

REGISTRATION DAY IS LEGAL HOLIDAY, GOVERNOR DECIDES

Pinkham Issues Formal Proclamation Clearing Way For the Big Draft Enrollment

PLANTATIONS COME TO AID OF THE CENTRAL BOARD

Will Lend What Clerks and Interpreters Are Needed For the Work On July 31

Registration day will be a legal holiday throughout the Territory, Governor Pinkham having issued a formal proclamation to that effect.

This was the most important step taken in the preparation for registration by the registration board of Hawaii yesterday.

In reply to a report that the board was contemplating calling upon the political machinery of the two big parties for assistance in getting out the registration, the following statement was issued by the executive officer:

"As to the suggestion that the central board should avail itself of the assistance of the organized machinery of the existing political parties for the purpose of getting out the vote, the board fully appreciates the spirit which lies back of this generous offer."

"However, as this work is strictly non-political in character the board will not utilize the political machinery suggested, as it feels that the patriotic efforts of individuals working directly under the supervision of the county boards and the chief registrars of precincts will result in greater centralization of direction."

"One of the most important developments of the day came in the form of a letter from the Hawaiian Sugar Planters' Association, pledging all possible assistance of a most practicable sort to the work of the board."

"The managers of the plantations will be instructed to get in touch with the sheriffs of the counties and find out just what those officials wish from the plantations, in the way of helpers, interpreters, clerks and the like."

Lunas of the plantations also will be instructed to impress upon all laborers the necessity of registering on July 31 no matter what their activity may be in this connection."

County Clerk Kalaoukani is busy upon the preparation of a list of the voters of Oahu, to be used in checking up the registration, for though such a list will not contain all of those liable to military service under the Draft Act it will contain a large proportion of them."

MOTORCYCLE RIDER HURT IN BAD SMASH

George Alberts Suffers Painful Injuries in Accident

George Alberts, an employe of the Honolulu Iron Works, lies at the emergency hospital with painful though not serious injuries, as the result of a collision at seven o'clock last night on the corner of Alakea and Hotel Streets in which figured the automobile No. 885, driven by George W. Wells, Jr., and motorcycle A-184, ridden by Alberts.

Alberts was riding mauka on Alakea Street when he heard the horn and saw the lights of a car approaching on Hotel Street going waikiki. He claims that Wells was driving at a speed of thirty miles an hour, but he did not know who was entitled to the right of way. Becoming confused at the imminent danger, he says, he turned the power completely off and applied the brakes. Thinking there might be some chance of avoiding a crash by turning to the left on Hotel Street, he did so.

He was taken to the emergency hospital in the ambulance. The motorcycle was damaged greatly, possibly beyond repair. Wells' car was scratched and dented in several places the damage being very light. As far as could be learned last night, no arrests were made.

EARTHQUAKE AND TIDAL WAVE FLOOD LOW ISLES

(Associated Press By U. S. Naval Communication Service) MELBOURNE, July 11—Mergers of an earthquake and tidal wave disaster which has done great damage in the South Seas, reached here today.

The message says that a severe earthquake was felt in the Samoan islands, followed almost immediately by a great tidal wave which swept the beaches and low parts in the Friendly or Tongan Islands the earthquake did much damage.

OLD MAN CRIME SHADES KID VIRTUE SO FAR THIS YEAR

Figures Made Public By the Police Show That the "Kid" Has Put Up a Game Fight, But That in Some of the Rounds Crime Landed One Or Two of His Famous Wallops Inflicting Heavy Punishment On the Game Little Youngsters

NEW YEAR'S resolutions, quoted as of June 30th, seem to be worth about par.

That is to say, the statistics of crime and misdemeanor compiled by the Sheriff's office and furnished yesterday to the board of supervisors for the six months ending June 30 show that Honolulu is neither very much better nor very much worse than last year.

Allowing for the normal increase in population, we seem, if anything, to be doing a little better.

An accurate comparison is not possible from the figures given out. The year 1916 is summarized in its entirety, not in periods of six months, so that the only way to approximate the totals for the period January 1-June 30, 1916, is to divide the figures for twelve months by two, and then draw down the best comparison possible by setting them over against the figures for the corresponding months in 1917.

Moreover, the convictions summarized by cases are virtually useless for purposes of inference. Five columns are given—Hawaiian, Chinese, Japanese, Portuguese and "others."

Knowing the relative population of Hawaiians and Japanese, for instance, it is easy to see that the proportion of offenders against sexual morality and sobriety is very much higher among the former than the latter race. And, similarly, it is obvious enough that, where the convictions among Chinese for gambling run as high as they do for the Japanese, although the Chinese are numerically inferior, there must be a higher percentage of Chinese than of Japanese gamblers.

These figures, like the corresponding figures for drunkenness, are what would be expected, but when one encounters a higher figure of convictions for sexual crimes under the heading of "others" than the combined total of Hawaiians and Japanese, it makes the reader blink.

At first thought, "others" would seem to include Americans, British, Germans, and, in general, those of Caucasian blood. And the apparent inference would be that the white man's standard of morality is distinctly lower than that of his neighbors, for he is numerically far in the minority, yet his criminal record overlaps those who outnumber him.

And so it would appear with offenses such as drunkenness and assault and battery. Then one remembers the country record of the Filipinos. Not being listed separately, they must be included among the "others," with the

net result that all but the most common offenses, such as are matters of common knowledge, must be ruled out, and the table, for purpose of information, becomes worthless.

However, doing the best that can be done with the material at hand, on the basis of comparisons already indicated, it appears that we are not more chaste than of yore. Offenses against the seventh commandment and others of like nature were represented by fifty-four arrests and thirty-one convictions this year as against forty-seven arrests and thirty-one convictions for the corresponding period (theoretical) last year.

In like manner, the other significant headings for the two periods may be summarized as follows:

The Fight By Rounds
Assault and battery: 1916, 325 arrests and 169 convictions; 1917, 293 arrests and 129 convictions. Kid Virtue's round.

Burglary: 1916, eighteen arrests and nine convictions; 1917, seventeen arrests and eleven convictions. Even round.

City ordinances: 1916, 133 arrests and 112 convictions; 1917, ninety-six arrests and eighty-six convictions. Kid Virtue's round.

Drunkenness: 1916, 270 arrests and 257 convictions; 1917, 231 arrests and 212 convictions. Virtue's round.

Embezzlement: 1916, twenty-four arrests and nine convictions; 1917, sixteen arrests and four convictions. Virtue's round by a large margin.

Gambling: 1916, 984 arrests and 899 convictions; 1917, 1067 arrests and 943 convictions. Old Man Crime's round by a shade.

Headless driving: 1916, sixty-nine arrests and twenty-six convictions; 1917, eighty-one arrests and thirty-six convictions. Old Man Crime's round again. (A second in the Kid's corner says that there were more cars this year.)

Liquor selling without license: 1916, forty-five arrests and thirty-nine convictions; 1917, forty-eight arrests and thirty-five convictions. Even round.

Lottery (che fa): 1916, seventy-five arrests and sixty-three convictions; 1917, sixty-nine arrests and sixty-seven convictions. Crime's round on actual punishment administered.

Opium in possession: 1916, sixty-six arrests and sixty-three convictions; 1917, sixty-seven arrests and sixty-seven convictions. Crime's round by a shade.

Under the rules of this club, no decision is given on the fence. All fights are perpetual, to a finish somewhere in eternity.

MONTANA BINGHAM HAS SMALL DROP

Madera Gold Recovers and Gains Few Points — Sugar Trading Heavy

Montana Bingham, the star performer at present on the program of the local stock exchange, subsided somewhat yesterday after its aeroplane stunts of the last few days. The price hovered just above 60 cents all afternoon, closing the day at 62 cents, a net gain of one cent since Tuesday's session closing price.

The slight increase was accompanied by many fluctuations during the session to session period and the sales reported totaled more than 45,000 shares. The price ranged 61 cents, 60, 59, 58, 60, 61 and 62. The larger portion of the sales were made at the two highest figures, totalling more than 35,000 shares at 61 and 62 cents. The demand was reported yesterday afternoon as still active.

Madera Gold again recovered and gained a few points, selling at 33 cents, a one-cent advance over Tuesday's close, with 33 cents bid and 34 cents asked. The mill of the company will start Sunday, according to definite advices received yesterday.

Other active unlisted stocks yesterday were: Mineral Products, which dipped back another cent to 30 cents, with 29 cents bid and 30 cents asked; Mountain King, which sold without change at 31 cents, and Engels Copper, which gained an eighth in sympathy with San Francisco prices, selling at six dollars.

There was heavier trading in sugar securities and a slight shading off of prices. Oahu dropped three eighths to 30 3/8; Pioneer declined a quarter to 38; Ewa lost a quarter to 33 3/4; Koloa was even at 17 1/2; Oiaa was without change at 13 1/2, and McBryde advanced an eighth to 10 1/2, after selling at 10 3/4. Sales totaled 118 1/2, of which 450 were at the session. In San Francisco sugars were again active. Hawaiian Commercial advanced an eighth to 48 3/4; Honolulu declined a quarter to 8 3/4; Oahu dropped a dollar to 28, and Oiaa lost Tuesday's gain of an eighth to 13.

NEW LIEUTENANTS GET INSTRUCTIONS

To receive their instructions in their new rank and to get their assignments to duty, nineteen newly appointed second lieutenants reported to Colonel Frazier, at Fort Shafter yesterday morning. The list includes: Paul Altman, Frank Frazier, George Neumiller, Ralph J. French, Walter Christensen, Lucius A. Miller, Lee Cohen, Eugene B. Callahan, Charles John, Theodore B. Majowski, Claybourne S. Keeney, James Johnson, Stanley Satterthwaite, Fred J. Wilkinson, John J. Dunn, Peter L. Grove, Albert Leuderman, Eugene H. McClellan, and Joseph W. Gates.

PULMOTOR AT OUTRIGGER

The pulmotor which was formerly at the Moana is now at the commissary of the Outrigger Club and is ready for instant use at any time.

Considerable interest in the apparatus has been shown recently and a number of members have learned to use it. Anyone wishing to learn to use it may apply to one of the following who will gladly initiate him: Joseph Strickney, F. C. Mighon, C. S. Davis, Judge P. L. Weaver, H. E. Marsh, W. J. MacNeil. Instruction is free.

Forbidden To Go To Movies, Young Girl Tries To Kill Self

Refused permission to attend the movies or to have a youthful sweetheart, Helen Burloff, fourteen-year-old Russian girl, tried of life yesterday and swallowed poison.

She was found unconscious on the floor of her home by her nine-year-old brother. He ran several blocks to his mother's place of employment to notify her that "sister is dead."

The girl was given treatment at the emergency hospital by Dr. Ayer. She will recover.

The Burloff home is on Punchbowl Street, near King. The girl's mother yesterday banned further pleasure in order to cut short Helen's first romance. The double derelict prompted the girl to seek death.

FIELD ON TRAIL OF THAT CITY DEFICIT

An audit of the city auditor's books is in progress, with H. Gooding Field doing the work and the Democratic central committee paying the bills. Mr. Field expects to know within two weeks whether there is a deficit or not.

There never has been any doubt in the mind of the city auditor that there is a deficit, but his figures have been disputed by the supervisors. Accordingly the status of the city's finances has ranged in various statements from a minus quantity of \$85,000 to a small surplus.

INJURED BY AUTOMOBILE

Yako Giakonas, Russian, was given treatment at the emergency hospital yesterday for a fractured right arm. He was struck by an automobile near Pier 17. The driver disappeared and the number of the machine was not secured. The injured man stated that the driver of the car was a Japanese and that he will be able to identify the man.

LICENSE RECEIPTS SHOW INCREASE

Receipts from municipal licenses for the current fiscal period amounted yesterday to \$25,790, which is \$202 more than collections last year for the corresponding first seven days. Moreover there are still a number of delinquents who will be prosecuted, if they do not pay up within the next two days of grace allowed by D. I. Coukling, the city treasurer. Those found guilty last year were fined \$10, in addition to their license fees.

JAPANESE DAILY PRO-AMERICAN, IS PREACHER'S WORD

Doctor MacCauley Who Has Lived In Nippon For Twenty-eight Years Visiting Here

SAYS POLITICAL CRISIS DUE IN TOKIO NOW AT ANY TIME

Age Old Combat Between People and So-called Upper Classes Is Fast Coming To a Head

German influence among military and certain scholarly classes of Japan has been exceptionally great, because many of the leading Japanese have received their education from Germans in Germany, but the main strength and support of the Japanese government is not pro-German but decidedly pro-English and pro-American.

This is the belief of Rev. Clay MacCauley, who has been intimately associated with the Japanese people for twenty-eight years, and who arrived from the Orient on the Ecuador yesterday, to spend a vacation of a couple of months in the Islands.

Doctor MacCauley is the Tokio representative of the American Unitarian Association of Boston, not as a leader of any particular denomination but as an advisor to the movement, which is sympathetic in all directions of betterment. He was also first vice-president and setting president for two years of the International Press Association of Japan, an organization formed for the purpose of bringing together all "foreign correspondents."

"There is a great deal of political strife in Japan at the present time," said Doctor MacCauley, "and underneath it all, is a question which has been struggling for an answer for twenty-five years. That question is: Shall Japan have a genuine constitutional party government or shall it remain under the direction of a small group of men who have been responsible for the present imperial restoration? In other words, shall the government be a ministry appointed nominally by the Emperor, and responsible to the Emperor, or shall the government be a ministry appointed by the Emperor in answer to the demands of a majority in parliament? Ministry Dependent or People Dependent?"

"The present ministry claims that it is independent of all party movements, that it is the Emperor's choice and therefore can remain in office at his pleasure. Despite all this the fact remains that whichever answer is proclaimed, Japan has progressed to such an extent that no ministry can long endure unless the people are back of it. The Teruchi ministry claims to be superior to party rule, yet they have enlisted the support of the Seiyukai. The time will come when party government will rule and that time is not far off."

Rev. Doremus Scudder is doing a most praise-worthy work in Tokio, as chaplain of the United States Consulate, said the doctor. He is seeking now to build a church which will have a relationship to all Christian movements in Japan. Many Honoluluans have contributed generously to the building fund and it is the belief that if this church is secured it will be one of the best possible means for commending Christianity as such, free from sectarianism.

Doctor Scudder is interested in a number of philanthropic and social betterment movements in Japan," Reverend MacCauley said, "and probably will become a prominent factor in the promotion of a better life for the country."

Doctor MacCauley will sail for the Volcano this week, where he will remain for a month visiting Prof. J. A. Jagger, Jr.

GUARD OFFICERS TO TAKE EXAMINATIONS

Officers of the national guard who are serving with temporary appointments will soon have to undergo examinations to test their fitness for their grade, according to a statement issued from guard headquarters yesterday morning. This examination throws much heavier work upon the shoulders of General Johnson, commanding the guard, and upon Capt. William Wayne, assistant adjutant general. A board, consisting of a medical officer, a regular army officer and a guard officer will conduct the examinations.

MISS BJURSTEDT WINS THE WOMEN'S SINGLES AND MIXED DOUBLES

PHILADELPHIA, June 23—As predicted, Miss Molla Bjurstedt added two more new tennis honors to her long list today when she won the women's singles and the mixed doubles in the women's patriotic lawn tennis tournament of the United States on the courts of the Philadelphia Cricket Club. This gave her a clean sweep for the tournament, as she had won in the women's doubles yesterday.

In the singles, Miss Bjurstedt defeated Miss Marion Vanderhoef of New York two sets to one, 4-6, 6-0, 6-2. Miss Bjurstedt's game was hardly up to her best playing, especially in the first set. Miss Vanderhoef played up to her best, she used a chop stroke to advantage, especially in the first set.

SPORTS

BIG TENNIS MEET TO BE HELD HERE DURING FEBRUARY

A. L. Castle Explains Some of the Plans of the Beretania Club

Some of the plans of the Beretania Tennis Club for the 1917 Carnival tourney were told by A. L. Castle at a meeting of the directors of the chamber of commerce yesterday afternoon. The meeting was called to consider the holding of the Carnival next year, as the Carnival directors had requested expressions of opinion from the leading organizations of the city.

Mr. Castle dealt largely with the Carnival in its bearing upon the Beretania Club's tourney, which has been sanctioned by the National Lawn Tennis Association and included in the list of tournaments issued by the association early this year. Particularly he wished to emphasize that the ten-day tourney, beginning February 6, would be held regardless of what action was taken as to the Carnival, even though the Carnival itself were cut to one day, as has been suggested.

Want Maurice McLoughlin. The club proposes to bring tennis stars here from the mainland to compete. Maurice McLoughlin is one of those who is desired. Last Carnival's play was splendid, some of the fastest players of America being here. The Manila tournament, in which they played, came at a time that fitted in well with that of Honolulu, as they stopped here on their way back to the States.

The club intends to go ahead with its arrangements, Mr. Castle said, particularly in view of the receipt of a communication from the war department, which urged that no measures be taken to drop athletics but instead that they be maintained. Letters of the same import have been sent to associations in the States and follow in general the suggestion of President Wilson, General Wood and other prominent Americans that the young men of America keep their bodies in trim through athletics.

Proceeds To Red Cross. The proceeds of the tourney will be given to the Red Cross, Mr. Castle said, as requested by the national association.

The tennis tourney and swimming meet, for it is presumed that one will be held during the Carnival, would offer a good nucleus about which to group other athletic events, such as football, basketball and other sports. Such a policy doubtless would meet with the approval of the people, since it is the expressed wish of the President that athletics be continued, and would offer something to replace such usual Carnival features as might be dropped.

ASSERT PENNER USES THAT "EMERY BALL"

PORTLAND, June 27—They are doing Herb Penner exceptional honor by accusing him of using the "emery ball." Whenever a pitcher gets so good that this nib is given, he ought to feel highly complimented.

Here is what one Oakland critic had to say after Penner won on Oakland last week. This was before Penner started both Sunday games, failing to last in either one of them:

"The Oakland players are thoroughly convinced that Pitcher Penner, of the Beavers, was working the old emery ball on them Wednesday, and they have evidence in a ball which was a deep cut in it made by emery paper. Roy Middleton was first to call Del Howard's attention to the illegal delivery, and Howard had reason. He missed a third strike by three feet. The ball was sent to Howard and was found to have been emeryed to beat the band. Other Oakland players made a kick, having been tipped off by the Los Angeles athletes that the emery ball was being used by Penner. The best evidence that there was something unusual doing is the fact that Billy Lee came home from second on a couple of passed balls in the first frame. Catcher Baldwin had no more idea of where the ball was coming than the kaiser has of what is going to happen to him after the war."

NEW LIEUTENANTS HAVE ASSIGNMENTS

Recently Promoted Officers Ordered To Report To Companies.

FORT SHAFTER, July 11—The following named second lieutenants have been attached to the companies stated, pending their departure for the States on the first transport.

Lieutenant Frazier, attached to C Co., Third Engineers.

Lieutenant Christenson, to L Co., Second Infantry.

Lieutenant Miller, to E Co., Second Infantry.

Lieutenant Cohen, assistant to the regimental supply officer.

Lieutenant Calhoun, attached to B Co., Second Infantry.

Lieutenant Chas. Johnson, attached to C Co., Second Infantry.

Lieutenant Majewski, attached to C Co., Second Infantry.

Sergeant James F. Flaherty, company C, Second Infantry, has been made First Sergeant of that company, following the promotion of the former first sergeant, Peter L. Grove to be second lieutenant in the Regular Army.

CHAMPION RED SOX DOWN THE TIGERS; CLEVELAND CLIMBS

No Games Played By National League Teams in the Eastern Cities

AMERICAN LEAGUE

Table with columns: Team, Won, Lost, Pct. Chicago, Boston, New York, Cleveland, Detroit, Washington, Philadelphia, St. Louis.

NATIONAL LEAGUE

Table with columns: Team, Won, Lost, Pct. New York, Philadelphia, St. Louis, Chicago, Boston, Pittsburgh.

None of the four National League games scheduled for the Eastern cities yesterday was played. Bad weather evidently was general. Cincinnati and New York had to postpone their big smash.

In the American Boston won from Detroit, 1 to 0, and gained one-half game on the White Sox, who did not play New York at Chicago. Cleveland defeated Washington, 3 to 0, and is close on the heels of the third-place Yankees, who have only a three-point lead. Detroit dropped below 500 by losing to Boston. Philadelphia, which won out of last place Tuesday by beating St. Louis, won again yesterday. These games were the first of the new series. The Athletics are seventeen points behind Washington, which is in third place, and are sixteen points ahead of the Browns.

The American has three distinct groupings, the White and Red Sox having the lead over all other teams. New York, Cleveland and Detroit being bunched and Washington, Philadelphia and St. Louis following at the end. For a team to pass from one of these groupings to another this late in the season will be difficult and will require some fast play.

YESTERDAY'S RESULTS

National League. No games played; bad weather.

American League. At Cleveland—Cleveland 3, Washington 0.

At Detroit—Boston 1, Detroit 0.

At St. Louis—Philadelphia 13, St. Louis 5.

BEAVERS DOWN SAN FRANCISCO IN SECOND GAME—ANGELS DEFEAT SALT LAKE

COAST LEAGUE

Table with columns: Team, Won, Lost, Pct. San Francisco, Los Angeles, Oakland, Vernon.

The Portland Beavers won another game from San Francisco at Portland yesterday, 2 to 1. Los Angeles, which beat Salt Lake Tuesday, won again yesterday, 7 to 1; but Vernon lost to Oakland, 2 to 6, after winning Tuesday.

The Beavers are playing good ball these days. They are 136 points behind the Seals. One week ago today they were 172 points behind. On the whole the Coast League appears to be fighting up slowly.

Portland's Results. At Portland—Portland 2, San Francisco 1.

At Oakland—Oakland 6, Vernon 2.

At Los Angeles—Los Angeles 7, Salt Lake 1.
