

HONOLULU TO HAVE A CONEY ISLAND ALL OF ITS OWN

Amusement Center That Will Rank With Resorts In States Planned

PROJECT IS APPROVED BY BUSINESS INTERESTS

Support Is Given By Street Car Company In Shape of Liberal Offer

If plans that have received the approval of business interests here are carried out, Honolulu will be given in the next six months an amusement center in the shape of a White City that will rank with any of the noted mainland resorts of the kind. With a suitable tract of land that is available and calls for no immediate outlay, the belief is expressed that as soon as a company charter can be issued and other steps of organization taken, the city will be in a position to find the money needed to purchase the equipment. Present plans contemplate the expenditure of \$100,000.

As stated when the project was first talked of, the site for the amusement center is a fourteen-acre tract on outer King Street on the city side of the reconstructed Spreckels mansion, which has been rebuilt by Jonah Kumahoe. This fourteen-acre tract is the property of the Honolulu Rapid Transit and Land Company and the company has offered the land on terms that are regarded as liberal.

Need Other Land

It is also planned to acquire by lease or otherwise from Jonah Kumahoe a five-acre tract of the adjoining tract. This land is needed as it has a living spring which has a heavy flow and would give a water supply adequate to maintain the level of a lake of considerable area and supply other needs for water.

D. J. Burkett, who is prime mover in the project, yesterday outlined the terms on which the street car company had said it would take over its property. Under present plans the company, he said, will give a lease of ten years to the amusement company and accept as rental four percent of the gross receipts. A further concession he said the street car company had offered was that it would agree to expend all the money received in the first three years from the time of opening the park on the park itself in the shape of improvements and additions.

The street car company has also agreed to do much of the preliminary work on the tract and has said it stands ready to put \$25,000 in cash into the park as soon as a company is formed and the stock pledged.

It is estimated that the preliminary work in connection with the half-mile race track, laying out the baseball grounds, erecting grand stand and benches, dredging out the lake and swimming pool, erecting fences and parking the entire area. All this work will be done by the street car company before the amusement company will be called upon to pay for equipment.

Details Outlined

According to the plans for the resort as now laid out the visitor entering the grounds would pass through a street lined with concessions, consisting of amusement devices of various sorts with cafe, soft drink and ice cream establishments and at the end of this would come to the entrance of the scenic railway which is to be modeled on that of Coney Island. It is planned that this will be three-fourths of a mile long with parallel tracks so that cars of joy riders would be given the added thrill of racing each other. The scenic railway, according to estimate will cost in the neighborhood of \$20,000.

On beyond this will be located refreshment stands, a moving picture theatre, a huge dancing floor, merry-go-round and other amusement features of the same kind. A great structure that is to tower over the lake will be the chutes-the-chutes toboggan, which according to the plan is to be 350 feet in length. In connection with a pavilion that is to be erected around the lake will be an open area of assembly with a stage or platform on which the band concerts or other entertainments may be given. Behind the pavilion parking space to accommodate as many as five hundred automobiles is provided for in the plans.

To provide novelties On the score of entertainment those behind the project say that it will be their purpose to keep the novelty before the public in the shape of big amusement features that have been successful on the mainland. Regular programs are to be given and these, it has been planned, will be changed weekly to keep alive the interest of the patrons. They want to have some thing new on the park all the time.

It is proposed to incorporate the company under the laws of the state of California, as it is said that California laws give broad privileges to concerns of the kind contemplated. Though the capitalization has been set at \$100,000 it is said that only enough stock will be sold to buy the necessary equipment. Tentatively the par value of shares has been placed at \$10, making in all 10,000 shares that may be issued.

CHAMBERLAIN'S PAIN BALM.

A touch of rheumatism, or a twinge of neuralgia, whatever the trouble is, Chamberlain's Pain Balm drives away the pain at once and cures the complaint quickly. First application gives relief. When a bottle of it is kept in the house the pain of burns and scalds may be promptly relieved and the pain promptly reduced. In fact, for the household it is just such an emergency as every family should be provided with. For sale by all druggists, Benson, Smith & Co., Ltd., Agents for Hawaii.—Adv.

AGE LIMIT FOR ENLISTMENT IS TO BE RAISED

Younger Men To Be Used In Line Duty When Elders Take Staff Jobs

WASHINGTON, May 24.—Another move toward the full utilization of the country's man power was made today, when Secretary Baker sent to congress the draft of a bill proposing to raise the maximum age limit for voluntary enlistment in the Army from forty to fifty-five years. All men over forty so enlisted would be assigned to non-combatant service.

In a letter to Speaker Clark, asking that the bill be pushed, Secretary Baker said: "Every man above the age of forty years who is enlisted in non-combatant branches of the service will make available for duty with the line troops a man within the prescribed age limits for all troops."

7,500,000 Will Be Added

"Many men whose long experience as mechanics and artisans will make them particularly valuable to the various staff corps and departments may be thus secured, instead of younger men without such experience, and the efficiency of the staff corps and the departments thus will be increased."

There probably are 7,500,000 men between the ages of forty and fifty-five and many thousands of them already have attested their desire to serve by bombarding the department with applications. While the great majority of the men in this class undoubtedly will be restrained from enlisting by family and business ties, the number at liberty to join the colors is expected to be more than sufficient to meet the purpose in view.

Older Men Can Be Used

Staff corps positions include specialties behind the front. Every headquarters unit includes a number of positions for which the older men would be just as well suited as the present occupants, who, under the new plan, would be released for line duty.

Official estimates are that a modern army to be maintained as an efficient unit must have between forty and forty-five percent of its actual strength on duty in the fighting lines. This means that of the first 1,000,000 men sent to France 400,000 serve along the line of communications, in hospitals or at various headquarters and debarcation bases.

The far-reaching character of the new "work-or-fight" regulations, under which the government proposes to put every man of draft age into some useful employment or into the Army, will not be fully realized by the country until the effects of its operation appear in every community.

The sweeping character of the government's purpose to put every able man of draft age either into the Army or some useful occupation is indicated by Provost Marshal-General Crowder's official announcement.

AVIATOR CLARK IS GIVEN BRONZE PLAQUE

Presented By Ad Club For Inter-island Flight

Major Harold M. Clark Jr., U. S. A., the army aviator, was presented with a bronze plaque yesterday by the Ad Club in recognition of his recent air plane flight from Oahu to Hawaii, his first inter-island flight ever made.

The plaque was handed to the major by Mrs. Walter F. Frear with the best wishes of the community, the presentation address being made by E. A. Bernitt. The speaker referred to the aviator's patriotic duty and the daring of his calling, saying that Major Clark had been decorated to overcome the elements that were considered derogatory to flying in Hawaii, and incidentally the results of this flight will add one more line of defense in protecting this outpost of the Pacific against invaders.

The plaque was the design and work of C. A. Stanton. Rear Admiral George Clark, U. S. N., shortly to go to Washington to become judge advocate of the navy gave a brief talk in which he commented on the hospitality of the island and his regret at leaving Hawaii. He was presented with a lei by Secretary Brown of the chamber of commerce.

ATTEMPT TO END LIFE IS RENDERED FUTILE

Experiment With Rough On Rats Found Unsatisfactory

E. C. Toller, a bandman in the Twenty-fifth Infantry attempted to end his life yesterday when he took a dose of rough on rats. Toller was taken to the emergency hospital and, after he had given up the attempt, the pumping process by Hospital Steward Meyers was sent on his way, a sadder and wiser man.

Toller said that if he had known the trouble he was going to have in making an end of his existence, that he would have resorted to the pumping process by Hospital Steward Meyers for his purpose as he found that a single rat was an obnoxious but palatable and that the pumping out process was even worse.

TREATY RENEWED

WASHINGTON, June 5.—Official renewal of the extradition treaty between the United States and Great Britain for a period of ten years is announced. The agreement was reached between Secretary of State Lansing and Ambassador Balfour in London.

SPORTS

AMERICAN LEAGUE LEADERS BEATEN

East and West Break Even In Yesterday's Games—"Boston Bill" James Married

AMERICAN LEAGUE STANDING	W.	L.	Pct.
Boston	44	27	17 .614
New York	42	24	18 .571
Chicago	39	22	17 .564
Cleveland	46	23	23 .500
St. Louis	39	19	20 .487
Washington	44	30	24 .425
Philadelphia	40	16	24 .400
Detroit	36	14	22 .389

Yesterday's Results
At Chicago—Chicago 4, Philadelphia 3.
At St. Louis—New York 3, St. Louis 2.
At Detroit—Washington 5, Detroit 4.
At Cleveland—Cleveland 5, Boston 4.

Opening at Cleveland yesterday their new series, Ed. G. Barrow's Boston Red Sox, American League leaders, were whipped by Lee Fohl's Indians; score—Cleveland 5, Boston 4.
Connie Mack's Athletics, who invaded Chicago yesterday, fell down on the job and were beaten by Clarence Rowland's White Sox in the opening game of the series; score—Chicago 4, Philadelphia 3.

Clark Griffith's Senators were on the job in their first game of the series played at Detroit, for the Hughie Jennings' Tigers were routed by the visitors; score—Washington 5, Detroit 4.

Miller Huggins' Yankees were the only other Easterns to make good on the invasion of the West yesterday, for New York triumphed over Fielder Jones' Browns in the opening game of the series; score—New York 4, St. Louis 2.

Present Series Pauses Sunday
The present series in the West will close the afternoon of next Sunday. In the series which closed on Tuesday Chicago won three of the four games played with New York, Washington three out of four from Cleveland; Detroit and Boston and St. Louis and Philadelphia broke even in their respective series, each winning two and losing two games.

Boston's present leadership is due to the bad slump taken recently by New York, the Yankees being even then, only two full games behind the Red Sox.

SACRAMENTO, May 26.—William L. ("Boston Bill") James, member of the Boston Braves' touring staff and son of Mr. and Mrs. W. L. James of Oroville, reached Oroville yesterday afternoon to report for entrainment with the Butte County regiment that is going to Fort McDowell. James, upon his arrival, announced his marriage to Miss Margaret Buckley at St. Cecilia's Catholic Church in Boston on Saturday, May 18. The bride is the niece of Mrs. W. W. Gingles, wife of the cashier of the First National Bank of Oroville. The home of Mrs. James is Rawlins, Wyoming.

Mrs. James returned to her Wyoming home and James came on to his Oroville home. The bride will probably join the big twirler-soldier after he is settled at Fort McDowell.

USE CERTIFICATES FOR THE PAYMENT OF INCOME TAXES

Colonel Howard Hathaway, collector of internal revenue, has received a wire from Daniel C. Roper, commissioner of internal revenue, Washington, stating that it is of the utmost importance to the financial arrangements of the government that taxpayers who have purchased treasury certificates of indebtedness, maturing June 25, 1918, should use such certificates in payment of their income taxes, and should not present their certificates for payment in cash. Commissioner Roper also says that the office of the collector of internal revenue here must accept such tendered certificates in payment of income taxes, and to do everything possible to induce the taxpayers to pay their income and excess profit taxes by such certificates.

By reason of this Colonel Hathaway urges that all holders of certificates of indebtedness, who may have the same held in San Francisco or elsewhere in the states, should have the same deposited with the Federal Reserve Bank in San Francisco, making arrangements with that bank to wire his office the amount and by whom deposited, and whether the same was deposited in payment of income or excess profit taxes, or both. Upon receipt of such wire from the Federal Reserve Bank in San Francisco, his office will receipt to the taxpayer for the amount of such certificates deposited, as of the date they were deposited with the Federal Reserve National Bank.

AUTO HITS STREETCAR

Driving at a high rate of speed, automobile 2774, with Lieutenant Paul at the wheel, collided with a Rapid Transit car at King Street and Kalaniana'olaha Avenue yesterday morning shortly after eight o'clock.

According to a report at the Rapid Transit office, the street car came to a dead stop, when the motorman saw the auto approaching. An unidentified woman who was passenger on the automobile, faintly when the accident occurred and was taken to the Fort Schaefer hospital for treatment by a Japanese driving automobile 2638. The fender of the Rapid Transit car was torn off and the auto badly damaged.

CHICAGO CUBS TAKE FOURTH IN A ROW

National League Bosses Reported After Securing Any Old Discarded Player

NATIONAL LEAGUE STANDING	W.	L.	Pct.
New York	40	28	12 .700
Chicago	37	27	12 .592
Cincinnati	45	24	21 .533
Pittsburgh	38	14	20 .474
Philadelphia	39	17	22 .436
Boston	42	18	24 .425
St. Louis	41	16	25 .390
Brooklyn	42	15	27 .357

Yesterday's Results
At New York—New York 4, Pittsburgh 3.
At Philadelphia—Cincinnati 7, Philadelphia 4.
At Brooklyn—Brooklyn 3, St. Louis 0.
At Boston—Chicago 7, Boston 3.

John McGraw's Giants closed their series yesterday by winning over Hugo Bezdek's visiting Pirates again; score—New York 4, Pittsburgh 3. New York won three of the four games played. All four battles were closely contested, the score being a small one in each case.

The best showing of the National League series which finished yesterday was made by Fred Mitchell's Chicago Cubs, who took four games straight from George Stallings' Braves at Boston. The Braves were unable to win a game of the series. Yesterday's score—Chicago 7, Boston 3.

Christy Mathewson's Cincinnati Reds won yesterday their last game in Philadelphia, from the Pat Moran Phillies; score—Cincinnati 7, Philadelphia 4. Philadelphia, however, won three of the five games played.

Wills' Robinson's Dodgers managed yesterday to defeat Jack Hendrick's St. Louis Browns; score—Brooklyn 2, St. Louis 0. This shutout was the only game won by Brooklyn in the series at home, St. Louis taking the first three straight.

The western National League clubs open today on different eastern diamonds—Chicago at Philadelphia, St. Louis at New York, Cincinnati at Boston and Pittsburgh at Brooklyn. This series will close next Monday afternoon, no games being played on Sunday, however.

The Cubs hang on close to the heels of the Giants, being only half a game behind New York and having played one game less than the McGraw bunch.

ST. LOUIS, May 26.—Stockholders in the St. Louis National League club are reported to have agreed to raise \$50,000 by general contribution among themselves, and according to a statement today by President Branch Rickey, this sum will be applied to meet payments due July 1 on the purchase price of the club. None of it is to be used to acquire new players. Rickey said President Rickey returned yesterday from a scouting trip for players. He declared every discard who has ever seen service in the major leagues is now sought after by big league club owners.

ST. LOUIS, May 26.—Marty Kavanaugh, formerly infielder for the Cleveland and Detroit Americans, has been signed by the St. Louis Nationals to play second base.

GREAT BAND IS TO PLAY AT THE FAIR

All Is In Readiness For Big Concert To Be Given By Nearly One Hundred Musicians

Bandmaster V. F. Safranek, of the Coast Artillery band, reports that all is in readiness for the big concert of the augmented band at the Territorial Fair on Wednesday evening, June 12. The program is in preparation and will be announced within the next few days, but the musicians, nearly a hundred in number, have held several rehearsals in the last few weeks and solved the problems of organization and unit harmony.

The augmented organization includes members from the bands of the Fourth Cavalry, Twenty-fifth Infantry, and Thirtieth Band, Coast Artillery Corps, all of these having the high pitched instruments requisite for satisfactory open air concert playing.

Bandmaster Safranek is said to be one of the best known leaders in the United States, having appeared at the head of the musical organizations at most of the large exhibitions in the last thirty years. Carl Fischer, the well known music publisher of New York, recognizes him as an authority on all questions concerning band music.

The augmented band concert will be the chief feature of the Wednesday evening program at the Fair. Other interesting events include two tug-of-war in the week's tournament, an exhibition by boys' clubs of the city, and moving pictures.

CALIFORNIA DOCTORS AND MANY PROMINENT PEOPLE ARE BOOSTERS FOR B. B. C.

BEN BRUNS, whose B. B. C. Medicine has made all Honolulu talk, says: "Many leading broad-minded mainland physicians and prominent public people of big cities have no hesitation in endorsing B. B. C., as they have used it in their practice at homes and find it really a scientific formula of the greatest value for the alleviation of chronic ailments and infirmities. B. B. C. is a bottled liquid, as tablet form remedies lose their strength and are often soiled in handling."

DR. HARVEY J. MOORE, Bumiller Bldg., Los Angeles, Cal., a leading practitioner of chronic diseases and nervous ailments, says: "I consider B. B. C. a remarkable tonic for nervous run-down and anemic people, and have prescribed it for many of my patients with uniform success."

DR. J. L. BERRY, physician in charge of the Bell Sanitarium, Bell, Cal., says: "I have no hesitation in advising the use of B. B. C. to my patients in certain cases of chronic stomach and nervous disorders and have often marvelled at its effect."

DR. F. CHAFFEE, prominent physician of Napa, Cal., says: "I consider B. B. C. one of the best tonics for the general system ever introduced to the public. In chronic cases of nervous and stomach ailments and also in kidney and bladder disorders B. B. C. produces some astonishing results."

DR. O. STRATTEN, of Stratten Hospital, Boise, Idaho, says: "I have prescribed B. B. C. in old chronic cases of constipation and stomach and nervous disorders, and am myself amazed at the results obtained."

DR. BEN JOSEPH ROBERTS, formerly president of the Illinois State Board, Chicago, Ill., says: "B. B. C. is a remarkable tonic of great therapeutic value. I consider the amazing results obtained by it generally to the fact that it is non-alcoholic and contains no poisonous or habit-forming drugs."

MR. E. J. TURNBULL, Kirk-Gearry & Co., wholesale druggists, Sacramento, Cal., says: "Our B. B. C. sales show no signs of diminishing. They increase by leaps and bounds. Everywhere we get reports that it is a remedy out of the ordinary."

MR. S. J. KAHN, representative Paris, Allen & Co., Chicago, Ill., says: "I consider the B. B. C. formula one of the greatest discoveries of medical remedies. It has been the mainstay of myself and family since I first heard of it two years ago and never failed to produce results in the many cases I have advised its use."

MR. FREDERICK NAU, chairman California Better Roads Association, San Francisco, Cal., says: "I was all run down and a wreck physically and given up as a hopeless case by my physicians when I commenced using B. B. C. After four months' use I am entirely restored to health and have no hesitation in saying I owe my life and present health to this wonderful preparation."

MR. G. W. RICHARDS, former president Merchants' Association, Sacramento, Cal., says: "I consider B. B. C. a great preparation. It has remarkable qualities for stomach and nervous diseases and for building up the system and general kidney and liver troubles. B. B. C. has no equal."

MR. HARRY FOLEY, trainer of champions and president of the Associated Boxing Promoters, San Francisco, Cal., the man who trained Willie Ritchie in all his winning championship contests, says: "B. B. C. is a great tonic for nervous, run-down people. I have used it myself for stomach and kidney disorders with the greatest success. I always have it on hand as a dependable household remedy."

B. B. C. is a marvelous reconstructive tonic. It infuses the system with the iron force of health and vitality of youth, building up the body stronger than sickness and disease, and that is all there is to it. If the body is strong and normal and the organs of it well regulated and performing their functions, there is no sickness. B. B. C. does that very thing—builds up your body and makes it stronger than the ailments that assail it and they are beaten and utterly routed, and health is the result. That's why rheumatism, blood impurities, sick headaches, nervous depression, sleepless nights, anemic and run-down condition, biliousness, torpid liver, constipation, kidney and bladder ailments give way to an extended course of B. B. C. even in cases of long standing, as is proved by the many prominent local people who have testified to that effect. B. B. C. is sold by all druggists, plantation stores and dealers. No raise in price as yet. Still \$1.00 per bottle. This week 6 for \$5.00. I pay packing and shipping charges on all \$5.00 orders. Free literature and explanations by Ben Bruns, agent at

B. B. C. HEADQUARTERS, 161 KING STREET, NEXT TO FISHMARKET.

Explosion In Stove Wrecks Kitchen and Injures Cook

An explosion in a cook stove at the home of T. H. Gibson, of Kamuku, principal of the Liliuokalani School yesterday afternoon at five thirty o'clock resulted in partially wrecking the kitchen and sending Fujii Sazakichi, the Japanese cook, to the emergency hospital to be treated for a number of severe incisions about the head and body.

The cause of the explosion is surrounded in mystery, although it is believed at the police station that it was caused by an accumulation of gas which had formed from some charcoal which had been placed in the stove early in the day.

Mr. Gibson said last night that the stove in question had not been in use for some time. The cook had placed the charcoal in the stove early in the morning with the intention of broiling steaks for the evening meal. Fujii started the fire about five o'clock and was bending over the stove when the explosion took place. The stove was completely shattered and fragments of it were scattered about the kitchen. Mr. Gibson found Fujii lying on the floor unconscious, with blood streaming from his face and head. He was rushed to the emergency hospital where it was found that the most serious wound was a deep laceration of the lower jaw.

The Japanese had been in the employ of Mr. Gibson for about a month. He could shed no light on the cause of the explosion, when questioned last night, and said that he had no reason to believe that enemies could have placed fulminate caps or other explosives in the stove although he admitted that he had made an examination of the stove before placing the charcoal in it. The theory that gas, forming from the charcoal, caused the explosion is doubted in some quarters as cold charcoal is not liable to form gas.

WOMAN IS LIKELY TO ENTER GUILTY PLEA

Admits Sale Complained of and Other Sales Before Judge

Mrs. Hiseleo, residing at Auld Lane was arrested by License Inspector Hutton yesterday and is being held by the federal authorities for an alleged sale of "swipes" to one William Polokanu. To Judge Banks, yesterday, the woman admitted this and several other sales and signified her intention of pleading guilty when her case is brought to trial before Judge Vaughan today.

Swipes makers are keeping Inspector Hutton busy these days, there being an impression among this gentry that there is no law under which they can be prosecuted. The federal authorities have provisions under the internal revenue laws which fit these cases very nicely, however, and drastic measures will be taken by District Attorney Huber to break up the industry by applying these laws.

Reports reaching here from Hilo yesterday say that this illicit industry is also thriving on the Big Island, despite the efforts of the authorities there to break it up.

CANADIAN-PACIFIC RAILWAY

ATLANTIC LINE OF STEAMERS from Montreal to Liverpool, London and Glasgow via the CANADIAN-PACIFIC RAILWAY and St. Lawrence Route THE SCENIC TOURIST ROUTE OF THE WORLD and THE ALASKA-BRITISH COLUMBIA COAST SERVICE By the popular "Princess" Steamers from Vancouver, Victoria or Seattle.

ALIEN ENEMIES ARE NOT YET BARRED BY COURTS

Whether or not alien enemies may file and maintain suits in law in the Territorial courts remains an unanswered question, as no ruling has been given on the point, according to Circuit Judge C. W. Ashford. He said that so far as he knew there is nothing to prevent aliens from starting litigation.

According to a recent Associated Press dispatch, courts in California have held that while alien enemies may bring suits, they will not be permitted to prosecute them during the period of the war. It is said that such a ruling does not apply to the courts here and it is probable that no local ruling will be given until the rights of an alien enemy litigant are brought into question after he has begun an action at law.
