

CHAPLAIN FACING 'SEALED' CHARGES WILL STAND TRIAL

Lenihan's Resignation Refused and His Application For Leave Has Been Denied

NO CONNECTION WITH T. GATHER JONES CASE

Accusations Are Believed To Refer To Something In His Border Service

Jeremiah A. Lenihan, chaplain, attached to the Fourth Cavalry and stationed at Schofield Barracks, is facing a general court-martial. Word announcing this was received by the Hawaiian Department officials yesterday in a cablegram from the war department, but no one here appears to know what charges have been lodged against the chaplain, or if they do know they are holding the knowledge a profound secret.

The resignation, previously announced of Norman Watkins as a director of the Hawaiian Telephone Company, was accepted yesterday by the Hawaiian Telephone Company, and he was later appointed by President Wilson to the committee on municipal affairs.

JUDGE'S COMMISSION PUTS ONE OVER HIM

J. Wesley Thompson Locates Proof of President's Confidence

Reposing snugly and peacefully in the postoffice at Kailua, Hawaii, is the commission of J. Wesley Thompson, recently appointed by President Wilson to succeed Circuit Judge Matthews on the bench of West Hawaii.

Counting the days, scanning mail steamer time-tables and making several pilgrimages every twenty-four hours, for some time past, to the postoffice in Honolulu, has been J. Wesley Thompson, awaiting the arrival here from Washington of the commission, without which he may not qualify and take the bench.

Judge Thompson only discovered yesterday morning that his commission in the Territory. He is here and here he should take the oath of office, although he will dispense justice in Kailua, where the commission awaits him.

Thompson and his commission must get together, however, before the next step in the making of a circuit judge can be taken. But the days fly by and they are being deducted from the four-year term.

"I've simply got to make the acquaintance of that commission," said Judge Thompson yesterday. "But how am I going to do it? She's over in Kailua and here I am in Honolulu. Seems to me delays are always the order of the day with me."

Judge Thompson when last seen yesterday was studying a plan which will bring his commission to Honolulu without necessitating his going to the Big Island after it. When he gets it here he will take his oath of office before a justice of the supreme court. After that the first boat to the Big Island will carry Judge Thompson to his new field of labor.

Lenihan was stationed with the Twenty-sixth Infantry on the Mexican border before coming to Hawaii, and as he has been in the service a comparatively short time—less than three years—and as the Twenty-sixth has been on duty on the border for longer than that, it is believed that the charges must relate to something that transpired during the chaplain's service on the frontier.

The cable message came as a surprise to the local department officials. Lenihan resigned some time ago, and it was understood that his resignation had been accepted by President Wilson. Now, however, it is announced that the former order has been countermanded, that the leave of absence granted the chaplain prior to his retirement has been canceled, and that he is to face a general court.

It was impossible to find Chaplain Lenihan last night. His friends laughed at the idea that the charges could in any way have grown out of the scene Lenihan made at the wedding of T. Gather Jones, the trooper plumber who advertised for a wife some weeks ago. Lenihan at that time ordered a supporter of The Advertiser out of the church where the wedding was to take place, and when the newspaper man refused to go, threatened to "arrest" him immediately.

"That was but a bit of nosiness, and no ground for serious charges such as evidently have been preferred against Lenihan," said one of the officers at headquarters last night. "The war department is not going to cancel the President's acceptance of a man's resignation from the service and prefer charges against him unless it has some very serious accusations to consider. That is merely my way of looking at the case, but I have been in the service for a good many years."

Lenihan would have left the Islands in the July or August transport, had it not been for this latest development. It is impossible to say when the court martial will be held, until the arrival of the charges and instructions from the war department.

MEDICAL EXAMINING BOARD IS APPOINTED

Cabled instructions were received at department headquarters yesterday from the war department directing that a board to consist of two medical officers be appointed to meet at Fort Shafter, on June 27 for the purpose of conducting the physical examinations of such candidates for admission to the United States Military Academy as may be ordered before the board.

While there are no applications pending at the present time it is thought that perhaps it is contemplated that one or more appointments are to be made from Hawaii. Each appointee is required to pass a very rigid physical examination as the first step towards ascertaining his fitness.

Orders were issued from department headquarters yesterday announcing that the board to examine such candidates as may be authorized to appear for examination will consist of Maj. Benjamin J. Edger, Jr., and Capt. Albert P. Clark, medical corps.

Y. M. C. A. SWIMMING POSTPONED A WEEK

The Y. M. C. A. swimming meet, which was to have been held next Saturday night, has been postponed until Saturday, June 24. It was found impossible, owing to the magnitude of the meet, to complete arrangements in time to pull off the meet next Saturday.

SECRETARY OF WAR FAVORS OAHU ROAD

Letter Received From Washington Gives Encouraging News of Big Military Highway

Secretary of War Baker has made a favorable report to congress on the proposition to construct a military road around the island of Oahu, according to a letter received by Secretary Brown of the chamber of commerce, and read at yesterday's meeting of the directors. This is a million-dollar proposition of road construction, calling for a road from Honolulu around Diamond Head and skirting the island along the sea shore of the "other side."

The news that Secretary Baker is backing the proposition was received with great gratification, as it means that if Baker has his way, Honolulu will be relieved of a very important part of her road problems, and, incidentally, there will be a great expenditure of federal money on road work here.

The resignation, previously announced of Norman Watkins as a director of the Hawaiian Telephone Company, was accepted yesterday by the Hawaiian Telephone Company, and he was later appointed by President Wilson to the committee on municipal affairs.

W. P. Thomas was elected a member of the chamber.

MRS. JOHN A. SCOTT BUYS HOWARD LOTS

Hilo Woman To Build In Select Residence District

Mrs. John A. Scott, of Hilo, wife of the manager of the Hilo Sugar Company, this week purchased lots 3 and 4 in the Howard Park tract, at the head of Keananuku street. The consideration was \$250. It is understood Mrs. Scott intends erecting a modern residence on the site in the near future. The deal was made through the land department of the Bishop Trust Company.

The lots taken by Mrs. Scott are on the lower side of Keananuku street extension, No. 3 being directly opposite the property on which Mrs. de Groff is building her home. The agents report that only two lots in the Howard tract remain unsold.

HORSE OWNED IN AMERICA RUNS THIRD AT NEWMARKET

NEWMARKET, England, May 30.—The New Derby stakes of 6500 sovereigns was run off here today and won by Filinella.

Kwangso was second and Nossivian was third. Ten horses started. The event was for colts and fillies foaled in 1915 and the distance was about one mile and a half.

LONDON, May 29.—Nossivian is owned by John Sargent of Amsterdam, N. Y., and was ridden by Frank O'Neill an American jockey.

The horses ran Filinella, 1 to 2 against Kwangso, 3 to 1 against Nossivian, 11 to 2 against.

GREAT NORTHERN ANNOUNCES SERVICE

Many New Features In Schedule Will Benefit Honolulu, Announces F. W. Waldron

Making a faster voyage to Honolulu than previous records established, the Great Northern Pacific Steamship Company's liner Great Northern will sail from San Francisco for Honolulu, via Hilo November 7, arriving in this port November 14, and will remain in port four days, making the first run of the newly prepared and permanent schedule to the Hawaiian Islands.

The foregoing announcement was made yesterday afternoon by Fred I. Waldron, after his arrival from the mainland in the Canadian-Australasian steamer Makura.

"The Great Northern people have set forth many new features in their Honolulu service that will receive an enthusiastic welcome in this city," said Mr. Waldron.

Many New Features One of the features to be particularly enjoyed by the overseas travelers will be that the liner will be only four nights on the water, and instead of sailing at eleven o'clock at night from Honolulu, she will depart for San Francisco at ten o'clock in the morning, departing from San Francisco at the same hour.

During Carnival week, the Great Northern will remain in Honolulu six days, arriving here February 19 and sailing for San Francisco February 25.

"The guarantee which was advanced by the merchants of Honolulu, to retain the Great Northern on a permanent run to the Islands, had a wonderful effect upon the officials of the Great Northern Pacific company," said Mr. Waldron.

Good Will Over Guarantee "President Gilman, at a meeting in which the tentative plans were proposed for the new service, declined to accept the guarantee, but instead said: "We want no guarantee, but the good will and the business from Honolulu. It remains entirely with Honolulu whether or not the permanent service will be established, and I am positive that from the spirit shown by the men of Honolulu who are so generously subscribed toward a continued service, there is little doubt that we will receive the staunchest support from our Islands."

Immediately following the announcement of the formulated plans, all the railroad stations and trains in the Great Northern service were equipped with literature on Hawaii, and a schedule of the island run was placed in all the railroad folders. President Gilman and Traffic Manager Jackson will arrive in Honolulu in the Great Northern's first voyage. This will be Mr. Gilman's first visit to the Islands and a large reception will be prepared for him upon his arrival.

Holiday Schedule Will Be Enjoyed The Great Northern will leave San Francisco for Honolulu on the following dates, sailing at ten o'clock in the morning and arriving here at the same hour: November 7 and 27; December 15, January 4 and 23; February 12, March 5 and 23. During Christmas holidays Honolulu people may have their Christmas dinner here and enjoy the New Year's Day meal in San Francisco.

She will leave here for San Francisco, November 18, December 8 and 27; January 15, February 3 and 25; March 16 and April 23. Steaming time from San Francisco to Hilo is six days, arriving here the day following.

The banana shippers will be benefited greatly by the new schedule, as there will be plenty of room for fruit. Space for an additional four or five thousand bunches, in excess of the previous shipments, can be had on each voyage.

KAAHUMANU SOCIETY HAS PROSPEROUS YEAR

New Officers Elected At Annual Meeting Yesterday

Election of officers, reading and consideration of annual reports presented by the outgoing officers and discussion of other business of interest to the organization were taken up by the Kaaahumanu Society at its meeting held yesterday morning in the Kawaiahaeo Gymnasium.

The reports of the different officers showed that the society had a good year and is in a very flattering financial condition. Thirty-eight new members were admitted during the year just closed. The society has its own cemetery—Para II.

The election of officers resulted as follows: Miss Lucy K. Peabody, president; Mrs. Lizzie Ulanohole, vice president; Mrs. Lilihihi Webb, secretary; Mrs. Lili K. Aho, assistant secretary; Mrs. Hilihihi Teixeira, treasurer; Mrs. Ellen H. Dwight, auditor. Mrs. Lilihihi K. Aho heads the sick visiting committee.

The members of the executive board are: Mrs. Irene Holloway, Mrs. Maria Smith (trustee), Mrs. Louise Ahrens, Mrs. Caroline Robinson, Mrs. Alice Colburn, Mrs. Kaimi Farr, Mrs. Lohia Holt, Mrs. Aha Ayan, Mrs. Helen Kamaipili, Mrs. Emilia Leal and Mrs. Kamea Kilaera.

PILES CURED IN 6 TO 14 DAYS

PAZO OINTMENT is guaranteed to cure blind, bleeding, itching or protruding PILES in 6 to 14 days or money refunded. Manufactured by the PARIS MEDICINE CO., St. Louis, U. S. A.

JAPANESE LABOR MAY INVADE CUBA

Plan To Interest Oriental Capital In Island Ready For Tokio Government

According to the Japanese press, a plan to interest Japanese capital in Cuba and send Japanese laborers to the plantations of that island will be recommended to the Tokio government by Kakichi Uchida, chief of the civil administration of Formosa, who is a through passenger in the Tenyo Maru, due to arrive here tomorrow morning from San Francisco. Uchida has been visiting Cuba and South American countries and is on his way to make a report to his government.

In an interview granted in a San Francisco Japanese newspaper, Uchida stated that he would advise the Japanese government to make a treaty with Cuba to give Japanese capitalists opportunities in Cuba, and also to provide for the sending of Japanese laborers there.

The New World, a Japanese daily published in San Francisco, says that Cuba is the most profitable field for the sugar industry, and says further that Uchida will advise his government to make treaties under which Japanese capital may be invested and laborers settled there.

WAIKIKI BATHS MAY BE LEASED

Supervisors Have Application For Private Control But Mayor Lane Opposes Plan

At the next meeting of the board of supervisors on Monday at noon, a proposition will be brought up for the leasing of the public baths at Waikiki to Theodore Ferdinand, who has sent to Mayor Lane and the board an application for a lease. But the mayor probably will oppose granting any private lease, and urge upon the board that it arrange in some manner to continue the management of the park as an entirely public enterprise.

Ferdinand's application is a result of recent discussions growing out of the financial difficulties of the municipality, the public baths being one of the city's enterprises that are running behind. The applicant wants to manage the institution and give the city fifteen per cent of the profits.

"I am at present of the opinion that the city should retain control of the public baths," said Mayor Lane yesterday. "I think that the people who are in the habit of visiting the baths will feel more at home if it is under public management than they would if it was given over to private management. The city makes no attempt to make profit out of running the baths, but any private management naturally would try to make money. Unless I hear some new reasons for turning the baths over to private management, I shall oppose the granting of the lease asked for."

Someone sends us the query, "When is a man rich?" It is hard to say. Perhaps we might hazard the guess that it is when he has about 15 drinks under his belt and 75 cents left.

Winston Churchill says there are too many officers' servants (25,000) at the front.

Goodness gracious! If they were taken away, who would be left to fill the tub for the mawain' bath, old chap?

TOOK ELEVEN INNINGS BUT HARVARD DID IT

FERREIRA SAYS HE GETS WORST OF IT

Domingo Ferreira, the well-known local jockey, who was ruled off the local turf for life by the Hawaii Polo and Racing Club, for fouling Ypres in the fifth race last Monday, is of the opinion that he has been hardly dealt with by the stewards of the club.

The foul is alleged to have been committed coming out of the back stretch, Ferreira on Umquqa cutting across Ypres in an effort to take the pole.

"It's impossible to keep Umquqa away from the pole," said Ferreira, last night, "for that's the way he always runs. It was this trait which was responsible for the killing of Jockey Johnson and the horse Mimorono at Jaegers last year, and it was this which caused the Jaeger officials to refuse his entry in further races. Umquqa is just the same in his work and I have always had to take a wrap and ride him with line in order to keep him from hugging the pole too closely."

Umquqa is a big, heavy horse and I simply couldn't keep him away from the pole on Monday. Sooner or later he will cause an accident on one of the local tracks. I knew that I was riding on probation at the meeting and therefore it is hardly likely that I would have taken any chances of getting in bad with the club."

CITY GETS NICE RACE MONEY CUT

It was stated yesterday that the total gate receipts of the two days' racing at Kapiolani Park aggregated \$8729.50, and that the sale of concessions netted \$118.05. The city will receive 10 per cent of the gross intake, amounting to \$884.75, which will just about pay for the comfort station erected near the grandstand, and which cost \$975 to construct.

TIGERS BEST OLD ELI

(Associated Press by Federal Wireless.) NEWARK, June 14.—Princeton was one of the best games ever witnessed in this city this afternoon when the Tigers took the Yale team into camp by a score of 13 to 0. It was a hard fought battle throughout, featured by light plays. The Nassau team showed the best all-around work.

Game laws do not prevent some fellows chasing chickens all the year round.

Talking of turf speculation, losing an oral bet is all right if you can pay it that way.

Hold tight, men, we're going around a curve. There's talk of opening the cricket season.

A private was allowed to play in polo game with officers, the other day. Such bully bad form, don't you know?

It is said that lawn checkers will shortly be introduced in Honolulu. Something else for the rain to prevent.

The political situation is almost as quiet as a millionaire member of the Hawaii Polo and Racing Club's colors.

It is strange that in those stirring times the Akhound of Swat has not taken sides with one or other of the belligerents.

Even though a mother didn't raise her boy to be a soldier, there is no reason why she should lower him to be a domino player.

History records the one race won by the easy going tortoise, but says never a word about the many previous races won by the hare.

That invitation to Sir Tommy Lipton, requesting him to enter a yacht in the 1916 Kiel regatta, seems to have been lost in the mail.

Sam Langford knocked out Joe Joannette in the seventh round, the other night. Accidents will happen in the best-regulated prize rings.

The English language takes many a beating, but the bird who wrote that the Cornell crew took the Yale shell's dust, cops the powder dust.

A man went into a local grocery store last week and asked whether he could make a moving picture of his cheese. The verdict of the coroner's jury was justifiable homicide.

Someone sends us the query, "When is a man rich?" It is hard to say. Perhaps we might hazard the guess that it is when he has about 15 drinks under his belt and 75 cents left.

Winston Churchill says there are too many officers' servants (25,000) at the front.

Goodness gracious! If they were taken away, who would be left to fill the tub for the mawain' bath, old chap?

WOMAN ENTITLED TO BIRTH CERTIFICATE

Attorney general Stainback believes that a Japanese woman, born in Hawaii, but the wife of an alien Japanese, is entitled to a certificate of Hawaiian birth. His opinion in the matter was rendered in reply to an inquiry sent him several days ago by Territorial Secretary Thayer. Extracts from this opinion follow.

"Your question as to whether you may issue a Hawaiian birth certificate to a woman born in Hawaii but married to an alien, must be answered in the affirmative.

"Chapter 20 of the Revised Laws of 1915 provides for the issuance of certificates of Hawaiian birth, such certificates to be prima facie evidence of the facts therein stated. The fact authorized to be shown by the certificate is that the person named therein 'was born within the Hawaiian Islands,' quite a different fact from the present citizenship of the person who may have become expatriated by marriage or naturalization.

"You can readily see that a Hawaiian-born woman who intends to or has become so alien by marriage may desire a birth certificate as such certificate may prove useful, among other occasions, upon the termination of the marital relation and resumption of American citizenship by the female."

Hilo Sport Notes

That tennis is a favorite game throughout the Island of Hawaii is very evident from the fact that scores of private courts are kept busy every afternoon in the week and nearly all day on Sunday. The plantation people are in for tennis extensively and they number some good players in their ranks.

As soon as the breakwater is extended a trifle more there should be more motor-boats seen on Hilo Bay and then there should be some fine races pulled off between the speedy craft. A motorboat race over a triangular course in Hilo Bay would be a big drawing card and one that would be most interesting.

Baseball will never thrive in Hilo until there is a park secured so that admission money can be charged. It cannot be expected that the players go to the expense of keeping a diamond supplied with all the necessary paraphernalia for the game out of their own pockets. Then there is the item of uniforms for the players and that means money for the suits and shoes.

It is high time that Hilo, which is growing larger every day, got busy and established a real baseball park, where gate money could be collected and the revenue be divided among the league clubs.

Rowing should boom in Hilo in the future and already there are indications that all the younger generation will take kindly to the game. Rowing is about the best athletic stunt in the world, both from a physical and a moral standpoint. No young fellow who takes up rowing, especially with the idea of making some crew in order to race, can possibly avoid leading a clean life. The fact that his body must be in the best possible physical trim to stand the strain of a race and the even more important fact that any breaking of the rules of training by him will result upon the heads of the rest of the crew he is rowing with and destroy their chances of winning, go a long way to keep the oarsman absolutely straight and true to his training standards. Rowing should be encouraged in every possible way and regattas should be held at short intervals.

It is some time now since the "thud" of the padded glove against the rock-like jaw of the pug has been heard in Hilo. Note the pity for boxing when properly conducted and on the level, is a great sport that teaches a man to take care of himself in the proper manner and also teaches him to control his temper, look the enemy straight in the eyes and fight clean, win or lose. That is the spirit, which inculcates a love of fair play and an utter disgust for anything dirty in the way of sport or business. It also teaches a man to rely upon his fists instead of grasping a knife or a gun when one good punch would settle many a row that would end then, instead of developing into a murder case. There seems to be very little opposition to boxing now since Jeff McCann has left the territory and some enterprising sportsman might think the matter over and give us all a treat in the way of a boxing show.
