

JAPAN AND UNITED STATES MUST KEEP PACIFIC PACIFIC

Two Countries Must Strive to Put End to World's Calamity, Declares Commissioner

FINANCIAL MISSION VISITING HONOLULU

Statesmen of Eastern Empire Will Study Economic Methods of This Nation

To study at first hand the economic methods adopted and the financial policies being carried out in the United States, in order that there may be economic cooperation after the war, between Japan and the United States, as there is now military cooperation in the war, is the work of the Japanese economic and financial mission of Japan now in the city.

"Together we must strive to put an end to this world's calamity by our concerted efforts," declared Baron Megata, member of the Japanese house of peers and dean of the mission, speaking at a banquet tendered by Consul General Mori last night, "and after the war, together we must work to keep the Pacific pacific."

This was the keynote of the various addresses of the banquet and of the statements and interviews given by members of the party, the necessity for Japanese and American cooperation on the Pacific in the interest of a continuance of the friendliest relations.

Personnel of Party

There are nine members of the mission, each important in the economic and financial life of Japan. The party is headed by Baron Tanetaro Megata, member of the house of peers, one of the first Japanese graduates of Harvard. He was for years the financial adviser of the Korean government, remaining in Korea after the establishment of the protectorate and the later annexation as bureau director. The fiscal reforms in Korea were planned and carried through by him.

Two other members of the party are intimately connected with Korea. Baron Hunkichi Ito, secretary of the department of agriculture and commerce, is a son of the late Prince Ito, the first Japanese governor general of Korea, who was assassinated. Hon. Keikichi Hishida is the secretary of the present governor general of Chosen, as Korea is now called by the Japanese.

Other members of the party are: Hon. Osamu Matsumoto, secretary of the financial department of the Japanese government.

Hon. Takemitsu Sakaguchi, collector of customs.

Hon. Chozo Koike, representative of the Kohara Company, one of the leading commercial firms of the Orient.

Hon. Kenjiro Matsumoto, representative of the Yasukawa Company.

Hon. Yoshitaro Yamashita, representative of the great Sumitomo Company, which is represented by a branch of its banking house in Honolulu. Mr. Yamashita is a cousin of S. Shiba, formerly editor of the Hawaii Shimpo and widely known in the Islands.

The ninth member of the party is Hon. Umekichi Yoneyama, representative of the Mitsui Company.

All the commissioners speak English fluently and the majority have paid frequent visits to the United States.

Commission Banquet

To introduce the members of this mission, a banquet was given in their honor last night in the gold room of the Alexander Young Hotel, at which Consul General Mori presided. About forty of the leading business men of the city were present as guests. Toasts were drunk—in White Rock—to the President and the Mikado and three short addresses were made.

Consul General Mori welcomed the party to Hawaii. "It is a great pleasure to me," he said, "to be able to help welcome the gentlemen representing the economic and financial conditions of my country to this, the stepping stone and the first port of entry to one of the greatest countries on the face of the globe, and to a country which the citizens of my country can look to as a friend."

"It is a great thing in these stirring times of world turmoil to be able to point to this country or that country, and to say that as far as my observations have extended, the warm relations existing between the Empire of Japan and the United States have never at any time been other than extremely cordial and while there have been occasions when those who were enemies have attempted to stir up strife between the two countries, I am glad to say that the wisdom and the minds of the great men of the two countries have been able to avert any unpleasantness and we are today enjoying an exchange of commercial and diplomatic relations which we have every hope to believe, will continue for all time."

Cattle Feed Lower But Morning Quart Keeps Going Up

And When They Talk About Wage Raise, Some Who Know Say That Have Not Gone Up in Past Year, So They'd Better Guess Again

Feed is going down, but milk will still advance two cents a quart on November 1. Perhaps if the cows could be fed for nothing there would still be a reason to advance the price of a necessity which the public could not do without. The public's vital need perhaps is the very reason. "All the traffic will bear" is a motto which never seems to stale.

Cattle feed, with the sole exception of bran, is from a dollar and a half to two dollars lower than on September 1, when feed was as high as it was at the time of highest prices several months ago. At that time milk was raised one cent a quart on account of the high price of cattle feed.

Feed has since declined and then risen again in price, until it stood as high in September as at any time in the last year. The past month has seen a lowering of feed prices, but the dairymen's association has not made any announcement that the advance in the price of milk, which they claimed was necessary on account of the high cost of feed, will be postponed. And the raiser this time is two cents.

Another reason given for the advance was higher wages paid to labor. A responsible citizen who is familiar with conditions at the Mokuieia dairy states that in his knowledge the workers there are being paid the same wages as they were a year ago. This is one of the dairies belonging to Charles Bellina, a member of the dairymen's association.

Wages Not Availing

Wages for dairy hands have not gone higher, A. L. Castle said yesterday, as he was aware from personal knowledge that the workers were getting the same compensation as they were a year or more ago. If there are a few cases in which wages have been raised, which is doubtful, there are not enough of them to cost every holder in Honolulu two cents more for his quart of milk every morning. There is a large amount of revenue in two added cents for every quart of milk sold in Honolulu daily.

It is not of much use to quote mainland advances as warrant for the increased charges in Honolulu. There are no milk condenseries here to take any surplus and help keep prices up. One of the causes given on the mainland for the present price of milk is that the condenseries are willing to pay more than they have been doing, which automatically boosts the price to the consumer of fresh milk, who has to pay more than the condensed milk plants are willing to do in order to get his daily supply.

No such reason can exist here, where there are no condensing plants to raise the rates. It may be true that milk bottles cost more. Why not try out some of the paper containers which have proved a success on the mainland, besides being more sanitary and cheaper? Reducing the standard of the milk is hardly to be recommended as a means of lowering prices. In its present state the milk seems a deplorable product compared to the real old down on the farm stuff with cream inches thick on top. If it were any lower in fat content it would not have enough food value to make it a fit food for growing children.

Feed Prices Yesterday

The quotations shown below are the actual prices of cattle feed in Honolulu yesterday morning as given by two local firms, the California Feed Company and the Union Feed Company. Corn which is not shown on the lists, has also declined in price in the last month.

	Price Sept. 1, 1917	Oct. 24
Wheat, per ton	\$87.50	\$85.00
Barley, per ton	58.50	57.00
Oats, per ton	65.00	63.00
Bran, per ton	49.50	52.50
Middlings, per ton	65.00	63.00

LIBERTY LOAN CLIMBING UP TO DESIRED SUM

Coming Very Close To the Five Millions Set By Committee As Mark of Effort

FORT KAMEHAMEHA HAS ROUSING MEETING

Figures From Other Liberty Day Demonstrations Will Be Available Today

Liberty Loan subscriptions reported by A. F. Todd to noon Wednesday: Army subscriptions, about \$ 1,137,000 Total \$ 4,832,450 Yesterday's gain 103,550 Number of civilian subscribers 3,400

With figures of bond purchases only up to noon yesterday available, the sum invested in Liberty Bonds in Hawaii is within \$167,550 of the mark set of \$5,000,000. It was declared yesterday by a prominent banker that Hawaii's quota would probably amount to \$5,500,000, as a number of both small and large subscriptions will be coming in during the last days of the campaign.

Hawaii's patriotism has been put to the proof as far as the pocket is concerned, and it has proved itself ungrudgingly. There have been state meals that the Liberty Loan was going slowly on the mainland, and the workers were finding it hard to get the full amount wanted from the various districts, but such statement cannot be applied to Hawaii, where the allotted quota and almost two million over is subscribed three days before the end of the campaign.

There is opportunity in the remaining two and one-half days for many who have not yet become bondholders to come forward and pay their first installment, or make arrangements at their place of employment to be carried on the easy payment plan. The total number of subscribers is a big feature in this loan, as it emphasizes the fact that every true American is getting behind his country and helping to wipe out Hunnish barbarism, and it is hoped that Hawaii's number of subscribers will be a large percentage of her population.

Fort Kamehameha had a Liberty Loan day yesterday, in spite of the fact that the post has been one of the largest subscribers to the loan so far. Four companies of coast artillery turned out to parade, the band played, and several speakers were heard from a platform built and decorated for the occasion. Capt. Peck, chairman of the executive committee, was one of those asked to address the soldiers. At the close of the speeches many officers and men stood in line to give their names and the amount of bonds they desired to an officer who was in charge of subscriptions for the post.

JACK BRITTON NOW UNDER SUSPENSION

MILWAUKEE, Wisconsin, October 16—The Wisconsin boxing commission has suspended Jack Britton, his manager, Dan Morgan, and the latter's staff of boxers, because of Morgan's failure to post a forfeit for Britton's bout at Superior, Wisconsin, recently. It was announced today. Morgan will be given a hearing on October 29.

MRS. MACFARLANE BUYS BLUE STOCK

String of Nevada Stook Farm Blooded Animals Sold To Honolulu Woman

Mrs. Walter F. Macfarlane has purchased the entire shipment of thoroughbreds recently brought here by George W. Berry, superintendent of the Nevada Stock Farm, and consisting of one stallion, eight brood mares, five yearlings and one suckling foal. She will use her newly-acquired stock as the nucleus of a breeding establishment to be maintained on her extensive property situated near Kapiolani Park, and which will be conducted as a strictly business proposition and with a view to improving the breed of Island horses.

The horses purchased by Mrs. Macfarlane are as follows: Stallion—Deutschland, bay horse, by Imported Sain. Brood Mares—Divina, brown mare, by Basselaw. Fay Muir, bay mare, by Canopus. Rosella, bay filly, by Voter. Peggy O'Neil, bay mare, by King William. Frazzle, brown mare, by Plaudit. La Estrella, chestnut mare, by Election. Abeline, bay mare, by El Rio Rey. Silverline, bay mare, by Free Knight. Yearlings—Dinner Bell, chestnut colt, by Starbottle. Saunte, bay filly, by Starbottle. Peter Post, bay colt, by Deutschland. Dreamery, chestnut filly, by Montgomery. Remark, bay filly, by Montgomery. Johnny Carroll Engaged.

The deal was consummated yesterday and the horses will leave the territorial quarantine station in Ala Moana Road, where they have been quarantined since their arrival from San Francisco, for their new home at Waikeiki probably tomorrow.

Max Watkins, who accompanied Berry to Honolulu, will remain here with Mrs. Macfarlane in the capacity of trainer, and Jockey Johnny Carroll has been engaged to start galloping several of the horses immediately for the coming races, and to ride them in all their engagements.

"The object of my visit here was to establish a market for the output of the Nevada Stock Farm," said Berry last night, speaking of the transaction. "Mrs. Macfarlane will be enabled to make a splendid start with the stock which she has purchased, and with that excellent mare, Florence Roberts also in her possession, I promise to shortly be at the head of a high-class and up-to-date breeding establishment. I feel sure that her venture will be a success, for there is undoubtedly a great future for racing in this Territory. The Hawaii Polo & Racing Club has a splendid plant at Kapiolani Park, and all that is wanted to make racing here a big success is horses. With this stock available this lack of horses will soon be remedied."

Owner of Good Animals

Mrs. Macfarlane is already the owner of the mare Florence Roberts, the present holder of the Canadian record for five furlongs, and of Lahontan Water, a full brother of Bubbling Water, a sensational mare on the West coast in her day.

Florence Roberts and Lahontan Water will be brought in from the country today and will later be joined at the racing stables by Rosella, which will be raced at the coming meeting, and the yearlings Dinner Bell, Saunte, Peter Post, Remark and Dreamery.

Deutschland is by Sain, one of America's greatest sires, for which James E. McLaughlin once offered Barney Schriener \$100,000. Sain was the sire of Jack Atkins, America's greatest racehorse, which won the Metropolitan Handicap carrying top weight, 128 pounds, in 1:37 1-5; and the King Edward Cup at Toronto, in 2:04, again carrying top weight of 128 pounds.

Here Are the Records

The brood mares are without exception from the greatest producing families of the American and English turf, and queen of them all is Fay Muir, by Canopus out of Duplex, safely in foal to Honeywood, winner of the English Cambridgeshire Handicap, and one of the best three-year-olds in England in 1914. Polymelus, sire of Honeywood, is the leading sire of the world and his sire of Black Jester and Pommer, the best horse in England today. Cylene, sire of Polymelus is today one of the greatest living sires.

La Estrella is by Voter out of Fluid. Divina by Basselaw out of Angelina is the dame of Divland by Deutschland, a recent winner at Reno.

Abeline is by El Rio Rey, unbeaten winner of seven races and \$45,835. Frazzle is by Plaudit out of Pleasant Girl. Plaudit was the sire of King James, winner of \$100,000; and Pleasant Girl is by imported Order by Bend Or, the sire of Ormonde.

Peggy O'Neil is by King William out of Cleodora. King William is a full brother to Kingston, sire of two Futurity winners, Novoty, begotten when Kingston was twenty-six years old; and Billyboy Boy, to ride which in the Futurity Tod Sions, then at the zenith of his career, made a special trip across the Atlantic, his retainer being \$5000 "win lose or draw". Billyboy Boy was owned by W. C. Whitney and his most dangerous opponent was Jack Atkins, owned by James B. Keene. These two bitter rivalry existing between these two leaders of the turf, and the race for the Futurity was a veritable battle for blood.

Rosella is a four-year-old mare by Voter out of Hanrose. Voter was the sire of Ballot, one of the greatest money-winners on the American turf. Hanrose was by Hanover. Orby by Orme out of Rhoda B., a Hanover mare won the English Derby for Richard Croker.

GREAT BASKETBALL IS PLAYED IN HILO

Y. M. I. and Yacht Club Win From Hawaii and Plantation

In the Hilo Basketball League series, which is now the biggest athletic thing of the year in the Second City, the Y. M. I. defeated the Hawaii Seniors, and the Hilo Yacht Club won from the Plantation quintet last Saturday evening.

In the Y. M. I.-Hawaii Seniors first half the score was eighteen to seventeen in favor of the former. In the second half the Y. M. I. made three points to the Hawaii Seniors' four the score being tied at twenty-one all.

In the extra five minutes' play allowed to finish the game the Y. M. I. scored seven points, holding the Hawaii Seniors to their former score, thus winning the game twenty-eight to twenty-one points. In the first five minutes of play the Y. M. I. scored eight points, being held down well by the opposition after that.

The game was a lively one, full of thrills and hard and tight plays. It was refereed by Rev. J. Knox Bodel. The Y. M. I. lineup was as follows: M. Baptista, E. Vieira, A. Souza, G. Santos and Jules A. Carvalho, all former St. Louis College players.

Of course, there is a doubt if such an exhibition could or was to have been played, after the hard and fast rule laid down by the management of the two world series contenders, that after the exhibition game at Garden City, Long Island, no player would be allowed to play without special leave.

Hawaiians in Play

However, it is interesting to note that three, if not four Hawaiian lads are numbered in the Upland team mentioned in the despatch above. These are Denny Markham, catcher; Lai Tin, third baseman and Vernon Ayan, shortstop of the Uplands, mention of whom and whose collective pictures appeared in The Advertiser the other day. Now and then Apau Kau, Hawaii's premier Chinese pitcher, drops in and takes a hand in the game and usually with good results.

No word has been received in Honolulu yet whether or not this game has been played; nevertheless, it is a feather in the cap of local baseball that these sons of Hawaii should be mentioned as pitted against this year's baseball champions of the world.

"Kanaka" Boys in Game

There is really nothing outside of the ordinary which accounts for Markham, Lai Tin and Ayan, together with the other Hawaiian players, who are in the East for the country is full of just as good salesmen and so forth, but they have not such a superfluity of real ball players as are the Hawaiian "kanakas."

It is a certainty that after Honolulu fans read this item they will keep their eyes peeled for the coming Coast flier, boys they may save the trouble. The Advertiser wishes to beat them it and bring the goods home to them without waiting six weeks to spring that old-time story of how the Hawaiian swimming relay team defeated the pick of the navy in Boston early in September.

SANTA CLARA MEN ARE DOING THEIR BIT

SANTA CLARA UNIVERSITY, California, October 16—News was received today that Charley Austin, former Santa Clara football coach and star first five of Stanford varsity, has been appointed first sergeant of his company in the new National Army at American Lake, Washington. Austin, before he was drafted, studied military tactics and science. He was appointed acting first sergeant during the week of his arrival at Camp Lewis. Austin's friends are looking for him to win a commission before he leaves for France.

Pinky Leonard, star varsity slabsman of last year's baseball nine, is now somewhere in France with the engineer's corps. In a letter to a friend Leonard writes that he is doing well and likes the new life. Leonard was the curve-ball artist of the pitching staff and made a name for himself by beating the Chicago Cubs at San Jose. Angell, star center three of Palo Alto High and wing forward of last year's freshman rugby fifteen at Stanford, today registered at Santa Clara and will try out for a berth on the Red and White team.

EVANS AND SAWYER LOSE TO GOLF EXPERTS

PITTSBURGH, October 14—Charles E. ("Chick") Evans, national amateur golf champion of the United States, playing with D. E. (Ned) Sawyer, national champion as his runner-up, as his partner, was defeated here yesterday in a thirty-six-hole best ball match play by Peter O'Hara and Charles Rowe, professionals of Pittsburgh clubs. The final score was one up in favor of O'Hara and Rowe.

Silver Lining. Her first foal, Jose by Duke of Ormonde, was a good winner last year and has been this. She is in foal to Deutschland.

Yearlings Welcome Here

Of the yearlings, Dinner Bell is by Starbottle out of Eleven Bells, a winner of eighty races at all distances. Quicklime, sire of Eleven Bells, ran second in the English Derby. Starbottle is by Hastings.

Remark is by Montgomery out of Kamis, a purely English mare with not a drop of American blood in her veins. Runners is by Athling, a high-class racehorse and successful sire. Montgomery's winnings on the turf totaled \$82,900, and he won among many other important races, The Burns and the Crescent City Handicaps. Dreamery is by Montgomery out of Queen Dream by Henry of Navarre.

Peter Post is by Deutschland out of Roselawn by Orsil. Roselawn represents a No. 1 family of the Bruce lower figure system.

Saunte is by Starbottle out of Silverline by Free Knight, and is a half-sister of this year's winner Jose.

All in all Mrs. Macfarlane is to be congratulated upon the acquisition of such a notable string of thoroughbreds, and the Hawaiian turf and the horse-breeding industry of these Islands are likewise to be congratulated upon having such a staunch patron as Mrs. Macfarlane.

Fewer Eggs are required with ROYAL BAKING POWDER

In many recipes the number of eggs may be reduced and often left out altogether with excellent results by using an additional quantity of Royal Baking Powder, about a teaspoon, in place of each egg omitted. The following recipe is a practical example:

Chocolate Layer Cake

1/2 cup shortening	4 teaspoons Royal Baking Powder
1 cup sugar	1/4 teaspoon salt
1 cup milk	1/4 teaspoon vanilla
1 1/4 cups flour	1 egg

DIRECTIONS—Cream shortening; add sugar gradually, beaten egg, one-half the milk and mix well. Add one-half the flour which has been sifted with salt and baking powder, the rest of the flour and the egg and mix well. Bake in greased layer cake tins in moderate oven 15 to 20 minutes.

The old method called for 3 eggs

CHOCOLATE FILLING AND ICING

1 cup confectioners' sugar	1/2 cup unsweetened chocolate
1/2 cup boiling water	1/4 cup unsweetened orange peel
1 teaspoon vanilla	1/4 teaspoon grated orange peel

To the sugar add boiling water very slowly to make a smooth paste. Add vanilla, melted chocolate and orange peel. Spread between layers and on top of cake.

New book of recipes which economize in eggs and other expensive ingredients mailed free. Address Royal Baking Powder Co., 135 William Street, New York, U. S. A.
