

THURSTON PREACHES ANOTHER WAR IS TERRITORIAL NEEDS AT AD CLUB LUNCH

Hotel and Steamer Accommodation For Tourist Swarm Big Requirement

WANTS HONOLULANS TO GET TO WORK AT ONCE

Urges Real Support For Great Northern Pacific Line In Islands

If the sentiments of the Ad Club as expressed in its applause after the speech by Loris A. Thurston yesterday was the sentiment of the whole business community of Honolulu, this city would soon have steamer and hotel accommodations and to spare for all the tourists who may come here in the next five years.

Speaking of the wave of prosperity which is at present flooding the territory, Thurston said that one form of the preparedness, so much talked of just at present, is to take advantage of the present opportunity and put ourselves in a position to take care of what is coming to us in the way of additional tourist trade.

Advertising Islands He spoke of the proposal to have the Great Northern continue her visits here, and told how the company has spent \$35,000 in advertising the islands and is already expecting to bring more people later in the year by another advertising campaign.

More hotels should not make the present hotel people feel sore, as the more people induced to visit Hawaii the better it would be for everybody.

Need More Hotels More hotels and more steamers were what the island needed, Honolulu should see to it that the steamers that are induced to come here are so supported as to be able to dispense with a subsidy.

ANOTHER WAR IS PREDICTED BY BIG COMMERCIAL BODY

United States Chamber of Commerce Asks Local Branch To Take Action

BELLIGERENT NATIONS ARE PREPARING TO GET TRADE

Congress Appealed To For Aid In Coming Conflict For Business Supremacy

That a trade war will follow the present European conflict and that the belligerent nations are even now engaged in making preparations for it or an unprecedented scale, is what the Chamber of Commerce of the United States has shown to its members consisting of more than three hundred organizations representing forty-two states, the District of Columbia and Hawaii.

Through these organizations an appeal will be made direct to congress with a view to awakening that body to the necessity of a proper appropriation for the advancement of the trade relations between the United States and all countries of the world.

Local Body Endorses Bill The trade, commercial and industrial committee of the Honolulu chamber of commerce recommended to the directors of that body yesterday that they endorse the action of the national body in its efforts and the Delegate to Congress has been requested to use all endeavor to bring the ideas of Hawaii on the matter to the knowledge of congress.

The effort which the Chamber of Commerce of the United States is making centers on the fact that the legislative executive and judicial appropriation bill as reported to the house by the committee on appropriations failed to make any provision for the appointment of additional commercial attaches and trade commissioners.

Likewise no adequate provision is made for the administrative and clerical staff in the bureau of foreign and domestic commerce; the study of markets outside of Latin America and separate appropriation for the maintenance of field stations in the United States; nor the application of the civil service law to the field service.

Asks For Small Sum The national chamber in its referendum advocated all of these provisions. It set forth that there should be an appropriation of at least \$100,000 for the investigation of foreign markets. It also stipulated five more commercial attaches and six new trade commissioners in various parts of the world.

In a direct appeal the department of commerce committee declares that the demands upon the facilities of the government for information of prime commercial importance regarding foreign countries were never before so insistent and so numerous.

As in explanation of the new custom tariffs, questions of "trading with the enemy," embargoes, lack of shipping facilities and other things have had their effect in every part of the world.

The demand comes particularly from business men whose enterprises do not warrant the maintenance of world-wide agencies.

NOT ONE KNOCKER IN THESE ISLANDS

Neither Did This Tourist Hear Single Cuss Word Nor a Complaint

T. B. Mills of Superior, Wisconsin, who spent six weeks in the islands, failed to run across one knocker and didn't hear a single cuss word or a complaint, and he naturally took upon Hawaii as the finest part in the world.

In an interview in the Superior Telegram of March 25, he tells his Wisconsin neighbors of the Paradise of the Pacific. The interview, in part, is: "There is a spirit of co-operation and mutual assistance among the people of Honolulu and the Hawaiian Islands which might well be adopted by every community."

"Not a cuss nor a cuss word did I hear in the six weeks I spent in Hawaii," said he. "I did not hear a single person speak ill of his neighbor, proprietors and employees of a number of shops and businesses direct a slur to competing shops for articles they do not themselves carry in stock."

"Honolulu has a fine street car service, there being twenty-seven miles of line. Employees are the best paid street railway workers in the world, they receiving forty-five cents an hour for their services. This is probably due to the fact that all earnings above a certain sum go into the public treasury."

"It is my belief that there is no other land, considering climate and people, beauty and attractiveness of scenery where exist the charm of hospitality which brings so much pleasure to the weary and worn in health as this garden spot in the Mid-Pacific."

KILLING OF DAUGHTER ADMITTED BY FATHER

Police Claim To Have Secured Confession From Tokuboye

Apparently unmoved, Murata Tokuboye, the Japanese accused of killing his pretty young daughter, by slaying her across the abdomen with a knife, in a fit of jealousy, at Waipahu, Sunday, is said to have admitted his guilt to the police yesterday.

Deputy Sheriff Fernandez, after searching the vicinity near the scene of the crime, found the knife, with which the enraged father is alleged to have killed his child, lying in a clump of bushes.

The knife is a name "cleaver." Sato Shozo and Sato Kinzo, both important witnesses for the prosecution, are held by the police awaiting the trial of Murata. A coroner's inquest will be held in the Ewa courthouse, at one o'clock today.

UTILITIES COMMISSIONERS TO HOLD HEARING IN HILO

Attorney James L. Cole, counsel for the public utilities commission, and its secretary, H. P. O'Sullivan, will accompany the commissioners on their trip to Hilo today in the Wilhelmina.

It is expected that R. W. Shingle and C. G. Ballantyne, representing the Hilo Traction Company, and F. E. Thompson, attorney for the Hilo Electric Light Company, will also leave to be present at the hearing on the traction matter to be held in Hilo on Friday morning. The commissioners will return either Saturday or Sunday.

M'CANDLESS WING GETS UPPER HAND

Bourbons Working On Other Islands Say Landslide Will Bury Governor's Faction

Reports from the outside districts of the Territory are to the effect that the Democratic primary election for the selection of delegates to St. Louis and a national committeeman, besides other officers of the organization, will be a landslide for the McCandless wing of the party.

The campaign has been carried on as usual by letter and post card, and by personal solicitation in many cases and it is said that the trip of High Sheriff Jarrett to the island of Hawaii has been without result, as it was found that in a great majority of the precincts there had been no regular organization since last election.

Jarrett Arrives Too Late This being the case it was too late for the work to be done. Under the laws of the party all clubs must be in being and report at least thirty days before any election.

Jarrett is especially strong on Hawaii, where he is popular on account of his work as a steamboat man before he went into politics, and the people of the districts all over the island remember him cordially.

John H. Wilson will not concede that Jarrett has a ghost of a show and the others at the Democratic headquarters are of the same opinion.

MASTER ASHFORD FILES REPORT ON ROTH ESTATE

Huron K. Ashford, master, filed yesterday in the circuit court his report on the seventeenth annual accounts and the special accounts of H. M. von Holt, trustee of the estate of S. von Holt, deceased.

The principal account shows receipts of \$8432.84 and disbursement of \$4162.50, leaving a balance in the trustee's hands of \$4271.34. The two balances total \$4065.74.

CONTEST FOR BLUE RIBAND OF TRAIL

Five dog teams started in the All-Alaska sweepstakes from Sitka to Nome today, the contest for the Blue Ribband of the trail being dispatched in a blinding snow storm, which will undoubtedly slow to slow time being made in the race.

The starters were teams driven by Aker, Soppela, Delzeno, Brown and Kjerstad.

SPORTS INMAN WRITES OF TRAVELERS OUTLOOK BRIGHT FOR GOOD RACING

Team is Better Than Breaking Even and Has Extremely Bright Prospects

Bill Inman, of the Chinese Travelers baseball nine, at present touring the States, has been heard from. The ex-Punahou weight juggler writes The Advertiser from Brownwood, Texas, as follows: "Just a few lines to let the sporting public of Honolulu know how the Travelers are making out on their tour."

"To date we have played eight games, winning five and losing three. In California we lost to Stanford, 3 to 2, and also lost to Stockton, 7 to 6. We won from Bakerfield, 5 to 3, lost to the University of Arizona, 5 to 4, won from them 7 to 0, won from Stanford College, Stanford, Texas, 10 to 4; won from Simmons College, Allene, Texas, 3 to 2; won from Howard Payne College, Brownwood, Texas, 16 to 6. The latter roped in a Fort Worth League pitcher but we hammered him all over the lot."

"Apuu joined us in Abilene, but will not be able to work for a week or so, due to the fact that he hasn't touched a ball all winter. Denny Markham will join us here about April 8. With Denny and Apuu in shape we should certainly win a large percent of our games."

"I have been playing in the outfield owing to a sore arm, but will work regularly from now on, as from the result of yesterday's game, 16 to 6, I am in perfect condition."

"The boys will be glad when we get out of Texas, as the jumps are long and tiresome, and it is so dry and windy that we are all suffering from raked lips and sore throats."

"Our hardest games will be with Texas University, at Austin, but as we play three games against them we should come out the better of the two teams."

LATE COAST SPORTS

The English Derby and Oaks will be run at Newmarket, the former on May 10 and the latter June 1.

March 28 Hattling Levinsky out-pooled Jack Dillon in a 10-round bout in Brooklyn.

Joe Stecher, claimant for championship wrestling honors, won from Henry Orleman of Minneapolis in straight falls, the first in 10:44 and the second in 6:43.

Duke Kahanamoku swims at St. Louis, April 22, and winds up his Eastern tour at Chicago, where he will race on April 26. He will compete nowhere else on his way back to Honolulu.

Copa de Oro, the famous pacer, is now on his way across the Pacific, bound for New Zealand, having been purchased in that country for stud purposes, by a well known sportsman, Charles D. Hudson of Ravenhorne, Dunedin. Copa de Oro made his best mark when he paced a mile in 1:59 over the Phoenix, Arizona, track, in 1910. He has already made his mark as a sire.

A most sensational ending came to the ten-round battle between Charley Weinert and Porky Flynn at the Broadway Sporting Club. Weinert backed Flynn against the ropes and was walling away with rights and lefts when the rope gave way. In a flash both gladiators catapulted out of the ring and over a few surprised scribes. Luckily neither fighter was hurt.

The opening games of the National and American baseball leagues, played yesterday resulted as follows: National League At St. Louis—St. Louis, 2; Pittsburgh, 1. At Brooklyn—Boston, 5; Brooklyn, 1. At Cincinnati—Chicago, 7; Cincinnati, 1. At Philadelphia—Philadelphia, 5; New York, 4. American League At Boston—Boston, 2; Philadelphia, 1. At Cleveland—St. Louis, 6; Cleveland, 1. At Chicago—Detroit, 4; Chicago, 0. At New York—Washington, 3; New York, 2.

ROLLER IS ROLLED Joe Stecher, of Dodge, Neb., defeated Dr. B. F. Roller, of Seattle, Washington, in a straight falls in a wrestling match at Kansas City recently. Stecher used a bar arm and scissors hold in securing each fall. His time was 5:30 and 5:32.

TIGERS SHARED WITH PORTLAND BASEBALL HONORS

Standing of Teams

Table with 3 columns: Team, W, L, Pct. Los Angeles 8 2 .750, Oakland 5 3 .625, San Francisco 4 5 .444, Portland 4 5 .444, Vernon 4 5 .444, Salt Lake 2 5 .285

OAKLAND, April 13.—Portland turned the tables on the Oaks today, trouncing them to the tune of 7 to 3. Vernon repeated with San Francisco, the Tigers besting the Seals 4 to 1. The verdict on Tuesday was 4 to 0 in favor of the Vernontons.

Mr. and Mrs. Herbert G. Lowry were passengers in the Ventura yesterday afternoon for San Francisco, where they will visit friends and relatives.
