

SPORTS

ANGUS SPRINGS BIG SURPRISE

(From Monday's Advertiser.)
Score by Geo. Angus that won the Manoa cup tournament at the Country Club yesterday.

1st round	4 5 5 3 6 4 5 5	42
2nd round	4 4 5 4 6 4 5 5	41
3rd round	4 5 4 3 5 5 4 5	40
4th round	5 4 3 4 6 3 5 5	38

Total—161
George Angus slipped over a good one on the local golfers yesterday. Nobody realized what he was doing until it was done. The spectators were all watching Austin White and T. Gill during the second half of the tournament and not a soul seemed to know that Angus had come in with a first-half score that was two better than White's.

Angus was in great form. He started well and improved consistently with each nine holes. A glance at the score sheets that he made three, six and seven in three each during the last round and twice made four with only two shots beside the drive.

Austin White has won the tournament twice, but now Angus takes charge of the cup until next year, when it will be played for again.

The weather was a little freaky. During the morning there was quite a brisk southerly breeze. From about noon till nearly three o'clock there was practically no wind, and some long drives were made. Then the trade winds forced their way through the Pali gap and down the valley and the regular breeze prevailed more or less strongly for the rest of the afternoon.

By showing yesterday's wonderful exhibition of brilliant playing, Mr. Angus has set himself back in the club handicap list from four to scratch. J. G. Rothwell is also set back from twenty-seven to twenty, as he won the consolation cup put up for those who did not qualify in the Manoa cup preliminary rounds. His score for eighteen holes was 78 net.

The full scores in the Manoa cup tournament were:

	1st 18	2nd 18	Total
George Angus	85	78	161
Austin White	83	88	173
T. Gill	87	91	184
C. E. Edmunds	93	96	189
O. L. Sorenson	107	91	198
W. H. Babblitt	99	99	198
A. E. Jordan	105	96	201
S. G. Wilder	103	104	207
H. A. Wilder	116	93	209
J. A. Wilder	114	96	210

PIRATES WIN THIRD.

The Pirates won the third game of the world's championship series yesterday by defeating Detroit 8 to 6. This is the second game that the Pirates have won. The Sunday game was postponed on account of rain. The Pirates had a swat-fest in the first inning and scored five runs. Detroit scored in the seventh and ninth. There was an enormous crowd present and there was huge excitement when it looked as though the home team might tie the score before the end of the ninth.

A FOOLISH OLD IDEA.

It was once thought that a medicine was all the more beneficial for having a nasty taste and smell. We now know that such an idea is perfect nonsense. There is no more reason why medicine should offend the senses than why food should do so. Therefore, one of the greatest, chemical victories of the past few years is what we may call the redemption of cod liver oil. Everybody knows what a vile taste and smell this drug has in its natural state. No wonder most people declare they would rather suffer from disease than take plain cod liver oil, and the emulsions are as bad, no matter what may be alleged to the contrary. Now it is one of nature's laws that a medicine which disgusts the nose and the palate, and also sickens the stomach, can have no good effect as a medicine, because the system cries out to be delivered from it. In

WAMPOLE'S PREPARATION

the desired miracle is wrought, and we have the valuable part of the oil, without the other. This effective modern remedy is palatable as honey and contains all the curative properties of pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. The palate accepts it as it does sugar, confectionery or cream. Taken before meals it goes to the very secret stronghold of digestive disorders, and strengthens the system against Scrofula, Throat and Lung Troubles and all diseases due to impurity of the blood. Dr. G. C. Shannon, of Canada, says: "I shall continue its use with, I am sure, great advantage to my patients and satisfaction to myself." It has all the virtues of cod liver oil; none of its faults. Sold by chemists

BOER COMMANDO'S RECRUITS WIN GAME BY CLOSE SCORE

(From Monday's Advertiser.)
J. A. C. 5, C. A. C. 1.
Boers 6, Half-wets 5.

The above is the result of the opening games of the second series of the Oahu league at the Athletic Park yesterday afternoon. The Japs had a comparatively easy time of it with the Dragonlets but the Marine-Kalili game was a very close and exciting one and the good Half-wets would never have gone down to defeat had it not been for a series of grave errors in the fifth, when the Boers made four.

There was a larger crowd than ever at the park and more prominent local people than have been seen there yet. In fact the grandstand was practically filled with personages. There were more ladies in the grandstand than usual and the park seems to be quite a rendezvous for the same people who used to patronize the international games of last year at the other grounds.

Flores Had a Mouse.
Jack Flores brought over a good one and Cheeby added to it. Jack produced a big mouse in the fourth inning, when he went in to bat and let it run over the plate for luck. It must have been lucky for the Japs scored three of their five runs in the next spasm.

Cheeby caught the mouse and, while Akina was coaching at first base, he slipped the little animal into Akina's mitt. When the inning was over and the Dragonlets went out to field, Akina took up his mitt, thrust his hand in and then withdrew it very suddenly. He thought he had come across a Manoa rattlesnake. Amidst the yells of the crowd, the little mouse romped out of the mitt and ran away to hide itself beneath the bleachers.

Walker's Great Throw.
Henry Walker made one of the grandest throws ever seen on a baseball field. Cheeby bingled and Hang Chack went in to run for him. The latter started to steal second and Hoopii threw wild to second so that the ball went over Franco's head. Hang Chack naturally enough kept on running.

The ball went way out in deep center field and Walker had to sprint for it. But he captured the ball and, with a marvelous throw, he sent directly to the plate in time for Hoopii to get Hang Chack out. Then was seen one of the greatest ovations ever given to a ballplayer in Honolulu. The fans went crazy.

Cheeby was debited with two errors but he played a crackerjack game just the same. He caught no less than five men out at second base when they tried to steal, by quick and clever throws in the nick of time.

Anderson's Reappearance.

Anderson, the grand old man of Camp Very, made his reappearance for the Marines and was greeted loudly by the fans. He caught five innings but then his mitt went back on him again and he was retired in favor of Williams whose place at center field was taken by Hines.

Hines played a great game in the outfield. He made two sensational catches that looked like impossibilities and put out the last two men in the last inning.

Boers Looked Weak.

One of the greatest features of the afternoon was, that when the fans saw the Boer lineup, they thought it would be a cinch for the Marines. The bunch did look different from the usual turnout, certainly.

Long, Butler, Woods and George Clark were not there. Kaipo went in the box, Josiah went to third base, Shepard took shortstop and Moses went behind the plate. Abe Norton, a High School player who has seldom filled that position, took first base and made a grand showing. In spite of what the fans thought about it, the Boers seemed to have improved by their changes.

Fliizer Had the Goods.

Fliizer played a dandy game at second base. Although he made two errors he took a tremendous number of chances and was there with the goods. His two errors were very forgivable. He is good with the stick and, if Oom Paul would give him one position to play regularly, instead of making a general utility man of him, Fliizer would turn out to be a star.

Both games were up to the excellent standard set by the league and the Athletic Park fans certainly have nothing to complain of.

The First Game.

The Japs scored first in the fifth. Up to that time it had been a case of one, two and three. Walker took an ovation when he came up as he had just made his spectacular throw to the plate. He was safe on second's error and Akina sent him to second when he was safe on catcher's missing third strike. Then there was a double steal. Kaipo hit to first who threw to catcher to prevent Walker from scoring. Walker bumped Cheeby over and this gave Akina a chance to score also. While Kaipo was safe on first, Kaipo started to steal second and Cheeby threw wild to second so that Kaipo romped. Three runs.

EDITORS MEET AND ADOPT POLICY

(Continued From Page One.)

tion of the Higher Wage Association because, whereas, with a tempting bait of higher wages, they have collected from laborers over \$30,000, that amount being either spent in vain or improperly appropriated, and because they yet engage agents on commission to collect more money from innocent laborers under different pretenses.

Resolved, That we consider it unjust and dishonorable to tax innocent laborers on mere promises of good returns which have not been fulfilled and which will never materialize to the benefit of the laborers. We further condemn such action as being nothing less than a pure fraud. Therefore, be it

Resolved, That we, as publicists, and true friends of the Japanese laborers, denounce the action of the agitators as most irresponsible and as detrimental to the good reputation and to the material prosperity of our laboring class as unbecoming and undesirable actions for Japanese who reside in, and receive protection from, the United States of America, with which Nation our Empire is on most friendly terms. We strongly protest against the methods of the agitators as unbecoming to law-abiding citizens and dishonorable to the name of the subjects of Japan. Therefore, be it

Resolved, That we will advise our countrymen against the dictates of the agitators and will protect our laborers from the lawless demonstrations of these people in order to restore the well-earned good reputation of our countrymen already imperiled by the foolish agitation. We shall aspire to restore the good feeling between the laborers and the planters and to encourage the spirit of cooperation and conciliation among all the races that commingle in harmony in the Paradise of the Pacific.

Resolved, That we are unanimous in our sincere hope that the income of our laboring class will become larger and as the best means of solution for the present labor question we will encourage contract work on the plantations. In its principle and actual working this system is preferable for and most advantageous to our laborers. We believe that there ought to be proper and adequate remuneration for efficient performance of work and that contract work best suits the Japanese laborers. We, as a body, shall encourage the contract system and work for the perfection of that system.

Resolved, That we will encourage contract work among our countrymen and sincerely hope that the planters will cooperate with us in giving out contract work to the Japanese laborers as far as practicable and in better terms than hitherto existing so that the contractors will receive an adequate return for their work.

Resolved, That we, as a body, believe that all contract agreements should be made in written form with proper Japanese translations attached, so that there can be no misunderstanding arise between contractors and the planters in regard to price, weight or other conditions. We believe that the spirit of trust based upon a thorough mutual understanding is essential for the performance of good work, and believe that laborers and employers should honestly strive to deal squarely with each other according to the written terms of the agreement entered upon.

Resolved, That as to those who are employed in a work that can not be given out on contract, such as the work in the mill, etc., we hope sincerely that some readjustment of the wage scale will be made before long so that their income may be proportionately increased with that of the contractors.

Resolved, That we will advise our countrymen to wait patiently and continue in the faithful performance of their work. We will advise them at all times to refrain from rash and thoughtless actions.

Resolved, That there shall be no collections of money from laborers for any fund or expenses, but we pledge ourselves that in a proper, peaceful manner, in a conciliatory spirit and in an honest way, we shall do our duty for the advancement of the mutual prosperity of the planters and the Japanese laborers.

CRANE MAY NOT BE GIVEN THE CHINESE MISSION

(Associated Press Cablegrams.)

WASHINGTON, October 11.—The Hon. Charles R. Crane may not represent the United States in China after all. The newly-appointed envoy extraordinary and minister plenipotentiary to the Flowery Kingdom arrived here yesterday, in response to the call from Secretary Knox, and at once had a conference with the Secretary of State. There is a rumor current, in circles supposedly well informed, that the conference blasted the hopes of Crane as far as a diplomatic post in China is concerned.

Report has it that some of the utterances which the minister made in the course of interviews published in Chicago newspapers have not met with the approval of the administration. Crane talked rather freely on the Chino-Japanese situation, and this may have made the Secretary of State doubtful as to the wisdom of entrusting to him the delicate negotiations which will fall to the lot of the United States Minister to China during the next year or two.

At any rate, there is a report which appears to have considerable foundation that Mr. Crane's interviews caused his recall and may possibly result in his removal from office before he has had a chance to show what he can do.

Crane was in San Francisco, ready to sail for his new post, when he received the telegram from Secretary Knox summoning him to Washington. Before responding to the call he conferred with the President, but evidently received little satisfaction. The matter is causing no little talk in official circles.

SAN BERNARDINO, California, October 8.—Though surrounded by a sheriff's posse, Willie Boy, the Indian desperado, wanted for murder, managed to elude his pursuers and won safety in the mountains. The battle waged between the officers and the lone outlaw was fierce while it lasted, one deputy sheriff being killed and three horses belonging to the deputies were seriously wounded during the fighting. The horses of three other deputies were killed by bullets from the desperate man's rifle.

NEW YORK, October 8.—Two million dollars in gold will shortly be shipped to Japan by way of San Francisco. The money, gold, is now in the subtreasury here and has been engaged for shipment. With the delivery of this last lot, the shipments of American gold to Japan during the year will reach a total of \$20,000,000.

WASHINGTON, October 8.—The revenue cutter Thetis will be permanently stationed in Hawaiian waters. The announcement was made here yesterday that henceforth the ship will make her headquarters at Honolulu. Just as soon as the vessel returns from the Arctic, where she is now stationed, she will be sent to Hawaii. She will probably sail for Honolulu about December 1.

GLACIER POINT, October 9.—Guarded by a troop of United States cavalry, President Taft slept in the hotel here last night at an elevation of 7000 feet above the sea level.

The President is enjoying his novel experiences in the Yosemite Valley greatly, and already feels much recuperated. The fatigue of the long round of speechmaking through which he has just passed, and the realization of what is before him, has made the President very glad of a chance to take a brief respite.

PITTSBURG, October 9.—Billie Papke last night outfought Willie Lewis at every stage of a six-round bout. No decision was rendered, but there was never a moment's doubt as to which was the better man. The receipts at the box office for the contest reached the handsome total of \$40,271.

NEW YORK, October 9.—When Britain's war squadron sailed by Governor's Island yesterday, the guns of the ships boomed out a farewell greeting to Uncle Sam; when the French vessels passed the fort their guns remained silent. The outgoing vessels were on their way home after having participated in the Hudson-Fulton celebration. The fact that the French ships did not observe the courtesies rendered by the British caused comment.

SAN FRANCISCO, October 9.—His Royal Highness Prince Kuni of Japan, who has been making a tour of the United States, arrived here today on his way home. He will sail for Yokohama by the Tenyo Maru on Tuesday next. Prince Kuni, who is a close relative of the Emperor of Japan, attended the Hudson-Fulton celebration at New York as the personal representative of Japan's ruler. He was the recipient of much attention while in that city. Prince Kuni paid a visit to President Taft at Beverly before attending the celebration.

BERLIN, October 9.—Misgivings are felt here as the result of the war prophecies of Lord Northcliffe, proprietor of the London Times, and of Admiral Lord Charles Beresford. Both of these men have predicted war between Great Britain and Germany, and there is an uncomfortable feeling here that Britain is trying to create the impression that Germany is seeking an excuse for war.

The war talk from England does not meet with popular approval, and there has been considerable adverse comment on the stand which Lord Northcliffe and Lord Charles Beresford have taken.

GLACIER POINT, October 9.—Early this morning President Taft started forth to view the wonders of the Yosemite Valley.

COLLEGE PARK, Maryland, October 10.—Wright established a new record yesterday by driving his aeroplane around a closed circuit one kilometer in circumference, at the rate of forty-six miles an hour. The flying machine was under perfect control, and after the test Wright made the statement that he could have reached a speed of sixty or seventy miles an hour had he been competing against another machine in a race.

This latest performance of the great aviator and inventor has set the flying machine experts talking anew, and it is generally conceded that the showing made by the Wright aeroplane proves conclusively the great field of possibilities that is being opened up to this great invention.

ST. PETERSBURG, October 10.—Thirty-one million dollars will be expended by Russia in railway construction during the year 1911. The ministry yesterday submitted an extraordinary budget to the duma, calling for the appropriation of this enormous sum to be used in the construction of new lines. Russia's activity in railroad building is causing no little excitement, and other European powers are looking with interest not wholly unselfish on the plan's of the Czar's ministers. Statesmen are discussing the probable significance of the actions of the ministry.

SAN FRANCISCO, October 9.—James Cunningham, the man who shot and killed Caroline Brasch, the pretty cashier of Gray Bros., in cold blood, will not pay the penalty of his rash act on the gallows. Cunningham is insane. The act of the murderer was so palpably that of an insane person that Cunningham was brought before an insanity commission, with the result that he was found to be of unsound mind.

Cunningham had been in the employ of Gray Bros., and went to demand his pay from the cashier. Miss Brasch declined to give him the cash, as Gray Bros. made use of a check system, whereby their employees did not receive money due them for some time after completing their work. The shocking murder of the cashier which followed her refusal to pay Cunningham led to an investigation and the subsequent scathing arraignment of the system. State authorities took the matter up with the view to putting a stop to the practice.

Cunningham has been the recipient of much sympathy since his incarceration, as he gave himself up and confessed to killing Miss Brasch in order to save an innocent man, who was arrested and positively identified as being the murderer.

DETROIT, October 11.—The third game of the great championship baseball series, scheduled to be played today, will probably have to be postponed. Heavy rains fell yesterday and last night and, in consequence, the ball park is in no condition for play this morning.

There is great enthusiasm over the championship series and yesterday's rains caused dismay among the fans. Had the game been played today according to schedule, there would have been a record-breaking attendance. The game will be played just as soon as the rain lets up long enough for the ground to dry out.

TOKIO, October 11.—No credence is given here to the report that the United States will enter a protest against the terms of the agreement between Japan and China in regard to the construction of the Astang Mukden railroad. Sensational rumors of probable official action at Washington have been received from time to time, but have made little or no impression.

SAN FRANCISCO, October 9.—The Hon. Beekman Winthrop, Assistant Secretary of the Navy, left here today for the Yosemite Valley. After a short stay in the valley, Winthrop will return to Washington.

Cheeby sacrificed Sing Chong home.

The official score was:

C. 1; struck out, by Espinda 12, by Apau 3; bases on balls, off Espinda 2, off Apau 3; passed balls, Hoopii, Che Bui. Umpire McHenry. Scorer, N. Jackson. Time of game, 1 hour 37 minutes.

The Second Game.

The Half-wets scored first in the second inning. Davis bingled, Gibson skied to left field, Peyton was safe on third's error so that Davis took second. The latter tried to make it to third and succeeded owing to a poor throw to third base which made him safe and allowed him to score.

The Boers made one in the fourth. Josiah skied to third, Shephard was safe when catcher missed third strike. Brannon fanned but Young bingled Shephard to third and the latter scored on a passed ball.

Four more for the Boers in the fifth. Moses walked and Downey bingled him to second. Fliizer out on infield fly but Norton was safe when centerfielder dropped his fly and Moses scored and Downey reached third. Then Josiah hit to shortstop who threw wild to the plate and both Downey and Norton scored. Then the catcher tried to throw to second to get Josiah out, but he sent wild and Josiah romped.

Two for the Marines in the sixth. Hayes bingled, Gaw skied to left field, Davis skied to third. Two men down. Gibson bingled to right field. The fielder threw to third to get Hayes but sent wild and the latter scored. Peyton drove to first baseman who was playing deep. Norton was there with the scoop but pitcher was not on first and Peyton was safe while Hayes scored and Gibson also.

The Boers made their last in the seventh. Norton skied, Josiah died, second to first. Shephard bingled, Brannon bingled, Young bingled and Shephard romped. Kaipo fanned.

One for the Marines in the seventh also. Hines safe on second's error, Thomson safe on pitcher's error and Hines to third. Thomson stole second. Slorp safe on pitcher's error and Hines romped.

Big excitement in the ninth when the Marines made one more and it looked as though they might yet tie the score. Williams walked, Hines skied to second, Thomson sacrificed Williams to third. Coll took Slorp's place and was safe on pitcher's error while Williams scored. Hayes skied to short.

The official score was as follows:

DEATH OF MRS. MILLIKEN.

News has reached Honolulu of the death at Lake Placid, N. Y., of Mrs. Louise Milliken, of New York City, formerly of Plainfield, N. J. She was the wife of Foster Milliken, who, although not resident of Honolulu, is so well known here that the news of his wife's death will cause profound sorrow to his many local friends. Her death occurred on September 17 and the funeral was held the following Monday at the home of her sister-in-law in Plainfield, her old home. She had been in poor health for nearly a year but had not seemed to be any worse up to the time of her death.
