

# FORT SHAFTER TO BE MADE REGIMENTAL POST WITHIN TWO WEEKS

PANORAMIC VIEW OF FORT SHAFTER, WHERE SECOND INFANTRY WILL BE CONCENTRATED.

## PRESIDENT WILL NOW TACKLE MEXICO

Proposes to Follow Up Recent Ultimatum Given Madero Government.

(By Federal Wireless Telegraph.) WASHINGTON, January 1.—(Special to The Advertiser)—President Taft, upon returning to the White House, requested to be informed of the situation in Mexico, so that he might consider what action to take in pursuance of the ultimatum which he prepared and sent to President Madero previous to his departure for Panama on December 19. Acting Secretary of State Adee supplied the President with copies of all diplomatic and consular dispatches received within the last two weeks, almost all of which showed a continued growth of anarchy and disorder in the Republic and a lack of interest as to the outrages on foreigners.

Today's reports from Durango chronicled a series of raids by rebels in the vicinity of that city, in which a number of foreign ranches were invaded and razed and the inhabitants forced to flee for shelter.

Durango is completely isolated from railroad communication, and practically from telegraphic news. Many bridges have been burned on the way to Torreon, and it will be difficult to import federal troops to maintain order in this section.

The situation is said to be beyond the control of the garrison at Durango and the rebels are near the city.

## GIVE OUT CONTRACTS FOR NEW SUBMARINES

Seven of Underwater Fighters for Atlantic and One for Pacific Coast.

(By Federal Wireless Telegraph.) WASHINGTON, January 1.—(Special to The Advertiser)—Contracts for eight submarines were awarded at the navy department today, the work being divided between the Lake Torpedo Company, of Bridgeport, Connecticut, and the Electric Boat Company of Quincy, Massachusetts, the former to build three and the latter five.

One boat of the "E 7" type, of 565 tons, is to be built at Bridgeport within twenty-four months, and two boats of similar type are to be built by the Lake Company.

In the Craig shipbuilding yards, Long Beach, California, the contract of the first boat involves an expenditure of \$535,000 and for the two built on the Atlantic Coast \$500,000 each.

The contracts to the Electric Boat Company are for one submarine of 730 tons, type 39E, to be delivered within two years at a cost of \$615,000, and four vessels of type 37G, to cost \$534,000 each, to be delivered within from twenty-two to thirty-five months.

At the present time the submarines under construction are seven on the Atlantic Coast.

## GROUND BROKEN FOR EXPOSITION BUILDING

(By Federal Wireless Telegraph.) SAN FRANCISCO, January 1.—(Special to The Advertiser)—Actual construction upon the great exposition buildings dates from the breaking of ground for the machinery hall this afternoon, when over 100,000 persons witnessed the ceremonies. It was a great day, with beautiful weather, enthusiastic exposition workers and a program that filled the afternoon.

## FORMER FINANCIER IS IN PRIVATE HOSPITAL

(By Federal Wireless Telegraph.) NEW YORK, January 1.—(Special to The Advertiser)—Striking to a large number of the water in his condition, James H. Keene, the financier, is today confined to a private hospital. Mr. Keene has been practically an invalid since he returned from London, two years ago, where he underwent an operation.

## TOO SLOW FOR BALKAN ENVOY

Leaves Peace Conference With Threat of Resuming War at Once.

(By Federal Wireless Telegraph.) LONDON, January 1.—(Special to The Advertiser)—The meeting of the Balkan peace conference was interrupted suddenly this afternoon by Michael Madjaroff, the Bulgarian minister in London, who is acting as a Bulgarian delegate, rising and leaving, after making the statement that he was going to the British foreign office to inform the authorities there that the Allies were going to resume the war.

During the conference M. Madjaroff had uttered a protest against the dilatory tactics of the Ottoman plenipotentiaries. M. Madjaroff's action brought the proceedings to a sudden standstill. After his threatening remarks he promptly left the council chamber and walked to the British foreign office.

His threat was not, however, taken too seriously by his colleagues, who decided to take a temporary recess, evidently expecting that he would return and that the conference would continue.

## ADRIANOPLE OR FIGHT

LONDON, January 2.—(By Associated Press Cable)—The Turkish envoys to the peace conference in session here made it exceedingly plain yesterday that they will insist upon the retention of Adrianople as one of the terms for peace. Failing to secure this concession the Turks will refer the case to the arbitration of arms.

## BESIEGE FINE HOME OF MILLIONAIRE IN VAIN

NEW YORK, January 1.—(By Associated Press Cable)—Swarms of detectives are besieging the residence of William Rockefeller, in an effort to serve upon the owner the summons from the house of representatives investigating committee, to appear and testify regarding the so-called money trust. So far the officers have been unable to force an entrance.

## SULZER INAUGURATED NEW YORK'S GOVERNOR

HON. WILLIAM SULZER, the new Governor of the Empire State.

ALBANY, New York, January 2.—(By Associated Press Cable)—Before a great concourse of interested people, including most of the prominent Democrats of the State, William Sulzer was inaugurated into office as Governor of the State of New York, yesterday, with all the ceremony fit for such an occasion.

## WHOOPIING COUGH

When your child has whooping cough be careful to keep the cough loose and expiratory rax by giving Chamberlain's Cough Remedy as soon as you notice it. This remedy will also help the bronch tubes and make it easier to breathe. It has been used successfully in many epidemics and is safe and sure. For sale by Benson, Smith & Co., and agents for Hawaii—Advertiser's work.

Mr. F. E. Thompson left for San Francisco yesterday on the Northwestern. J. Thompson was given leave on his paying visiting trip.

## Orders Received for Entire Second Regiment of Infantry to Vacate Schofield Barracks for Its New Post.

(From Thursday Advertiser) Port Shafter was yesterday designated as a full regiment army post and the entire Second Infantry will occupy it before January 12, under orders received yesterday morning from Major General Murray, U. S. A., commanding the western division.

Col. George McGunagle, acting department commander, received the cable from division headquarters and at once communicated that part respecting the new station of the Second Infantry to the commanding officer, Colonel French. The regiment will prepare for its leaving today and will be in readiness to go into quarters at Shafter within the next ten days, prior to the arrival of the transports Sheridan and Logan from San Francisco with additional troops for Oahu.

The news of the decision to immediately make Fort Shafter a regimental post was a surprise to the army officers generally, although the recommendation to enlarge Fort Shafter has been made by the various army boards appointed to consider Oahu fortifications and needs.

## Regimental Post.

The orders to Colonel McGunagle are to transfer the headquarters, band and two battalions of the Second Infantry, now at Schofield Barracks, to Shafter, to join the third battalion which has formed the garrison of the post since the regiment arrived in the Islands.

Fort Shafter, which is located at the Kwa end of Honolulu, has not enough buildings for the accommodation of

all the troops, and those from Schofield Barracks will be compelled to go into camp, occupying ground not immediately needed for construction work.

Colonel French will be command of Fort Shafter which will become the base to protect Pearl Harbor, one of the results of the war between the Reds and Blues last September.

## New Regiment Lucky.

The Twenty-Fifth Infantry, which will arrive here from Puget Sound forts on or about January 13 or 14, will occupy the quarters just vacated by the Second Infantry at Schofield Barracks. The orders to Colonel McGunagle are to have the new regiment occupy the Second Infantry cantonment as far as practicable.

As to the disposition of the Coast Artillery Companies ordered here to man the coast fortifications, Colonel McGunagle will direct the Tenth Company to go into camp at Fort Ruger, and the Sixty-Eighth and Seventy-Fifth Companies to encamp at Fort Kamehameha, Pearl Harbor. The latter fortifications are complete so far as guns and emplacements are concerned, but the camping ground is quite limited in area, much of the surrounding terrain being broken by lagoons which are to be filled in.

The fortifications at Pearl Harbor, so far, are two twelve-inch guns and emplacements a quarter of a mile distant from an eight-mortar battery.

The wives of officers and enlisted men of the companies designated for service at Fort Kamehameha will probably be unable to live with their husbands until better accommodations are prepared for them.

## UNION MEN BEGIN THEIR SENTENCES

Dynamiters at Federal Prison Get Their Heads Shaved—Grim Joke.

(By Federal Wireless Telegraph.) NEW LEAVENWORTH, Kansas, January 1.—(Special to The Advertiser)—The thirty-eight union men convicted at Indianapolis arrived at the federal penitentiary here at seven o'clock this morning. The trip was made without mishap or incident.

The men immediately began serving their sentences. The prisoners were received by the wardens and each signed the prison book. Then they were bathed, their heads shaved and each donned prison clothes. The men were given numbers and ordered to learn the prison rules.

The deputy United States marshals accompanying the prisoners from Indianapolis here guarded the union men closely last night. There was no ventilation in the cars, all the windows and doors being tightly closed.

At midnight United States Marshal Schmidt served the prisoners and their guards with coffee, sandwiches and cigars and cigarettes.

The other prisoners ostracized Hockin throughout the trip. He is regarded by the union men as a traitor. During the night each prisoner quietly requested of Marshal Schmidt that he ask the warden not to make Hockin his cell mate.

P. M. Ryan, president of the Ironworkers' Association, sat with bowed head throughout the trip.

Olaf Tveitmo, of San Francisco, wore a serious expression and had but little to say. At midnight Frank Higgins was overcome by foul air and weariness and was attended by a physician. E. A. Clancy, of San Francisco, suffered a slight attack of heart trouble last night, but was much better today.

According to federal prison rules, each prisoner eats at a separate table, a series of signals indicating to the trustees what is wanted. Each prisoner is permitted to write two letters weekly, but the mail is under the supervision of the warden.

Some of the prisoners joked throughout the day. Edward Smythe, of Springfield, said he intended to demand that District Attorney Miller return the \$100,000 ransom, because he intended to put one on each end of the medal at his home.

"They would make fine ornaments," he said.

## ESCORTING SQUADRON SAILS.

NEW YORK, January 1.—(By Associated Press Cable)—The battleships North Dakota, Florida and the destroyers USS. Bayard, Mead and Beading, sailed from this port this morning to escort the British cruiser Natal that is bringing the body of the late colonel, who died in England, Whiteley Hill, back home. Arrangements for a formal funeral of the diplomat, statesman and soldier, were being completed.

## WILL BE GLAD TO GET RID OF HIM

Ex-President Castro, of Venezuela, May Settle Trouble by Sailing Away.

(By Federal Wireless Telegraph.) NEW YORK, January 1.—(Special to The Advertiser)—Having abandoned further effort to gain admission to the United States, General Cipriano Castro, the exiled ex-president of Venezuela, spent New Year's today in detention at the immigration station on Ellis Island, angered at the hostility shown him here.

Castro's wish to return to France by a German steamer will be readily granted by the authorities at Washington, according to a dispatch from the capital, and if there is no unforeseen obstacle the unwelcome visitor will probably sail for Hamburg on Saturday on the steamer America, of the Hamburg-American line, to find what asylum the German government will afford him.

## Washington was Puzzled.

WASHINGTON, December 23.—Whether Cipriano Castro, former president of Venezuela, will be permitted to land in the United States is being considered by officials of the government. It is reported he has started from Paris to New York. Officials frankly confess that they have not yet reached a decision as to the treatment to be accorded if he should appear at an American port.

## He Sails from France.

HAVRE, France, December 22.—Ex-President Cipriano Castro of Venezuela is a passenger on the French liner La Touraine, which sailed yesterday for New York. The former dictator of Venezuela, who got into serious trouble with the United States by defying that country in the matter of settling financial obligations, has been staying at Passy with a former Venezuelan general. He engaged a waiter at the Cafe Riche as his valet, and it was through the latter that his whereabouts was ascertained. As a result the police set a watch on Castro, and were after him when he arrived yesterday with his valet and boarded the steamer.

Castro wore a fur coat and silk hat, and as soon as he arrived he boarded ship and went immediately to his cabin which he engaged under the name of Ruiz, having abandoned the pseudonym of Quintana, which he has hitherto used. He stayed in his cabin for half an hour, and then replacing his hat with a cap, went on deck and sat on a bench at the first-class gateway.

The news of Castro's presence on board of the vessel spread rapidly, and all the passengers tried to get a glimpse of him.

George W. Phillips, in the navy a member of a century, passed since 1859, when he took part in the Spanish American war, and a chief gunner since 1899, died at Newport, Rhode Island, He was lately on the battleship Idaho.

## FIRST DELIVERY GOES TO WILSON

President-Elect Gets Apples by Parcels Post—Service Is Rushed.

(By Federal Wireless Telegraph.) PRINCETON, New Jersey, January 1.—(Special to The Advertiser)—The first package sent by the parcels post was delivered at the home of President-elect Wilson in Cleveland lane at seven minutes past midnight this morning. It contained two dozen fine Jersey apples from the Woodrow Wilson Club of Princeton, as a New Year's greeting.

The postoffice usually closes at seven o'clock, but Postmaster Robinson kept it open until after midnight so that his office could deliver the first parcel.

Just as the university clock struck twelve, Joseph Huff and a number of other members of the club handed over the package, which weighed exactly eight pounds eight ounces. It took just five minutes to make the trip to the President-elect's home.

## Parcels Post Popular.

(By Federal Wireless Telegraph.)

WASHINGTON, January 1.—(Special to The Advertiser)—Americans today were using for the first time their new institution, the parcels post. Reports to headquarters from postoffices, large and small, throughout the country show that the newest of government services was being ushered in with a heavy use, and that the facilities provided for handling the new business would be taxed to capacity as the public knowledge of it became more general.

From all points came reports of "frank" shipments in the new post. They consisted of everything from pithefalls and prunes to paying blocks and poultry.

Under the regulations, practically every class of merchandise is mailable by parcels post. All mail matter formerly fourth-class now goes in the new service.

## FIRST PARCELS POST PACKAGE FROM HERE

(From Thursday Advertiser)

Honolulu's first parcels post package received at the postoffice for delivery was an insured parcel, the equivalent of a registered bundle, and directed to a mainland address. It was received soon after the office opened for business yesterday morning. As the office was open for only a short time on account of the holiday closing the parcels post transactions were not heavy, but there was enough business to indicate that the service will meet local conditions admirably.

"We ran across nothing extraordinary in the parcels post packages," said Postmaster Pratt yesterday. "The service was successfully launched and appears to have been started off favorably. There was just a slight confusion as to the designated location in our office, and, of course, patrons were not quite used to the rules and regulations governing the stamping and marking of packages. It is a service calculated to meet our needs very well."

"We have to keep a careful record of all parcels post transactions for the first sixteen days in order to arrive at a comprehensive idea of what we will need here to make the service what it should be. It will be necessary to learn what we need for transportation, for the parcels have to be delivered by the carriers. Of course, as the service develops we will know what is wanted in getting the parcels to the addresses. The whole thing is now largely experimental."

The first package received, for the mainland delivery, was about four pounds in weight.

## FEAR FOR SAFETY OF OVERDUE STEAMER

(By Federal Wireless Telegram.)

ST. JOHN'S, Newfoundland, January 1.—(Special to The Advertiser)—With the hurricane which has swept the Newfoundland coast for nearly a week still raging, the steamer Nevada, bound from St. Johns for Sydney, Cape Breton, is reported long overdue, she has on board a crew of thirty.

Young Ding, the first Chinese to be convicted of a capital crime in New York for thirty years, was sentenced to life in the electric chair in the week commencing January 20. He was convicted of killing Yee Yee, of the Hip Hop Tug in Chinatown, last July.

## AGREE ON WORK FOR SPECIAL SESSION

President-Elect Plans Revision of Tariff and Action on Philippines.

(By Federal Wireless Telegraph.) TRENTON, New Jersey, January 1.—(Special to The Advertiser)—The result of a conference of an hour and a half between President-elect Wilson and Oscar Underwood, Democratic floor leader of the house, at the State House may be summed up as follows:

First—An extra session will be called at the earliest possible moment. Probably it will be the first act of the new President, and the lawmakers will convene about the middle of March.

Second—The tariff will be revised in every schedule, and the various schedules may be enacted separately in order to expedite matters, unless it is possible to rush the tariff through as a whole.

Third—The tariff will not be the only legislation considered at the extra session; other important matters will be brought up, among these probably will be the Jones measure, calling for provisional government of the Philippines for eight years and ultimate independence for the islands.

## Blount or Jones.

WASHINGTON, December 22.—Either Judge James H. Blount of Georgia and Washington, or Representative William A. Jones of Virginia will be the next Governor General of the Philippines to succeed Governor General W. Cameron Forbes. This has been authoritatively announced here by senators and representatives who have recently conferred with President-elect Wilson at Trenton, New Jersey.

The President-elect is said to prefer Judge Blount, who has had six years experience in the Philippines as a judge of the courts of the first instance, who served as an officer in the Philippine insurrection, and who is the author of a standard history of the American occupation of the islands.

Representative Jones is the author of the bill giving limited independence to the Filipinos in 1921, but has never lived in the islands. His experience with the Filipinos was gathered from one brief tour through the archipelago several years ago. Jones is said also not to be anxious for the place, as he prefers to remain at the head of the house insular affairs committee.

On the other hand, Blount, who is considered here to have the best chance of getting the appointment, would like to have the job of setting up a Filipino republic under the provisions of the Jones Bill.

Both men have recently been sounded by friends of Wilson as to whether they would accept the Governor Generalship, and Jones is reported to have returned an indefinite answer to the overtures, while Blount let it be known he would favorably consider the place should it be offered.

It is therefore probable that Blount's name will be sent to the senate immediately after Governor General Forbes' term expires. If Judge Blount becomes Governor General, he will make a clean sweep of Republican office holders in the Philippines, as he is known not to be in sympathy with the policies of the Forbes government, and is particularly hostile to Secretary of the Interior Worcester of the Island government, because for many years Worcester has opposed Filipino independence.

## RESIGNS AT LAST AS MANAGING DIRECTOR

(By Federal Wireless Telegraph.) LONDON, January 1.—(Special to The Advertiser)—The long-expected resignation of J. Bruce Ismay from his position as chairman and managing director of the White Star Line has been announced; it will take effect June 30. It has been looked for since the inquiry into the sinking of the Titanic, on which he was a passenger, last spring.

## TAXI CABBIERS ON STRIKE.

LONDON, January 1.—(By Associated Press Cable)—All of the taxi-cab drivers in this city went out on strike this morning. More than eight thousand men are reported to be idle.

## TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box.
