

TEUTONS RAID BRITAIN WITH WARSHIPS AND WAR VESSELS

Battlecruisers Slip Out of North Sea Fog and Bombard Seacoast Town of Lowestoft While British Attack Submarine Base

GERMAN AIRCRAFT BOMB KENT AND ESSEX TOWNS

French Attacks On Kaiser's Lines North of Le Mort Homme Fail To Gain Ground, Declare Official Despatches From Berlin

(Associated Press by Federal Wireles.)

LONDON, April 26.—Raid on coast towns, by sea and air, took the form of more important naval or military operations yesterday.

A German battle cruiser squadron, slipped out of a fog bank in the North Sea and attacked the little resort and fishing town of Lowestoft, on the eastern edge of Suffolk. The bombardment lasted about twenty minutes, and two British small cruisers and destroyers were hit and damaged by the dropping shells from the Teuton craft.

Shells Kill One Woman

Two men and a woman and child were killed on shore. Otherwise, says the official report of the affair but little damage was done by the raiders. While the Germans were shelling Lowestoft, British warships, patrolling the Channel, were busy at Zebruggen, where the Germans have established a submarine base and naval depots. Here the Germans suffered heavily, according to despatches from Amsterdam, and three Teutonic torpedo boats were sunk, making a dash to attack the attacking fleet were struck by the heavy shells of the bombardiers and appeared to have been seriously injured.

Damage Tremendous

The British fleet, containing the Amsterdam detached, did great execution among the plants and depots ashore, and the total damage done is declared to have been tremendous. Other raids are reported, raids of airships and aeroplanes. In Egypt British aeroplanes are reported to have started from the Allied bases on the Suez canal, and attacked the camp of the enemy at Quatia. The attack was entirely successful, the tribesmen having been forced to flee and the camp having been destroyed.

Teutons Attack Camp

A Havas despatch from Salonika, received in Paris late last night, announced that yesterday afternoon a German aerial squadron attempted to bomb the Allied camp outside of that Greek city. Anti-aircraft guns and Allied aeroplanes drove the attackers off, forcing them to flee in all directions, before they did any material damage. The Germans are also reported to have made an aerial attack on Dunkirk. Six bombs were dropped, and killed one woman and wounded three men. The material damage was next to nothing.

Fighting Now Lagging

On the ground, in the western theater the fighting lagged. Berlin, it is true, reported that the French sent waves of men against the Teuton position, north of Le Mort Homme, where were held in check, the German attack being repulsed by heavy artillery fire. Otherwise there was no infantry fighting along the entire line in France and Flanders. In Lorraine there was an effort on the part of the German commanders to gain ground on a French salient, but, after the attackers had won an insecure foothold they were driven back by the French counter-attack. At La Chapelle the Teutons won a footing only to be thrown back against tremendous losses by French gun fire.

Teuton Aviators 'Drowned'

Paris reports that during the day no less than four German aviators were "lowered" by the fire of the French anti-aircraft guns and by the attacks of French aeroplanes. In the Argonne the French artillery fire, added to mine and hand grenade assaults, drove the Germans out of one of their advanced posts, which was destroyed, and from a shattered trench, which the French took and consolidated. On the eastern battle front the fighting has been desperate again. The Russians have been launching fresh attacks on many points of their long line, and yesterday they attempted to gain ground at Garabunkova. Heavy Russian columns were used there, say Berlin official despatches, but the Slavs were driven back.

FANNING ISLAND IS LAST LINK IN 'ALL RED' ROUTE

(Associated Press by Federal Wireles.) SAN FRANCISCO, April 25.—Roderick Lamb, a British subject, is here on route to Fanning Island. He says that he is to take part in the establishment of a coaling and oil station at Fanning, and that the island will be the last link in the "All Red" route around the world.

MORE CONFERENCES ON AMERICAN NOTE

Indications Point To Proposition By Germany To Compromise Submarine Issues

(Associated Press by Federal Wireles.) WASHINGTON, April 26.—Despatches from Berlin announced that Ambassador Gerard and the German chancellor have again been in conference over the last American note, demanding the stoppage of Teutonic attacks against unarmed and neutral shipping. Following the conference with the American representative, Doctor von Bethmann-Hollweg went again to the Emperor.

On the surface, declare the despatches, the indications are that an "arrangement" will be reached on the Sussex matter and that a plan for the operation of the German submarine will be offered to the United States in an endeavor to reach an understanding.

Secretary of State Lansing yesterday announced that reports from Vienna indicated that the public sentiment in the Austrian capital is against any action on the part of Germany which might lead to the severance of diplomatic relations between this country and the Teutonic allies.

DUTCH GOVERNMENT PUT RESTRICTION UPON BREAD

Shortage of White Flour Forces Reduction in Consumption

(Associated Press by Federal Wireles.) LONDON, April 26.—Holland went on a war-bread basis yesterday, according to an Exchange Telegram despatch from its Amsterdam correspondent. The bakers began selling on the new basis yesterday morning. The Dutch being notified of the new condition when they appeared to purchase their breakfast supplies. The difficulty that is being experienced in procuring American wheat, due to activities of the German submarines against all shipping in the North Sea, has induced the government to issue orders against the further use of white flour.

BULGARIAN LOSSES NOW REPORTED TO BE 87,000

(Associated Press by Federal Wireles.) ATHENS, April 26.—Announcement was made here today that the Bulgarian losses so far in the war are 87,000 killed and 50,000 wounded and missing. A German powder factory at Delagatch, the Turkish town ceded by Turkey recently to Bulgaria and now used for military purposes, has blown up. A number of persons were killed, including the grandson of Premier Radoslavoff of Bulgaria.

WORK ON GOVERNMENT RAILROAD IS STOPPED

(Associated Press by Federal Wireles.) WASHINGTON, April 26.—Reports from Alaska last night announced that no work is being done on the Federal government's railroad line, tied up by a strike. The strikers are demanding fifty-five cent an hour instead of thirty-five cents.

CARRANZISTAS ARE STRONG

(Associated Press by Federal Wireles.) SAN ANTONIO, April 26.—Army of officials at Panston's headquarters here last night declared their belief that General Obregon will be told by the American conference at today's conference, that the Mexican authorities are expected to "reluctantly pursue Villa" and to take steps to gain absolute control of the border and render the reputation of the Columbus raid impossible. It is estimated by officials here that the Carranzistas now have between 25,000 and 40,000 men in North Mexico, placed so as to make Obregon's position extremely strong.

TO STUDY AERONAUTICS

(Special Cablegram to Nippon Jiji.) TOKYO, April 26.—The Japanese government has established a scientific laboratory for aeronautics, with Prof. A. Tanikadate, of the Imperial University as president. Special attention will be paid to aeroplanes and dirigibles.

NEW ENVOY TO TURKEY

(Associated Press by Federal Wireles.) WASHINGTON, April 26.—Ambassador Morganthau's American representative at Constantinople has resigned his office. Report last night said that his successor will be the American minister in New York.

BRITISH SHIP SUNK

(Associated Press by Federal Wireles.) LONDON, April 26.—The British steamship Rose has been sunk in the war zone, eleven of her crew were killed and known to be saved. They have reached land.

THE FORTY YEAR TEST

An article must have exceptional merit to survive for a period of forty years. Chamberlain's Cough Remedy was first offered to the public in 1872. From a small beginning it has grown in favor and popularity until it has attained a world reputation. You will find nothing better for a cough or cold. Try it and you will understand why it is a favorite after a period of more than forty years. Chamberlain's Cough Remedy not only gives relief, it cures. For sale by all dealers, Benson Smith & Co., agents for Hawaii.

WASHINGTON SAYS MEXICAN PROBLEM STILL IS CHAOTIC

Conference Between American Generals and Carranza's Representative May Occur Today

INTERVENTION GAINS FAVOR ALONG BORDER

Presence of Yankee Troops in Mexico Hampers Proposed Large De Facto Loan

(Associated Press by Federal Wireles.)

WASHINGTON, April 26.—Plans for the meeting and conference between General Scott and Panston and Gen. Alvaro Obregon may be changed so that the meeting will be held at some other place than El Paso or Juarez, according to despatches to the war department last night.

The feeling on the part of the Carranza officers that the prevailing intervention spirit at El Paso might influence the conference against the de facto government has led, it was reported here last night, to a request that the conference take place at some other point of the border line.

Mexican General En Route

Arrangements have been made for General Panston, who is commanding the expeditionary forces in Mexico, as well as the troops guarding the border, to accompany General Scott to the conference. General Obregon is already on his way to the border in a special train. The conference may begin today, if the plans are completed in time. It is understood here that Carranza officials may insist upon shifting the meeting place, in which another day may elapse before the conference get together.

Intervention Gains Ground

The American sentiment in favor of active intervention in Mexico is growing strong on the border and in the border states. Hundreds of American refugees from Mexico have been pouring through the border points for some time now, and they are to a man in favor of Uncle Sam's going into Mexico with all his power and "cleaning up the country." The reports of continued sniping and the added information, given out by General Panston's headquarters at San Antonio last night, that a trooper of the Tenth Cavalry was killed by a sniper about ten days ago, have done much to intensify this feeling in Texas and Arizona and New Mexico.

Intervention Affects Loan

It is reported that the presence of American troops in Mexico has done much to influence adversely the price of Carranza currency, and to depress exchange rates, to such a point that it is now practically impossible to negotiate a loan, which the Carranza authorities have been attempting to put through for some time. This is one of the chief reasons, it is said, why the Carranzistas desire the Americans to withdraw as soon as possible.

KANSAS CITY TRUST COMPANY IN TROUBLE

Minority Shareholders Ask Receiver For Financial Concern

(Associated Press by Federal Wireles.) KANSAS CITY, April 26.—Attorneys representing Edward and Charles Shedd, minority stockholders in the Guardian Trust company, have filed a petition for a receiver.

The trust company is capitalized at \$2,500,000. The petition declares that John Prescott, the liquidating agent, has grossly mismanaged the affairs of the trust, and it is further alleged that John W. Gates has successfully blocked the company's litigation against the Kansas City Southern Railway.

RESPONSIBLE CABINET PLAN NOT SUCCESSFUL

(Special Cablegram to Nippon Jiji.) TOKYO, April 25.—The so-called responsible cabinet organized in Peking is not meeting with success, according to despatches from the Chinese capital. It is acknowledged in diplomatic circles that Yuan Shih-kai has gathered together men of secondary importance, and the revolutionists have refused to recognize the member. It is freely predicted that the arbitration for which Yuan Shih-kai is seeking will fall flat, as the weakness of the cabinet and the success of the revolutionists will tend to make them entirely independent of any action formed by Yuan Shih-kai.

CHIEF JUSTICE ROBERTSON TAKES OATH OF OFFICE

Chief Justice Robertson's new commission, signed by President Wilson and attested to by Attorney General Gregory, arrived from Washington, D. C. yesterday. The chief justice took the oath of office before Associate Justice Watson, succeeding himself. His new term of office is for four years, from April 4. The commissions of Horace W. Vaughan, appointed federal judge, and Clement K. Quinn, appointed circuit judge for East Hawaii, did not arrive yesterday.

ARMY BILL GOES INTO CONFERENCE

Congressman Mann Is Defeated In Effort To Hold Up Measure Longer

(Associated Press by Federal Wireles.) WASHINGTON, April 25.—The house today passed a special rule by which the army reorganization bill, held up by Republican Leader Mann and others since it came back amended from the senate, will be immediately sent to conference between house and senate conference committees.

A motion to recommit the bill was defeated 248 to one. Then Speaker Clark appointed Congressman Hay and Dent, Democrats, and Kahn, of California, Republican, as the house conferees. The Republican objected to the recognition of Congressman London to make a motion to recommit the bill, but Clark refused to recognize another after recognizing London.

The senate has agreed to the conference and Vice President Marshall today appointed Senators Chamberlain and Broussard, Democrats, and Dupont and Warren, Republicans, as conferees.

STRIKES GET BEYOND POLICE AND DO DAMAGE

(Associated Press by Federal Wireles.) PITTSBURGH, April 27.—Strikers smashed down the great iron gates of the Westinghouse Company yesterday afternoon and entered the airbrake plant at Wilmington, in an effort to persuade the workers to quit their jobs. The police proved powerless to handle the crowds, and it was reported last night that the national guard will be called out by the governor today. In all 18,000 workers are out on strike.

COAST ARTILLERY IN NATIONAL GUARD

Secretary of War Authorizes Organization of Four Companies As Militia Adjunct

The secretary of war, through the bureau of militia affairs, has approved the application for the establishment of four companies of coast artillery by the National Guard of Hawaii. These companies will be organized as soon as the necessary final steps can be taken by Adjutant-General Johnson. Initial work has already been done by the guard officers here, and Lieutenants Larrison, second in command of the separate company of engineers, probably will be in command. Lieutenant Larrison has been working hard with the regular commands at Fort de Russy and Fort Ruger, gathering as much of the technical part of the work as possible. It is planned to have him and the other officers of the corps to be established, continue this work at the local fortifications.

Larrison and other officers working in the organization of the companies have been meeting with a great deal of success. Many worth-while recruits have already been obtained and others are coming in all the time. As soon as matters are ready for the permanent organization the guard authorities will make formal application to the commanding general of the Hawaiian Department, who will issue the necessary instructions governing the formation of the companies and the duties they are to undertake.

TOURIST IS ROBBED OF DIAMOND NECKLACE

Gems Valued At \$2000 Disappear From Great Northern

A diamond necklace valued at \$2000 was stolen from the stateroom of Mrs. George J. Bryce, wife of the president of the Fort Sutter National Bank and second vice president of the Sacramento Valley Trust Company, in the steamer Great Northern while the liner was at anchor at Hilo on March 30, says a San Francisco paper. Mrs. Bryce, upon the vessel's arrival in San Francisco notified the police. Detective George Cahill, sergeant in charge of the steward's department, was unable to find any clue to the theft.

According to Mrs. Bryce, she placed the necklace, which consisted of fifty-two stones, in a trunk preparatory to taking a mountain climb at Hilo and left the key to the trunk in a satchel, which she neglected to lock. She was gone not more than two hours. When she looked for the key she found that it had vanished. The San Francisco police are inclined to believe that the gems were stolen by some one who threw them into the harbor at Hilo and retrieved them at night.

MORE RUSSIAN TROOPS COME TO AID OF FRANCE

(Associated Press by Federal Wireles.) MARSEILLES, April 25.—Another contingent of Russians, were landed here today, coming in a large flotilla of transports. They were greeted with cheers on their arrival here and bestowed on them. The governor of the district received the commander. Flags were flown, whistles blown and the crowds gave them a great ovation.

BURTON OF OHIO AND WILSON ARE COAST FAVORITES

Republicans Cast Their Votes For Former Senator In Presidential Preferential

PRESIDENT IS ONLY BOURBON CANDIDATE

Roosevelt Wins New Mexico, While Massachusetts Republicans Are Uninstructed

(Associated Press by Federal Wireles.)

SAN FRANCISCO, April 26.—Former Senator Burton of Ohio and President Wilson head their respective tickets in the preferential primaries held in this state yesterday. The Republicans apparently favor Burton, and there was no question about the position of Mr. Wilson's name in the count. Some of the voters, however, wrote in the names of Roosevelt on the Republican ballots and other inserted that of Henry Ford of Detroit.

Roosevelt Looms Larger

In other states where primaries were held Roosevelt loomed larger. New Mexico, according to reports from Albuquerque, has voted in an uninstructed delegation to the convention, but of the six delegates selected five of them last night announced themselves as being Roosevelt men.

Boston reports that the primaries in the Bay State went to show that the voters have not made up their minds. An uninstructed delegation apparently will be sent to the Republican convention, the Roosevelt candidates having been defeated on the face of the early returns. Wilson was the Democratic choice.

In New Jersey the count was far from complete last night, but the first returns indicated that the "uninstructed" delegation men will win over the Rooseveltites.

COLONEL ROOSEVELT AND NOMINATION

Theodore Roosevelt has made known his attitude in regard to the presidential nomination. To recent visitors at Oyster Bay he said in effect: "If you have any doubt on this subject, do not nominate me. My nomination must be in the interest not of myself or any faction, but of the whole Republican party and of the whole United States."

The congressman as the story is told, made a statement to Colonel Roosevelt as to a prospect of nominating him, whereupon Colonel Roosevelt gave the speaker advice in substance as follows: "Well, now let me give you a piece of advice. If you have any doubt on the subject, do not nominate me. Get it perfectly clear in your head if you nominate me it must be because you think it is in my interest, but because you think it is in your interest and the interest of the Republican party and because you think it is in the interest of the United States to do so."

"And more than that, don't you do it if you expect me to payfoot on any single issue I have raised. Don't be for me unless you are prepared to say that every citizen of this country has got to be pro-United States first, last and all the time, and no pro-anything else at all, and that we stand for every good American everywhere whatever his birthplace or creed, and wherever he now lives, and that in return we demand that he be an American and nothing else—with no hyphen about him."

"Every American citizen must be for America first, and for no other country even second, and he hasn't any right to be a Republican States at all if he has any divided loyalty between this country and any other."

"I don't care a rap for the man's creed or birthplace or national origin, so long as he is straight United States. I am for him if he is straight United States, and if he isn't, I am against him."

"And don't you nominate me unless you are prepared to take the position that Uncle Sam is to be strong enough to defend his rights and to defend every one of his people wherever they are, and he can't be strong enough unless he prepares in advance."

"I am not for war; on the contrary, I abhor an unjust or wanton war, and I would use every honorable expedient to avoid even a just war. But I feel with all my heart that you don't, in the long run, avoid war by making other people believe that you are afraid to fight for your own rights."

"Must Never Wrong Weak"

"Uncle Sam must never wrong the weak, he must never insult anyone or wantonly give cause of offense to either the weak or the strong. The surest possible way to enable him to keep the peace and to keep it on terms that will enable Americans to hold their heads high and not have them in shame is for him to be so prepared in advance—and I mean prepared in his own soul as well as with his army and navy—that when he says anything the rest of the world will know that he means it—and that he can make it good."

"Don't you try to nominate me unless you are sure that is the policy that ought to be followed out and followed out for your sake as much as for mine and for the sake of the rest of us here in the United States. And don't think that this is a course that anyone would take if it is the only course that in the long run prevents war and a more honorable settlement and guarantees the honor of this country and the rights of its citizens wherever they may be."

KAAUA INTERESTS PLANNED NEW HOTELS

This Is Announced By Chairman Berndt At Meeting of Promotion Committee

Tentative plans for a string of better hotels in the Garden Island are now being considered by Kaaua interests, according to the statement made yesterday afternoon by Emil Berndt, chairman of the promotion committee, at a meeting of that body.

The recent trip of the committee to Kaaua was under discussion, and Berndt quoted a statement made by him that the Lihou hotel is prepared to be made to him by persons in Kaaua, when talking of the need of more and better hotel accommodations if the full tourist value of the island is to be developed. It was suggested, said Berndt, that hotels be established at Lihou, Waimea and Hanalei, or at the least that the hotels now operating in those towns be improved and enlarged.

C. W. Spitz, continued Berndt, had told him that the Lihou hotel is prepared to spend \$15,000 in improvements if arrangements can be made to remove the unsightly lumber yard that now obstructs the view of the sea from the hotel.

References were made to the work that is being done on the Coast by F. J. Halton, San Francisco representative of the committee, and it was announced that Halton will leave San Francisco in June on a tour of the eastern and middle western cities. He will be planning to visit a score or more cities, and make arrangements with tourist agencies for spreading the news of Hawaii's wonders among the mainlanders of those centers.

It was pointed out that Oahu contains much that might be profitably utilized as tourist attractions, and it was fully announced that at the coming meeting of the committee, Oahu is to be carefully studied, as the other islands have been, and tourist attraction possibilities mapped and listed, and if possible developed.

KAPAA STOREKEEPERS COMPLAIN OF CHARGES

They Ask Utilities Board To Adjust Freight Rates

At the meeting of the public utilities commission held yesterday afternoon, besides the routine business and reading of minutes, the only other matter of interest was the report of the attorney of the commission, J. L. Cole, on the complaint of the Kapaa storekeepers as to the rates charged by the Kapaa railroad for hauling their freight. It was decided by the attorney that the Territory was only interested in the rights-of-way of the railroad so far as it concerned the Kapaa storekeepers and that the commission could not take any action to relieve the storekeepers. It was the opinion of the attorney, that the commission report the matter to the Interstate Commerce Commission and this was recommended by the board.

The condensed statement of the Hawaii Telephone Company, showing earnings and expenses, was received and will be passed upon at the final meeting of the commission at Hilo when the matter will be taken up next month. The Komokiki Shipping Company was ordered to make a statement of its capital stock outstanding and gross income so that it may be included among the utilities paying tribute to the board.

During the meeting, Commissioner Williams and Gignou were summoned to the office of the attorney general to sign their answers to the suits brought by injunction by Arthur A. Wilder in the matter of the expenses of the commissions.

COLONEL REYNOLDS WILL BE STATIONED IN CHICAGO

Lieut. Col. F. P. Reynolds, Medical Corps, U. S. A., has been relieved from duty in the Hawaiian Department, by orders from Washington, and has been granted a leave of absence, after which he will be assigned for duty as sanitary inspector in charge of the Central Department, with headquarters in Chicago. Capt. A. P. Clark and Capt. J. L. Sauer, will also leave soon.

STORM DRIVES NIPPON STEAMER UPON SHOALS

(Special Cablegram to Nippon Jiji.) TOKYO, April 26.—The Nisawa Maru of the Nippon Commercial Steamship Company's line, was driven upon a shoal off Suwaijaki, in the Ilihuu prefecture, yesterday, during a heavy gale and is a total wreck. The damage that prevailed at the time prevented her commander from ascertaining his exact position until too late. All of the passengers were saved.

ENGLISH COUNTIES RAIDED

(Associated Press by Federal Wireles.) LONDON, April 26.—The official press bureau last night announced an other air-ship raid upon the towns of Kent and Essex. They were greeted with anti-aircraft guns and retreated, having accomplished but little.

AN IMPROVED QUININE DOES NOT AFFECT THE HEAD

Because of its taste and insipid effect, LAXATIVE BROMO QUININE has been found better than ordinary Quinine. Does not cause nervousness, nor ringing in the head. Remember there is only one "Bromo Quinine" signature of K. W. Grove is on each bottle.

DUBLIN SCENE OF BIG RIOT: MANY KILLED AND INJURED

Members of Sinn Fein ('For Ourselves Society') Start Revolt, Capture Postoffice and Give Battle To Troops and Loyalists

TWENTY ARE SLAIN IN FIERCE STRIFE

Rebels For Time Control Two Districts, Cut Telegraph Lines and Otherwise Defy Government For Arrest of Casement

(Associated Press by Federal Wireles.)

LONDON, April 26.—Eleven rioters were killed and twenty persons injured in a disturbance that took place in Dublin yesterday, when members of the Sinn Fein ("For Ourselves Society") broke into open revolt, attacked and captured the post-office and battled for some time with the troops and loyalist Irishmen, who went to subdue them.

The situation is reported now as well in hand, and there is, it is said, little likelihood of a recurrence of the troubles. Augustine Burrell, chief secretary for Ireland, in a statement before the house of commons, yesterday, briefly sketched the trouble arising in the rebellious spirit that has found lodgement in some districts of Ireland.

Soldiers Among Killed

The disturbances in Dublin were at first reported as extremely serious, and it was announced that a dozen persons had been killed. This number was later changed to eleven, including a number of soldiers.

The rebels succeeded in gaining possession of two districts of the city and for a time held out against the attacks of the soldiers, from their strong position in the main postoffice building. They even cut the telegraph lines, so as to make it difficult for the authorities to communicate with the outside world.

Situation Under Control

In his statement to the commons, Mr. Burrell declared that "the situation is now thoroughly in hand." Elsewhere throughout Ireland the people are quiet even in other disaffected districts, and the authorities have no fear of a general uprising. It was suggested here that the uprising on the part of the Sinn Feins was due to the disappointment they felt in the failure of Sir Roger Casement's attempt to smuggle arms and munitions to the rebels in Ireland on board a German steamer.

SHIBUZAWA ORGANIZING IRON FOUNDRY IN JAPAN

(Special Cablegram to Hawaii Shippo.) TOKYO, April 26.—Baron E. Shibuzawa, but recently returned from a tour of the United States, and several well known financiers, have announced they are planning the establishment of a large iron foundry with a capital of \$25,000,000. The war in Europe has made such enterprises here extremely profitable.

PRESIDENT LAUDS LINCOLN

(Associated Press by Federal Wireles.) WINNETON, April 25.—President Wilson came here to vote in the election today and during his stay planted a tree on the Lincoln Highway, emphasizing the occasion with an address in which he called Lincoln "the generalized and universalized American."

CHINESE STUDENTS PECALLED

(Special Cablegram to Hawaii Shippo.) TOKYO, April 26.—Over 100 Chinese students, sent here by the Yuan government, have been asked to return to China within a few days. Funds for their tuition and living had stopped since the growth of the revolution in China.
