. K. Wilder, Mr. P. Dole, H. A. Allen and many others.

The gifts, which were quite numerous, were of silver, to suit the occasion. Mr. and Mrs. Kluegel were married in San Francisco. They have resided in Honolulu for a score of years.

A "Kaup" Alumni.

The alumni of the Kamehameha Girls' School gave a delightful entertainment to friends and students of the schools last evening. The assembly hall had been beautifully decorated with American and Hawaiian flags, mingled with banners of crimson and gold, the alumni colors. This was the first meeting of the nature yet attempted and the graduates should be well pleased with their success.

A business meeting was first held and the following officers elected: President, Elizabeth Kahaloa; vice-president, Helen Kakaehua; recording secretary, Kalia Ewaliko; corresponding secretary, Aon Wong Kong; treasurer, Elizabeth Watanabe.

words in which she commended highly the precedent which was being established. Miss Pope, Miss Anahau and Capt. R. Bowers were elected honorary members. The latter enjoys the distinction of being the only male member of the Girls' Alumni.

After a song by the members a laughable farce entitled "Love of a Bonnet" was given. There were many amusing situations and all who took part did well. The characters were as follows:

Mrs. Clipper, Helen Kalola; Kitty Clipper, Lydia Aholo; Katie Dooland, Aoe Wong Kong; Aunt Hopkins, Kalia Ewaliko; Mrs. Fastone, Julia Bowers; Dora Fastone, Miriam Hale.

The girls sang a native air in an excellent manner for a concluding number. The remainder of the evening was spent in social converse and enjoying the refreshments served in the dining hall. The whole evening was most enjoyable and the members already look forward to next year's reunion.

HONONU FIRE.

Delay of Ten Days—Damage not Extensive.

A fire started in the boiler room of the Hononuu plantation mill last Thursday evening. In a moment the engine room was in flames. With the exception of the destruction of the engine and boiler rooms all the buildings escaped unharmed. The damage done to the engines was not great, consisting mainly of the melting of the habbit metal in the journals. The mill was not running at the time, it having shut down for a day or two. The total damage does not amount to a large figure. Mr. Pullar, of the plantation, arrived here by the Kinau and will see about repairs. He expects to see the mill running again in about ten days. He reports that all the cane is in first-class condition. There are about 175 acres of this year's crop yet untouched.

Hilo Notes.

Manager F. B. McStocker has fully entered on his new duties at Olaa plantation.

Hilo baseball players are seriously considering the project of sending a baseball team to Honolulu.

The amount of shipping in Hilo Bay has increased so that the use of the new wharf is becoming apparent. A number of vessels have already availed themselves of it.

A. W. Riechley, the contractor, has returned, and work on the Peacock block is being rushed. While away Mr. Riechley discovered the parents of the Mr. Burke that committed suicide by leaping from the Kinau last January.

Upper Waiuanu street is being graded to connect with Kaumana road. The work is progressing rapidly and well.

Within ninety days there will be 1500 men at work grading the road for the new Kohala-Hilo Railway. A Mr. Pearson of Chicago is to be constructing engineer.

Water at McBryde.

News was brought yesterday from Kanaal that artesian well boring at McBryde plantation has turned out successfully and sooner than had been expected. Advances are to Mr. Dillingham and others heavily interested. The boring is on new land for cane. At a depth of 180 feet below sea level there has been touched a great reservoir. The flow is 12 feet above sea level and the water is of first quality in every way. A test was made for salt at once and not a trace found.

The McBryde company, by vote of the directors, has set aside the famous rich Lalau valley to go to settlers in fee in holdings of about an acre each. The idea is that these people will work for the company. They will be given land and houses on most liberal terms. It is finally settled that Mr. Conant is to be manager of McBryde plantation.

RUMORS OF REORGANIZATION.

NEW YORK, June 14.—It is again reported that the Standard Oil Company is to be dissolved and succeeded by another corporation of probably the same name. The general plan as outlined in the rumor that stirred Wall street today is to reincorporate under the laws of New Jersey, which is the home of trusts and corporations. The new articles of incorporation will not include the features to which the courts of Ohio objected.

WHY SOME PEOPLE ARE POOR.

Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house. The shiftless fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents the other is out a hundred dollars and then wonders why his neighbor is getting richer while he is getting poorer. For sale by BENSON SMITH & CO. LTD., Agents for Hawaiian Islands and all Douglas and Dealers.

LAHAINA NOTES.

News Jottings From the Ancient Capital City.

June 24, 1899.—Mr. Charles Scrimger, engineer of the Pioneer Mill Company, met with a painful accident on Monday, the 19th, while riding a spirited horse. The animal reared up several times and finally fell on his back, pinning the rider to the ground. Mr. Scrimger will be laid up for about two weeks.

C. B. Reynolds, agent of the Board of Health, and Dr. Oliver came over from Moikoi Wednesday. It is hoped that Mr. Reynolds investigated the sanitary condition of the town. It badly needs a cleaning up.

The Japanese Consul has been here since Tuesday, presumably to investigate the complaints made by the Japanese laborers.

S. J. Ruddell, formerly chief of the Bureau of Chinese Customs and deputy Port Surveyor of San Francisco, is on a visit to his uncle, Matt McCann, of Lahaina.

The Catholic School had their exercises last Thursday night, the Government on Friday, and the Lahainaluna Seminary on Saturday afternoon.

Mr. William Stoddard leaves Lahaina for Lanai tomorrow to direct the affairs of Maunalei plantation.

McCorriston Obsequies.

(From Monday's Advertiser.) The funeral of Daniel McCorriston took place yesterday afternoon at 3:30 o'clock from the Catholic Cathedral. The Knights of Pythias, of which organization deceased had been a member, attended in a body. Many members of the Fire Department were also present, he having been at the time of his death one of the oldest members of that organization. The body was interred in the Catholic Cemetery.

Daniel McCorriston died early Saturday morning at his residence on Fort street, Bright's disease being the cause of death. A wife and five children survive him. He was born in Ireland in 1845. In 1864 he came to the Islands, and ten years later married Miss Jane Johnson, sister of Mrs. F. Love and Frederick Johnson.

Funeral of Jos. Tinker.

(From Monday's Advertiser.) The funeral of the late Joseph Tinker, who died recently in San Francisco, took place from St. Andrew's Cathedral Sunday afternoon. There was quite a large attendance of sympathizing friends, and many members of the Sons of St. George and Odd Fellows were present. The coffin was covered with many pretty floral offerings. The Rev. Alex. Mackintosh read the impressive service, and the Second Congregation choir sang the hymns "Jesus, Lover of My Soul" and "Just As I Am," with Wray Taylor presiding at the organ. The pallbearers were Messrs. George S. Harris, L. la Pierre, W. C. Roe, F. W. Wood, W. W. Wright and E. H. Walker. The remains were interred in Nuuanu Cemetery.

Freight Clerk Frank C. Poor is acting pursuer of the Kinau. Pursuer and Director Geo. C. Beckley is remaining over a trip in Hilo to attend to important business interests of his company at that end of the line.

Down Again

In prices is the market for flour and feed, and we follow it closely. Send us your orders and they will be filled at the lowest market price. The matter of 5 or 10 cents upon a hundred pounds of feed should not concern you as much as the quality, as poor feed is dear at any price.

We Carry Only the Best.

When you want the Best Hay, Feed or Grain, at the Right Prices, order from

Nothing So Bracing—AS—PURE AIR

Everyone enjoys it; your health depends upon it. You can just as well have it as your prudent neighbor. Old and young alike endorse it.

DISINFECTINE

With the heat of summer comes the foul and disease producing air from the cesspool, vault and cellar. You must be on your guard against the accumulation of trash, garbage, etc.; it is dangerous to have around.

INSURES

No skill is required to have the air about your home pure. The cost is trifling and effect is wonderful. Disinfectine as prepared by us will serve the purpose.

PURE

We have it prepared in quantities to supply any or all demands. We will deliver to your home, if within the city limits, a trial bottle at 25 cents. Don't neglect to order a bottle at once.

AIR.

Those who are familiar with the article order it by the gallon, which proves beyond all doubt that it is the proper thing.
