ALLIES FORGING BATTLE UPON TURKS

Decisive Action Expected Soon Near Adrianople, Which Is Cut Off.

BULGARS CAPTURE RAILWAY

Sweeping Victories Gained by Servians and Others in the North.

(By Federal Wireless Telegraph.) LONDON, October 28.—(Special to The Advertiser)—In one of the greatest strokes of their campaign, the Bulgarian troops have cut the railroad between Constantinople and Adrianople, and have thus isolated the latter city. That was indicated today in a dispatch received in London from Sofia, which declares the invaders had seized a Turkish military train on the railroad.

In addition to the capture of the town of Eski-Baba by the Bulgarians, they have been pushing forward, according to the latest reports, from the eastern side, in the hope of entirely destroying the Turkish army defeated at Kirk Kilesch.

At the same time the invaders are carrying out a wide sweeping movement, reaching almost to the shores of the Black Sea, and still other columns are completing the circle around Adrianople.

Bulgarians assert the fate of Adrianople is practically sealed. Despite the perils of the situation, however, the Turks have not lost hope of relieving themselves. Sufficient Turkish reinforcements have now reached the front to enable the Turkish commander-in-chief to assume the offensive.

It is stated that three Turkish columns are moving toward the north, and these columns are to be supported by other Turkish troops being taken by water to the Turkish ports on the Black Sea. Whether they will be in time to aid them is problematical.

Bulgars in Victorious Sweep.

(By Federal Wireless Telegraph.) SOFIA, Bulgaria, October 28.—(Special to The Advertiser)—Bulgarians have occupied the Turkish town of Istip, which lies forty-five miles south-east of Uskup. It is said the Turks evacuated Istip without offering the slightest resistance.

After a battle near Kotehin, fourteen miles to the north, the Turks apparently were completely disorganized, and left a large quantity of rifles and stores along the road between the two towns. The Bulgarians were equally elated and astonished over the easy capture of Istip, which they expected to take only after a severe struggle. Istip occupies a strong natural position in the mountains.

The Bulgarian forces have captured Eski-Baba, an important point between Adrianople and Constantinople. They have penetrated twenty miles into the Arda river district and taken all the villages on the left bank, including the town of Pashmakzi.

Servians Capture Cities.

(By Federal Wireless Telegraph.) BELGRADE, Serbia, October 28.—(Special to The Advertiser)—Servian troops have taken the town of Mitrovitz, on the railroad to the north of Uskup, and Verizovitz also has fallen into their hands, according to a dispatch from the Servian base at the frontier received here today.

Fifteen quick-firing cannon, 4000 rifles and a mass of ammunition were abandoned by the Turks during their retreat. The Turkish troops after abandoning Uskup, retreated towards Welos, the men throwing away their rifles in their flight. Hundreds of wagon-loads of supplies were left behind.

Turkish Line Cut.

(By Federal Wireless Telegraph.) SOFIA, Bulgaria, October 28.—(Special to The Advertiser)—Bulgarian troops today captured a military train in the vicinity of Eski-Baba, carrying troops and supplies from Constantinople to Adrianople.

Turks Verify Defeat.

CONSTANTINOPLE, Turkey, October 28.—(By Associated Press Cable)—The Turkish troops evacuated the city of Uskup, it is told here in reports, in such panic that they killed one another, mistaking friend for enemy. The Serbs not only took the city, but captured 118 field guns, fifteen howitzers and 4000 rifles, besides hundreds of wagons, miscellaneous supplies and much rolling stock. The Servian loss is given as twenty-five killed and six wounded.

ON WAY TO MANILA.

(By Federal Wireless Telegraph.) SAN FRANCISCO, October 28.—(Special to The Advertiser)—Second Lieutenant C. A. Gardner, Philippine Scouts, registered as passengers today en route to Manila. Philippine Scouts.

Powers Plan Partition of Turkey In Europe and Two More States

(By Federal Wireless Telegraph.) LONDON, October 28.—(Special to The Advertiser)—The Vienna, Austria, correspondent of The Daily Mail describes an embryo plan which the Powers are discussing for the settlement of the Near-Eastern question. According to this plan, it is proposed to leave Turkey only in possession of the territory between Adrianople and the Bosphorus. All her other European dominions are to be taken from her. Bulgaria is to extend southward to the Aegean Sea, Serbia is to have an Adriatic seaport, Montenegro is to have Sentari, and Albania and Macedonia are to be made independent principalities with princes of Sweden and Denmark as their rulers. No mention is made of Greece.

POWERFUL WIRELESS SENDS FIRST SPARK

Navy Department's Great Plant Beginning of Around World System.

(By Federal Wireless Telegraph.) WASHINGTON, October 28.—(Special to The Advertiser)—The navy department's new wireless station at Arlington, Virginia, the most powerful plant in the world, tonight flung from its lofty spiral the first messages which signaled the completion of an important step in the building of a globe-girdling wireless system which will keep every ship of the United States Navy and every insular possession within instant communication of the capital of the United States.

Down in the sound-proof operating room, windowless and protected by double doors, some of the Navy's most experienced wireless operators, directed by Lieutenant Woodworth, sent out the first flashes.

When this station is working perfectly and the chain of stations is completed, Washington will be in touch with Hawaii, Samoa, Guam, the Philippine Islands and Pearl Harbor. The complete system will cost about \$1,000,000.

MURDER TRIALS OF I. W. W. MEN GO OVER

(By Federal Wireless Telegraph.) SALEM, Massachusetts, October 28.—(Special to The Advertiser)—Because of the illness of John B. Carter, the trial of J. J. Eitor, Arturo Giovannetti and Joseph Curcio for the alleged murder of Anna Lopez was postponed today until Wednesday. Carter, who was taken ill with grippe Friday night, was reported to be improving, but his physicians advised that he remain in his room for two days more at least.

BECKER DESPAIRS OF GETTING NEW TRIAL

Laments His Failure to Take the Stand in His Own Defense.

(By Federal Wireless Telegraph.) NEW YORK, October 28.—(Special to The Advertiser)—"I am no longer optimistic that my lawyers will get me a new trial. I might say I am hopeless of a successful appeal." With these words, former Police Lieut. Charles E. Becker in his cell in the Tombs prison today again lamented the fact that he failed to take the stand in his trial in which he was condemned to the electric chair for the murder of Herman Rosenthal, the gambler, on July 16.

Becker repeated his statement that he had had no connection with the murder, and charged that the informers, "Bald Jack" Rose, "Bridgie" Welber and Harry Vallon, not only engineered the crime, but had planned to murder another gambler. The plot had miscarried, he added.

GRAND JURY READY FOR INVESTIGATION

(By Federal Wireless Telegraph.) CHICAGO, October 28.—(Special to The Advertiser)—United States investigation under the Mann "White Slavery" law into the character of Jack Johnson, the negro pugilist, will be begun before the grand jury tomorrow. Twelve additional secret service operatives, it is said, have been detailed to the case. Lucille Cameron, the nineteen-year-old white girl, whose alleged transportation from Minneapolis to Illinois is the cause of the investigation, is still held in jail as a witness in Rockford, Illinois, under observation of her mother.

VICE PRESIDENT IS VERY SICK MAN

Report Is That He Is Steadily Failing, Due to Internal Complications.

UTICA, New York, October 29.—(By Associated Press Cable)—Vice President James S. Sherman is steadily failing and it is now acknowledged that he is an exceedingly sick. His kidneys are affected and his heart muscles are softening.

No Immediate Crisis.

(By Federal Wireless Telegraph.) UTICA, New York, October 28.—(Special to The Advertiser)—Alarming rumors regarding the condition of Vice President James S. Sherman were influenced by the following bulletin today, issued by physicians in attendance: "Vice President Sherman is a very ill man, although the reports in circulation during the night were greatly exaggerated. Mr. Sherman was sitting up yesterday and he walked about the house from room to room. His condition is bad, it is true, but I do not apprehend any immediate crisis."

PRESIDENT BACK AT HIS DESK IN THE WHITE HOUSE

(By Federal Wireless Telegraph.) WASHINGTON, October 28.—(Special to The Advertiser)—President Taft today plunged into the accumulation of State affairs which has awaited his return from his summer vacation. Secretary of State Knox was his first caller, coming to discuss Great Britain's protest against the Panama Canal bill and the situation in Cuba, the Dominican Republic and Mexico. President Taft and Secretary Knox discussed the campaign and it was decided that the President would make several speeches during the week. One will be made in Ohio.

ROOSEVELT WILL DELIVER ADDRESS

In Spite of Still Open Wound Colonel Insists Upon Talking.

(By Federal Wireless Telegraph.) OYSTER BAY, New York, October 28.—(Special to The Advertiser)—Colonel Theodore Roosevelt was strong today, but his wound was still open, and he was not gaining strength as rapidly as his physicians had hoped he would. He was up early for the second time since his return from Chicago and took a short walk, but was obliged to move about slowly. His right side is still sore from his wound and the muscles there are badly bruised. The Colonel went to the stable and saw Sirdar, his favorite riding horse, for the first time since he was shot. Sirdar neighed in recognition of his master, who fed him with lumps of sugar. Colonel Roosevelt is anxious to ride in the open air in his automobile to New York city on Wednesday, but his physicians feared that the jolting of the car would be unfavorable to his condition, and he will go by train. A special car has been engaged for the trip. Colonel Roosevelt will remain in New York just long enough to make his speech, returning to his car directly afterward for the trip home.

MILITARY CONTROL IN CUBAN CAPITAL IS NOW ABSOLUTE

(By Federal Wireless Telegraph.) HAVANA, Cuba, October 28.—(Special to The Advertiser)—While not actually under martial law, Havana is now under absolute military protection against disorders arising from the heat of political campaign. In accordance with orders issued by General Pablo Mendota, who was appointed by President Gomez to take charge of all the police and military forces in the capital, the streets were patrolled today by police and mounted and foot rife guards. Detachments of regular troops were stationed at strategic points.

ONE LIGHT RAY IN KAIMUKI GLOOM

Colonel Parker Makes Hit With Precinct's Insurgents Present.

AUDIENCE IS CARRIED OUT

Candidates Plead for Voters to Forget and Forgive and Vote for Them.

Kaimukai sulked in its tents last night; that is, a part of it did. The portion of that rebellious electorate which attended the Republican meeting in the first precinct stood afar off and in silence most of the evening, and only general Sam Parker, with soothing, friendly words, was able to stir a spark of enthusiasm in their sullen hearts. When the colonel spoke, there were cries from the little knot of insurgents of "You're all right, Sam! We're for you!"—cheering words which none other of the galaxy of speakers was fated to hear.

It was not what you could call a great assembly. A sprinkling of soldiers, about two score Hawaiians, a score of insurgents and twenty automobile loads of speakers and their supporters from outside the precinct constituted the gathering. Albion Clark presided and introduced candidate after candidate, who, in voices hoarse from much speaking, pleaded with the glowing Kaimukites to forget the past, otherwise the convention, and help the Republican party present a solid front to the enemy.

Charles G. Bartlett received something of a hand, but it would appear that this was in a measure a tribute to his nerve in appearing in the district. Bartlett mentioned that he had been threatened with a shower of decaying eggs should he attempt to speak, and trusted that he would be warned in time, that he might display his knowledge of baseball, as learned at the University of California. There were no eggs in evidence; neither were there catcalls or any other disturbance, but the blanket of gloom which Colonel Parker alone succeeded in raising for a moment, was discouraging—very.

Plead for Support.

George F. Henton, candidate for senator, was the first speaker, but only said a few words, urging the people to stand by the party and the platform and vote for him.

A. S. Kaleopu, who followed Henton, told the people of Kaimukai that the Republican party was responsible for the opening of that district, its schools and its reservoir. He urged them not to throw the party down.

He told them almost tearfully that their announced purpose of scratching the ticket was proving a bad example. "The Chinese are going to scratch," he said, "and the same idea is running among the Hawaiians like wildfire. You can't stop it. Unless you change front and set another example, there is likely to be change all around on November 5, and you people will be sorry too late."

George Smithies, candidate for treasurer, called attention to the fact that eighty per cent of the candidates on the Republican ticket are Hawaiians or Hawaiian born, and that efficiency will be his watchword if elected.

J. M. Dowsett, candidate for senator, pleaded with his audience to forget the convention.

"While we may have had our differences in the past," he said, "there is no reason why they should exist. It is not what we want in this community but what we can get. With Mr. Henton, I am making a personal sacrifice of time and money and labor to work for the good of the Territory as a whole. We have an open enemy and we will have a solid front to oppose them if you will give us the support we expect."

Dowsett said that he was the only representative from the fourth district on the senatorial ticket and that therefore the fourth should support him, and not give the voters of the fifth an opportunity to say that those of the fourth were not loyal to the party.

Bartlett's Regrets. Charles G. Bartlett, candidate for supervisor, after referring to the threat to assail him with eggs should he appear, said that it seemed the principal objection to him in Kaimukai was that he had kept Berndt, Towse and Alfonso off the ticket. He denied that he was to blame any more than the majority of the convention. He said that no one regretted more than he did the fact that Towse was not on the ticket. He called attention to the fact that he was one of the early settlers of Kaimukai, had spent money in developing the district, and therefore was interested in it.

He had been informed, he said, that Kaimukai intended to vote for Hardesty and other superintending candidates on the Democratic ticket. He said he believed that the Republicans would have a majority of the council, and that in this case he feared Kaimukai might not receive its just share if it scratched the ticket. Bartlett said that he had made a survey of his constituency and considered
