

BARNEY TURNER INDICTED UNDER STATUTORY LAW

Ten Causes Returned by Federal Grand Jury In Judge Dole's Court

NO BILL IN ALLEGED WAIKIKI ASSAULT CASE

Federal Inquisitors Will Resume Work Next Tuesday—Have Week's Work Ahead

(From Saturday Advertiser.)
Barney Turner was arrested on a statutory charge yesterday on a bench warrant issued by Clerk A. E. Murphy, under instructions given by Judge Dole of the federal court. Mrs. Evelyn May Roe, a widow, during the past year engaged as a nurse in the home of one of the most prominent local families, is the woman mentioned in the case in connection with the charge lodged against Turner, who was indicted by the federal grand jury yesterday.

Turner's bond was fixed in the sum of \$1000 and until he is able to furnish it he was placed in the custody of Marshal Smiddy.
Deputy Watches Over Sleeper
It is understood that under an arrangement made by Claudias H. McBride, whom Turner has retained to defend him, the defendant was allowed to sleep at his own home last night, Deputy Marshal Otto F. Heine being placed on guard to prevent the man's escape from custody.

Ten indictments were returned yesterday by the federal grand jury, all of which were ordered placed on the secret file. It is understood that all of the defendants indicted, with the exception of Barney Turner, were already in custody. John Apio, charged with bigamy, was one of the men indicted. Another man indicted was Frank Repta, charged with smuggling a small quantity of opium last November from the steamer Siberia, while this vessel was in port here. Repta pleaded guilty to the charge on being arraigned yesterday and was fined \$100, the costs of court being remitted.

Optium Smuggler Fined

Attorney George A. Davis made a plea for leniency. He said that Repta had lost his position of quartermaster on the Siberia at the time of his arrest; that later he had secured employment here on the waterfront, but that he had been practically humiliated by officials involved in the case, who told him new employers that Repta was under an opium charge, and that as a result of the tale the defendant had been discharged from his shore employment. Judge Davis also said that his client had spent some time in jail while awaiting the action of the grand jury and that on the whole he believed Repta had already been punished to a certain extent. He asked for the imposition of a fifty-dollar fine, the minimum under the law.

Judge Dole said that there had been charges made that the court had been altogether too lenient in the matter of sentences imposed on convicted opium smugglers. He took into consideration all that had been said in the defendant's behalf. He passed sentence as said above, the fine being paid in court and the defendant discharged.

No Bill in Mrs. Tarter's Case

The jury returned one no bill, this being in the case of Lee, Aliza Barney Turner, and Ed O'Neil, who were investigated during the past week on an alleged charge of violation of the "White Slave Traffic Act." They were alleged to have taken a Miss Viva Tarter, the wife of an enlisted man at Schofield Barracks, out to Waikiki on the night of January 27 last, for the purpose of debauchery. One of the contracts prepared and signed by the district attorney. Many witnesses were called before the federal grand jury, which failed, however, to find any merit in the charges. It has been claimed that Mrs. Viva Tarter was brutally beaten and bruised by some men on the night in question, when she fought to save her honor. It was further claimed that the women, after eluding her alleged persecutors, went to the Huestace Villa, where she sought protection and secured clothes to allow her to return to her home.

Arraignments Probably Today

Statutory, opium and liquor charges constitute the other indictments, the defendants probably being called upon this morning to stand arraignment. A number of pleas of guilty are expected to be made, thinks the district attorney's department.

The indictments were presented in court yesterday afternoon by Foreman C. G. Beckus, who announced that the grand jury would meet again at half-past nine o'clock next Monday morning. Seventeen grand jurors answered roll call yesterday, a number having been previously excused temporarily by the foreman for business reasons.

HENRY P. BECKLEY, ILL. SEEKS HEALTH IN HONOLULU

Henry P. Beckley, accompanied by his mother, Mrs. George Beckley, arrived in Honolulu yesterday from his home in Hawaii. Mr. Beckley was taken seriously ill some time ago and members of his family left hurriedly for his bedside. He recovered sufficiently to make the trip to Honolulu, but is reported far from well. Mr. Beckley is a former supervisor of the county of Hawaii and is well and popularly known throughout the Territory.

BREAKWATER NEEDED AT HILO

Hilo Harbor Business Growing Fast—Five Steamers In One Day

Last Sunday was a gala day for Hilo shipping, there being no less than four large steamers and two over-sea sailing vessels in that port at one time, which is a promising showing for this rapidly growing port and gives a fair indication of what the Crescent City will be when she has her breakwater completed.

The American-Hawaiian steamer Georgia, owing to the heavy weather prevailing along the Hawaii coast, was obliged to leave her wharf and take anchorage in the roadstead. Several hawsers were broken on the vessel as she pitched and rolled against the Kuhio wharf. The Matsonia was the next vessel to follow the Georgian into Hilo. She arrived in the harbor on Friday, but was unable to dock owing to the high sea running in the vicinity of the Matson dock. The ninety passengers aboard the vessel, many of which were making their first voyage to the Big Island, were obliged to be landed in launches and had quite a thrilling experience in getting ashore. They took it good naturedly, however, and made no complaint after they had visited the volcano and saw it in all its present activity and grandeur.

Former Governor Peary, Senator-elect Harding of Ohio and H. B. Dillingham were at the Kuhio wharf when the Georgian snatched her hawsers and were given an object lesson in the necessity of rushing to completion of the Hilo breakwater, thereby assuring that city of a safe and commodious harbor.

Bound from China and Japan ports, for South and Central America ports, the Kiyo Maru was also at anchor in the port, where she was discharging a cargo of nearly 3000 tons of Oriental merchandise. The German war-torn steamer O. T. D. Ahlers will remain in Hilo until the war is over. Two American schooners, the Canano, with a cargo of lumber from the Northwest, and the Defiance from Chile, with nitrates, together with four Inter-Island steamers, all helped toward making last Sunday a busy day on the Crescent City waterfront.

PINEAPPLE INDUSTRY DEVELOPS REMARKABLY

Hawaii's 1914 Canned Output Times Greater Than In 1901

The department of commerce at Washington, in an official report captioned "Pineapple Output Increased a Thousandfold," under date of January 29, has this to say of the pineapple industry of Hawaii Islands:

"Hawaii produced one thousand times as much canned pineapple in 1914 as it did in 1901; in round numbers, 2,000,000 cases in 1914 as compared with 2000 cases in 1901. "This most remarkable development in the face of active competition from the older canning centers of the Far East has been described in detail in a report just issued by the Bureau of Foreign and Domestic Commerce entitled, "Canned Pineapple Industry of the World," Special Agents Series No. 91. The report was prepared by Commercial Agent J. Alexis Sharver, who made a tour of inspection of all the important pineapple canneries in the world.

"The up-to-date machinery and the cleanliness that characterize the Hawaiian factories are contrasted with the hand labor and the general untidiness that is the rule in most of the other pineapple centers, and the conditions in general that govern the industry in all the producing countries of the world are described in the report, which may be obtained from the Superintendent of Documents, Government Printing Office, Washington, at 5 cents a copy."

FOSS LOWEST BIDDER FOR HAWAII CULVERT

J. C. Foss, Jr., was the lowest of three bidders for the construction of a culvert on the homestead road in Wood Valley, Kau, Hawaii, bids for which were opened at noon yesterday in the office of Charles E. Forbes, superintendent of public works. No award has been made yet. The bids were as follows: For concrete and iron work respectively: J. C. Foss, Jr., \$2945, the work to be completed within seventy days; A. Wilson, \$2300 and \$2112, sixty days; and William Cullen, \$4900 and \$3950, ninety days.

LARGE CONTRACT FOR SHELLS IS AWARDED

The navy department has just awarded contracts for 2300 armor-piercing shells for fourteen-inch guns, 13,000 common shells for six-inch guns and 7,500 common shells for four-inch guns. These contracts were awarded to the lowest bidders, and the quantities of the various types of projectiles were determined by the funds available. Contracts also were awarded at the same time for a large amount of target shells.

Brinckerhoff Memorial Is Placed In St. Andrew's

Bas Relief Memorial To Young Scientist and Friend of Lepers, Which Has Been Placed In St. Andrew's Cathedral

Bronze Bas Relief of 'Christ Blessing the Physician' Graces Cathedral

A MAGNIFICENT bronze bas relief, as a memorial to the memory of the late Dr. Walter R. Brinckerhoff, has been placed in St. Andrew's Cathedral by a number of the personal friends in Hawaii of the young scientist who inaugurated in Hawaii the work of the United States public health service among the lepers of the Islands. The memorial, which is five feet in height and three feet in width, is a beautiful work of art, depicting Christ blessing the Physician. It is the product of the skill of the Scotch sculptor, John Massey Rhind, now of New York. His bas reliefs are celebrated, among his works being the bronze doors of Trinity Church, New York.

WILL EXPEND MILLIONS TO RELIEVE BELGIANS

(Associated Press by Federal Wireless.)
NEW YORK, February 15.—Belgium's population has been reduced about eight hundred thousand as a result of the war and her condition presents a situation unparalleled in history, says the report of the Rockefeller Foundation, representatives of which have been carrying on an independent investigation in Belgium, preparatory to expending millions in the purchase of food and clothing for the destitute population.

TAPS SOUNDED FOR CIVIL WAR VETERAN

Funeral services were held for the late F. E. King at the residence, Cottage Grove, King street, at two o'clock yesterday afternoon, Rev. H. H. Parker, pastor of the Kawaiahae Church, officiating, the funeral being conducted by H. H. Williams. Burial took place in the family plot in the Nuuanu cemetery.

NEW HAIKU FACTORY WILL TURN OUT 10,000,000 CANS

The American Can Company's new factory at Haiku is nearly completed and installation of machinery will begin probably this week. The company expects to be making cans in the new plant by the first of April. H. K. King, who will have charge of the plant as superintendent, arrived from San Francisco by the Lurline last week. The factory will be one of the most modern and best equipped of its class, although by a means the largest of the many plants owned by the company. It probably will be required to supply upwards of 10,000,000 cans for the several Maui canneries during the next twelve months.

KAUAI EXCURSION STRONG GRIP OF OLD NEPTUNE

'Old Man Weather' Takes Charge and Gives Junketers Most Glorious 'Rocking'

Nevertheless Whole Crowd Had Genuine Good Time At Nawiliwili and Vicinity

(Mail Special to The Advertiser.)
NAWILIWILI, Saturday Morning.—The Kauai excursion is still in the ring, although some of its members are somewhat "groggy."
The expedition got away from Honolulu on time at ten o'clock last night, 128 strong. The sea was smooth until the Kauai channel was reached about one o'clock; then "Old Man Weather" took charge. In fact he had already been in charge of the channel for two days, with a gale right out of the north, resulting in a sea which looked as if Neptune had been cross-plowing his farm.

Owing to the Kiaku stopping to examine some of the cross furrows, the expedition did not reach Nawiliwili until after seven. The landing was made with the usual military precision of the Inter-Island service, the boats being towed ashore by a speedy gasoline launch.

The original plan had been for the passengers to go overland to Hanalei, and then take the steamer, which was to go around the north side of the island. A quick change of program was necessitated by the weather, however, as the news was that it was so rough at Hanalei that the steamer could not land, and it had been and still was raining so heavily on the windward side of the island that autos could not go through from Lihou to Hanalei.

It seems that although Kauai has established its reputation as the "good roads" island, it still has a "dirt road" section, which goes out of commission whenever the rain gods get busy.

BRITISH POSTAL MEN AT FRONT IN NUMBERS

(Associated Press by Federal Wireless.)
LONDON, February 15.—Thirty thousand men compacted with the British general postoffice have joined the army. The number of deaths among soldiers from this branch of the government service since the war began has reached a total of 570. The employees who have not volunteered for service at the front have gone. The organization has levied provide for the families of those who have gone. The organization has levied a voluntary contribution of forty cents on every hundred dollars of the salaries of members, and this assessment will bring in nearly \$400,000 a year. Already benefits have been assigned to 280 widows.

NO REASON FOR IT

You Are Shown a Way Out.
There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills, will fail to heed the word of a grateful user who has found relief. The following is convincing proof.

Dr. R. Frazer, Fort Gay, W. Va., says: "I consider Doan's Backache Kidney Pills the best remedy on the market for kidney and bladder complaint. I prescribed this medicine in many cases, and at the present time six or eight of my patients are taking it with good results. I have taken Doan's Backache Kidney Pills with the most satisfactory results and am loud in my praise of them. The residents of this vicinity suffer considerably from kidney and bladder trouble, due to the poor quality of the drinking water. I have found Doan's Backache Kidney Pills to be the one remedy that can be depended upon for relief. It has been my experience that all difficulties caused by weak kidneys, such as irregular passages of the kidney secretions, gravel, dropsical swellings, lumbago, pains in the back and hips, etc., can be removed by Doan's Backache Kidney Pills. A few doses of this remedy, taken immediately when the trouble is noticed, will cause much misery."

Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes \$2.50), or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands. Remember the name, Doan's, and take no substitute.

MATTY BALDWIN'S OVER WILLIE BECKER

BROOKLYN, New York, February 14.—(Associated Press by Federal Wireless.)—Matty Baldwin of Boston, one of the oldest lightweights in the fight game today, was a winner over Willie Becker of New York here last night. The contest went the full ten rounds, the majority of the newspaper men around the ringside giving Baldwin the verdict.

IRREGULAR MAILING OF LETTER BY INMATE OF MOLOKAI PROMPTS WASHINGTON TO ACT

Two Hundred and Fifty Militiamen Under Colonel Riley Pass Day In Camp

COMMANDER PLEASANT WITH THE MANEUVERS

For First Time Local Soldiers Transport Equipment In Own Escort Wagons

(From Monday Advertiser.)
Visitors to Kapiolani Park yesterday were given the added treat of seeing the First Regiment, Hawaii National Guard, go into camp, and during the entire day and until late in the afternoon perform maneuvers from squad drills to regimental parade. The affair was arranged both as a day's outing for the men of the guard and also to prepare for the annual inspection, which will take place in March.

The regiment, 250 strong, left the Armory at eight o'clock in the morning, under command of Col. W. E. Riley, and encamped on electrical cars for Kapiolani Park. They carried full field equipment. Colonel Riley had as his staff Major Dillborn; Captain Schrader, adjutant; Captain O'Sullivan, quartermaster; and Captain Warham, commissary.

Utilize Escort Wagons

Tents and other quartermaster and commissary equipment had been transported earlier in the thirteen new escort wagons which the government recently supplied to the militia. This was the first occasion on which the wagons had been put to use.

On arrival tents were pitched and camp made, after which came regimental inspection. While the commissary department got busy with the noonday mess, the entire regiment went through squad and platoon drills.

Then came mess, and the men certainly did justice to Captain Warham's menu. After mess came company and battalion drill, and finally regimental parade, passing in review before Colonel Riley and his staff. Tents were struck at four o'clock, and at five o'clock the entire regiment was back in the Armory. Before dismissing the regiment Colonel Riley took occasion to address the officers and men, saying:

"I wish to extend my thanks to you for the turnout and showing you all made today. I regret that more of the men did not respond, but we will have another outing shortly after the carnival, and at that time I expect between 400 and 500 men in the ranks. It is only a short time now before annual inspection, and we must prepare for it."

Discussing the outing later, Colonel Riley said: "The boys did splendidly, and I was satisfied and pleased with their work and appearance. It has been a hard day's work, but the boys did it willingly and smilingly, and you can judge for yourself from their good nature that they thoroughly enjoyed the outing and want to go out again and often. All the officers also enjoyed the day."

JEALOUSY PROMPTED INCENDIARY TO CRIME

Bensuke Tanaka, a Japanese carpenter, formerly residing in Waialua and now living at Waikiki, is under arrest for having maliciously set fire to a house of another Japanese at Waikiki. Securing some empty sacks, he soaked them thoroughly in kerosene oil, placed a number of burning coils of Japanese mosquito punk between them, together with a lot of matches, placed the bundle under the little wooden house and sneaked away to watch the effect.

The scheme worked well enough, and the house was soon reduced to ashes. A woman is said to be at the bottom of the crime, and Tanaka is supposed to have been prompted by jealousy and a desire for revenge.

NOTICES WORLD THAT ALL GOVERNMENT COMMUNICATIONS MUST PASS THROUGH HIS HANDS

(Associated Press by Federal Wireless.)
WASHINGTON, February 15.—General Carranza, as "first chief" of the Constitutionalists, has issued a notification to the world that all communication to his government must pass through him personally. The order, apparently, makes it impossible for the representatives of foreign governments to deal with Carranza except by going to Vera Cruz, which they are unwilling to do lest the action be construed as a formal recognition on the part of their respective governments of the Carranza administration as the sole government of Mexico.

BEST MEDICINE MADE

A better medicine can not be made than Chamberlain's Cough Remedy. It relieves the lungs, opens the secretions, aids expectorations and assists nature in restoring the system to a healthy condition. Besides, it contains no opiates and is perfectly safe to take. For sale by all Dealers. Hanson, Smith & Co., Ltd., agents for Hawaii.

NATIONAL GUARD HAS OUTING AT KAPIOLANI PARK

Two Hundred and Fifty Militiamen Under Colonel Riley Pass Day In Camp

COMMANDER PLEASANT WITH THE MANEUVERS

For First Time Local Soldiers Transport Equipment In Own Escort Wagons
