GERMAN RESIDENTS MAY BE HARD HIT

Fear Financial Ruin Because of Trading With Enemy Bill Now Before Congress

German residents in Honolulu and a few firms controlled by German capital have become deeply concerned and alarmed over the rapid progress of the Enemy Trading Bill, which is now in congress before the house of representatives.

In the drastic provisions of the bill, which is aimed to crush all trading with the enemy, directly or indirectly, they stand in fear of financial ruin. The bill is drawn up along the lines of the British, French and Italian measures with the "black list" feature.

One of the important provisions of the bill is the creation of the office of custodian of enemy property. It provides that any person, firm or corporation having property of any kind belonging to an alien enemy must so notify the secretary of commerce, and the President may thereafter cause the transfer and assignment of such property to the custodian.

The bill has a two-fold purpose. For one thing it would relieve the rules of international law under which the property of Germans would be practically forfeit, by allowing alien enemies who obey the law to continue doing business here under certain restricted conditions.

The second purpose is to stop all trading with Germany by Americans or German residents in the United States. Power is given the President to issue what would be in effect a "black list" against persons trading with Germany. The prohibition runs as much against Americans as Germans, in this respect, or against the world for that matter, because it really resolves itself into a question of election between trading with America or Germany.

The bill as first drafted would include naturalized citizens of German birth on the same footing as citizens or subjects of Germany, but this was done away with after a long debate. Congressman Parker of New Jersey sized up the entire plan of the bill in the opening day of the debate in the house as follows.

"This bill has two effects: One is to relieve the rules of international law with reference, we will say, to German citizens living in the United States who mind their own business and do business here and do not try to do business with Germany. Under the old international law they could to a certain extent do business, but they could not collect a debt. They were aliens, foreigners, enemies. We want to say to them that as long as they behave themselves with Americans, they are friends, unless the President names them under a subsequent part of the bill, and sells them that they will have to be put under special guard. The other side of this bill is just as strong.

"Business now is world-wide, and we have come to a war, and we want to stop trading, not only with anyone in Germany, but we also want to say to any business man throughout the world, 'You can trade with Germany or with us, but you can not trade with both; if you do business in Germany, we will not do business with you.' It is, in effect, the 'We do not patronize,' which we have heard so much of, which may be a boycott or a blacklist, a thing which must be abolished in time of peace, but in time of war has been found to be absolutely necessary. We do not want to send funds or allow Americans to send funds to firms that have German connections, and who may see that those funds get into Germany, whether those transactions be conducted in Holland, South America, or in any other neutral country."

RODIEK RESIGNS AS PRESIDENT OF SUGAR PLANTERS

E. D. Tenney Is Elected to Head Association When Expected Resignation Is Received From Indicted Honolulu

George Rodiek has resigned the presidency of the Hawaiian Sugar Planters' Association. His resignation was received by W. O. Smith, acting secretary of the association, Tuesday afternoon but was not made public by him until yesterday morning. Then a meeting of the trustees of the association was held, the resignation was accepted and E. D. Tenney, who had been vice-president, was elected president and E. H. Wolehouse was elected vice-president to succeed Mr. Tenney.

The action of George Rodiek in resigning and of the association in electing Mr. Tenney as the head of the association is as forecast in The Advertiser the day following the arrest of Rodiek in San Francisco. Then it was said that if he had not left a resignation when he sailed for the mainland, it was expected that he would relieve the association from connection with his name as one indicted on conspiracy charges, and would do so at an early date, and that the natural successor would be Mr. Tenney.

It is said that the resignation of Rodiek as president of the planters' association makes no reference to the indictment against him, but gives as reason for his action his probable absence from the Territory for a considerable time and asks that it be immediately accepted.

A telegram received yesterday from San Francisco said that the arraignment of Rodiek had been postponed until next Monday and that the argument on the demurrer to the indictment which was filed in his behalf would be heard at that time.

H. A. Schroeder, who is indicted on similar charges, did not leave for the mainland yesterday, but is still free on bail bond here.

It is reported, but not confirmed, that Rodiek has resigned the vice-presidency of the Sugar Factors' Company.

Chinaman Held Up By Youngsters For Bag of Candy

Armed with pocket knives, three small Hawaiian boys held up a Chinaman in Kaunaloa, Windward Oahu, late last night. They made the man put up his hands and then went through his pockets. All the booty they could find was a little paper bag filled with candy, which they appropriated.

Satisfied with the spoils, the youngsters allowed the Chinese to go his way, but the latter lost no time in seeking out Robert Davis, the deputy sheriff of the district, to whom he told his tale of woe.

Davis rounded up the boys without loss of time and found vestiges of the vanished candy sticking to their fingers and lips. They owned up and after a stiff lecture the deputy sheriff allowed the youngsters to go on parole, they promising faithfully on their word of honor that they would be good little boys in the future.

THIRTY DIVORCE SUITS A MONTH IS AVERAGE

Suits for divorce filed in Honolulu during the month were only a very small proportion of the number of marriages which took place in Honolulu in July. For the month only twenty-eight divorce actions were instituted.

The last two suits filed in July were: On July 30, Mrs. Muriel L. James against Walter E. James, on the grounds of cruelty and nonsupport; July 31, John Hartman against Mrs. Mary Hartman, desertion.

Yesterday, the first of the new month, three actions were filed—Mrs. Marion Standard McPike against Andrew Jackson McPike, extreme cruelty and nonsupport; Mrs. Evelyn Nakai against Lucas Nakai, cruelty and nonsupport; and Mrs. Mary Arruda against Samman Arruda, extreme cruelty.

Since the first of this year 213 divorce cases have been instituted in Honolulu, or thirty a month for the past seven months, at which rate the close of the year might run the total up to 360.

KAUAI GIRLS PRESENT SILK FLAG TO COURT

The girls of the fifth and sixth grades of the Kalahoe School recently presented the court of the fifth circuit with a beautiful silk flag of their own deft handwork, fourteen feet long, very neatly made, and out of fine material, says the Garden Island of Lihue, Kauai, of July 24.

This flag was officially used in a very worthy way on the fourteenth of July, on which occasion ten new incoming citizens swore allegiance to it as their adopted flag.

These new citizens were made up of French, Porto Rican, Portuguese and Spanish; a wide range of races for so small a number of applicants.
