MAUNA ALA STRIKES LOG

Bark Thirty Days on Her Voyage to Coast.

It seems that the bark Mauna Ala, which reached San Francisco from this port on February 23d, after a strenuous passage lasting thirty days, had all that she could do to make port at all. In fact, if the bark had not been strongly constructed, she would in all probability have been at the bottom of the sea by this time.

The Mauna Ala left here on January 24th, with 16,445 bags of sugar on board. She had fair wind and fine weather for the first two days out of this port. Then, when she was bowling along with every sail drawing, she struck a floating log with a shock that shook her to her keelson, and at once commenced to leak badly. Also, the weather began to get bad and for nine days great seas swept over and the timbers of the bark, already injured by the collision with the log, were so strained that the vessel began leaking at the rate of about two inches an hour. From that time on, though the bad weather finally blew itself out, it was a fight to keep the ship afloat—a long and a hard fight.

Crippled as she was, the Mauna Ala finally got into port with all her supply of fresh water gone and with her crew on short rations. It is reported, however, that her cargo was not damaged by the leak. It was a severe task, but the sea water was kept down by the pumps.

ALIENS NOW TAXED \$2

Collector of Customs Receives New Orders.

Aliens arriving in Hawaii from and after March 4, 1903, are now subject to a head tax of \$2 each, imposed by the Collector of Customs, instead of \$1 as heretofore. When the America Maru arrives on March 10 from Yokohama and Hongkong all her Chinese and Japanese passengers and other foreigners on the list for this port will be compelled to pay over to Collector Stackable the sum of \$2 each before landing. The Collector will act on the instructions received yesterday from H. A. Taylor of the Treasury Department, in accordance with the provisions of the new Immigration bill, as follows:

"Head tax aliens arriving March 4 and after, two dollars. Collect accordingly."

The manifests upon which ship's officers are required to fill in the names of alien passengers, together with certain data concerning them, are to be made upon three sheets each of a different color, indicating respectively first and second class and steerage passengers. The name of each passenger is to be written in full together with the age and sex, whether married or single, the calling or occupation, whether able to read or write, nationality, the race to be determined by the stock from which they sprang and the language they speak; last residence and final destination. There is also to be inserted an answer as to whether the passenger has a ticket to such destination, by whom the passage was paid, whether he or she is in possession of \$30 or upward, and if less, how much; whether he or she was ever before in the United States and if so when and where; whether they are going to join a relative, and if so, what relative, the name and address.

One question which has caused considerable adverse comment on the Atlantic coast is whether the passenger has ever been in prison or an almshouse or supported by charity and whether a polygamist. Particular inquiry is made as to whether he or she is under contract, express or implied, to labor in any part of the United States. The condition of the health, mental and physical, and whether the passenger is deformed or crippled, is also noted down.

The list of races or peoples by which the ship and quarantine and immigration officers are guided in classifying the passengers is given as follows:

African (black), Armenian, Bohemian, Bosnian, Bulgarian, Chinese, Croatian, Cuban, Dutch, Dutch East Indian, English, Filipino, Finnish, Flemish, French, German, Greek, Hebrew, Herzegovinian, Irish, Italian (North), Italian (South), Japanese, Korean, Lithuanian, Magyar, Mexican, Montenegrin, Moravian, Pacific Islander, Polish, Portuguese, Roumanian, Russian, Ruthenian (Russocki), Scandinavian (Norwegian, Dane and Swede), Scotch, Serbian, Slovak, Slovenian, Spanish, Spanish-American, Syrian, Turkish, Welsh, West Indian.

All of the official calls for tenders for building and contracts for public buildings, bridges and wharves appear in the Official Record and in no other newspaper. No contractor is sure that he has an opportunity to tender on all public contracts unless he takes the Record.

Convincing Proof

The Average Honolulu Citizen Must Accept the Following Proof.

The great Sir Isaac Newton, one of the most profound reasoners the world ever produced, once cut a large hole in a board fence to allow a favorite cat access to two gardens, and cut a smaller hole to allow her kitten to follow her. The weakness manifested in Sir Isaac's action was due to want of thought. Any reader who mentally debates the proof offered here about Doan's Backache Kidney Pills and arrives at any other conclusion than that stated in this citizen's statement, is as short of reasoning powers as the philosopher when he turned carpenter.

Mr. H. S. Swinton of this city says: "I was a long sufferer from backache, having been afflicted with it for twelve years. Taking this as a symptom of kidney trouble, and seeing Doan's Backache Kidney Pills advertised as being good for complaints such as mine, I procured some of them at the Hollister Drug Co. store. I found upon taking them that they were doing me good, and was thereby encouraged to keep on until now I am cured of the backache. The merits of Doan's Backache Kidney Pills have been strikingly shown in my case, and I recommend them to other sufferers."

Doan's Backache Kidney Pills are sold by all chemists and storekeepers at 50 cents per box, six boxes \$2.50, or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Hundred Thousand Bags.

The following sugar on Kauai is reported by Purser O'Brien of the Walaiale: V. K., 1100 bags; Mak., 8300; G. & R., 6750; McB., 18,675; P., 1118; H. M., 4672; G. F., 2310; M. S. Co., 47,893; K. S. Co., 6396; K. P., 2000; a total of 99,214 bags.

Shipping Notes.

(From Wednesday's Daily.)
The steamer Nebraska is due this morning from San Francisco with mail, newspaper files and freight.
The Walaiale from Kilauea, Kauai, brought in yesterday 3370 bags of A sugar.

The stmr. Kauai is reported from Hamakua loaded with 6280 bags of sugar.

The whaler Gayhead, which was reported cruising off Hawaii in February, was seen off the island of Kauai by Capt. Mosher of the Walaiale on March 2, and was heading to the northwest.

(From Thursday's Daily.)
The bark Kaulani and the schooner Alpena got to sea yesterday.
The Forest Home has completed her new suit of sails and will probably get away for San Francisco Sunday.

It now seems more than likely that Louis Samuels, the negro cook who disappeared from the schooner Forest Home last Monday night, fell overboard and was drowned.

The big ship George Curtis was towed over to the Inter-Island wharf yesterday morning to take the sugar cargo to the Mauna Loa. After she had got it, she was taken back to her berth at the Railway wharf.

The old missionary barkentine Morning Star, now owned by H. Liebes & Co., of San Francisco, is being sheathed with Australian gum wood and having her bow strengthened with iron plates in the dry dock at San Francisco preparatory to a whaling cruise in the Arctic.

It is expected that the old Norwegian bark Andromeda, recently repaired temporarily at this port for a voyage to San Francisco, where she will be permanently rigged, will get an American register as a result of the work to be done upon her there. The Andromeda was sold as a wreck for \$4,000, and at that rate her new owners only have to spend \$12,000 in repairs to get her under the American flag. That would seem to be easy, considering the state of the vessel.

The Nebraska sails for Kahului at 5 p. m. today.
The whaler Helene got away for Hawaii last evening at 5 o'clock.
The disabled ship Paramita is now discharging her coal cargo at the Inter-Island wharf.
