RUBBER STAMPS

HAWAIIAN GAZETTE CO.

The bronze tablet for the Alexander Field, the athletic field of the institution, arrived by the S. S. Texan. It is about three feet high by two feet wide, and bears the following inscription: "Samuel T. Alexander Memorial Field. Presented by Martha E. Alexander, 1907, in Memory of a Loyal Son of Punahou."

The formal opening exercises of the College Department were held in the assembly room, Paunahi hall. It was opened with an organ selection by Miss Clarke on the pipe organ.

Preparation and the capacity for preparedness depends in large measure, he continued, on the individual initiative and active receptivity on the part of the pupil students. These qualities must exist in order to get results. The president and faculty of the institution could plan appropriate courses of study and be prepared and ready to teach, but there must be receptivity on the part of the student.

Mr. Castle spoke of the scholarship fund which had always maintained. It was one of its best heritages. It had a reputation among eastern colleges that was enviable. This reputation the students of the present should be proud to maintain.

Mr. Castle called attention to the Roll of Honor established by the trustees, explained its purpose, and urged all pupils to seek to be worthy of being enrolled on it.

President Griffiths in the beginning of his short address to the students on the opening of a new college year, spoke of Lane Webster, who was accidentally killed on Molokai a few weeks ago. He would have been a member of the class which will graduate next June, but for his untimely death. President Griffiths paid a tribute to the memory of the young man and sought to point out that even youth is not a guarantee of all things that we would wish to have.

The president extended a welcome to the students who entered the college this year for the first time, and he spoke for them from the older students a process of benevolent assimilation.

President Griffiths called attention to the number of Punahou students who have this year left the Islands to enter mainland colleges and universities. With W. C. Achi Jr. who goes to Stanford, whose name was by inadvertence omitted from the list published in yesterday morning's Advertiser, that list contains eleven names, which is a wonderful showing for one institution. The influence of these going from and returning to the Islands, cannot be too important and beneficial.

SIXTY-EIGHTH YEAR AT OAHU

(From Wednesday's Advertiser.)

Oahu College opened its sixty-eighth year yesterday with a registration almost exactly that of a year ago, notwithstanding the cost to boarding pupils is considerably more, and the standard of admission is being constantly raised.

The formal opening exercises of the College Department were held in the assembly room, Paunahi hall. It was opened with an organ selection by Miss Clarke on the pipe organ.

Preparation and the capacity for preparedness depends in large measure, he continued, on the individual initiative and active receptivity on the part of the pupil students. These qualities must exist in order to get results. The president and faculty of the institution could plan appropriate courses of study and be prepared and ready to teach, but there must be receptivity on the part of the student.

Mr. Castle spoke of the scholarship fund which had always maintained. It was one of its best heritages. It had a reputation among eastern colleges that was enviable. This reputation the students of the present should be proud to maintain.

Mr. Castle called attention to the Roll of Honor established by the trustees, explained its purpose, and urged all pupils to seek to be worthy of being enrolled on it.

President Griffiths in the beginning of his short address to the students on the opening of a new college year, spoke of Lane Webster, who was accidentally killed on Molokai a few weeks ago. He would have been a member of the class which will graduate next June, but for his untimely death. President Griffiths paid a tribute to the memory of the young man and sought to point out that even youth is not a guarantee of all things that we would wish to have.

The president extended a welcome to the students who entered the college this year for the first time, and he spoke for them from the older students a process of benevolent assimilation.

President Griffiths called attention to the number of Punahou students who have this year left the Islands to enter mainland colleges and universities. With W. C. Achi Jr. who goes to Stanford, whose name was by inadvertence omitted from the list published in yesterday morning's Advertiser, that list contains eleven names, which is a wonderful showing for one institution. The influence of these going from and returning to the Islands, cannot be too important and beneficial.

President Griffiths spoke of a report he had received from a woman in California who said that she had found in California no girls so enthusiastic as the Punahou girls.

It was the effort of the institution to develop character. There were few rules, the desire being to develop the initiative of the individual so that each would have liberty without license.

President Griffiths made the announcements for the term, and then the work of registration began.

In both College and Preparatory the year opens with a number of new teachers. In the College the new teachers are Charles F. Schmutzler, German; Eda M. Arthur, French; Mrs. Elizabeth Galbraith, stenography; Miss Alice Rogers, singing; Miss Carolyn Sheffield, piano; Miss Elinor R. Cowan, oral expression.

In the Preparatory the new teachers are Miss Sarah G. Sheldon, eighth grade; Miss Grace G. Howells, seventh grade; and Margaret R. Austin, first grade.

The bronze tablet for the Alexander Field, the athletic field of the institution, arrived by the S. S. Texan. It is about three feet high by two feet wide, and bears the following inscription: "Samuel T. Alexander Memorial Field. Presented by Martha E. Alexander, 1907, in Memory of a Loyal Son of Punahou."

BAD COMPLEXIONS

Dry Thin and Falling Hair and Red Rough Hands Prevented by CUTICURA SOAP.

MILLIONS use CUTICURA SOAP exclusively for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, in the form of baths for annoying irritations, inflammations, and chafings, or to free or offensive perspiration, in the form of washes, for ulcerative weaknesses, and for many sanative antiseptic purposes which readily suggest themselves to women, and especially to mothers, and for all the purposes of the toilet, bath, and nursery. No amount of persuasion can induce those who have once used it to use any other, especially for preserving and purifying the skin, scalp, and hair of infants and children. CUTICURA SOAP combines delicate emollient properties derived from CUTICURA, the great skin cure, with the purest of cleansing ingredients and the most refreshing of flower odours. No other medicated soap ever compounded is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands. No other foreign or domestic toilet soap, however expensive, is to be compared with it for all the purposes of the toilet, bath, and nursery. Thus it combines in ONE SOAP at ONE PRICE, the best skin and complexion soap, the best toilet and best baby soap in the world.

Complete External and Internal Treatment for Every Humour, Consisting of CUTICURA SOAP to cleanse the skin and scalp of crusts and scales and soften the thickest cuticle, CUTICURA Ointment, to instantly allay itching and irritation, and soothe and heal, and CUTICURA RESOLVENT, to cool and cleanse the blood. Sold throughout the world. Australian Depot: R. TOWNS & CO., Sydney, N. S. W. So. African Depot: LEONARD LIPS, Cape Town. How to have Beautiful Skin, Hair, and Hands, free. PUTTER CORP., Boston, U. S. A. Sole Props., CUTICURA REMEDIES.
