

WORK ON HILO BREAKWATER IS ACTIVE AGAIN

Contractor Marshall Takes Up Construction On Extensive Scale After Long Delay

GRAND CELEBRATION OF FOURTH OF JULY

Brevities of General Interest, and What Town Folk Are Doing Chronicled

(Mail Special to The Advertiser.) (H.A.A.) June 28.—After twelve months of preliminary work, Contractor George Marshall, who has the contract for completing the breakwater contract of the defunct Philadelphia Breakwater Company, today began placing rock on the structure on which work was stopped a year and a half ago when the eastern contracting company went into bankruptcy.

Although a year has been consumed by Marshall in getting ready for the big job, he is confident that the time has been well used and that the work from now on will be expedited fast enough to complete the contract by May, 1916, the date agreed upon in the original contract.

The twelve months have been used in locating a rock quarry to supply the stone of the dimensions required, the building of three huge scows for hauling the stone and the erection of a laborer's camp and a wharf at Waipio from where the stone is to be hauled.

Scows left Sunday for Waipio, where one of them will be loaded, and it is expected will arrive back here this morning with 400 tons of rock. Upon arrival here the actual construction work will be resumed. For the time being, two scows will make intermittent trips to Waipio, until another, which is being built, is completed.

These rock carrying scows have a capacity of 600 tons. After the third one is finished, which will be in a short time, a schedule will be arranged so that there will be one unloading, while another is being loaded at Waipio, and the other will be at sea. By this agreement there will be a scow at the breakwater with stone every day.

At the breakwater the arrangements for the work are of a magnitude considerably greater than ever made by former contractors. The stone will be unloaded from the scows to a derrick barge, from where it will be placed on the breakwater structure. To do this there will be a crane on the derrick barge. A cantilever-type crane with a capacity for lifting ten tons within a radius of fifty feet, located on a movable track upon the built portion of the breakwater, will move the stone from the derrick barge to the structure and, when necessary, or expedient, from the scows.

Of the uncompleted contract there are 2500 feet to be built, of which 1000 feet are completed to the surface and the remaining 1500 feet to within twelve feet of the surface. The contract calls for a fill that brings the breakwater cap fifteen feet above the water.

About fifty men will be employed on the Waipio end of the breakwater, while at Hilo not more than fifteen will be required.

Fourth of July Festival Arrangements are complete for Hilo's three-day Fourth of July celebration. From the beginning of the program next Saturday until Monday, Hilo will give one of the biggest and best entertainments in its history. A monster crowd is expected to attend the celebration as interest all over the island has been awakened in the many events scheduled.

The program opens Saturday evening with fireworks and a band concert in Monahan Park, followed by a procession of decorated sampans in Hilo bay. On Sunday two exciting ball games will be the principal athletic events, while in the churches the day will be observed with patriotic services.

The major celebration starts early Monday morning with a military parade, led by the Hilo band and Company M, N. G. H. Other sections will consist of the Laupahoehoe military company, Boy Scouts, Hilo Boarding School, Filipino soldiers, fire department, Honolulu band and automobiles. All participants are requested to be in line by seven-thirty o'clock in the morning.

After the parade will come the aquatic sports at Kohia wharf, which will start at nine-fifteen o'clock. There are ten events scheduled for the water sports. At eleven o'clock the athletic sports will start and there will be patriotic exercises beginning at one o'clock.

The automobile gymkhana, which on account of its novelty likely will be the most interesting feature of the day.

CASE OF GENERAL WUDAN IS CLOSED

Government Has Ruled and Commissioner General Caminetti Cannot Give Relief

If the commissioner general of immigration, Anthony A. Caminetti, is coming to Honolulu in the near future, nothing of his intentions is known at the immigration bureau here.

"Mr. Caminetti is in Washington at present," said Inspector Halsey yesterday. "This office has heard nothing beyond what has appeared in a newspaper of any plan of his to visit Honolulu, and I think we should be the first to hear."

In any event, the case of W. D. Wudan, the Chinese Nationalist leader now in Honolulu, who is unable to obtain a passport from the Chinese consul, because he refuses to swear allegiance to the government of Yuan Shih-kai, could not be affected by his visit.

The case is not one of whether Wudan is a desirable or an undesirable alien, but of his treaty rights. Neither the commissioner general nor any other officer of the United States government has jurisdiction in the premises.

The treaty requires Chinese to present passports for admission to the United States. Tsung-woo-han is the Chinese consul here and he is the man who issues the passports from these islands. He may be ever so right or so wrong in his decision with respect to Wudan and other Nationalists, but that is an affair between him and his government.

The United States cannot undertake to remove every Chinese official complained against, or to interfere in the relations between Chinese subjects and their established government.

This, in substance, was the decision recently given in Washington, after the case had been referred to the state department by the immigration department for a ruling. Inspector Halsey was informed by cable a fortnight ago that his department has no jurisdiction.

will take most of the afternoon, as many contracts have been secured for the eight events.

In the evening the celebration is to be wound up with dancing in the Armory.

Services and Personalities Mrs. C. E. Alfonso and two children are in Hilo for a visit with relatives.

Land commissioner J. D. Tucker is on his way attending to land department affairs.

Commissioner Lalakea has been appointed administrator of his father's estate. The bond was fixed at \$15,000.

A meeting of the Industrial Accident Board for the County of Hawaii will be held for Saturday, July 10.

Mrs. W. W. Westcott and four children arrived in Hilo in the last Mauna Kea to join Mr. Westcott, who is now employed at Honokaa.

Mr. and Mrs. J. A. M. Osorio have announced the engagement of their daughter, Miss Olympia Olga Osorio, to William Louis Murray, Jr., of Los Angeles.

In the mixed double finals of the tennis tournament Eugene Horner and Mrs. Paul Bartels defeated George Marshall and Mrs. Amy Meeker. The winners took three straight sets.

George Day returned by the Matsonia on a visit to the exposition and an extended trip through the United States. He remained for some time in his former home in Minnesota.

Dr. H. B. Elliott has been elected to succeed Adam Lindsay as one of the trustees of the Hilo Library Association. Mr. Lindsay resigned, as he will soon leave for the mainland to remain.

George Jamieson, for many years end man on the Pepeekeo plantation, will begin his duties as manager of the Ikonaka plantation next week. Retiring Manager Morrison is thinking of going to Cuba.

W. W. Moor, son of John Moor of Pepeekeo, returned to this island from the mainland by the Matsonia. He is a student in the Cornell University and will return to his studies after the summer vacation with her parents on the Matsonia.

SCHOOLSHIP CREW TO SPEND FOURTH OF JULY AT HILO

New York State Training Ship Newport First Vessel Direct Through Canal

Visitors Will Be Feted By Hilo Board of Trade and Promotion Committee

At the request of the Hilo Board of Trade, the New York state schoolship Newport, which arrived at Hilo yesterday morning, will remain there until after the Fourth of July, not arriving here until Monday or Tuesday.

A wireless despatch to The Advertiser from its correspondent at Hilo yesterday brought word that the Newport will make all repairs in Hilo which, in addition to the entertainment planned for the 150 naval cadets and their officers will keep the training ship at the Big Island longer than first was thought. Thursday and Friday the boys will be given a trip to the volcano.

The Newport is the first vessel direct to Hilo through the Panama Canal. She made the trip from Balboa in three days. Three men deserted there.

All Will Wear Leis On arrival here the entire crew will be decorated with yellow leis. Captain McMurray, superintendent of the New York State Naval School, command officer, will be met at quarantine by Acting Director Taylor of the promotion committee and L. B. Reeves, chief boarding officer of the Customs force, who is a graduate of the State Naval School, having served aboard the old St. Mary's the predecessor of the Newport.

The chamber of commerce reception committee will also greet Captain McMurray, his officers and young men, and, in welcoming them to Honolulu, will extend their greetings to New York, for the Newport is an object lesson in demonstrating the fact that the Panama Canal has brought the metropolis of the Atlantic seaport and the metropolis of the Pacific Ocean closer together.

The ship will remain here for not less than two weeks, so the crew will have ample opportunity to learn much about the islands. Mr. Reeves, who will act with the promotion committee in greeting the officers and crew, is also working on plans for their entertainment, one feature of which may be a dance at the National Guard Armory.

Board Tackles Harbor Crowding Thirty Extra Vessels Expected Here This Month—Want To Make Room

That thirty ships will call here during the month of July for coal, to discharge and take on cargo, all in addition to the boats regularly on the run now, was the assertion made at the meeting of the board of harbor commissioners held yesterday.

Because of the limited capacity of the present port for accommodating vessels and the urgent necessity of making room for the expected increase Acting Superintendent Wheeler was asked by the board yesterday to take up again with Admiral C. B. T. Moore, naval commandant here, the question of moving to Pearl Harbor the German refugee steamer and other vessels now in Honolulu.

Wharves In Much Demand The wharves now being taken up by these vessels will be needed for the increased traffic of the port. To move the German boats outside will be out of the question, especially at this time of the year when swells are more or less prevalent.

F. W. Klebahn of H. Hackfeld & Company complained to the board yesterday that, on agreement between the "Allied" consular representatives and private coal dealers, the Inter Island Steam Navigation Company would not furnish the German vessels more than ten tons of coal a month.

English Coal in Question It has developed, however, and such is known to be the fact, that the Inter Island people are supplied with coal for commercial purposes by Australia and this on the expressed condition that none of the fuel be furnished to vessels flying the flags of any of the nations at war with England. This is the understanding, it is claimed.

The coal for the German cruiser Geier and the naval collier Locksun, both of which are interested, is furnished by the United States government. These two vessels cannot be moved from the port during the existence of the war, except by authority of the federal government. The case is different with the regular merchant ships which are here, solely as "refugees," for their own protection. There is nothing to prevent their clearing and leaving the port of Honolulu, this, of course, at the peril of capture by warships of the nations at war with Germany.

The whole difficulty, on the coming proposition, arose over the request made by the American authorities that the Hobbs be moved from her station at the mouth of the harbor, because of the target practice to be made some time this month. Mr. Klebahn cannot see how, with such a small monthly supply of coal, the moving can be effected.

ALL-HAWAII TEAM READY FOR MEET

Six Stars Will Compete in Swimming Championships at World's Fair

With one more man to be picked, the All Hawaiian swimming team will depart for the mainland next Saturday at noon where they will take part in the Amateur Athletic Union of the United States outdoor and indoor swimming championships to be held at the Exposition beginning July 19. Leading the champions, for every one is a champion, will be Duke P. Kahana-moku, record swimmer at the 50 yards, 100 yards, 200 yards and divers other distances.

George Cunha, speed marvel who broke a record or two in Australia and who swam neck and neck with Duke P. in the 200 yards dash in which the two men broke the world's record of William Longworth, is second man in the party. The other two so far picked are Harold Kruger and Clarence Lane. Lawrence Cunha who showed considerable skill in the back stroke swim will accompany team and so will Harvey Chilton as trainer.

Besides taking part in the several champion races on the program, Kahana-moku, Cunha, Lane and Kruger will form a relay team against the stars of the Missouri Athletic Club, Illinois Athletic Club, New York Athletic Club and other organizations.

(Associated Press by Federal Wireless.) SAN FRANCISCO, June 29.—The Seals and Tigers engaged in a hard hitting contest here yesterday afternoon, Wolverton's men leading their hits count and were winners. Score—San Francisco 8, Venice 6.

At Los Angeles, Dillon's men got back into the .500 class when they scored a clean cut victory over the Seals. Score—Los Angeles 5, Salt Lake 1.

At Portland McCredie's men gave evidence that they are about to start their usual mid-season spurt and through hard hitting, annexed a well earned victory over the Oaks. Score—Portland 11, Oakland 7.

A. KIVIAT IS LOGICAL SUCCESSOR OF JONES

Abel Kiviat, who is to enter the athletic events at the Panama-Pacific Exposition in August, is being picked as the logical successor of John Paul Jones, who had away his spikes two years ago. In his day, Jones was the greatest miler in the world, having set the record for the distance at 4:11 2-5.

Kiviat has captured the one mile run in three A. U. meets and has covered the distance in 4:15 3-5. Followers of the track and field men are of the opinion he will do better than this by far in August.

SPRIGGAN IS AGAIN STAR OF TURF EVENTS

Following his victory in the \$20,000 trot at the World's fair, June 12, in which he was crowned king, Spriggan, all dolled up for the occasion with red ribbons in his tail and mane, June 17 came back and won the 2:29 trot value at \$2000 in two out of three heats, the first in 2:09 1-4 and the second in 2:09 3-4. Owner Elman paid \$700 for Spriggan at auction three months ago.

JOHNNY WILLIAMS TO PLAY AT LOS ANGELES

(Associated Press by Federal Wireless.) LOS ANGELES, July 1.—John B. Williams, formerly of the Sacramento, Detroit and Salt Lake baseball teams, yesterday signed a contract to pitch for the Los Angeles team of the Coast League. Following his release by the Detroit team, Williams has failed to round to his 1913 form and it is said he cannot get used to the climatic conditions of Salt Lake.

Los Angeles boasts of a climate in keeping with that of Honolulu, where Williams first broke into baseball and Manager Dillon of the Angels is confident Williams will be a winning pitcher.

SEALS, ANGELS AND BEAVERS WIN WITH EASE FROM RIVALS

San Francisco 46 38 548 Salt Lake 43 40 518 Portland 41 40 506 Los Angeles 46 45 505 Oakland 43 47 472 Venice 39 47 453

(Associated Press by Federal Wireless.) SAN FRANCISCO, July 1.—Wolverton's men once again outplayed the Tigers and for the second time during the series, took the fallenders into camp. Score—San Francisco 4, Venice 2.

At Los Angeles, the Angels scored twice as many runs as they did in Tuesday's game and were easily winners from the Bees. Score—Los Angeles 10, Salt Lake 2.

At Portland McCredie's men repeated against the Oaks and for the time being hold third place in the race for the pennant. Score—Portland 3, Oakland 1.

(Associated Press by Federal Wireless.) SAN FRANCISCO, June 29.—The Seals and Tigers engaged in a hard hitting contest here yesterday afternoon, Wolverton's men leading their hits count and were winners. Score—San Francisco 8, Venice 6.

At Los Angeles, Dillon's men got back into the .500 class when they scored a clean cut victory over the Seals. Score—Los Angeles 5, Salt Lake 1.

At Portland McCredie's men gave evidence that they are about to start their usual mid-season spurt and through hard hitting, annexed a well earned victory over the Oaks. Score—Portland 11, Oakland 7.

NO MORE SATURDAY BASEBALL GAMES

Oahu Leaguers Readjust Schedule and Will Double-Header On Sundays

Saturday baseball is pau as far as the Oahu Leaguers are concerned and at an impromptu meeting of the board of directors Monday evening it was voted to play no more baseball on this day until circumstances warranted a change. In consequence, the Stanford and All-Army game scheduled for next Saturday at Moiliili Field has been called off and a double header will be played Sunday July 4.

In the first game, the All-Japanese and All-Army will meet while in the second game the All-Chinese and Stanfords will meet in a return game. Monday, July 5, having been declared a holiday the Cardinals and Saints will play at Moiliili Field, this being the final game of the main-handlers in Honolulu.

While the eye opener Sunday afternoon should interest the fans, the real interest is in the All-Chinese and Stanford game. Opinions are 50-50 as to which of the two is the best baseball aggregation. The All-Chinese have the edge with a 3 to 1 victory over the Stanfords and all credit to them for winning. But the Stanfords played a mighty classy ball game last Sunday and with a bit of the breaks going their way as did the breaks for the locals, the game will be even a harder fought one than the previous one.

However, the Cardinals pitcher in last Sunday's contest pitched a ball game the likes of which has not been seen here for many years. For six full innings not a Chinese ball player reached first base and but one man got on in the eighth. The ninth was bad or Hayes but luck helped against him for two of the hits secured by the All-Chinese were hit in such a way that fielding of them was almost impossible. That is all in the game though and is what makes baseball what it is and what made last Sunday's ball game one of those well worth the witnessing.

(Associated Press by Federal Wireless.) PHILADELPHIA, June 30.—Philadelphia won a hair-line decision over the Trolley Dodgers here yesterday afternoon. Score—Philadelphia 6, Brooklyn 5.

Following were the results of other games: At New York—First game—New York 3, Boston 2. Second game—Boston 2, New York 0. At St. Louis—First game—Pittsburgh 8, St. Louis 5. Second game—St. Louis 6, Pittsburgh 4.

(Associated Press by Federal Wireless.) CHICAGO, June 30.—Comiskey's men scored again here yesterday, defeating the Browns in an interesting contest. Score—Chicago 4, St. Louis 2.

Following were the results of other games: At Washington—Washington 8, Philadelphia 0. At Boston—Boston 4, New York 0.

WHAT HAS HAPPENED TO PITCHER BILL INMAN

Local fans are wondering what has happened to Pitcher Bill Inman, former star of the Punahou and who had a tryout during spring practice with the San Francisco Seals. After being turned loose by Wolverton, Bill drifted over to the Western League but the last month's box scores fail to show where Bill took part in any of the games. He was supposed to have gone with the Sioux City team of Norris O'Neill's organization.

SAM M'VEY IS WINNER OVER SAMMY LANGFORD

(Associated Press by Federal Wireless.) BOSTON, June 30.—Sam McVey and Sam Langford, both scored and heavyweights fought a twelve-round contest here last night. The fight was a good one for big men and McVey was given the decision.

RECORD-BREAKING SHIPMENTS

The quarter ending today has set a new high water mark for C. Brewer & Company. This company has shipped 62,200 tons of sugar during the last three months, a total which exceeds by 2200 tons the best previous record. C. Brewer & Company handle more sugar than any other agency in Hawaii.

COMPENSATION ACT IN EFFECT TODAY

All Employers As Well As Employees Are Affected By New Measure

"The workmen's compensation act, one of the most important measures passed by the late legislature, went into effect today. Employers big and little, as well as employees, are affected, and will be held responsible under its provisions. The new statute abolishes the old 'fellow servant' and contributory negligence' provisions of the common law, which formerly governed, and holds all employers responsible for any and all accidents to their workmen. Sharp penalties are inflicted for failure to report all accidents promptly to the new Industrial Accident Board, recently appointed by Governor Pinkham. DAMAGES AWARDED FOR DROWNED CHILD

In the \$10,000 damage case of William Kekahu against Young Sam, tried this week in Judge Stuart's court, the jury yesterday rendered a verdict in favor of Kekahu, awarding him \$1000 damages. In his complaint Kekahu claimed that in 1913 his two-year-old son fell into an open cesspool in land leased to Young Sam in Kapaeha, this city. The child died of drowning in the cesspool and the action for damages was instituted.

The great popularity and general use of the Royal Baking Powder attest its superiority. When you buy and use only the ROYAL BAKING POWDER, you have the positive assurance that your food raised by it is not polluted by alum, lime, or any of the adulterants common to other powders. It is unwise to take chances by the use of any other brand. Royal Baking Powder Cook Book sent free on request. Address P. O. Box 689, Honolulu, Hawaii.
