RAWLINS STARTS PLANS FOR MEET

Thinks Raitzel, Langer And Miss Frances Cowells Should Swim Here At Carnival

Introducing the fastest short-distance man on the mainland, and the American distance champion, against Duke Kahanamoku, the world's champion, and Clarence Lane, heralded the only rival of Duke in the Islands, and the fastest woman swimmer on the Pacific Coast against Miss Ruth Stacker, Berge Lane, Edith Kibling and Lucille Legros, bona-fide holder of the A. A. U. mark for 50 yards, is the swimming program in part submitted by William T. Rawlins to the directors of the Mid-Pacific Carnival.

Arthur Raitzel of the Illinois Athletic Club is the sprinter, Luddy Langer of the University of California and the Los Angeles Athletic Club is the distance man, and Frances Cowells of San Francisco is the woman swimmer. The three of them should give the swimmers of Hawaii the best competition they ever had.

At the next meeting of the board Rawlins will submit his budget for the meet, including the transportation and incidental expenses of the three visiting swimmers. In the meantime he has been authorized to open negotiations with them. Raitzel and Langer already have given verbal assurances that they would come as invited, and the invitations are now on the way. What will be Miss Cowells' attitude is not known.

Rawlins wants to put on a program that will keep public interest alive during the whole period of the meet, with out tireless delays. There always has been trouble in the past over the plunging and diving, which are tedious for those at a distance and which, if put on during a distance race, ruffle the water and cause the swimmers to complain that it interferes with their breathing and the rhythm of their stroke.

The board has informed him emphatically that he is chairman in fact as well as name, with absolute control over the program of his own meet and responsible for its success. No factional squabbles, suggestions or criticisms will be listened to by the directors. They will refer all details direct to Rawlins.

M'CREIDIE THREATENS TO DESERT BASEBALL

(Associated Press by Federal Wireless.) SAN FRANCISCO, November 14.—Judge W. W. McCreidie, owner of the Portland Coast League team, which is managed by his nephew, Walter J. McCreidie, last night announced before the meeting of the National Association of Minor League Baseball teams that he would quit baseball unless the transportation plans for next season were vastly improved.

It is well known that the long jumps from Portland to Los Angeles and Salt Lake City have caused a heavy loss to the club. Whether he would join the Northwest League and play ball with Seattle, Tacoma and other Northwest cities, McCreidie would not say.

STANDFORD RUGBYISTS DEFEAT SANTA CLARA

(Associated Press by Federal Wireless.) PALO ALTO, California, November 14.—Stanford and Santa Clara, two of the few Western colleges which still play Rugby football, met in their annual game here yesterday afternoon on the Cardinal winning field. Score—Stanford 30, Santa Clara 9.

IS COSTLY TINWARE

Jess Willard, the world's heavy weight champion, has only two managers now, Tom Jones, the active manager, and Jack Corley, as assistant. Willard sent on a lawyer to New York, who purchased for \$35,000 the interests that Harry Frazee and Lawrence Weber, the theatrical men, had in him. It is understood that quite a little friction developed between the cowboy and the theatrical men, with the result that Jess suggested that they sell out. They named \$33,000 as a price for letting him out, and Willard quickly paid over the money and they turned over their contracts.

CALIFORNIA'S PLAYING IS GREATLY IMPROVED

(Associated Press by Federal Wireless.) SEATTLE, November 14.—California played a remarkably strong game of American football against the University of Washington yesterday afternoon, losing only by the close score of 13 to 7. During the first three quarters, California played superior to that of Washington, but weakened toward the end of the game and allowed the locals to score points enough to win. A week ago yesterday Washington defeated California by a score of 72 to 0.

YALE UPSETS ALL CALCULATIONS AND BEATS PRINCETON

(Associated Press by Federal Wireless.) NEW HAVEN, November 14.—Princeton's great line, whose wonderful play in their previous game sent them into today's fray four to one favorites over Yale, was battered and smashed by the Sons of Eli and when the finish of the game came here yesterday afternoon, Yale was on the long end of 13 to 7 score.

The defeat of "Speedy" Bush's Tigers was a crushing blow to the followers of the team, and as Yale walked off the field winners, after having been entirely overlooked, a wild demonstration took place. "Pie" Way, the gallant right tackle, and Wilson at quarterback, were exceptionally strong in tackling and line blocking.

Harvard Beats Brown CAMBRIDGE, November 14.—Harvard played an exceptionally strong defensive game here yesterday against Brown and were winners by a score of 16 to 7.

Army Team Hopful WEST POINT, November 14.—The University of Maine was unable to score in their game with the Army eleven here yesterday, the catlets winning by a score of 24 to 0. Following the announcement of the Navy and Colby game, in which Colby scored fourteen points, Army took to a decided upward bound and followers of the game are confident the Army will beat the Navy when they meet at New York City two weeks from today.

Other Football Results At Minneapolis—Minnesota 20, Nebraska 33.

At Philadelphia—Michigan 9, Pennsylvania 0. At Ithaca—Cornell 40, Washington and Lee 21. At Columbia—Missouri 41, Drake 13. At Annapolis—Navy 28, Colby 14. At Hanover—Dartmouth 27, Bates 0. At Syracuse—Syracuse 27, Colgate 0. At Chicago—Chicago 7, Kansas 0. At Urbana—Illinois 17, Wisconsin 3. At New Brunswick—Butgers 19, All Stars 7.

At Washington—Washington and Jefferson 7, West Virginia Wesleyan 3.

PLENTY OF SUNSHINE STILL NO BASEBALL

Despite yesterday being one of those lovely Hawaiian days and a thousand or more baseball fans clamoring for the national sport, it was impossible to get the ball yard into shape for games and the fans had to go without.

Manager M. Joseph Pareza of the Portuguese Athletic Club was keenly disappointed at the turn of affairs, for he had rounded up several classy players to lineup against the Twenty-fifth Infantry. In fact all the managers and ball players were disappointed for they had promised to give the fans some real baseball.

Under the present conditions the game scheduled for yesterday will be played off December 5, with the P. A. C. and Saints and All Army and Twenty-fifth furnishing the card next Sunday. Thanksgiving Day, the P. A. C. meet the Army and the Chinese meet the Twenty-fifth. This game is being looked for by the fans for the All Chinese have been the only Oahu League team able to take the measure of Saunders Church. Naturally the Schofield Barracks team will play for all they are worth to wipe out the defeat while the Chinese will play just as hard to make it two straight.

CHICAGO AND MANILA BREAK EVEN IN FIRST

(Associated Press by Federal Wireless.) MANILA, November 14.—The University of Chicago and University of Manila baseball teams played the first game of their series here yesterday afternoon, neither team being able to send over the winning run.

SHAKE UP IN BEAVERS

Bates will play first base for Portland next year, and Stumpf will be switched to third. This announcement was made by Walter McCreidie, manager of the Beavers, who says also that Ward will retain his position at short and Rodgers will play second base. Specs and Southworth are fixtures in the outfield, said McCreidie, while Davis will go. Fisher and Corley will catch, with Bartholomew to fall back on. McCreidie says he hasn't as yet picked his pitching staff, but knows that Higginbotham will remain.

TIGER STAR MEETS DEATH IN TRENCHES

Joe Prentiss Poe, Junior, a famous Princeton football player in the early '90s, was killed on September 22, while fighting as a private in the British army along the northern boundary of France. Word to that effect was received from the London war bureau recently by guests at Baltimore, Maryland. Poe was born in Baltimore forty years ago. He won international fame as a captain in the Honduras army, when, with a handful of men in a fort at Amalpa harbor, he opened fire on a Nicaraguan gunboat that was firing away under the impression that the Honduras had a big force at the fort. When last heard from Poe was a member of the "Black Watch" regiment.

EXPLOSION ABOARD DESTROYER DECATUR WAS GREAT HORROR

Details of Shocking Accident In Navyyard In Cavite Just Received Here

PORTION OF DESTROYER IS COMPLETELY WRECKED

Two Members of Crew Met Death And Four Recommended For Gallantry

The details of the shocking explosion which occurred on the destroyer Decatur recently at the Cavite navy yard have just reached here from the Philippines. For brave work after the explosion, Lieut. Wilfred E. Clarke, commanding the vessel, has recommended for honorable mention to the navy department Chief Water tender Smith, Machinist's Mate Corrigan and two others of the crew.

At the time of the explosion there was nothing out of the ordinary going on aboard the destroyer and all that is known of events just preceding the explosion is that Chief Gunner's Mates Hayden, Bell and Elkins were putting away tools, or at other work in the ordnance room. The explosion tore down bulkheads all around the store room and the work room, the terrific force of the blast completely wrecking the bulkhead protecting the magazine. Men Hurled From Bunks.

Above the wrecked compartments men were thrown out of their bunks, the deck plating was loosened, and the alarm was first given by Fireman Callahan, who was shot bodily out of the forecabin on the deck.

That the Decatur was not blown to pieces is due to the fact that all of the explosives forward were what is known in the navy as "prepared" ammunition. Thus, while a tongue of flame shot through the magazine, the war heads and other explosives were found intact after the disaster. Lieutenant Clark says that every ounce of powder and gun cotton on the vessel has been accounted for. He has searched for a clue as to the cause of the disaster and the only possible thing that he can think of that may have led to the explosion is that one of the three men in the work room may have taken some gasoline from a tank above decks and carried it below for cleaning purposes.

Other Shows Heroism Strangling fumes issued from the forward part of the Decatur immediately, but none on board was able to detect from the smell of these what the combination was that caused the explosion. The shock caused the hatch of the ordnance store room to fall in, and with the entire disregard for his own life Oiler Wakkan dashed to the hatch, threw it open, allowing the rescuers to get down into the hold and locate the suffering members of the crew. Gunner's Mate Elkins was dragged from the death hole by his mate, crushed and dying, and breathed his last on the deck of the vessel, despite efforts to resuscitate him. Gunner's Mate Bell, also brought out of the hold by his shipmates, died three days later after suffering frightfully from burns.

Remains are being made to the Decatur at the Cavite navy yard.

'MAKE MEN, THEN SOLDIERS'

(CHICAGO, October 22.—Making men, not soldiers and sailors, out of a rapidly degenerating citizenry is America's first problem of national warfare, is the belief of Rear Admiral Albert Ross. Fifty per cent of the applicants for naval enlistments are rejected because they are below a normal physical standard, or are mentally and morally undesirable, according to the admiral, who came to Chicago today to address the campaign committee of the Navy League.

"The men who are unfit for the navy very likely are in the long run unfit to be good citizens," he said. "Many of them, no doubt, will become dependents before their course has been run. In Boston recently out of 600 applicants for the navy only thirty were accepted."

"This is an example of the proportion of fit manhood in our great cities. Before we can make soldiers and sailors we must have men."

Hong Hak Sun, a Korean who pleaded guilty to second degree murder, was sentenced by Judge Ashford Saturday to twenty years' imprisonment at hard labor—the minimum sentence allowed by the law in such cases. Hong killed a fellow-Korean several months ago.

DAYS OF GRACE HAVE ALL GONE

Workmen's Compensation Act To Be Enforced Now As To The Penalty Clauses

The industrial accident board, appointed some months ago by the Governor, will at its next meeting begin a rounding up of those employers of labor in this city who have as yet not complied with the provisions of the Workmen's Compensation Act passed by the last legislature.

The act has been in effect since the first day of July of this year, but an account of its broadness the board has seen fit to give all affected by it an ample opportunity to become familiar with their duties under the new law.

Notices have been published broadcast warning all that the law was in operation and now the penalties imposed for a non-compliance with it will be put on the delinquents.

The act applies to any and all industrial employment, even including certain employees of the Territory and counties. The board and individual members of it have general powers to subpoena witnesses, administer oaths and to examine books and records of the parties to a proceeding as relate to questions in dispute. It may call upon the circuit court to enforce by proper proceedings the attendance and testimony of witnesses and the production and examination of books, papers and records.

Employers of labor other than the Territory and municipal bodies must secure compensation for their employees in one of the following ways:

By insuring and keeping insured the payment of such compensation with any stock corporation or mutual association authorized to transact the business of workmen's compensation insurance in this Territory, or by obtaining and keeping in force guarantee insurance with any company authorized to do such guarantee insurance within the Territory.

Employers may also deposit and maintain with the territorial treasurer security satisfactory to the board securing the payment by said employer of compensation according to the terms of the act.

Upon furnishing satisfactory proof to the board of his solvency and financial ability to pay the compensation and benefits provided by the act, no insurance or security shall be required and the employer must make such payments to his employees, as they may become entitled to receive the same.

Any person who willfully misrepresents any fact, obtains the benefits under this act, under the law will be guilty of a misdemeanor.

The effect of failure to obtain insurance or provide for the proper safeguarding of the claims of injured employees is rather drastic. The board may fine an employer one dollar a day for each employee not insured. Furthermore, if any employer remains in default for a period of thirty days he may be enjoined by the circuit court from carrying on his business while such default continues.

APPEAL FOR BOOKS FOR BELGIAN SOLDIERS

NEW YORK, October 30.—An appeal for books for Belgian soldiers detained in hospitals, detention camps and as prisoners was made today by an honorary committee appointed for the purpose in this country with headquarters in this city. The members of the committee include Emmanuel Havenith, the Belgian minister at Washington, D. C.; Joseph H. Choate, Rev. J. F. Stollenwerk, of the Belgian relief service; Pierre Mall, Belgian consul general here, and Louis de Saldier, minister of state for Belgium, who is now in New York.

Books in English, especially works of travel and novels, history or electricity, mechanics and motoring, also are asked for.

TIME TABLES IN PAPERS HELD BEST ADVERTISING

FRENCH LICK, Indiana, October 27.—The American Traffic association, in advocacy here today, contended that the best method of placing railroad time tables before the public was to advertise them in the newspapers. It was decided that the old custom of advertising the arrival and departure of trains should be revived.

Judge Ashford has postponed passing sentence on J. Marcellino to nine o'clock next Saturday morning. The defendant has pleaded guilty to embezzling 100 shares of the Honolulu Brewing and Malting Company belonging to Mrs. Julia Bishop Egan, of the value of \$1500. Arraignment and pleas on three other charges of embezzling of stocks alleged to be worth \$8220, will be taken up next Saturday.

HAWAIIAN GUARDSMEN HAD EXCELLENT SCORES

T. J. K. EVANS AND JAMES HO SUCCESSFUL IN NATIONAL RIFLE MATCHES—FORMER ON WINNING TEAM IN SERVICE MATCH

To First Sgt. Thomas J. K. Evans and Sgt. James Ho, national guardsmen of Hawaii, belongs the honor of having made history for the Paradise of the Pacific in the National rifle matches of 1915 at Jacksonville, Florida, last month. He earned his laurels by finishing twenty-sixth in the individual championship, in which 254 of the best rifle shots of the United States took part. Sergeant Ho's reward was a handsome bronze medal in addition to the prize money, the medal being the first national rifle match trophy ever brought to Hawaii by a member of the National Guard.

Evans' achievement was that of being one of the shooters making the best aggregate score in the President's match and in the national individual. Evans stood thirteenth among all the guardsmen.

This entitled him to the distinction of shooting on a winning team in the United Service match for the organization militia, which defeated the Marine Corps and United States Army in this event with the aggregate score of 2228 to 2205 for the Marines and 2174 for the Army.

In the United Service match each aggregation was composed of sixteen riflemen, firing 200 yards at slow fire and 600 yards and 1000 yards at rapid fire. Maj. J. V. Clinton, Illinois National Guard, had the high score of 145. Sergeant Evans was thirteenth with a score of 125, being tied with Capt. F. F. Hild, Iowa National Guard.

For his performance Sergeant Evans is to receive a gold medal suitably engraved and a photograph of the winning team.

Ho's shooting in the national team match was the best of the Hawaii aggregation. He scored 229 out of a possible 225. In the National individual

CHARLES S. CRANE—Manager

'DON'T PITY ME,' REQUESTS BRYAN

CLEVELAND, Ohio, November 1.—In a speech for prohibition, William Jennings Bryan told an audience not to pity him for his "unsuccessful political career."

"Sometimes my friends have expressed their sympathy to me because of what they termed the unsuccessfulness of my political career," said Mr. Bryan. "Why, they shouldn't do that. Since I've been in politics reforms have been accomplished without the loss of a single life that would have cost thousands of lives in sacrifice 200 years ago."

"Pity me! Don't do it. If I had lived two centuries ago and advocated what I do now, I would have been hung. No one has accomplished any great reform without being abused and 'straitened at first. But when a man knows he is in the right he must speak out."
