

MASSACRE OF CHRISTIANS IN CONSTANTINOPE IS THREATENED BY RIOTING MOSLEM FANATICS

NEW PLANS FOR CARNIVAL WEEK

Turkish Peace Envoys Recalled; War Now Certain.

Nazim Pasha's Assassin Promoted In Place of Victim.

(By Federal Wireless Telegraph.)
CONSTANTINOPE, January 24.—(Special to The Advertiser)—All hope for peace in the Balkans was dissipated today when the new Ottoman cabinet decided to recall the Turkish peace envoys from London immediately.

This precludes resumption of peace negotiations and means that the young Turks who are in control are determined to prosecute the war with the Balkan Allies.

Continuous rioting went on throughout the city last night and in the street fighting today many were seriously wounded.

The police made a show of keeping order and made wholesale arrests, but as soon as a prison was filled with rioters a mob would storm the place and liberate them.

CHRISTIANS IN DANGER.

Letting loose upon the city all of these evil elements is one of the greatest dangers of the moment, for it is more than possible that at any moment a massacre of Christians may begin which will force armed intervention by the Powers.

The first official act of the new Turkish cabinet after recalling the Turkish peace envoys from London was to recall the Turkish ambassadors from Vienna and St. Petersburg for court martial.

The ambassadors are accused of not maintaining strong policies on behalf of Turkey against the Balkan Allies.

INTERVENTION MAY FOLLOW.

BERLIN, January 24.—(Special to The Advertiser)—Censored dispatches from Constantinople today indicated that the young Turks are in possession of the city and that rioting and pillaging are threatened on all sides and massacres of Christians in the Ottoman capital, diplomats here believe, would be followed by Russian intervention and this, they say, would involve Austria, raising anew the possibility of a general European conflagration.

Enver Bey, a young Turk leader, who was responsible for killing, yesterday, Nazim Pasha, commander-in-chief of the Turkish forces, today was named military commander of Constantinople on his own demand.

Enver Bey and his followers completely dominate the Sultan.

YOUNG TURKS DOMINANT.

The young Turks are in complete possession of the palace and are in a position to force from the Sultan acquiescence in almost any plan.

The foreign office today received official confirmation of the killing of Nazim Pasha by Enver Bey.

The British ambassador telegraphed that Nazim Pasha lived awhile after he was shot. Two other Turkish officers were slain with the dead general.

Lose Hope of Peace.

LONDON, January 24.—(By Associated Press Cable to Star-Bulletin)—Reports from Constantinople reaching here destroy all hope of immediate peace, and the delegates of the Allies are already preparing for the recall they deem inevitable. With one accord they announced today that they expect an immediate resumption of hostilities within the week, if not before.

Dispatches from Germany tell of a panic on the Bourse, which is reported to have broken violently on receipt of dispatches from Constantinople this morning and last night.

Other dispatches from the different chancelleries announce the abandoning of all hope of peace and the acceptance of the inevitable war, with preparations to meet eventualities.

LONDON, January 24.—(Special to The Advertiser)—The house of commons in committee of the whole this afternoon considered the franchise reform bill which, if passed, will provide women suffrage.

Alfred Lyttelton offered Sir Edward Grey's amendment to the government measure, which Premier Asquith had agreed could be presented and voted on without party lines being drawn, but which would not be fathered as a government portion of the bill.

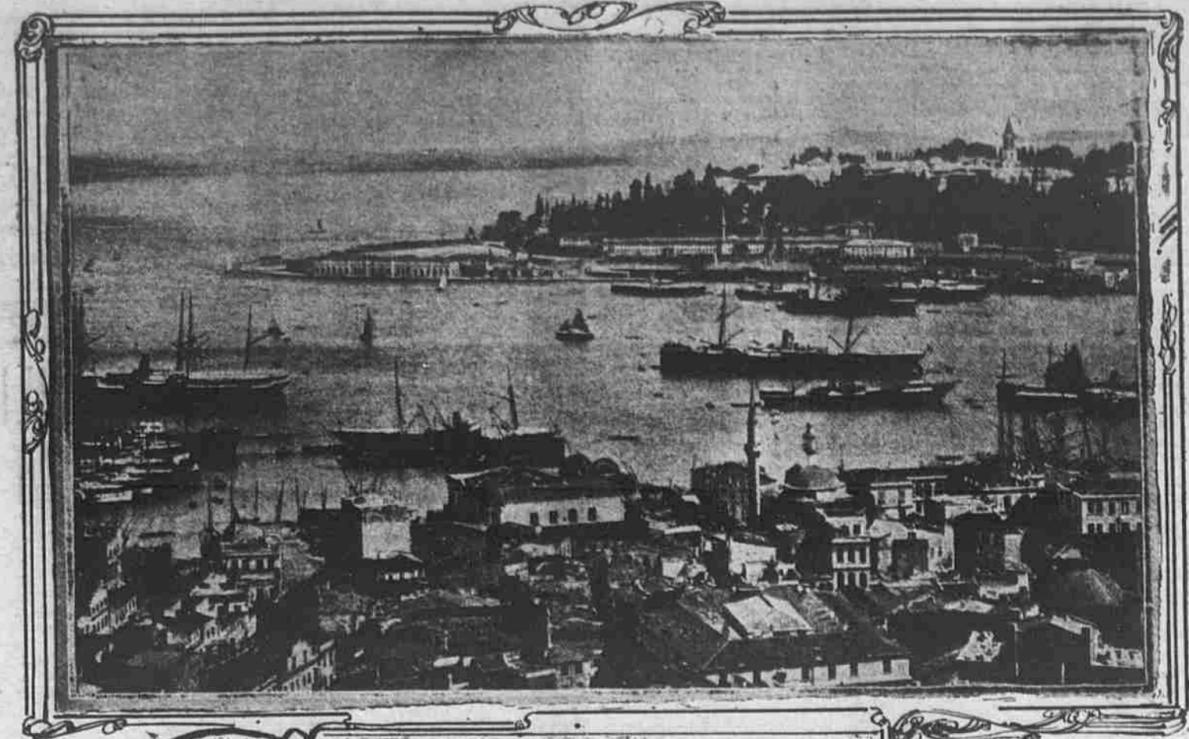

Colonial Secretary Harcourt said as to Sir Edward Grey's amendment: "The adoption by women of such methods of violence as London has recently seen is an excellent indication of the type of mental balance that is to be expected if they are enfranchised."

NAZIM PASCHA, THE MURDERED COMMANDER-IN-CHIEF LEAVING SULTAN'S PALACE

ASIATIC TROOPS ARE POURING INTO TURKISH CAPITOL

(By Federal Wireless Telegraph.)
CONSTANTINOPE, January 24.—(Special to The Advertiser)—Thousands of Asiatic troops crossed the Bosphorus into European Turkey last night and today. More than 300,000 Asiatics have been brought here from Asiatic Turkey since the armistice was signed, and the young Turks are boasting that the Porte is better prepared now to prosecute war than when hostilities stopped.

Hame for the killing of the late Nazim Pasha was placed at today's official inquiry, on Nazim Pasha's own aides, who fired at Enver Bey, Talaat and others, as they passed the dead man's home. Enver Bey and the others returned the fire.

hours, better food and the remedying of conditions which they say are unsatisfactory. The demands have been rejected by the hotel and cafe owners and the walkout is the result. The higher class hotels and cafes of the city are principally affected by the strike.

CHRISTIANIA, Norway, January 24.—(Special to The Advertiser)—The Norwegian expedition for the relief of the German scientists suffering terrible privations in a remote part of Spitzbergen, left Advent Bay, Spitzbergen, Monday, but were forced to return there today because the water was found open and communication overland impossible.

The relief of the scientists will be impracticable until new ice has been formed.

(By Federal Wireless Telegraph.)
WASHINGTON, January 24.—(Special to The Advertiser)—Secretary of State Knox's reply to the British protest against the exemption of American coastwise shipping from tolls in the Panama Canal having been received in London, it is incumbent on the British foreign office to come to a decision at once as to the course to be pursued in the continuance of the negotiations.

The question for the British government to determine is whether efforts shall be continued to adjust the differences between the two countries by further exchanges, or to accept Secretary Knox's offer to exchange ratification of the Knox-Bryce general arbitration treaty, as amended by the senate, and refer to a special commission the task of finding the actual facts and basis for possible arbitration.

Officials here are awaiting this decision with great interest, because on it will depend the probability of President Taft reaching a satisfactory settlement of the question before he leaves office.

If the British government should decide to regard as satisfactory the American statement that its apprehensions for the future treatment of British shipping in the canal are groundless, and will so express itself, the incident will be closed, at least for the time being, or until some subsequent congress might endeavor to act in a way so as to warrant the charge of discrimination against foreign shipping.

Secretary Knox, in his note, expressly invited the British government to examine the facts cited by him. As a basis for his statements regarding coastwise shipping he relies upon Professor Johnson's conclusions and it is upon his calculations that the tolls were fixed.

The British contention that an unjust burden was fastened upon British ship owners has been completed and it should not require much time to confirm this statement of Secretary Knox, as it is known that Professor Johnson's report is already in the possession of the British foreign office so that the way is clear to a speedy understanding.

(By Federal Wireless Telegraph.)
WASHINGTON, January 24.—(Special to The Advertiser)—Democratic senators in caucus today reaffirmed their determination to permit none of President Taft's nominations to be confirmed at this time, with the exception of Army, Navy and diplomatic appointments.

The caucus was called at the instance of Senator Newlands to see if it were possible to confirm interstate commerce commissioner Clark's appointment.

Senator Smoot for the Republicans, when he heard of the caucus, said Republicans would meet next Tuesday to determine their attitude.

WASHINGTON, January 24.—(Special to The Advertiser)—Consul Edwards at Acapulco, Mexico, caused the sending of the cruiser Denver, reported today that conditions there are quiet. The Denver has arrived and the British warship Shearwater has prepared to depart.

LOS ANGELES, January 24.—(By Associated Press Cable)—At the annual convention of the Building Trades Council of California now in session here, P. H. McCarthy, former mayor of San Francisco, was today selected president of the state organization by an overwhelming vote.

At a meeting of the chairmen of the various committees of the Washington's Birthday celebration, held last night in the merchants' association rooms in the Young Hotel, it was shown by the various reports that all of the chairmen are working on ambitious lines in outlining their plans for the Carnival week, and that one of the problems that may soon confront Director General Chillingworth is that of having too much going on. Some new entertainments were proposed, and the punch-bowl fireworks demonstration was given up, the days and nights of the Carnival week being already crowded with other events.

The most elaborate outline of plans made by any chairman present was that of W. T. Rawlins, as head of the committee in charge of the Waikiki celebration, of which the main feature is the reproduction of the historic landing of Kamehameha, when he came to conquer Oahu.

An interesting plan was described by Mr. Rawlins, and he was authorized to go ahead with it. Rawlins has made a study of the subject, and will revive some oldtime customs which few, if any, living persons have seen carried out. The committeemen were so enthusiastic over the matter after hearing his description of what he proposed to do that in informal discussion, after the meeting, there was talk of arranging for the erection of a huge grandstand on the beach for spectators.

Sightseeing a Difficulty.

Rawlins has his plans in line, but one of his main difficulties is that of arranging so that the crowds can see the ceremonies, which are to be a reproduction of what happened on the same beach nearly a hundred years ago.

"It was a splendid meeting," said Senator Chillingworth after adjournment, "and greatly encouraged all concerned in the celebration with regard to the general success of the affair. Until the chairmen of the committees got together, after a few weeks of work, they didn't know how much was going on, how much had been done, and how big the celebration was to be. We were all happy at the close of the meeting and at the showings made by the various chairmen."

Where to Disband.

The first matter brought up by the director general was that of the route of the parade, and where it should disband. It was the general sentiment that the march of the parade should be to Alexander field, as happened last year, though definite details as to the routes to be taken by the various sections were not agreed upon.

One reason for this opinion was that the distance to Kapiolani Park, the other suggested place of disbanding, was too far from the starting place, and another reason for preferring Alexander field was that the military would be holding their athletic exercises in Kapiolani Park at about the same time that the parade might want to disband. It was generally agreed that for many reasons Alexander field should be the place for the disbanding of the parade.

The route that the parade shall follow was discussed, but no action was taken, and the decision will probably be left to Marshal A. M. Brown.

Present at the meeting as chairmen of committees were Col. J. W. Jones, Lorin Andrews, Henry Vierra, C. B. Guert, Hon. W. T. Rawlins, Hon. John Hughes, J. Walter Doyle was present as manager of the proposed Elks' show during Carnival week, and gave an outline of what the "Roaring Camp" will be.
