

ASAHIS DEFEAT PARESA; SAINTS TRIM CHINESE

MEDEIROS AND SLOAN ARE HIT AT OPPORTUNE TIMES BY ABE'S SOLDIERS WHILE DUCK KING BARNEY PITCHES AIR-TIGHT BALL.

(From Monday Advertiser.) Asahis 9, P. A. C's 7. Saints 9, Chinese 3. Hostilities were temporarily suspended at Athletic Park yesterday afternoon and olive branches of peace waved serenely and freely over the heads of those who were the combatants and arbitrators on the ballfield.

Manager Abe of the Asahis puffed curly and often on his merrish pipe. His nine little brown men played bang-up baseball and were winners of their scrap with the Portuguese in a most decisive manner, while the arbitrators, Messrs. Norris Stoyton and George Bruns, handled the indicators in a most satisfactory manner.

Table with columns for ASAHIS and P. A. C. listing runs, hits, errors, and other statistics for various players.

INTER-ISLAND POLO GAMES NEXT ON CARD

OAHU, MAUI AND TWO ARMY TEAMS TO CONTEST FOR HONORS WITHIN FOUR WEEKS—ARTHUR RICE TO JOIN LOCAL AGGREGATION.

It has definitely settled to play the inter-island polo matches during the week, following Regatta Day next month. This will allow the teams, of which there are to be four, getting in considerable practice before the matches.

Since the opening of the season, the date of the big tournament has remained unsettled, owing to the absence of the captain of the Oahu team, Walter Dillingham, who is at present in the East. At this writing, it looks very much as if Captain Dillingham will be unable to take part in the tournament and it has been decided to go ahead and play without him.

Oahu and Maui will be both represented in the tourney and there will also be two army teams, one from the Fourth Cavalry and one from the First Field Artillery. This makes the tourney a four-cornered one, which will likely be decided by elimination, requiring three matches in all.

With four teams in the field drawings can be made for the original pairings, and the winners of the matches play off for the championship. The Oahu club has never been so short of players as at the present time, and the loss of Dillingham was one that seemed fatal, until Arthur Rice announced his intention of turning out to take the fourth position on the team.

He is an experienced player, and was a member of the All-Hawaii team that went to the Coast last year. The addition of Arthur Rice to the Oahu team means another shift of players, and probably everyone will be playing a new position when the whistle blows for the first match.

The present plan is to play at A. Baldwin at No. 1, Harold Castle, No. 2; Walter Macfarlane, No. 3, and Arthur Rice, back Rice, although he played No. 1 on the All-Hawaiian team, is more at home at back, so he is going back to his regular position.

Sam Baldwin is even more effective at 1 than at 2. He is not such a vigorous rider-off as Macfarlane, but he is so snappy with his stick and so well mounted that he changes the general system of the game, and puts the opposing back in the position of chasing him. Castle is originally a No. 2, and plays this position better than any other. For ten years he played 2 to Walter Dillingham's 3, Macfarlane has the strongest back-hand of any of the local players, and will make an excellent No. 3.

The tournament will be played at Maunaloa, as heretofore, there being no time to consider putting the Kapiolani Park field in shape.

BOARD ACCEPTS HOSPITAL'S PLAN

Since the recent criticism of the Queen's Hospital for refusing an emergency case, an arrangement has been entered into between the hospital authorities and the board of supervisors which will insure proper attention to every emergency case brought to the hospital. The committee on sanitation submitted a report to this effect at the last meeting of the board of supervisors Friday.

First Aid in All Cases. Briefly, the terms of the agreement are as follows: All cases sent to the hospital which are found to require no medical or surgical care are to be removed by the city authorities. All other cases where examination shows medical or surgical care is required will be admitted to the hospital as county patients at the rates already in force.

Will Avert Trouble. Cases for quarantine are to be turned over to the territorial board of health.

If this agreement is lived up to at the Queen's Hospital, there will be no repetition of the incident which caused considerable indignation a few weeks ago. All emergency cases will be attended to at the hospital until their proper disposition can be determined.

ORDER OF SERPENT ELECTS NEW OFFICERS

SCHOFIELD BARRACKS, August 30.—The Grand Lair of Hawaii, Military Order of the Serpent, met recently and installed the following officers: C. H. Unselt, grand pu gwanissimo; B. K. Shuckford, grand dattu; W. H. Duty, thrice infamous inferior grand pu go; Alexander Morrison, grand lord high keeper of the sacred ampors; Nick Andrews, Ira Creeluis, Henry J. Rath, William Carey, slick and slimy keepers of the ophidian.

The rapid manner in which the murderer crossed the country from Honolulu to Kona caused considerable surprise. His personal appearance is that of a man in his late thirties, and no front teeth, he is a conspicuous character. He was arrested at Kona on a telephonic description. It is believed he made his way on foot through the less frequented districts to Kona. When captured he was endeavoring to procure some food in a store.

Honolulu Who Won \$6000 Scholarship to Join Party En Route to Mainland.

(From Monday Advertiser.) Elaborate preparations for the entertainment of the one hundred and ten Chinese students who will arrive this morning on the steamer China have been made by the Chinese Students' Alliance and the Chinese Merchants' Association, which have been cooperating for the last week in anticipation of this event.

Arrangements have been made to extend to the visiting students who are en route to colleges and schools on the mainland all the hospitality that can be crowded into their short stay here. The Royal Hawaiian Band will be at the pier to discover the native and Chinese airs and directly after the arrival the guests will be taken by automobiles to the Bishop Museum, the Aquarium, and the pineapple canneries.

After returning to the vessel for lunch small groups of guests will be taken in charge of local Chinese students who will conduct them through the city and on short trips to the suburbs.

Social to Follow Banquet. At four-thirty this afternoon an elaborate banquet will be given, after which a social and reception under the personal direction of Mrs. A. T. F. Yap, vice president of the Students' Alliance, will be held at the Davis Memorial hall at St. Andrew's Cathedral.

Although under the auspices of the alliance the social will be conducted by the fair sex. Y. T. Tsur, president of the Tsing Hua college, Peking, who is with the visitors, will be asked to deliver an address at the banquet.

Mr. Tsur not only graduated from Yale with the highest honors but is also a member of the Phi Beta Kappa fraternity of the institution. He took his A. B. degree at Yale and his M. A. degree at Wisconsin University. He was a student under Dr. Paul S. Reinch, now United States minister plenipotentiary to China.

When Mr. Tsur first joined the faculty of Tsing Hua College he was the dean, having been elected to the presidency last fall. Since he took up the administration of the college he has rearranged its entire curriculum, after the model of American institutions. He is recognized as one of the most efficient educators in the new republic.

In compliment to the large number of Chinese student-passengers, the agents of the China have arranged to hold the steamer until Tuesday, thereby affording the travelers an opportunity to see Honolulu and enjoy the hospitality of the Chinese colony. The committee in charge of general arrangements for the entertainment of the visitors is composed of W. A. Bowen, W. D. Westervelt, George P. Castle and Kim Tong Ho.

Local Student to Join Party. Daniel K. F. Yap, native of Honolulu, who was graduated from the Tsing Hua College of Peking in the class of 1913, will join the party on the China.

Fertilizers TRANSPORTATION

Transportation increases the cost of everything you buy; fertilizers are no exception. It costs you as much to haul a low grade as it does a high quality fertilizer. The difference is this: If the high grade is twice as strong as the other, you have to haul only one half as much and your cost of hauling is cut in half. IT ALWAYS PAYS TO BUY HIGH GRADE FERTILIZER.

HAVE TO HAVE SPIKES.

Some years ago it was suggested that the sharp steel spikes used by ball players be replaced with little leather blocks on the soles of the shoes on much the same style that golfers and football players use. But experiment with these showed that they were almost without value, as they did not dig into the ground deep enough to aid the base runner. In fact, they burrowed only the slightest fraction of an inch, because of their rather blunt points, and the base runner found that instead of being aided his speed was retarded.

WIFE MURDERER IS RUN DOWN

Toiyoji Endo, the Hawaii Japanese, who is charged with the murder of his wife at the Honokaa mill camp last Monday was arrested at Kona and brought to Hilo by Sheriff Pus, who was notified of his capture, says the Hawaii Herald.

The rapid manner in which the murderer crossed the country from Honolulu to Kona caused considerable surprise. His personal appearance is that of a man in his late thirties, and no front teeth, he is a conspicuous character. He was arrested at Kona on a telephonic description.

It is believed he made his way on foot through the less frequented districts to Kona. When captured he was endeavoring to procure some food in a store.

The sheriff's investigation at Honokaa developed the fact that the pursuer of the murdered woman had been out open and rifled of all its contents. For this reason the idea that the murderer had committed suicide in the canefields was scouted, and the search continued in the outlying districts until the man was captured.

The Japanese is now in jail awaiting the action of the authorities.
