

SHIPBUILDING IS HAVING BIG BOOM ON GREAT LAKES

Cleveland Alone Reports Closing Contracts For Forty-six Vessels Costing \$8,000,000

(By The Associated Press.)
CHICAGO, Feb. 26.—The shipbuilding industry of the Great Lakes, after being dormant more or less for half a decade, is enjoying a revival of prosperity, according to reports from shipyards at and near Cleveland, Detroit, Toledo, Duluth, Buffalo, Chicago and smaller Great Lakes ports.

The opening of the Panama Canal, the activities of submarines and the healthy increase in exports are considered the immediate causes of the shipbuilding boom. The claim is made, without denial from the builders, that old ships and vessels now under construction are bringing better prices than in many years.

This boom will bring millions of dollars of business to the dozen or so of shipbuilding companies, has created new work for hundreds of men and already has caused the rebuilding of old yards and the planning of several new ones.

Foreign Interests Buy

The demand is strong for both lake and ocean vessels and only the inability of the builders to give assurance of delivery of the ships by 1917 stands in the way of even heavier orders. Foreign interests are prominent among lake buyers.

With the first clash of arms in Europe, shippers saw the necessity for obtaining boats quickly to carry merchandise to foreign and domestic ports. One New York capitalist obtained at least four huge Great Lake package freighters. At the Welland Canal these ships had to be cut into sections before they could continue the trip to the coast.

The tremendous amount of shipping that has gone to the bottom in the war zone together with the fact that many of the shipyards in England have been turned over almost exclusively to ships of war, has forced foreign buyers to look to American shipbuilders for new vessels and some foreign buyers are ready to pick up any ship for sale on the seaboard.

Negotiate For More

Cleveland alone reports the closing of contracts for forty-six vessels at an aggregate cost of more than \$8,000,000 and that negotiations are in progress for thirty ships. These orders are being filled at Cleveland, Toledo, Lorain and Ashtabula, O., Ecorse and Manistowic, Mich., and Buffalo, N. Y. The yards at these cities are said to have all the business now that they can handle during the year.

At Cleveland it is understood that Italian interests are negotiating for twenty-eight ocean-going trading vessels of 3,000 tons each. In addition to all this building activity twenty-four freighters with a total capacity of 112,700 tons have changed hands on the Great Lakes in the vicinity of Cleveland since the first of the year.

Japanese Take Out Hawaii Certificate

Thousands of young Japanese, between twenty-one and thirty-two years old, have been taking out certificates from the Japanese consul, all showing them to be residents of Hawaii and as such not subject to being recalled to Japan for military service. The Japanese military regulations exempt Japanese residents of a foreign country, with one or two exceptions, from military service, by applying at the Japanese consulate of the country where they reside, provided, that if the holder of the certificate returns to Japan before he is 32 years of age, he may be summoned to serve as a soldier or sailor.

Acting Consul-General Arida said yesterday that as many as ten thousand Japanese of military age are in the Territory, and he added, "I believe that very few of them have failed to take out the certificate."

TWO ARMY OFFICERS RECEIVE PROMOTION

According to a cablegram received at department headquarters yesterday from the war department, Second Lieutenants E. G. Cullum, Fourth Cavalry, and H. W. Hall, Cavalry, have been promoted to the grade of first lieutenants. Both these officers are well known and have many friends among both the military and civilians on Oahu. Lieutenant Hall is at present at headquarters, Western Department, and Lieutenant Cullum, said in the transport Sheridan, Tuesday, for San Francisco.

BEST MEDICINE MADE

A better medicine can not be made than Chamberlain's Cough Remedy. It soothes the lungs, opens the secretions, aids expectoration and assists nature in restoring the system to a healthy condition. Besides, it contains no opiates and is perfectly safe to take. For sale by all dealers. Benson, Smith & Co., Ltd., agents for Hawaii.

PUNAHOU GLEE CLUB TO GIVE BIG CONCERT

Boys and Girls Are Working Up Splendid Program For Great Event

The patrons and student body of Punahou are looking forward with much pleasurable anticipation to the concert of March 17, to be given by the boys' and the girls' glee clubs of the academy.

The glee club concert of Punahou last year was a great success, the numbers were rendered in a finished and very acceptable manner. But this year's concert represents the work of two seasons' clubs, presenting a splendid selection of songs in a well trained and artistic style.

This is the second year L. G. French has had charge of the Punahou clubs. He has had most of the 1915 clubs in this year's chorus, and in addition to the benefits derived by two years of experience, the clubs are strengthened by several new voices, carefully chosen from a large number of glee club applicants last fall.

The program will be a very happy combination of standard songs, including both classical and humorous numbers. Mr. French will lead during the evening, and will himself take the solo of "Danny Deever" in one of the songs. Miss Maude Seyde will furnish the piano accompaniments. Each club will present two groups of songs. The special features of the program will be a quartette of negro songs by the male quartette and a violin solo. Following is a list of the club members:

Girls Glee Club—First Soprano: Catherine Johnson, Margaret Fincke, Gladys Halstead, Dorothy Winter, Florence Giffard, Charlotte Blake, Florence Gibb, Johanna Wilcox, Agnes Chalmers, Margaret Hoops. Second Soprano: Ruth Farrington, Florence Campbell, Maudel, Wakefield, Myra Neal, Alice Moore, Madeline Chapin, Marion Lee Pries, Jessie Baldwin, Margaret Andrade. Alto: Francis Farrington, Ima Woods, Lucile Watkins, Catherine Pratt, Olive Villiers, Dorothy Walker, Ruth Seybold, Margaret Neudler.

Boys Glee Club—First Tenor: Roland Gray, Harold Harvey, William Parkhill, Antonio Correa. Second Tenor: Donald Brown, Noble Kaubane, Robert Kula, Theodore Awana. First Bass: Gordon Brown, Leon Ebersole, Frank Broadbent, William Mahikoa, Gordon Gibb, Herbert Foster. Second Bass: Joseph Meinecke, William Noble, Joseph Pekelo, Ernest Peterson, Donald Larnach, Joseph Chalmers.

Goods Sent By Germans In Yucatan

In the American steamer Yucatan, which yesterday from Shanghai via Mojil from San Francisco, was a solid cargo of 2700 tons shipped by German business houses of Shanghai to San Francisco. German houses of the Orient had few bottoms in which to ship their goods, Japanese and British being closed to them, and American, Dutch and Scandinavian vessels offer about the only tonnage, and there are few of them.

As for goods from the States, there are just as few opportunities, and German business men in the Orient are handicapped by a lack of American goods, it is stated, in dispatches, especially American cotton cloth. The Chinese Maller China is filled with Chinese freight to and from Hongkong largely, and gives little relief.

The Yucatan was perfectly neutral, however, for she took freight to British houses on the outward voyage from San Francisco two months ago.

Capt. A. C. Paulsen is master of the Yucatan, which sailed here for about 700 tons of oil and 150 of coal. He reported a fair voyage, but with some bad weather out of Japan. The vessel steamed from Shanghai February 16 and from Mojil, where she called for bunkers, three days later.

What the rates are from Shanghai Captain Paulsen could not say, as the Yucatan is under time charter, but the shortage of tonnage in the Orient was evidenced by the many opportunities she had to pick up charters. She will make another voyage from San Francisco to the Orient, the captain said.

The Yucatan sailed yesterday afternoon for San Francisco.

CASES AGAINST ALLEGED 'BLIND PIGGERS' CONTINUED

August Poerschke of the steamer Pommer and Heinrich Muller of the steamer Setos, charged with illicit sale of liquor in connection with the raid made upon the steamers last Sunday, by License Inspector Fenell, appeared in police court yesterday morning and their cases were continued until this morning at the request of Thompson Miltverton, a witness. No arrests have been made in connection with the alleged existence of "blind pigs" on the S. M. S. Gier and the steamer Prinz Waldemar.

Zeeder Will Take China, Is a Report

Master of Siberia Named By Rumor To Succeed Frazier; Stanton Back

Those officers who came to come to Honolulu when the Pacific Mail trans-Pacific fleet disappeared are eminent back, one by one. There were Frazier, Clark of the Manchuria and Parser, Landers of the China, here in the China and City of Puebla last week, and now comes R. A. Stanton, freight clerk of the Siberia. He was found to be freight clerk of the T. K. K. steamer Chiyu Maru, in yesterday from San Francisco.

Cold and rough weather on the Atlantic drove him back to warm and quiet seas.

When the Siberia Arrived at New York January 24 on her first return voyage from London, Mr. Stanton said that there was a blizzard blowing. One of the officers made the apt remark that the people of New York didn't know "there were trains running to California," and Chief Engineer J. S. Hamilton, Dr. J. G. Harrington, a new surgeon; First Officer George Dock-stader, Second Officer A. N. Jackson, Third Officer N. E. Story, Chief Steward A. McPherson and Mr. Stanton did not go out again. They all crossed the continent. The others are on shore in California now.

The voyages across the Atlantic were rough.

One More Trip

And it is rumored along the San Francisco waterfront that Capt. Adrian Zeeder of the Siberia, who continues in command, will be master of the China Mail steamer China on the sailing after next from San Francisco. Capt. F. E. Frazier was appointed bar pilot of San Francisco, but he wouldn't say when here Saturday what he was going to do. The report that came in the Chiyu yesterday morning said that Captain Frazier would have the China on one round trip and that Captain Zeeder would become her master thereafter. It is cold on the Atlantic these days.

SON OF ADMIRAL TOGO SAYS HE IS A FARMER AND SILENT AS TO WAR

Russia remembers well the name of Togo, for a Japanese admiral of that name destroyed the Russian fleet in the war with Japan.

Japanese tell, with a smile, that the great sea-fighter's hobby is floriculture, and that he spends many hours in his own garden in Japan.

And another of the great name is a lover of flowers. A passenger in the T. K. K. steamer Chiyu Maru, here yesterday from San Francisco for Japan, was Iryo Togo, son of the admiral.

For three years Mr. Togo had been working as a laborer in English gardens, learning the art of floriculture, and on his way home through the States he studied American methods.

When he arrives in Japan he will ask the admiral to permit him to become a floriculturist.

Maurice Maeterlinck should be a witness to that interview and told the world the manner in which the old admiral's eyes twinkle and what he replies.

"I am a farmer," said young Mr. Togo, "and I know nothing of the war even though I remained in England three years."

He is a graduate of the Higher Institute of Agriculture at Aoyama, Tokio, and he went to England when he had finished his school course. He played golf yesterday afternoon at the Country Club.

SOLDIER ALLEGED TO BE DESERTER AND THIEF SHOT

Felix Paust, said to be a deserter from the Coast Artillery command at Fort De Russy, was shot in the back by a sentry at the fort yesterday morning about eight o'clock, and is now at the hospital in Port Shafter. He is charged with having been stealing by the guard, and was shot down only when he ignored the command to halt. The bullet entered the soldier's back and passed through the liver. He is reported to be in danger of dying. An investigation is to be conducted by the commanding officer of Fort De Russy.

Full Cargo For Coast In Matsonia

Lurline Discharges 4978 Tons Here in Two Days; Tows Oil Ship

A great cargo of 4977 tons was sent to San Francisco in the Matson steamer Matsonia, sailing at ten o'clock yesterday morning from Pier 15. This was by far the largest she has carried, 4912 tons having been the record. The liner was filled to capacity under the circumstances, as no more sugar could be loaded without putting her down by the head and off an even keel. Several hundred tons of freight had to be left behind. The cargo included 7674 tons of sugar, 910 tons of molasses, 29,325 cases of canned pineapples, 4181 bunches of bananas and miscellaneous freight such as rice and coffee.

Capt. Charles Peterson took her 192 passengers to the 292 cabin and thirty-six storerooms, leaving her to capacity. There was an exceptionally gay scene at the dock, the crowd being larger than usual and many leis and streamers giving color. Visitors who came for the Carnival made up a large part of the list. There were ten automobiles, belonging to travelers, being returned to the mainland. Among those who departed were W. A. Bissel, vice-president of the Santa Fe, and Bishop and Mrs. Nibley and President and Mrs. J. F. Smith of the Myronson club.

Indications are that the business of the Matson line for the year will break all records easily.

Do a Fine Job

A fine job of discharging the Matson steamer Lurline was completed last evening. Stevedores got to her at ten-thirty o'clock Tuesday morning; they worked the remainder of that day, all that night and all day yesterday, and discharged a cargo of 4978 tons, which probably is a port record. It could not have done were the Lurline not an easy vessel to work and the cargo not an easy one to handle. With the ship Marion Chilcott in tow, the Lurline steamed for Hilo last evening. She will leave the Marion Chilcott today at Hilo, where the ship will take on 1700 or 1800 tons of sugar for San Francisco, and the Lurline will proceed to Kahului and Kaunapali, to return here Monday morning, a day later than usual. She will sail for San Francisco at four o'clock Tuesday afternoon.

Cargo of the Matson steamer Hyades, as reported to Castle & Cooke, agents, is 2000 tons for Honolulu, 400 for Port Allen, 225 for Kahului, 425 for Hilo and 175 for Kaunapali. (She sailed from Seattle March 4 and is due here Tuesday, one week behind schedule.)

The Matson steamer Wilhelmina sailed from San Francisco for Honolulu at twelve-thirty o'clock yesterday afternoon. She is due here Tuesday morning.

WILDER-FORBES CASES CONTINUED BY ASHFORD

On the assurance given by Attorney General Stanback yesterday that certain disputed items of expense in the accounts of Superintendent Forbes due him by his recent trip to Washington, would not be paid until the proceedings instituted by Attorney Arthur A. Wilder were disposed of, Judge Ashford dismissed the temporary writs of the cases going over to a future date for further disposition. By stipulation filed yesterday the respondents in the cases were given until March 15 in which to answer, demur or plead otherwise.

OFFICE SUPPLY CONCERN IS SUCCESSFUL BIDDER

The Office Supply Company was the successful bidder for the contract to furnish the metal furniture in the judicial building, bids for which were opened in the office of the superintendent of public works yesterday. The company's bid was \$1509, in ninety days. The other bidders were the F. W. Wentworth Company, \$2844, in 100 days; the Waterhouse Company, \$2087, in eighty-five days, and the General Pipefitting Company, \$1621.90, in 100 days.

DENTIST MAY FORCE BOARD

In an attempt to compel the territorial board of dental examiners to grant him a license to practice dentistry here, Dr. Manuel Goldwater, formerly of New York City and a graduate of a number of mainland dental colleges, has filed in the circuit court a petition for a writ of mandamus. His application was refused by the board.

SPORTS

BILLY HARRIS RECORD SMASHER

Honolulu Boy Gains Four Philippine Island Records in Swimming Events

Another Honolulu boy, William H. Harris, junior, has added more fame to his prowess as a swimmer in Manila and in the aquatic events under the auspices of the Far Eastern Athletic Association at Manila, February 8, was the bright spark of the meet.

The Cablesnews-American calls particular attention to the performance of young Harris in the following paragraph: "Babe" Harris, the Columbia club's human fish, was easily the star of the meet and outdistanced every competitor with comparative ease. His performances will go down in the records as being nothing short of remarkable as the fast "C. C." finished the meet unbeaten in every event."

Comparing the time made in the various events against his previous marks, Harris is fast coming to the front and is bound to be heard from in international aquatics.

His records at the February 8 meet, and the records of the islands previous to this meet are as follows: 40 yards—Harris, first time 0:22 2-5; previous record, 0:22 3-5. 100 yards—Harris, first time, 01:01; previous record, 01:05. 220 yards—Harris, first time, 05:10-1-5; previous record, 05:14 4-5. 880 yards—Harris, first time, 14:23-3-4; previous record, 15:15.

Harris was also a member of the relay team which won first place. He was formerly a member of the Myrtle Club and still remains on the non-resident membership roll of the organization. He was expected to keep last year and would then have swum here. Business detained Harris in Manila but prospects of him making the trip in the near future are bright and in letters to friends, Harris says he is anxious to take part in the A. A. U. events next July.

WASEDA READY TO START ON JOURNEY

Fourteen Japanese Ball Players To Play Ten Games With Honolulu Teams

According to the latest mail from Tokyo, Japan, the Waseda baseball team will arrive in Honolulu, April 4, and remain here for a series of ball games with the local teams until May 2. Fourteen men are coming under the management of coach Kono, who was one of the team's best pitchers a few years ago. The tentative schedule now calls for ten games to be played on Wednesdays, Saturdays and Sundays. Following the series here the team will depart for San Francisco where they will play with Stanford and California. Pitcher Des Jardin, of the University of Chicago will meet the team at San Francisco and guide them on to Chicago.

There the Wasedas will be the guests of the University for at least six weeks. The return journey to the Orient will be made by way of Seattle.

So far the following men have been signed for the trip. Kawashima, pitcher with a wide outcrop; Ichikawa, catcher, said to be the best in Japan; Hanai, first base; Asumaga, second base and captain; Sasaki, third base; Kato, shortstop; Yokoyama, leftfield, Cho, centerfield and rightfield.

Cho is a full-blooded Chinese who was born and raised in Tokyo and who is a member of the students body of Waseda. Cho is considered the equal of Charley E. Sue and if he is, then Cho is certainly some ball player.

BIKERS WILL GATHER

Nippu Jiji Arranges Interesting Program For Meet

Four hours of lively sport is promised for the afternoon of March 26, at Athletic Park, when the Nippu Jiji tags its big bicycle meet. The plans for the show are going rapidly forward and indications point to at least 100 riders taking part in the various events. The staging of the meet is except to add some worthy cause as all the gate receipts after expenses have been paid, will be turned over to Lehigh Home and other charities. As one of the promoters put it, the day is to be one of enjoyment and get together. A scale of prices within the reach of all has been adopted and five cents will admit children, ten cents will be the price of bleacher seats while the grandstand will be fifteen cents with twenty-five cents the charge for box seats.

HEALING BOATMEN HOLD CELEBRATION

One Hundred New Members Added To Roster Following Live-ly Club Campaign

Members of the Healan Yacht and Boat Club did themselves proud last night and in the opinion of the 328 persons present, it was the biggest and best stunt ever pulled off at the club house. Several weeks ago Secretary A. C. Reinecke inaugurated a new membership campaign and the old members showed their enthusiasm of the plan by bringing in over 100 new members. Willie Kanakanni was the leader with ten new members, Cliff White of E. O. Hall & Son landed nine and Charles Brown ran third with eight.

With the stroke of half-past seven o'clock, Secretary Reinecke gave the word for all hands to repair to the banquet hall and there the 328 members and guests enjoyed one of the finest showder dinners ever prepared. This was followed with cigars and then Fred Gruenwald opened the vaudiville program with a musical selection. Next came the Filipino orchestra quickly followed by "Sunny" Cunha and his Hungry Band.

Lorin Andrews, secretary of the Hawaiian Branch of the A. A. U., spoke on Amateurism and was warmly applauded. George Dyson followed with a talk on the club's swimming prospects and stated that the Healanists would have one or more representatives in every event at the big Fourth of July meet.

Secretary Reinecke was the next speaker and his remarks concerning the flourishing condition of the club were loudly cheered.

Besides other vaudiville stunts there were two warm bouts with the gloves and a wrestling contest, all of which immensely pleased the crowd.

TRAVELERS BEGIN TOUR OF MAINLAND

William Lai Tin and Eight Men Leave For Seven Months' Trip

Nine ball tossers representing several nationalities, left for the mainland yesterday morning in the Matsonia for a tour that is expected to embrace nearly every large city of the States and to last a period of at least seven months. Prior to leaving, William Lai Tin, who will act as manager of the aggregation which is to be known as the Chinese University team of Honolulu, gave out the list of names of the players who will comprise the team. They are as follows: William Lai Tin, catcher and manager; Kekoa, pitcher; Chito, former-ly of Portland, first base; Danny Mori-yama, second base; Vernon Ayau, short stop; Swan, third base; Yen Chin, leftfield; William Luman, centerfield, and M. Yamashiro, rightfield. Apau, Deny Markham, George Bush and Henry Yap will join the team at San Francisco.

Of the local teams hardest hit by the departure of the Travelers, the All-Chinese lose three men, Lai Tin, Yen Chin and Vernon Ayau, the St. Louis team loses Chinito Moriyama, Swan and Bill Inman. Doty played a few games with Punnasa while Kekoa and Yamashiro were free agents.

How the teams of the Oahu League will stack up against the Waseda is to be settled this evening at the office of A. L. Castle where the league officials are to hold a meeting beginning at half-past seven o'clock. Rumors have it that the Punahou will disband and that several of the players will join other teams, Chillingworth in particular going to shortstop for the Saints.

HANDICAP COMMITTEE FINISHES ITS LABORS

After many sessions, the handicap committee of the Polo association has announced its revised list. A number of changes have been made, the particular feature being the fact that many more players have been raised than in the past three or four years. The number whose handicaps have been lowered is comparatively small.

At the request of the committee Col. Charles G. Treat, delegate from the Army Polo association, with headquarters at Washington, D. C., sent on a list of players whose enhanced skill made a raise of handicap necessary. There are fifteen of them, the maximum being the increase of Lieut. Sloan Donk's rating from 1 to 3 goals.

Six new players have been added to the Bryn Mawr Polo club, including Earl Hopping, recently manager of the Cincinnati Polo club. His rating has been advanced from 4 to 6, while A. M. Collins goes from 3 to 4. Others include Rodman Wananaker, Jr., 1; B. E. Strawbridge, Jr., 2, and R. Penn Smith, 2.

Changes at nearby clubs are advances of Islin Polo club men, as follows: Horace Havermeier, 2 to 3; Harry T. Peters, 2 to 3, and Allan Pinkerton, from 1 to 2. At Meadow Brook, Raymond Belmont is raised from 4 to 5; Louis E. Stoddard, from 7 to 8; Howard Phipps goes from 3 to 4; and W. Averil Harriman advances from zero to one goal.

Hugh Drury, formerly well known in Long Island games and now a star of the Pacific Coast circuit, has joined the Riverside Polo club and his rating has been changed from 6 goals to 7.

BOSTON'S NEW CHIEF TABOOS BASKETBALL

Percy Haughton, president of the Boston Nationals, already has exercised his authority in disciplining players. Announcing himself as opposed to basketball playing by any member of the Braves, because of the possibility of injury, he wrote personally to Walter Maranville, cautioning him against taking part in indoor games.

Maranville had stated his intention of joining a team which would include Jarvin of Red Sox, Connolly of the Washington Senators and the New York Americans and Kelly of the Providence International.

EDDIE MAHAN SIGNED TO COACH CALIFORNIA

(Associated Press by Federal Wireless.)
BERKELEY, March 9.—Eddie Mahan, famous as captain of a football player and manager of last year's team, was signed yesterday as assistant coach of the Blue and Gold football squad. Mahan will give particular attention to the backs.
