

MAUIS AND ALL CHINESE TIED FOR FIRST PLACE

Wind Up of Carnival Baseball Series Well Attended and Fans Are Pleased With Efforts of Chairman and Committee

to please, and with the class of ball above the average and the series run off in a clean, businesslike manner, everybody went home pleased.

Because Francis Bernardo Joy had an off day, and also because several of his teammates had also an off day at the ball park yesterday, the All-Oahu failed to finish in the Mid-Pacific Carnival baseball series, and the teams, the Maui and All-Chinese, are tied for first place, instead of three teams being eligible for the cups, medals and glory of the winning series.

It was like this: Barney started to pitch for the All-Oahu, and his wildness in pitching, poor support and some handsome errors by himself gave the Japanese enough runs to be considered in the running. Then, after Francis Bernardo had laid down the business of pitching and taken up the job behind the bat, brother Alex was posted for a homer and a single, all of which brought defeat to Barney's crew.

As for the second contest, it was a hummer despite the size of the teams. Both teams hurried things along in great shape, did a bit of fancy fielding, likewise a bit of bushy fielding, while Captain Statton, umpire-in-chief, delighted the fans with the snap he put into this game. Seems somebody handed the Capt. an invitation to dinner before the game started, and Capt. had to hurry things to be in time for the big feed. It is hoped in the future that Capt. gets an invitation to dinner every time the boys play.

The elongated Mr. Waterhouse took up the burdens on the firing line for the soldier boys, and while hit in spots got along nicely until the fourth inning. Here he slipped and passed Kuali to the initial sack after Kan Yen had slipped out to centerfield. Cheong, next up, bounced one into the waiting hands of Craiton on left, and Waterhouse looked out of danger. Yap spilled the beans for Clarence, though, by hitting safely toward third, and when Clarence heaved the ball into the routing section of the Twenty-fifth in the rightfield bleachers, Kuali scored and Yap went all the way around to third base. Luck Ye took transportation to first, and then Hoon Ki pumped a single into that sending Yap to rubber. When Kan Yen popped out to Father Swinton, the scorer yanked the ball for two tallies.

In the fifth, Lai Tin reached first on a liner to left and then, to win the spot for the best base stealing, dashed off to second and to third without being headed off. Kan Yen hit to short, and Lai scored.

All this time, Luck Ye was sailing along, and up to the seventh inning had been found for but one hit. Here the Twenty-fifth gathered two more, both unproductive.

With the opening of the eighth round, with the All-Chinese at bat, a new heaven was found on the mound for the Twenty-fifth aggregation, Mr. Jim Scott. Not the famed star who was the victim of a sliding tag in the last November, but just plain Jim from Schofield barracks. He it chronicled that Scott was shy of everything, and the All-Chinese leech his offerings to all corners of the lot.

Later Lieutenant Harbold, the man that put Dillenburg, Pa., on the map with his famous baseball organization, told that Scott had a sore arm. If such is the case, Scott had a good ally, otherwise he is shy in pitching stuff. For five hits, all Jim dandies, were gathered off his delivery before the inning ended. Cheong, Yap, En Sue, Ayan and Lai Tin were the swatsmen to gather, and these, with a wild peg from Shortstop Smith, gave the All-Chinese plenty of runs.

Saved a Whitewash
With the finish of the eighth, what every hopes Lai Tin's crew had of whitewashing the Twenty-fifth went glimmering. Gollah, opening the round, poked the pellet far into right centerfield, and through a bit of speedy running pulled safely at third. Swinton, next up, was hit by a pitched ball and went over to first. When Gollah grounded out to Yap, Gollah scored and Swinton went to second. Grafton's got put the "Oh" Seegered at third, and he came home when Cross gathered a single. Orlando Johnson, the swatting demon of the Twenty-fifth gathered his third hit after this, but Fagna grounded out to first and the inning was pau.

MAJOR LEAGUERS TO ENTER CAMPS

NEW YORK, February 14.—(Correspondence of The Associated Press.)—

Within the next three weeks more than 200 baseball players will be scattered through the south and southwest training for the annual pennant races of the National, American and Federal Leagues. With the gathering of veterans and recruits the baseball situation will pass through another stage of the progress which marks the annual seasons of the national sport. Magistrates, league executives and legal authorities will give way to the player so far as popular interest is concerned and the coach's cries silence the wrangling of rival combinations.

While a majority of the twenty-four clubs composing these three leagues have selected their spring training camps and set the dates for the reporting of players there is still a possibility that two or three may alter their plans at the last moment. As the lists stand at present, however, the south Atlantic states will be the scene of the greatest activity. Georgia will quarter six out of within her borders, while Florida will entertain five. Texas has been named by four clubs as the state wherein to prepare for the 1915 campaign. Mississippi, Arkansas and Virginia claim two each, while California, Iowa, Kentucky and North Carolina have at least one squad training within their boundaries during the month of March.

BILL PROHIBITS HIDING TOURISTS

(From Monday Advertiser.)

Two bills have been introduced in the senate, one by Senator Desha, requiring that hotel keepers show their registers to the public and see that the names of guests are put on these registers, and one by Senator Castle for the benefit of Mrs. M. D. Abreu, widow of the policeman who was shot and killed while attempting the arrest of an army deserter near Diamond Head a year and a half ago.

Desha's bill is born of the allegation that Honolulu is not giving Hilo a square deal in the matter of handling tourists. Representatives of the Hilo business men, Hilo promoters, come to the capital to meet tourists and tell them of the advantages of paying a visit to the Big Island where the greatest active volcano in the world is to be seen under the most happy circumstances. They go to the hotels, says Desha, to see what tourists are registered, and, and some of the hotels hold out on them, either refusing to show the register or else having guests in the house who are not registered. The idea, according to the allegation, is that the Honolulu hotels who practice this hold-out game want to keep the well-paying guests for

themselves as long as they can, and will not give Hilo a show if they can help it.

"It is wrong," says the Reverend Stephen Desha, "and Honolulu should be ashamed of any hotel management that will be guilty of such a trick."

Two bills from the House
Two bills were received from the house where they had passed their second reading. They were house bills 46 and 48, the first appropriates \$5000 for homestead roads in Makoaka, Hilo, and the second \$900 out of homestead sale receipts for a road in the Hanalei district, Kauai.

President Chillingworth called upon the select committee to hasten their work, as the senate would be getting busy before very long and he special committee of one-island members might find themselves behind. A select committee was supposed to report in five days, in any event, unless granted further time by the senate. Senator Mokeka was given till Tuesday to get his Hawaii Island committee to report on the matter of defining the powers and duties of the chairman and executive officer of the board of supervisors of the volcano island. The Kauai couple, with Rice for spokesman, also wanted further time for that island's members in the matter of raising daily laborers' pay by two-bits.

Castle announced that the Oahu members were calling a public meeting in the senate chamber for the evening of March 4 for the open discussion of the bills extending the Hawaiian Electric Company's franchise and extending the powers of eminent domain to electric light and power companies.

Press representative—Rev. A. A. Eberole.

Committee on resolutions—Theodore Richards and C. H. Dickey.
Dr. Baker Makes Address
The session was held in Kawaiahae church beginning at 9 o'clock and was the first meeting of the society on a territorial basis. Rev. D. C. Peters, president of the Hawaiian league, was presiding officer. Following a devotional service conducted by S. K. Kaniapili and prayer by delegates in Hawaiian, Korean, Japanese and English, President Peters extended a welcome to Dr. Parley A. Baker, superintendent of the national league who came to Honolulu to attend the session.

Dr. Baker responded with a sketch of the advances being made by the anti-saloon forces and especially in the last twenty years, pointing out that the movement is growing with wonderful strength and rapidity.

An interesting report was made by Dr. John W. Wadman, superintendent of the local league. He painted the history of Hawaii in its intimate and sad connection with the evils of intemperance from the time of awa until the introduction of alcoholic liquors by the Christian races.

Drink Bill is \$3,570,000
Coming down to the present time he reviewed the liquor situation as regards regulation and control and its extension in the Territory. He cited figures that the drink bill of Hawaii for 1913 was \$3,570,000. Dr. Wadman explained the object of the league to be the suppression of liquor saloons and pleaded for the cooperation of all in harmony with the movement. Progress during the past year was reported as follows:

Visits by the superintendent to practically every school in the Territory.
Along lines of the Lincoln-Lee pledge signing campaign more than 1200 have been added to the roll of honor as Knights of the Button, making a total membership of 2300.

Along publicity lines more than 3000 newspaper articles were furnished and published during the year while several thousand tracts, pamphlets and posters were distributed.

Considerable Progress Made
Three saloons in the public market district were compelled to seek other locations. No new saloons were opened in Honolulu during the year. The U. S. Spanish War Veterans' Club was closed, were also two dance halls. Waikiki Inn was compelled to disclaim its former manager and open up business on a more savory basis.

After a fight of several months the board of license commissioners denied the petition for installing a liquor bar in the Pleasanton hotel. Expenses for the year more than doubled the previous year but donations allowed the society to finish the year with a small cash balance on hand.

Dr. Wadman recommended the creation of a central committee of control but that each island should have its own executive.

Treasurer C. H. Dickey reported the total receipts for the year as \$6,127.23 and the expenditures \$3,271.07, leaving a balance of \$2,856.16.

Greetings were received from Mrs. T. M. Whitney, president of the W. C. T. U.
New Oathsmen Complied
A resolution of thanks and appreciation was adopted directed to Rev. C. G. Burham of Lahaina, Maui, for compiling a valuable temperance catechism in booklet form which was distributed at the meeting.

A touching incident followed the reading of a letter by Dr. Wadman received from Taro Ando, national superintendent of the Temperance League of Japan, and who was converted to Christianity while he was a prisoner of war in Hawaii. As Dr. Wadman led in prayer asking blessing

PANAMA CANAL TOLLS TO JANUARY 1, 1915

Tolls collected from ships that passed through the Panama Canal during December, 1914, aggregated \$411,895.54, an increase of \$24,553.04 as compared with November, the previous high month. The total amount of tolls collected to January 1 was \$1,547,100.45. Each of the first five months of canal traffic showed a substantial gain over the month previous, but since the first of this year there has been a slight falling off in traffic. January will show a decrease over the record month of December.

The total tonnage, figured on a canal ton basis, that passed through the waterway aggregated 1,743,899 tons, which was carried in 356 vessels of all classes. The December tonnage was not quite as large as the tonnage in November, although the tolls collected were greater. The December tonnage was 446,415 tons, as compared with November with 448,501 tons.

Of the 356 ships to use the canal, 36 were in ballast, or non-cargo carriers. Of the total tonnage, 1,000,217 tons were carried in 177 eastbound ships and 743,682 tons in 179 westbound vessels.

On the aged temperance worker across the water the entire assemblage arose and stood with bowed heads. The letter from Taro Ono was as follows:

Your good letter duly reached me and I feel extremely sorry to say that I am now suffering from Bright's disease which requires me to keep my traveling even in Japan except in the adjacent districts. Such being the case, you will, I hope, kindly excuse me for being unable to except your cordial invitation. It is really very regrettable for me to decline especially on such a rare occasion but shikamaganai. Dr. Wada, our friend, will corroborate my statement. Wish you every success for this holy cause, I remain, TARO ANDO.

Will Urge New Bills
Toward the close of the session the legislative committee reported having prepared five bills to present to the legislature and was given power to act. The bills are for early Saturday closing; removal of screens in saloons; testing a saloon zone; anti-treating and giving the liquor commission power to swear witnesses to oath.

Brief remarks were made by J. A. Metcalf of Columbus, Ohio, Chairman Scott and Stephen L. Desha.

INSURANCE CONCERN REFLECTS OFFICERS

At a stockholders' meeting of the Home Insurance Company of Hawaii, Limited, held on Friday, the old board of directors were unanimously re-elected as follows: Cecil Brown, J. A. McCandless, Norman Watkins, Zeno K. Myers, (Treas.); F. D. Lowrey, G. F. Bush, Chu Gem, John A. Scott, (Hawaii); A. S. Wilcox, (Kauai); R. A. Wadsworth, (Maui); A. W. Rames, Auditor.

At a meeting of the board of directors to follow, the officers will be elected.

The manager's report showed a clear gain in profit of \$10,000 for the year ended December 31, 1914, and at the close of business January 31 the treasurer's report showed assets of \$80,900.65. The actual book value of the stock was \$77,800, \$50 per share having been paid in. This represents an actual net earning of about fifty six per cent.

Notwithstanding the great reduction of insurance rates during 1914, the premium income gained was \$2,119.27. The business of the company for January was the largest in the history of the company. The total net premium amounted to \$4210.30.

The manager's report called attention to proposed legislative action, and suggested that strong opposition would follow House Bill No. 20, an act relating to fire insurance to provide for the regulation and control of rates of premium thereon, intimating that insurance underwriters do not favor control by individuals who have no knowledge of underwriting methods, with strong approval, however, of the part of the insurance club in taking up the question of overhead writing by unauthorized companies. A general discussion followed regarding a deposit law to effect companies who had no United States assets, and the adjusting of a standard form of contracts in this Territory, the following resolution being unanimously adopted:

RESOLVED: That the Home Insurance Company of Hawaii, Limited, approves of the adoption of a standard form of insurance policy to be used in the Territory of Hawaii, and that such standard should be in conformity with the Standard Form of Insurance policies as are approved by the Insurance Department of the State of New York.
