

FJI ISLANDS BOOM UNDER WAR'S WHIP

Plantations and People Are Making Money, Says Returned Traveler

Wireless and Telephone Mark of Progress in South Sea Group

Fiji is enjoying quite a boom under war conditions, according to statements made by D. McDonald, formerly a resident of Hilo, who has returned to that city after several years in the South Sea group.

"Things are very prosperous in Fiji," he said, "and the town of Suva has grown a lot. Wireless stations are to be found right throughout the Fiji group now-a-days, and the telephone has extended to every nook in the thousands of beautiful bays to be found around the coasts of the five hundred or so islands in the group."

"The Colonial Sugar Company (of Fiji) has opened up many thousands of acres of new lands and their rail road systems have been extended in all directions. The company has adopted the policy of leasing their estates to the men who formerly managed them as officers of the company."

"This results in men who, formerly, drew salaries that section lunas in Hawaii, would sneer at, getting as much as ten and fifteen thousand dollars per annum from their leased estates. The men take the places and raise cane on contract. The company advances money to finance the planting and at the end of the grinding season settles up everything, after deducting the advances. One man I know who was a manager of one of these estates walked into the head office at Lautoka some time ago and calmly drew down a draft on Sydney for three thousand pounds—that means fifteen thousand dollars—plus in U. S. A. dough. Formerly this man worked as a manager of the estate for three hundred pounds a year—just about fifteen hundred dollars."

"And, on top of it all, the big sugar company makes enormous profits and makes them all out of the factory. The company is satisfied to take the profits that is in the milling of the cane and the converting of the juice into sugar. The good old plantations in the New Zealand market—the company does its own refining also in every Australian and New Zealand capital so that adds to the rake-off every time."

"The land laws have been altered a lot for the good in the Fiji group, and there are acres of land being taken up by 'free ladies' a good time as in the case of the big sugar companies has expired. These men take up a few acres of land each and go in for raising cane, rice and other crops. They make a good living and are just absolutely contented."

"The Colonial Sugar Refining Company which operates factories in Fiji and in New Zealand and Australia, is coming money. The huge concern has now split into two companies—one in 'White Australia' and the other in 'Black Australia' and the consequence is that even larger profits than before are being made. Should annexation to Australia come about, it will mean the end of prosperity in Fiji because then Hindu labor will not be allowed into the country."

"The residents of Fiji seem to favor remaining as they are—that is as a 'Crown Colony' governed from Downing Street, London, and with nothing to do with Australia except in a commercial way. The splitting of the Colonial Sugar Company is realized to have been a clever move as the labor unions in Australia cannot have any thing to say to the directors of the concern in Australia. Any 'kick' can be replied to by saying that the Fiji Colonial Sugar Company is a different organization altogether, and that the Australia company has nothing to say as to the labor policy existing in Fiji."

"Things are booming in Fiji and the town of Suva has grown a lot during the past few years. The big hotel erected and managed by the Union Steamship Company is 'a fine place' but it does not pay."

"Fiji has responded wonderfully to the call for volunteers for the European war. Of the first contingent only two men remain in active service. The rest are dead or wounded. God bless them all. The Niagara on which I came up to Honolulu last week took another lot of fine young white men who are bound for Europe to do their own little bit for the cause of civilization. I am sorry I cannot be with them; again God bless them."

PLANNING BIG LUAU UPON GROUNDS AT PUNAHOU

A luau in honor of the Hawaiians who took part in the recent Punahou Pageant is to be given on Thursday evening, beginning at six o'clock, on the college grounds. The arrangements are in charge of Miss Mary P. Wines of the Punahou Preparatory School, who is arranging for "kama" pig to be served near the lily pond on the campus. Queen Liliuokalani has been invited to be present, and it is anticipated that she will probably attend. There will be about a hundred and fifty at the luau.

HIGH SCHOOL OF HILO STANDS WELL

Principal Jernigan Tells What It Is Doing At Commencement Exercises

Substantial progress made by the Hilo High School, both in its organization and in the number of important universities to which its graduates are accredited, was described in an address by Principal J. E. Jernigan, at the graduation exercises held last week in the First Foreign church of Hilo. The graduates, and their standing in the final examinations were as follows: James Silva, 96.7; E. Throm and E. Holmes, 96.4; R. Tong, 95.9; M. Silva, 94.9; L. Carlsmith, 94.6; C. Fujii, 94.1; J. Wilkie, 93; Choek Key, 92.8; M. Iganaki and M. Nakamura, 92.6; C. Haiding and M. Kuraya, 92.5.

Principal Jernigan's address was in part as follows: "In the last four years the Hilo High School has doubled its number of strictly high school students; it has doubled its faculty, and nearly doubled the number of its subjects and classes. It has raised its entrance standard and its passing work. It has lengthened its teaching session; it has increased its 'outside activities'; it has been 'accredited' by several distinguished universities."

"Among these are Stanford University and the University of California, the most noted west of the Mississippi. Smith College, one of the most exacting in its standards of admission anywhere in the United States, has recently placed the Hilo High on its list of approved schools after careful investigation. There are few, if any, colleges to which we may not be accredited upon application, and none of them for which we cannot prepare students to enter upon examination."

"The standing of the Hilo High School is not to be determined by guess work and gossip, by the 'knocks' of people who have never entered its doors, or the 'kicks' of students who have failed. It is a young and growing school and demands to be judged not by the short-comings of its immature days but by what it is today."

CHEMISTS CONTROL THE RUBBER PLANTATIONS

J. S. Rubber Company Employs Them Instead of Growers

The rubber industry has expanded and grown so rapidly that it has become necessary to take steps so that it will not be possible for each large company manufacturing rubber goods, to depend on wild rubber. The United States Rubber Company at present have a tract of land containing 90,000 acres on the island of Sumatra, and at present have 45,000 acres of this planted, and on more than three-quarters the trees are bearing.

The remainder of this land is now being cleared and planted as fast as possible. These plantations are in charge of expert chemists instead of men of rubber growing experience. The reason for this is that heretofore wild rubber, and even some plantation rubber, never was uniform, and rubber gathered from the same place under vulcanization would give different results.

It is the object of these chemists to grow rubber that will be uniform, thereby giving a uniform product. By this you can see that the United States Rubber Company is in a position, and now is overcoming one of the greatest difficulties known to the rubber manufacturer.

MAUI CLAIMS TURN ON FOURTH OF JULY

Now that the annual carnival and the Kamehameha Day festivities in Honolulu lie behind us, we are free to prepare for our own great gala day, the Glorious Fourth, says the Weekly Times of Waialeale, Maui. Angus McPherson and Frank Lacey, our leading, energetic sportsmen and live wires, are bending all their energies to making the day a real red letter day by providing a program for the race meet far exceeding any previous one.

Maui has gained an enviable reputation for clean sport, for fair and square horse racing under the strict rules of the Maui Racing Association. This reputation and the traditions of the M. R. A. will be lived up to in the coming meet.

Let the people of Maui show their appreciation of the great efforts made to give them a good time on the Fourth of July by attending the races in larger numbers than ever before. The promoters of the race meet have gone to heavy expense to make it a success, and they should meet with the support of all Maui and receive the encouragement they deserve.

HUGH P. MCCORRISTON, a native of these islands, but residing in San Francisco the past eight years, John P. McCorriston, well known in Molokai and Honolulu, died in San Francisco on June 15, according to news received here yesterday. The burial took place in the Holy Cross cemetery, San Francisco, from the Mission Dolores Church. He deceased was thirty-three years and four months of age and the second son of D. McCorriston of Kona, Molokai, and nephew of H. McCorriston of Honolulu. Six sons and daughters surviving him are: Mrs. Otto S. Meyer, of Kalahe, Molokai; Mrs. V. H. Dunn, of Kaimakani, Molokai; Mrs. H. H. Fisher, Miss Allison McCorriston, Edward and Samuel McCorriston of Kamalo, Molokai.

ABANDON PLAN OF COOPERATIVE MILL

Papaaloa Homesteaders Get Satisfactory Contracts With Lapaehoe Sugar Company

Satisfactory contracts having been offered them by the Lapaehoe Sugar Company, the Papaaloa homesteaders in Lapaehoe valley, Hawaii, have abandoned the project of a cooperative sugar mill, which they have been considering the last year or two. The report from Hilo is that the same farmers had practically obtained the funds to finance the mill, but the present mill in the same region has offered them such good terms that they regard the competitive mill proposition as unnecessary.

Abandonment of the cooperative scheme was admitted by A. L. Moses, one of the prime movers in its behalf. Homesteaders with an aggregate of several thousand acres of cane land were included in the plan. The attractive contracts offered by the company will at Papaaloa have been accepted. Several thousand acres in addition, now leased by the Lapaehoe Sugar Company from the Territory and used for cane growing, may be given to homesteaders next year, but it is expected that the big mill will handle the cane just as at present, though it will pay the homesteaders a good price for the product instead of valuing it under plantation supervision.

Millions Won For Territory In Tax Appeal Cases

Deputy Attorney General Heen Compromises With Plantations On Big Island

By a series of compromises arranged by Attorney General I. M. Stainback and Deputy Attorney General W. H. Heen, a number of important tax appeals have just been settled in the appeal court at Hilo. Heen appeared for the territory at the final hearing in which the cases were settled.

There were seven big cases, representing differences of millions of dollars between the assessments made by Tax Assessor O. T. Shipman, and the returns made by the plantations. Compromises were arranged on about a "fifty-fifty" basis, as between the assessments and the returns. The valuations accepted by compromise are \$3,700,000 more than the returns, but \$3,850,000 less than the figures at which the assessor valued the properties.

The seven plantations affected and the figures are as follows: Waialeale Mill Company; returns, \$800,000; assessed, \$1,250,000; compromised, \$1,000,000. Hilo Sugar Company; returns, \$1,200,000; assessed, \$3,250,000; compromised, \$2,300,000. Onomea Sugar Company; returns, \$1,600,000; assessed, \$3,500,000; compromised, \$2,750,000. Honomu Sugar Company; returns, \$650,000; assessed, \$1,250,000; compromised, \$1,100,000. Hakalua Plantation Company; returns, \$1,250,000; assessed, \$3,150,000; compromised, \$2,150,000. Lapaehoe Sugar Company; returns, \$700,000; assessed, \$1,250,000; compromised, \$900,000. Kaimuki Sugar Company; returns, \$500,000; assessed, \$750,000; compromised, \$600,000.

FIGHT IS EXPECTED OVER ASSESSMENTS

A fight over the assessment of McBrady plantation was foreshadowed yesterday when I. M. Stainback, returning from Kauai, declared that the Territory is willing to back up its valuation of the plantation with a fight. The Territory claims the property is worth \$3,800,000 while the McBrady company maintains it is only worth \$2,000,000.

A similar situation arises in the case of the Hawaiian Sugar Company, which puts the value on its holdings at \$4,250,000, while the territorial figures put it at \$4,500,000.

A tax appeal suit has been filed in each instance, and the main purpose of Mr. Stainback's trip to Kauai was to investigate the case for the Territory.

CHINESE NATIONAL ASSEMBLY CALLED

Presidential Mandate Setting Date of Meeting Received By Consul Woolhuan

Tengng Woolhuan, Chinese consul, received a cablegram from the Chinese legation in Washington announcing a presidential mandate of June 29, which calls the national assembly together, and the formation of the cabinet of Li Yuan Hung, who succeeded Yuan as president. The cablegram, which originated at the Chinese foreign office, was translated, as to its principal points, as follows: "Presidential mandate of June 29 orders the national assembly to be called and constitutional law to be made without loss of time. The provisional constitution of the first year of the republic is to remain in force until the new constitutional law is promulgated. The law respecting the presidential election published in the second year is also to remain in force. The national assembly being called, it is decided to open it on August 1 next. The statutes made after May 1 of the third year to continue in force, except those annulled by special mandate, and all existing laws are to remain in force. Another mandate has been issued specially appointing: Tunn Chi Jui to be premier and minister of war; Tong Shao Yi to be minister of foreign affairs; Han Shih Yin to be minister of home affairs; Chen Kim Tao to be minister of finance affairs; Ching Pih Kwong to be minister of navy affairs; Chang Yoo Teng to be minister of education; Chang Kwo Kan to be minister of agriculture and commerce; Wong Ta Hanch to be minister of post and communication."

The body of President Yuan was taken from Peking to his home in Honan province June 28. Yesterday the twenty-five days of formal mourning for the dead president ordered by the Chinese government, beginning June 6, came to an end.

Tong Shao Yi, minister of foreign affairs, is father-in-law of Dr. V. K. Wellington Koo, Chinese minister to the United States, who passed through Honolulu last year en route to the mainland.

THIEF TAKES ALL OF WILDER'S BEST BOOZE

Tantalus Home Robbed of Revolver, Necklace and Food

The mountain home of James Austin Wilder on Tantalus, was looted Saturday afternoon. News of the robbery reached Honolulu yesterday when Rudolph Duncan, Jr., a boy scout, who was making a visit to the home, discovered the windows open and the house ransacked, with every room in disorder.

A revolver, a valuable necklace, and three gold rings were reported stolen to Captain of Detectives McGuire last night. An anemometer, with the inscription, "Signal Corps, Second Infantry," left by the thief, has furnished the police a clue and it is thought that the offender will be arrested soon.

The house evidently had been occupied by the marauder for about two days. A great amount of canned goods and other foodstuffs had been eaten. A makeshift bed was arranged on the floor of one of the rooms near the window.

After enjoying the best of food the robber drank all of Mr. Wilder's store of choice liquors. A Japanese caretaker who resides near the main house said that he had not noticed anybody enter the house.

The home stands among a hedge of wild hantana bushes and is so hidden that it is difficult for anyone to observe it from any distance.

MAUI BARS SALOONS

The Maui liquor license board at its meeting last Thursday voted down a motion to have saloons in Waialeale and Kahului closed between 9 a. m. and 4 p. m. on the Fourth of July, Cass and Lindsay favoring it, Lufkin and Kaue opposing, and Chairman Ben Lyons supporting the negatives. The result will be that contrary to the usual custom, liquor will be sold the same on next Tuesday as on any other day.

SPORTS

SEALS AND OAKS SPLIT UP GAMES

Mormons Take Two From Tigers —Portland and Los Angeles Handicapped By Rain

COAST LEAGUE

W.	L.	Pct.
Vernon	50	36 .561
Los Angeles	44	37 .543
Portland	37	32 .536
San Francisco	46	42 .523
Salt Lake	44	43 .513
Oakland	35	54 .393

Yesterday's Games
Oakland 5, San Francisco 3 (first game).
San Francisco 4, Oakland 3 (second game—eleven innings).
Salt Lake 4, Vernon 3 (first game—ten innings).
Salt Lake 6, Vernon 4 (second game).
Portland—Los Angeles, no game; wet grounds.

(Associated Press by Federal Wireless.)
SAN FRANCISCO, July 3.—San Francisco and Oakland broke even in the two games of the Pacific Coast League played here yesterday. The Oaks took the measure of the Seals in the first match by the score of five to three. The tables were turned in the second game of the afternoon when the local team beat the nine from across the bay in a closer game by the score of four to three. As indicated by the scores, both games were close. The second battle went on to eleven innings before the Seals could prove their right to win.

The tables were turned in the Vernon-Salt Lake games at Vernon yesterday, both matches going to the Mormons. This is the first time in three days the eastern Pacific Coast League have come out ahead. The first game, turning up to ten innings, was the loser of the two. The scores were: Salt Lake 4, Vernon 3; Salt Lake 6, Vernon 4.

Portland and Los Angeles were unable to close the week's games with any more luck than the last few days of past week. The rain still continues at Portland, causing the calling off of the games scheduled with the Angels.

WEATHER MARS GAMES OF EASTERN LEAGUES

Two Matches Called In Fifth—One Runs Twelve Innings

AMERICAN LEAGUE

Pittsburgh	30	31 .482
Chicago	32	35 .478
Cincinnati	26	34 .438
St. Louis	28	41 .408

(Associated Press by Federal Wireless.)
CHICAGO, July 3.—The Chicago Americans had to go twelve innings here yesterday afternoon to take Detroit into camp. The teams played a no-score game until the closer of the third extra inning when Chicago scored the one run needed. The other American League game lasted only five innings on account of rain at Cleveland. The Naps beat St. Louis three to two.

In the National League, Cincinnati and Pittsburgh broke even with the second game called in the fifth on account of rain. The scores were: Cincinnati 1, St. Louis was overwhelmed by Chicago five to one.

MISS WHITE WINS FINALS IN DELAWARE TENNIS PLAY

Miss Susanne V. White of Baltimore defeated Mrs. William Newhall of Philadelphia in the final round of the women's Delaware State tennis tournament, 6-2, 6-1, at Wilmington on June 19. Miss White was to meet Mrs. G. Saunders Taylor of Wilmington in the challenge round on June 30 for the State title. The doubles championship was won by Miss Phyllis Walsh and Mrs. Isaac Schlichter of Philadelphia. They defeated Miss White and Miss Sarah Myers of Philadelphia in the final round, 6-4, 3-6, 7-5, and won the doubles title with Miss Margaretta Taylor and Miss Marie Cresswell of Philadelphia, by default.

TEXAS GOLFER ELIMINATED IN PHILADELPHIA TOURNAY

J. G. Anderson and M. R. Marston of New York and C. B. Buxton and H. L. Willoughby of Philadelphia were the survivors of the first two rounds of match play for the Lyneewood Hall cup in the gold tournament at the Huntingdon Valley Golf Club, Philadelphia, on June 20. Marston will play Willoughby and Anderson meets Buxton in the semi-final round tomorrow.

G. V. Rotan of Waco, Tex., a former holder of the trophy, who won the qualifying round yesterday, was eliminated in the first round today by D. Clarke Corkran of Baltimore, 5 up and 3 to play. Corkran was defeated by Marston in the second round by the same score.

MAUI GIRLS WIN ALL THREE GAMES

Palama Settlement Basketball Team of Honolulu Unable To Defeat Opposing Five

(From Monday Advertiser)
The big crowd at the Alexander House Gymnasium last night went with excitement and enthusiasm over the third and final game with the Palama basketball team, says the Maui News, Waialeale, of last Friday. When the final basket was thrown by the locals, making the score 21 to 20 in their favor, pandemonium broke loose. It has been a great week for the Wailuku Gym, and the winning of three straight and terrifically fought games will be long remembered in the Settlement annals.

The first game, played on Tuesday evening, resulted in a score of 45 to 15 some of this discrepancy doubtless being due to the fact that the visiting team had had a trying time on the Claudine the night before. The game on Wednesday night, however, with its score of 25 to 25, was probably one of the closest played games ever seen in the islands. From the start the score saw-sawed back and forth, and it was anybody's game right up to the last second. At no time was the lead more than 4 points for either side.

The game played last night, which was not required was one of much the same character. For several years the Honolulu girls have consistently taken all the games that have been played with the Maui team, and consequently the success at this time is especially gratifying.

The visitors' team consists of the following: forwards, Lizzie Inana, Lillian Akona; guards, Mary Lahan, Lillian Burt; centers, Lehua Alunalea, Hannah Li Kwai; substitute, Elizabeth Spencer; coach Miss Evelyn Cunningham.

The Alexander House girls lined up as follows: forwards, Mary Hoffman, Tweet Robinson; guards, Mary Hart, Helen Ayau; centers, Mrs. A. Garcia, Ellis Bai; substitute, Katie Adams.

Both teams have been having a glorious time with parties, dinners and auto trips. Following the game last night a very delightful dance was much enjoyed at the Gym. Yesterday the girls were entertained at lunch by D. C. Lindsay, at his home in Paia, and in the evening at dinner by Mr. and Mrs. Matthews of Waialeale. Today they have enjoyed a beach party at Waialeale. The Honolulu girls will leave by way of Lahaina for home by the Mauna Kea tonight.

SAN FRANCISCO HEARS ABOUT BERNICIA LANE

SAN FRANCISCO, June 21.—Clare Galligan of New York, the American 220-yard swimming girls' champion and record-holder; Olga Dorfner of Philadelphia, record-holder over several distances, and Bernicia Lane, the champion girl swimmer of Hawaii, are speeding on their way to this city to participate in the United States 100-yard girls' championship, which will be contested here on Tuesday, July 4. Manager W. M. Coffman yesterday received telegrams from all of these girls saying they had left for this city.

Arrangements were made yesterday to tender a reception to the visiting swimmers on their arrival here. Officials of the Pacific Association will meet the noted girl swimmers on their arrival, and the California Swimming and Life-Saving Club will have a big delegation on hand to welcome the visitors. The California Swimming and Life-Saving Club announced yesterday that their annual ball had been postponed from June 23 to June 30, and this will be made a special feature of entertainment for the visiting swimmers.

Norman Ross, the Olympic Club champion, is expected to make a big showing in the men's championships, which will be swum the same day. Ross yesterday went over 250 yards in the Olympic Club tank in the remarkable fast time of 2:32. He is swimming at his best right now, and Professor Cavill predicts that the big fellow will break a number of Pacific Association championship records.

HORSE RACES FEATURE ON MOLOKAI PROGRAM

Independence Day will be fittingly celebrated at the Molokai Settlement at Kalaupapa. A splendid program of athletic events has been arranged, including horse races, a bicycle race and a tag-of-war. In the evening of the Fourth a moving picture show will be the attraction for the Settlement. Refreshments will be served after the show.

The day's program is as follows: Half-mile horse race, half-mile pony race, mile horse relay race, quarter-mile tame donkey race, half-mile bicycle race, mile horse race, half-mile horse race (for women), half-mile donkey relay race, bronco breaking contest, tag-of-war.

NORWEGIAN GIRL TAKES TENNIS COURT HONORS

(Associated Press by Federal Wireless.)
CLEVELAND, Ohio, July 1.—Miss Molla Bjurstedt, the Norwegian girl who holds the world's tennis championship, annexed the clay court championship today.

OPEN BIDS FOR BIG NEW HOTEL ON MAUI

Bids were opened Saturday at a meeting of the directors of the new Grand Hotel Company, of Waialeale, Maui, for construction of the proposed hotel. It is planned to hasten work on the structure that it may be opened simultaneously with the Maui country fair.

The firm has obtained a five-year lease on the T. B. Lyons residence property in Main street, Waialeale, with a five-year option to purchase for the sum of \$14,250.

The hotel is to be one of the most modern in the islands, both in arrangement for convenience of guests and in appointments for satisfactory service. Its capacity will be large and the company has announced that its chief effort will be to attract the tourist and traveling public.

Tammanis has no facilities for apple storage, so that the growers have to accept prices offered when the fruit is ready. This year's crop is being sold at prices that are unremunerative.
