

NEW BOARD OF MEDICOS

Improvement at the Queen's Hospital. Willis Premises.

Doctors Jonathan T. McDonald, Charles B. Cooper, W. H. Mays, Archibald N. Sinclair and Wm. L. Moore constitute the board of examining physicians for the Kalihii station under the new rules and regulations of the Board of Health, adopted in pursuance of the law passed at the late regular session of the Legislature.

Dr. McDonald comes in ex officio as the Government bacteriologist and the rules further require that a physician used to microscopical investigation shall be another member as assistant bacteriologist. Dr. Sinclair is understood to be this individual. Dr. Herbert having expressed a desire to retire from the old board, the new law is complied with merely by the accession of Dr. McDonald.

This was the only business President Pinkham had to lay before the Board of Health, requiring action on its part, at yesterday's meeting. A motion did it.

The president conveyed an item of information on another subject as follows:

"Individual members of the Board of Trustees of the Queen's Hospital have indicated their intention of erecting in an isolated part of the grounds of the Queen's Hospital a small ward to which contagious, or suspicious, cases can be moved for a few hours in which to determine and dispose of them in a proper and intelligent manner. This will be a most commendable course, as it will promptly relieve the hospital, and, at the same time, greatly aid the Board of Health."

Another matter occurred to the president, which was informally talked over. This was the need of additional quarantine room for contagious disease cases that might appear at Hilo, owing to the setting apart of a portion of the present quarters for Dr. Rice's experiments.

Still another thing mentioned by the president was the fact that the Bishop Willis premises in Bates street were going to be put into sanitary condition and thus their already ordered condemnation be averted.

Those present were L. E. Pinkham, president; Abraham Fernandez, Dr. J. T. Wayson, Dr. J. R. Judd and Fred. C. Smith. It was Dr. Judd's first appearance as a member, he having been confirmed by the Senate a week previous.

FISH THAT PREY ON MOSQUITOES

The following correspondence on the subject of mosquito-eating fish will be interesting to those who seek the removal of the local mosquito scourge: Leland Stanford Junior University, Office of the President, Stanford University, Cal. April 18, 1905.

Dear Sir: The best place to collect the fishes which you want would doubtless be in Louisiana. It would probably take no longer time to bring them from there than from other places nearer. Perhaps an equally good place would be Tampico, on the edge of Mexico. You understand that this would necessarily be an experiment. These little fishes feed freely on mosquitoes. Some live in brackish water, some in fresh water, and all of them are very hardy. But no one has ever yet tried to transplant any of them, and the whole thing might turn out, for some reason or other, to be a failure. Especially one would need to experiment on feeding the little fishes during their transportation. The genera which I would recommend are Mollinnesia, Adinia, Gambusia and Fundulus. Some of these are viviparous, others lay eggs. Whoever undertakes this should give a good deal of attention to the question of feeding the little fishes, and for this purpose perhaps a tank of our instructors, will undertake to go to Tampico or to New Orleans and select a half dozen species, more or less, of top minnows and transport them to Honolulu. He would undertake this work on the same terms for which we do work for the U. S. Bureau of Fisheries—that is, actual expenses plus \$1 per day for wear and tear on clothing and other matters which are not covered by the ordinary expense account. He is probably the best man I could get for this purpose, as he has had large experience in collecting in the tropics and is well acquainted with the problems in question.

Very truly yours, DAVID S. JORDAN.

Sam Johnson Says Both Brown and Crabbe Could Not Win Against a Good Democrat--Moves on Political Chessboard.

"I am not supporting either Brown or Crabbe," said Sam Johnson late last night, "and if the Democrats should put up a strong man he would beat either of them. As for me, I am not and never was a candidate for the nomination of Sheriff or anything else under the County Act. It looks at the present time as if Crabbe would be nominated. He is stronger than Brown. I figure that he has almost ninety votes. The sentiment of the business community on the shrievalty is divided. One man says, 'Must we put up with Brown?' Another comes along and says, 'For Heaven's sake, are you going to give us Crabbe?' I don't know where the majority stands. For Treasurer, the business men have apparently settled on F. C. Atherton."

SUGGESTIONS TO DELEGATES.
The members of the Tenth Precinct, Fifth District, Republican Club, held a caucus last evening and suggested the following names to the convention for the different offices but the delegates were not bound by the action of the meeting, and are free to choose whomsoever they wish:
For Supervisor-at-large—W. C. Achi, Supervisors for Honolulu—E. R. Adams, N. Fernandez, Sam Dwight, Chas. Broad (withdrawn), Wm. Isaac, (withdrawn).
Treasurer—Chas. Booth.
County Attorney—E. A. Douthitt, Wm. Rawlins.
County Clerk—D. Kalauokalani Jr., A. St. C. Pihanata.
Auditor—Sol. Mahelona, Sam. G. Wilder, Wm. K. Isaac (withdrawn).
Sheriff—A. M. Brown, Clarence Crabbe.
Deputy Sheriff—H. C. Vida, J. Kalakela.

CAUCUS OF FIFTH AND NINTH.
A caucus of the combined delegations of the 5th and the 9th precincts of the Fourth district, numbering 16 votes for the convention, was held in Kakaako last night.

By unanimous vote it was decided that these precincts act and vote together in the convention. These endorsements were made:
W. W. Harris for chairman of convention.
Jas. C. Quinn for supervisor,
E. A. Douthitt for attorney,
F. C. Atherton for treasurer,
D. Kalauokalani for clerk,
Geo. W. Smith, Louis Marks and E. R. Adams were considered favorably as candidates for supervisors.

No name was proposed for auditor.
A caucus of the 11 delegates of the 6th precinct was held last night, when the following endorsements were made:
C. L. Crabbe for sheriff,
E. A. Douthitt for attorney,
E. R. Adams for supervisor.

AFTERNOON GLEANINGS.
There were some new moves on the political checker-board yesterday, and one was that George Davis has announced himself as an Independent Republican candidate for the office of County Attorney. He has decided not to place himself before the convention for the nomination.

Another move was that of the Fifth, which is bringing Joe Fern to the front as a Supervisor, and has practically endorsed N. Fernandez for auditor.
W. R. Castle has also been proposed for Supervisor for Honolulu, along with H. E. Cooper as Supervisor at Large. The name of George W. Smith has also been proposed for Supervisor for Honolulu.

JONES OBTAINS HIS TITLE CLEAR
Judge Weaver yesterday rendered a decree in the Court of Land Registration, granting a clear title to P. C. Jones of the property in the case respecting which an attack had been made in the Senate upon that court.

It had transpired that the late-discovered flaw in the chain of title was more apparent than real. The Kapoian Estate, Ltd., which held the combination, through some clerical or notarial neglect in the past, readily gave a release to the property.

ROSENBERG ACQUITTED

BRAY IS SENTENCED.

Morris Rosenberg was acquitted of making false statements on seamen's allotment notes, by a verdict of the jury rendered in the Federal Court at 8:25 last night. The jury went out about 4 o'clock and had dinner at the Young in the midst of its deliberations. James L. Ward, C. L. Wight, E. R. Riven, W. R. Riley, Edwin Benner, Wm. H. Charlock, W. W. Hall, Charles Hustace Jr., John Emmeluth, Jess L. Woods, H. F. Wichman and C. F. Herick constituted the jury.

District Attorney Breckons conducted the prosecution and L. M. Straus the defense.

BRAY IS SENTENCED.
Captain Isaiah Bray, superintendent of the Sailors' Home, who was convicted of the offense whereof Rosenberg has been acquitted, was sentenced in the forenoon to pay a fine of \$50 and costs. The weight of the sentence came in the costs. These had been swelled by the expense of detaining the Starbuck sailor witnesses in Oahu Jail. The amount was \$234, so that Capt. Bray's total fine was \$284.

Judge Dole, in passing sentence, mentioned that he had known the defendant for many years as a good citizen, a man of integrity and blameless reputation. In his dealings with seamen he should have consulted the law, whereas he had neglected this precaution. He had committed the offense thoughtlessly and without knowing that it was a violation of law.

D. L. Withington, counsel for Bray, had made a plea for clemency. He said said the offense was a statutory one and new in Honolulu. The defendant had declined his advice to take an appeal. Judge Dole expressed regret that appeals were not often taken from that court, as in some matters, however strongly he might feel, other minds might take different views.

WOMEN IN MEDICAL FIELD.
Out of 15 applications for the post of assistant medical officer of the 3rd assistance (Lincolnshire, Eng.) lunatic asylum, Miss Jessie B. Hunter was selected. Miss Hunter has occupied the position at a private asylum in Lincolnshire since 1902, and has held the position of assistant house surgeon at Glasgow Infirmary. She is M. B. and C. B. of Glasgow university.

Dr. Mary Stone, of Australia, sent a paper to the national women's congress urging the establishment of "epileptic colonies." In view of the fact that the ranks of criminals are continually and materially reinforced by children, weak-willed, moral and physical degenerates who are easily led into vice, and she asks for the segregation of these unfortunate that their kind may not be multiplied.

Taking credit that belongs to others receives no one so much as yourself.
Dr. L. Rosa Minoka is a young Indian doctor, who, having won honors as a graduate of the Women's Medical college of Pennsylvania and served with credit as resident physician of the Women's hospital, of Philadelphia, has now opened an office in the city. She is said to be not only a fine doctor but a handsome and interesting young woman.

It is said that there are now in France 80 women doctors, 30 of whom are in regular practice. The way, undivided within the last 25 years, has been made very difficult for women who desired to practice medicine. There is little chivalric feeling in the country, and open derision and insulting refusal to all applications for opportunities to study have been the rule. Today there is a great revision of feeling—or manner—and at present the woman doctor is encouraged and smiled upon—a pleasant change.

BEAR LIVES IN HERMIT HUT

Administrator Unaware of Grizzly's Presence Until Knocked Through the Entrance.

Los Angeles, Cal.—Near the old San Gabriel mission, within nine miles of this city of 200,000 souls, a hermit has lived for many years in a little adobe hut. He died and was buried. Not having any known relatives, Deputy Administrator Pethermel went out to the shack to take charge of the old man's effects.

In the 40 years that Senor Don occupied the adobe, no living soul, save himself, had crossed its threshold. As the hermit died suddenly away from the shack the deputy was the first one to break the solitude of the dwelling. When he pushed open the door it was so dark inside that objects were not distinguishable, so he stepped inside. Then he was confronted by a grizzly bear which rose to his hind feet and with a blow of his paw sent the deputy flying through the door. The deputy did not stop to inventory the property, but took to his heels. The bear followed him out of the shack and then struck out in the direction of the mountains. It is thought that bruin found the door of the shack open and entered, and that the door then got pushed shut by the bear, making him a prisoner.

CINDERELLA TRIES POISON.

Girl Forced to Stay at Home While Sisters Enjoyed Pleasures Would Die.

New York.—Because her elder sisters could go to dances and theaters while she was forced to stay, Cinderella-like, at home at night after working to help support the family by day, pretty little Pauline Katz, 18 years of age, living on Second avenue, attempted to commit suicide by swallowing wood alcohol.

Prompt work by an ambulance surgeon saved the girl's life, but after being saved she sobbed that she wished to die, and threatened to attempt her life again if she had the opportunity.

For weeks Pauline has brooded over her lot in the long evening when she stayed at home after hard days of toil as a buttonhole operator in a downtown clothing-factory. She worked at the machine all day, and on Saturday turned in her wages to help run the home.

She longed for the pleasures of life, but her parents told her she was too young, and forbade her going to dances or theaters or receiving the attentions of young men.

MULTI-MILLIONAIRES WILL VISIT HAWAII IN WINTER

Vanderbilts, Dr. Seward Webb, Knapp, Moore and Billings Will Come if Asiatic War is Over.

Multi-millionaires of world-wide reputation will visit Honolulu this coming winter if the Japanese-Russian war is brought to a close during the summer or fall. Among them will be some of the Vanderbilts, Dr. Seward Webb, President Moore of the Rock Island system, Knapp, the gas man; Billings, the horse man, and others, and all have promised Manager Noah W. Gray of the Alexander Young Hotel that they will stop at his hostelry while here. Almost every winter these magnates visit Southern California, where Mr. Gray met them. They have expressed a wish to see the Hawaiian Islands and Japan, but don't care to make the journey unless the war is at an end.

The Alexander Young Hotel is now conducted on the American plan again, and is very satisfactory to the guests. It is possible that in a short time there will be interchangeable meal tickets for the guests of the Alexander Young and Moana Hotels. For instance, if a Moana Hotel guest was in town at luncheon time, he could take his lunch at the Young. If a Young Hotel guest is out at Waikiki at dinner time, he can get his dinner at the Moana, the two hotels settling up the matter.

The Young Hotel Annex at Waikiki Beach will shortly be closed and all persons who have been using the annex bathing privileges will be referred to the Moana Hotel, where excellent bathing facilities are afforded. The Young Annex was formerly the beach residence of Mr. Young, and he will again make use of it as a private residence this summer.
